

ADMISSION DAY.

THE PROCEEDINGS AT THE PAVILION LAST EVENING.

Pretty Girls In Effective Tableaux—Good Music—Striking Drills and a Good Entertainment.

The Admission day exercises held last night at Hazard's pavilion attracted fully three thousand people to that popular place of entertainment, and a more appreciative audience than that which filled the vast auditorium of that building could not well be imagined.

The programme, though of a similar nature to that provided on Monday evening, contained many entirely new features, which were received with marked approbation at the hands of the spectators. As on the preceding evening, the Ninth Regiment band of Pomona played a number of martial airs throughout the evening in a very praiseworthy manner, and its efforts met with a very gratifying reception.

Little Ethel Stewart recited the "Whistling Regiment," with clarinet accompaniment, in a manner that was truly astonishing, and in spite of the wretched acoustics for which the pavilion is noted, every word uttered by her fresh young voice was heard distinctly all over the building. She and another remarkably clever child, Eloise Larsen of San Francisco, subsequently delighted their audience with a piano and castnet duet, which was enthusiastically received.

A novel feature of the evening's entertainment was the presentation of the signal code of the National Guard of California by two companies of the signal corps of the First Brigade, National Guard of California, drawn up on opposite sides of the stage. Messages were signalled by means of flags, according to the Morse telegraph code, each being read aloud on its completion.

"Liberty's Color Guard," composed of forty-four young girls, went through a number of military manoeuvres in a very creditable manner. After their grand promenade march and flag drill, they were drawn up in a semi-circular line, while Mrs. W. E. Deeson sang the solo of the patriotic song, "The Red, White and Blue," in which her magnificent voice was heard to much better advantage than on the preceding evening, the chorus being effectively rendered by the guards.

A realistic tableau representing a scene from a mining camp in the days of '49 met with a hearty reception, the audience insisting upon the curtain being lifted again upon the scene.

Little Eloise Larsen, by her recital of "The Pride of Battery B," evinced an innate histrionic talent little short of marvellous, and her audience gave vent to their appreciation of her clever effort in unmeasured terms.

The "Excelsior Home Guards," under command of Capt. W. G. Schreiber, Co. A, N. G. C., were put through the fancy military drill very effectively, after which Prof. Bacon's fine tenor voice was heard in the solo "The Sword of Bunker Hill," for which he received a well deserved encore.

About thirty young ladies appropriately costumed represented as many towns and cities of Southern California in a striking tableau, entitled "Southern California, with her cities and towns," while a poem descriptive of their peculiarities was recited by one of their number.

Owing to a misunderstanding, the credit for the leadership of the Columbia's chickens march on Monday evening, was given yesterday to little Ethel Baldwin, whereas it should have been given to little Ruby Brown.

LOS ANGELES NURSERY

Of Native Sons and Daughters Celebrate Admission Day.

Los Angeles nursery number one, Native Sons and Daughters of the Golden West, had a glorious time last evening at the residence of Colonel and Mrs. Walter S. Moore. The young members of the household, Miss Margarita Moore, Miss Rowena Moore and Master Walter S. Moore, Jr., entertained one hundred and twenty-five little ones, their invited guests, to celebrate Admission Day.

The rooms were gorgeously decorated with a wealth of banners and blossoms, an orchestra furnished music for dancing, games of all kinds and a generous provision of good things to eat, made the time from 7 o'clock until the hour of going home pass too quickly. Mrs. Moore was a most gracious and considerate hostess, who saw that each little one had a good time. Beautiful white satin badges were distributed, bearing the dates "1850 and 1890," and below the inscription "Los Angeles Nursery."

CROWN HILLS PEOPLE.

Still Working to Secure Water Fit For Human Beings.

The regular meeting of the Crown Hills improvement society was held at the Ellis college hall last evening with J. M. Witmer as chairman. The electric light subject was discussed and it was fully determined that the present contract for lighting the city did not give satisfaction. The naming of streets was talked over, and the society requested that residents in the Crown Hills present names for streets so that they could appear in the new city directory now being prepared.

The chairman of the water committee reported that a thorough examination of what was being done in removing cattle corrals from the neighborhood of the zanja, cleaning the ditch and protecting it from dirt, had been made. The committee had found seven men at work under the supervision of the water overseer, cutting brush from the side of the ditch. The overseer said that he had cleaned the sluice from the ditch as well as he could, but his force of men was too small. It was reported that Mr. Griffiths had removed some of the fifth from his barn yard, but to the committee it looked the same as ever. The geese, ducks and dogs still had free

access to the water. The cattle were watered at the ditch twice a day.

The water overseer had a man to watch the ditch, whose duty seemed to be to prevent the cattle from contaminating the water when they came down to drink. The patrol got on the ground about 8 a. m., and left after the cattle were placed in the corral, between 3 and 5 in the afternoon. It struck the committee that all he was there for was to herd cattle, and not to make arrests or prevent the pollution of the water.

The meter question was discussed at length, and it was shown that the people on the hills meant business and would fight the introduction of meters.

A resolution was adopted asking Postmaster Green to establish a branch post-office in the western part of the city.

REDONDO BEACH.

A Few News Notes and Personals From the Seaside.

Judge Boyce and wife, of Santa Monica, were visiting Redondo yesterday.

Mr. E. Sarajee, of East Los Angeles, is sojourning here for his health and is delighted with Redondo.

Victor J. Guiol and party of four others spent the day here.

Mr. Hartnell has contracted with Dr. Del Amo to build him a beautiful residence just east of the Thompson mansion for ten thousand dollars. It will be ready for occupancy by early winter. Mr. Hartnell built the Wolfskill residence.

One of our fishermen Saturday while out at sea ran into a large school of porpoises. They were splashing about his boat at a terrible rate as only a school of porpoises can. Suddenly a twenty pounder came up. The man in the boat grabbed him by the tail and landed him in his boat. Mr. Walker of the Ocean View hotel has him on exhibition.

Our weather is simply delightful, very cool, with a little fog in the morning. High tide at 6:08 a. m.; low tide at 11:31 a. m.; high tide at 5:27 p. m.; low tide at 1 p. m. Thermometer, 69 degrees at 12 m.

Among the many visitors yesterday were noticed J. M. Elliott and wife of the First National bank of Los Angeles.

Dr. Isaac Fellows, wife and daughter were here for the day and enjoyed themselves by fishing.

M. D. Johnson, of the Grange store, came down and returned at night.

The steam yacht Tia Juana is anchored in our bay. She is here proposing to carry passengers from this port to Catalina or San Pedro and return, or for a day's or several days' pleasure cruise any place. She has an elegant cabin, and room enough to accommodate with ease and comfort twenty passengers.

FARMERS' INTERESTS.

Organization and What can be Effected Thereby.

The farmers of the Caluenga country are moving in the right direction for the furthering of their own interests. An organization has been effected known as The Winter Vegetable association, the purpose of which is to encourage the production of peas, tomatoes and similar crops in the winter season and the opening of markets for their sale at the east.

A meeting of this association was held last Saturday, when the following directors were chosen: P. T. Durly, Lenard Cole, F. J. Mott, sr., W. S. Benedict and W. H. Carlin. The directors elected Mr. Durly president, and Mr. Cole secretary.

Last Wednesday the Caluenga Farmers' Alliance number 2 was formed by the election of W. H. Carlin president, Mrs. W. S. Benedict vice-president, G. T. Gower secretary, H. A. Phelps secretary and M. W. Wright chaplain. One of the results of organization is the procuring of vegetable seed for less than half price. The farmers have been paying 10 cents a pound for seed peas; they have made arrangements to get a ton from the east at 4 cents. Another advantage is that they can get transportation for much less. As soon as they effect a strong organization the transportation companies come to see them to make terms. Vegetables shipped by express to San Francisco have been costing 2 cents a pound. The rate will be reduced by half a cent or one quarter. To the east the rates have been 5 to 7 cents; this will be reduced to 3 or 4 cents, a lowering of nearly one half.

The Chamber of Commerce.

There was a large attendance at the chamber of commerce yesterday. Applications for space at the fair are coming in at a lively rate.

The following contributions to the exhibit are reported: S. Z. Millard, Banning, California, apples; Ben Collins, Fruitland, sugar beets; Peter Stone, Los Angeles, stone water filterer; S. A. Brondson, floral decorations; E. T. Barber, Antelope Valley, two bales alfalfa hay; Geo. W. Dye, Ladow district, snake cucumbers; Mrs. Annie M. Rand, Los Angeles, figs; Geo. H. Earnest, Downey, corn, tomato and apples; H. J. Morrow, Clearwater, pumpkins and cucumbers; T. E. Brown, El Monte, corn and sweet potatoes; Hiram Shelby, Los Angeles, peaches and grapes; Morton J. Hammond, Los Angeles, potatoes and cucumbers; Mrs. C. A. Holden, Los Angeles, floral decorations; E. E. McKeever, Los Angeles county, pears weighing 24 ounces.

The Los Angeles.

Colonel Woods, the architect of all the best theaters in the country, is now busy in his office in San Francisco, preparing plans for the improvement of the Los Angeles theater in this city. The work will be done after October 1, and the house will be reopened as soon as the changes are completed.

Illustrated Annual Herald.

The Illustrated Annual Herald for 1890 has just been received. There are forty-eight pages of information about Southern California, and fifty fine illustrations. Send it to your eastern friends. Price fifteen cents. For sale by newsdealers or at the HERALD office.

The First Fruit for Gotham.

The Santa Fe railroad yesterday took out from Ontario a carload of table grapes for New York. This is the first fruit for Gotham from this end of the state.

CAPT. MOODY RESTING WELL.

A. B. Lawson Gives Bail in the Sum of Two Thousand Dollars.

Yesterday being a legal holiday, no further action could be taken in the case against the Lawson brothers, charged with having assaulted Captain Moody with intent to murder him on Monday night last, than of admitting them to bail, a right to which any defendant is entitled at any time after his arrest, except in cases of murder, when bail can be refused altogether.

With this end in view the Lawsons were taken before Justice P. E. King, in Justice Lockwood's court, at 10:30 o'clock yesterday morning, where they were met by their attorney, M. E. C. Munday, Esq., and with whom they held a short consultation. Deputy District Attorney Hardesty appeared for the prosecution and at his suggestion the court fixed the amount of bail required for each of the defendants at \$2000.

Mrs. Mary Lawson, who was at her husband's side during the proceedings, which were naturally of very brief duration, qualified in that amount and signed a bond with Captain P. M. Darcy as the other surety, thereby securing A. B. Lawson's release. She also signed another bond as surety in the same amount for her brother-in-law, Charles Lawson, who secured four other parties in the sum of \$500 each, subsequently, and obtained his release later in the day.

Captain Moody, the victim of their assault, still remains an inmate of the receiving hospital, it being considered by the attending physician, Dr. H. B. Wing, inadvisable to move him from the cot on which he lays, for the present at least. In response to the queries of a HERALD reporter, who called to see him last evening, Captain Moody said that he felt but slightly indisposed from his wound, which he had been assured was not of a dangerous nature. He had slept well and his appetite was but little impaired. When questioned about the matter which first caused the rupture between his former employer, but now deadly enemy, A. B. Lawson, and himself, Captain Moody stated that he was not at liberty to make any detailed explanation just at present, as others were involved, whose permission he preferred to obtain before mentioning them. He would, however, do so as soon as possible after he was able to get about again.

Speaking of the reports of the affair which had been published in the papers, Captain Moody expressed his regret at a statement made in the HERALD with regard to J. F. Swift, who was with him at the time of the affray. He insisted that Swift did not run away and leave him, but merely drew back out of range when pistols were drawn.

POND AND DEL VALLE.

Arrangements Being Made For Their Proper Reception.

The regular meeting of "The Pond Central Democratic Club," was held last night. J. Marion Brooks, the President presided and Daniel Neuhart was secretary. On motion the following committee was appointed to meet with a like committee from other Democratic clubs of the city to perfect plans for the reception of Mayor Pond and Senator Del Valle, the Democratic nominees for governor and lieutenant-governor: E. C. Bosbyshell, W. H. Toler, Isaac Cohen, John T. Jones, Capt. Carlos Cruz, John Hardwick, Daniel Neuhart, Isaac Norton, Col. W. H. Roper.

The joint committee will meet at the rooms of the Alliance club in the Downey block tonight at 8 o'clock. The president was directed to appoint an executive committee of nineteen to take charge of the affairs of the club. The committee will be announced on Thursday next.

The following named have been appointed as a committee on finance for the great reception to be tendered to Pond and Del Valle, Wednesday evening, Sept. 17th: W. H. Workman, T. E. Gibbon, A. Ramish, A. McNally, Joe Mesmer, T. J. Cuddy, W. L. Price, C. F. A. Last and D. Kevane.

The above committee will meet at the Ironquois club rooms at 2 o'clock today to effect its organization.

AT A SUNOL GAIT.

The Way the Los Angeles Association is Forging Ahead.

The directors of the Sixth District Agricultural association are negotiating with Mr. Hobart, the owner of Stamboul, to attempt to lower the world's stallion record to come off at Los Angeles during the fair week. Stamboul has a mark of 2:12 1/4 and the record is 2:12. Johnny Goldsmith is now handling Stamboul. The speed programme committee concluded to offer more money in several of the races. The association is determined to have another good meeting and no expense will stand in the way of securing the best horses in the state for the meeting next month. The purse for the 2:19 class has been raised to \$1,000, and \$800 is offered in both the 2:23 and 2:28 classes, while \$100 has been added to the purse in the 2:35 class. The best running horses in the state will be here, as the association has decided to give \$800 for a 3/4 mile handicap race. The Los Angeles association is rapidly forging to the front at a Sunol gait.

TEN LESS

Failures On This Coast in August Than in July.

The Bradstreet mercantile agency reports fifty failures in the Pacific coast states and territories for the month of August, with assets of \$268,515 and liabilities of \$502,345, as compared with ninety for the previous month, with assets of \$298,026 and liabilities of \$503,603, and fifty-two for the corresponding month of 1889, with assets of \$107,317 and liabilities of \$217,650.

Locomotive Firemen.

The locomotive firemen of the city are preparing to give their brethren from abroad a grand reception on or about the 18th of this month. Hundreds of the craft will stop over on their journey home from San Francisco, where they are to attend the national assembly of their order. Hazard's pavilion has been engaged for the reception here.

Illustrated Annual Herald.

The Illustrated Annual Herald for 1890 has just been received. There are forty-eight pages of information about Southern California and fifty fine illustrations. Send it to your eastern friends. Price fifteen cents. For sale by newsdealers or at the HERALD office.

Building a New House.

Mr. Chas. Stern, of the wine company beyond the covered bridge, is preparing to erect a very handsome residence. The cottage heretofore occupied by the family is one of the most picturesque in the city, but it is too small. It will be

moved a little farther north, and a fine, two-story house, with a high tower, will take its place. The view from the top will embrace the whole country for thirty miles.

AMUSEMENTS.

W. J. Scanlan Scores a Great Success at the Grand.

The Grand opera house was filled, crowded, jammed to the doors and in aisles, last night, to hear W. J. Scanlan present Myles Aroon, a pretty Irish comedy-dramat, by Geo. H. Jessop and Horace Townsend. It is specially adapted to Mr. Scanlan, and is full of sweet Irish songs. And the audience was as distinguished as it was large.

Long before the curtain went up dozens of people were turned away, the standing room having become exhausted at that early hour. Nor was anyone disappointed who gained admission. It would be difficult to say where the enthusiasm ran at the highest pitch in the dress circle or among the gods. It is a drama whose playful, clean, wholesome and genuine Irish humor catches all tastes. It is refined, yet so human, that the simplest auditor catches all the points. The songs in the play are a delightful feature, and Mr. Scanlan sings them with much pathos in a full rich voice. He was the least bit afflicted with hoarseness last night, which marred a note here and there.

The cast outside of the star is not particularly strong, but it is well trained in the several parts, so that the performance is even and artistic all through. "Maggie Farrell," "Myles Aroon's" sweetheart, a role taken by Miss Mattie Ferguson, is the most interesting of the minor parts, and that of "Nellie Glover," taken by little Miss Constance Wallace, was another. This young miss did her part very sweetly.

Tonight Mr. Scanlan and company will present the same play again.

THE ILLUSTRATED.

What is Being Said of Our Latest Venture.

The annual illustrated edition of the LOS ANGELES HERALD has made its appearance. It is handsomely printed and profusely illustrated, the work having been done in San Francisco. A hasty glance at its contents shows it to be loaded to the gunwales, so to speak, with a cargo of meaty topics pertaining to the growth and development of Los Angeles county and Southern California. This edition ought to prove of great value to the country, and deserves general circulation. These special editions of our local newspapers are of far more benefit to the region and the people than to the publishers, who put forth great effort and incur large expense for the general good, without, in most cases, any adequate returns.—L. A. Times.

The annual illustrated edition for 1890 of our contemporary, the HERALD, has just been issued. It contains forty-eight pages of matter pertaining to Los Angeles and Southern California. The information is of recent date and makes the HERALD ANNUAL thoroughly representative of this section at the present time. The illustrations are also generally recent and new. The publication, as a whole, is an excellent one and will be a good advertisement for Southern California.—Los Angeles Express.

A GOOD IDEA.

The Annual Herald to Go to Eastern Public Libraries.

Some prominent citizens of Los Angeles, who are much pleased with the Illustrated Annual Herald, have suggested an idea, which, if carried out, will do much good to Los Angeles and the whole of Southern California. Nearly every city of any size in the Eastern States has a public library or reading room. It is proposed to raise a subscription to send a copy of the Illustrated Herald to each of those most frequented places. The publishers of the HERALD will agree to mail a copy to the public library in every leading city and town in the United States and Canada, for the cost of the white paper in the annual, with the postage added. Every citizen and business man can invest a small sum in this scheme with the absolute certainty that the result will be to stimulate immigration to this section and bring about the healthy condition of affairs which existed "before the boom."

A representative of this paper will call upon citizens for subscriptions to the plan as outlined above, and should meet with a liberal response.

Illustrated Annual Herald.

The Illustrated Annual Herald for 1890 has just been received. There are forty-eight pages of information about Southern California and fifty fine illustrations. Send it to your eastern friends. Price fifteen cents. For sale by newsdealers or at the HERALD office.

Violently Insane.

A telephone message was received at police headquarters yesterday afternoon to the effect that a lady was violently insane on Washington street, between San Pedro and Los Angeles streets. Officer Rohm was dispatched with the patrol wagon to the place, where he found the unfortunate woman to be Mrs. Romberg, an elderly German lady. She was so violent as to necessitate the calling in of a physician who administered chloroform to her, and after she had quieted down somewhat, she was conveyed in a hack to the county jail.

Weak Women

Owe to themselves a duty to take Hood's Sarsaparilla, in view of the great relief it has given those who suffer from ailments peculiar to the sex. By purifying the blood, regulating important organs, strengthening the nerves, and toning the whole system, it restores the debilitated to health.

After 15 Years.

"For 15 years my mother has been troubled with milk leg. She went to different parts of California, as persons said the climate might help her, but it was of no avail, and I, being a druggist, thought I would get her to try Hood's Sarsaparilla. Before she had taken half a bottle she said she was improving, so she continued until she took half a dozen bottles, and now she is perfectly well. For nearly fifteen years she was unable to walk around, but now she can walk as well as ever." T. F. Blake, San Francisco, with C. F. Richards & Co., Wholesale Druggists.

Like a New Creature.

"I have been for years trying to get help for that terrible general debility and weakness so common to women. Within a week I have taken ten or twelve bottles of Hood's Sarsaparilla, and I am now feeling like a new creature." Mrs. F. B. Ross, Marlin, Texas.

Hood's Sarsaparilla

Sold by druggists, \$1; six for \$5. Prepared only by C. L. HOOD & CO., Apothecaries, Lowell, Mass.

PHENOMENAL SUCCESS

Bear Valley & Alessandro Development Co

My friend, is your name on the list? If not, go or send at once and have it written there for an option to buy 10, 20 or more acres of land in

THAT BEAUTIFUL VALLEY

Known as the Alessandro Tract.

Situated between Redlands and Riverside, and to be supplied with water from that never-failing source,

BEAR VALLEY,

Which the company confidently expect to have on the land by March 1, 1891. Only \$3.00 per acre required when you apply for option. One-quarter cash when you select your land October 15, 1890, from which the \$3.00 already paid will be deducted. One-quarter when water is ready for delivery, the balance in one and two years from that date. So you see

THE TERMS ARE EASY, THE BURDEN LIGHT, THE REWARD GREAT.

The price of the land today is only

\$75.00 PER ACRE.

Scarcely an acre of improved land can be bought either in Redlands or Riverside for less than \$1,000 per acre, that five or six years ago was in same condition as the land we now offer you at \$75; the improvements, of course, to be added to original cost, but that would not exceed \$400 per acre, making cost of land at the end of five years, say \$500 per acre. That would be doubling your money in five years. GOOD ENOUGH FOR MOST OF US, but above is a very low estimate.

A gentleman here in Redlands told us the other day that he bought twenty acres eight years ago at \$75 per acre, that this year will pay him an income of 10 per cent. on \$35,000.

* Who Wants to do Better than that? *

You and I can do the same thing if we GET UP AND GET and buy OUR 20 ACRES today at \$75 per acre of

The Bear Valley and Alessandro Development Co.

Our agents are sending in their orders thick and fast. Let us hear from you before the price is advanced.

AMMON P. KITCHING, Gen'l Manager

REDLANDS, CAL

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder ABSOLUTELY PURE
