THE CHICAGO EXHIBIT.

The establishment of a permanent exhibit of the products of Southern California in the city of Chicago will prove one of the wisest moves ever made.

This permanent exhibit will form a point of attraction in the great lake city. It will be fitted up with all the conveniences that will induce strangers to make it a place of resort.

The tables will be covered with our choicest fruits; the shelves will be filled with samples of our best wines; our largest pumpkins and most ponderous beets will be arranged in conspicuous places.

Secretary of War PROCTOR is booked for an early visit to this coast and of course will be seen in this city.

When he learns that a ten-acre fig orchard returns one man \$4,000 for the year's crop; that a twenty-acre orchard of apricots has realized to another \$5,000; that orange growers are receiving all the way from \$200 to \$500 an acre from their trees; that walnut groves are paying \$200 and over an acre to their owners; that even potato fields have this year proven a bonanza to the men who planted them, they will very naturally experience an irresistible desire to come to a country where such rewards await the intelligent industry of the man of moderate means and large push.

FRANK Newlands, who was a Democrat up to the last presidential election, is now posing for the Republican nomination for congress in Nevada.

THE SIBTERS OF THE HOLY NAMES. A branch of the convent of Our Lady of the Sacred Heart, Oakland, have opened a boarding school at Ramona, Cal.; the location cannot be surpassed in beauty and salubrity; the course of instruction is of the highest grade.

California Vinegar and Pickle Works, Telephone No. 359. Removed to 555 Banning street, opposite soap factory, near Alameda and First streets, one-half block from electric light works.

THE EXCHANGE SALOON. Neatest resort in town, excellent hot lunch served from 11 to 2 o'clock daily, 228 South Spring street, opposite L. A. Theatre, Telephone 608. ROBT. KERIN, Manager.

THE EXTREMES OF FASHION. A crusade is under way in New York against low-necked dresses. The exposure of throat, neck and bosom, consequent on donning the garb required of women for social occasions, has aroused the hostility of many preachers, some few men, and many thin-necked women from the days of Cleopatra and Aspasia to the present foplarie period.

A LOCAL that appeared in the HERALD yesterday said that Major B. C. Truman was spoken of as the right man to be selected as manager of the Southern California exhibit at Chicago.

street dresses. It was a very pretty, harmless trick of fashion, but that lower case v has in many instances become a great primer capital, and the décolletée costume bids fair to become as common on Spring street of an afternoon as it is on a grand opera night.

"FLUMMOOPOLIS" is the rather grotesque name of a new town in Fresno county. It seems to be flourishing now, but if it should meet with a serious reverse and get wiped out, it would be easy to express its title and fate by prefixing "Goneupa" to its name.

POLITICAL magnates are just as apt to change as a woman's mind. That they do change is what secures the safety of American institutions.

The big is destined to become one of the great wealth-producers of Southern California. Mr. L. Rhorer who has ten acres planted in fig trees at Pomona will realize \$400 per acre from the crop this year.

A CASE of peculiar hardship from the reckless increase of taxes in this city is ventilated by the victim herself—in an old and respected lady—in another column.

The stupid and indefensible strike of the printers' union has one deplorable event to answer for. One of the compositors that walked out of this office, in obedience to the brutal directions of the union, has committed suicide.

Without means, and deprived of a situation by a needless strike which the best men in the union condemn, he became downcast and sought refuge from his trouble in the waters that wash the beach at Santa Monica.

Being unable to pay his fine Walter McMahon, a respectable dressed boy about 20 years of age, was committed to jail, but just before his trial, he was adjourned for the day, an elderly man appeared before him and introduced himself as Walter's mother.

COLONEL MARKHAM, in an interview published in the San Francisco Examiner of Friday, outlines his plan of campaign. Among other things he said: "I am prepared to concede now that the Democratic candidate will be a gentleman entitled to the respect of the people of the state and in every respect suitable to fill its highest office, but will maintain that the necessity for the success of the Republican party is paramount to any consideration of personal feeling."

Attention. If you wish to buy fine old Napa and Sonoma Zinfandel go to Leon Cordier, South Spring street.

THE SISTERS OF THE HOLY NAMES. A branch of the convent of Our Lady of the Sacred Heart, Oakland, have opened a boarding school at Ramona, Cal.; the location cannot be surpassed in beauty and salubrity; the course of instruction is of the highest grade.

A LOCAL that appeared in the HERALD yesterday said that Major B. C. Truman was spoken of as the right man to be selected as manager of the Southern California exhibit at Chicago.

tion. The Major has troops of friends and acquaintances in all parts of the Union, and is the best known Pacific coast man on the Atlantic slope. His very complete knowledge of our peculiar resources and productions; his experience as the manager of fairs and exhibitions; his special knowledge of citrus culture; his nearness to all newspaper men, of whom he is an eminent and typical one himself; his knowledge of men and of the world—all these accomplishments and qualities render him so valuable a man for the position, that we cannot but congratulate our people on the fact that we have a gentleman we can get who will so perfectly fit the place.

PLAYING THE FLUTE.

Abandoned Creatures Who Practice an Asiatic Vice. It is not generally known that some of the vilest dens in Chinatown are maintained not only for the accommodation of the Mongolians themselves, but also for their American brethren.

For some time past the detective force of the police department has been shadowing some of these places for the purpose of collecting evidence, with the view of closing them up; and yesterday afternoon officers Angle, Bowler, Collins and Wallen made a successful raid upon a den on Marchessault alley, kept by Wong Moy.
