and largely to old residents of Redlands and Riverside, who thoroughly know the land and its capabilities, who know what Redlands was six or seven years ago and what it is today; they require no prophet to foretell the future of this Alessandro tract, "and which is pronounced by experts to be fully equal in every respect to the lands of Redlands, Riverside and old San Bernardino," and with a sure and never failing supply of water from the FAMOUS BEAR VALLEY RESERVOIR, which will be piped to each ten-acre tract plot. The price for another very limited quantity will be placed at

COULD NOT LET GO.

A Grip which Grippled Not Wisely But Too Well.

At 11:15 o'clock last night the gripman of a Seventh street cable train found that he was unable to drop the cable at the crossing of Second street and Broadway, the lever of his grip refusing to act. He at once stopped his train and telephoned to the Grand avenue power house, when the machinery was stopped, and a gang of men dispatched to the scene.

After half an hour's hard work the grip was taken to pieces and the cable put in motion again. The train was attached to another which was a short distance behind at the time of the delay, and was pushed by it to the powerhouse. But for the prompt action of the gripman a serious accident must have occurred, as the cable passes under two large pulley wheels at the crossing of the two tracks, and the grip must inevitably have struck the first of these; and the result of such a collision cannot be foretold.

CATALINA.

The English syndicate to be Replaced by a Local One.

The English syndicate which was reported last year to have purchased Catalina Island is said to have been unable to carry the undertaking to a successful issue. The scheme was undertaken on the representation of the imaginative brained "professor" Delty, who asserted there was enough low grade silver on the island to make plenty of profit out of it.

THE PETTY COURTS.

People Who are More or Less in Trouble.

Yesterday afternoon George Segrave was convicted by Justice Austin of petty larceny, and was ordered to appear for sentence at nine o'clock this morning. He was arrested on Monday by Officer Huston for stealing books from the Cathedral, which he subsequently disposed of to "Red Rice," a second-hand dealer.

For fighting in the Louvre saloon on Monday night, Jas. Hutchinson and Justice Perkins were yesterday fined in the sums of \$15 and \$5, respectively, by Henry P. E. King; and L. B. Worth was fined \$12 by the same magistrate for a like offense committed on Spring street yesterday with a man named C. D. Smith, who was fined \$5 for resisting Worth's insults.

In connection with the theft of canvas from the grand stand at Hellman's base ball grounds on First street, two more boys named Andres Sepulveda and Arthur Kutz were arrested yesterday by Officer Glidden, and upon being taken before Justice P. E. King, entered the plea of guilty as charged, whereupon they were ordered to appear for sentence this afternoon.

CROWN HILLITES.

They are Kicking Vigorously Against Bad Water.

The Crown Hills Improvement society met last evening at Ellis college. The water question was the main subject considered. The committee which had inspected the open ditch made the report that they had seen all its nastiness. They had seen cattle, ducks, geese and dogs using the water, and no means existing to keep them out of the ditch.

The report caused great indignation, and a committee was appointed to ask the council for relief at the meeting on Monday.

A committee was appointed to organize an entertainment to be held in two weeks time, at which a small admission fee will be charged, the proceeds to help defray the expense of having an analysis made of the water now being used by the city.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.
