

BOARD OF PUBLIC WORKS.

Recommendations to be Made to the City Council.

The board of public works met yesterday and transacted considerable business. They will recommend to the council:

That the petition asking for the establishment of the grade of Aliso street and that the name of the same be changed to Fresno.

That L. C. Palmer be granted ten days' extension of time to complete the grading of Sixth street, between Lucas and Logan streets.

That the petition asking that the grade of First street, west of Burtz street, be changed in accordance with the line laid down on the profile of the city engineer, be referred to the latter.

That the petition suggesting that the grade of First street be changed back to the proposed grade of 1 in 20, be filed.

That the Pacific Coast Steamship company be allowed to erect a hitching post with ornamental sign at 124 West Second street, under the direction of the street superintendent.

That the city engineer be instructed to present an ordinance to side-walk Temple street, between New High and Grand avenue.

That the city attorney present an ordinance granting Mr. Crawford permission to grade half of Hill street in front of his property by private contract.

That the petition of William Wright et al., calling attention to the condition of Eighteenth street, between Flower and Figueroa, be referred to the city engineer for investigation.

That the petition of Kaspar Cohn asking that the pavement of Second street between Main and Los Angeles, be suspended, be granted.

That the offer of a certain piece of land on Maple avenue by Felipe Botiller be not accepted, as the same is already a public street.

That the street superintendent be instructed to make certain repairs on Bellevue avenue and Edgeware road, in accordance with the petition of the Temple-street railroad company.

That the petition of Ella M. Pinney, for the grading of Twenty-third street, between Maple and San Pedro be granted. The board recommended that the owner of the property with which Fifth street, between Main and the Arcade depot is to be paved, appear before them next Friday.

That the property owners on Pearl street from Sixth to Pico, appear before them on Friday next, to express their wishes with regard to the laying of a sidewalk.

The board further reported that in the matter of the protest of Peter Neis, against the decision of the street superintendent, they had personally inspected his sidewalk on Rosas street and find the work in good condition.

The bids to sidewalk the south side of Ninth street, being all at the same rate per square foot, were directed returned to the council.

COTTON AND RAISINS.

Both Grown to Perfection in the Hesperia Colony.

Los Angeles, Sept. 17, 1890.

EDITORS OF HERALD: I send you two boxes of cotton, grown by Mr. Johnson of Hesperia, San Bernardino county. Hesperia is in what is commonly called the "Mojave desert," but so far from being a "desert," there is no country on earth where a greater variety of valuable products can be profitably raised with water than in this desert. A sufficient quantity of water to irrigate some fifty thousand acres has already been developed, and in the near future a sufficient quantity to irrigate about half a million of acres of the finest land in California, will be developed. This section is now attracting a large share of public attention.

The people should by all means send Curtis to congress to help perfect a proper system to have this vast and valuable section of country supplied with water.

I also send sample of the raisin grape of the second year's growth, raised by Mr. Shaw. Yours truly, J. T. BEARDEN.

BIG DAMAGES.

Mrs. Arcadia de Baker vs. the California Southern Railway.

Mrs. Arcadia Bandini de Baker yesterday filed her complaint against the California Southern Railway company for \$175,705.26 and costs of action. The pleadings allege that in the month of November the defendants consolidated with other railway corporations and assumed the rights and liabilities of the said corporations; that the plaintiff is owner of considerable property in Los Angeles county, called the Laguna ranch; that in 1888 the railroad company built a levee on the west side of the Los Angeles river, from First street, without regard to the bed of the stream, and that by reason of such construction the river at high water spread over a large area of country and flooded the lands of plaintiff, destroying and carrying away a large part of it, covering it with boulders, cobbles and sand, doing damage as estimated above. The plaintiff also demands the removal of the nuisance.

Nathan Stowell vs. William Hunter et al, suit to determine the plaintiff's title to a tract of land in the rancho San Rafael and enjoin the defendants from claiming any interest therein.

THE LOCKWOOD CASE.

The Jury Completed and the Taking of Testimony Commenced.

The jury in the trial of Justice of the Peace Lockwood on a charge of harboring and protecting a fugitive from justice, was completed yesterday morning, and the taking of testimony commenced. Cassier, Boshnell, the Southern California National bank was the first to take the stand, and detailed the facts of the negotiation by Mr. Chadwick of the Wright note.

Mr. Chadwick then testified as to getting the note from J. M. Damron, obtaining the money for it, and giving it to Damron, retaining his commission. Deputy County Clerk Frank Fanning and G. A. Hough were put on the stand as experts, and testified that the name E. T. Wright on the note was written by J. M. Damron, or was in his handwriting. The case will be resumed this morning.

ALHAMBRA.

Notes of Interest From the Homes Among the Orange Groves.

Grape picking has begun in earnest. The canneries here are offering \$16 a ton. Many grape growers are holding out for more, and quite a number have sold to distillers in Los Angeles and are shipping them in on the Rapid Transit.

The Rapid Transit railway company is cleaning up and repairing the road to Pasadena. The company intends to

REDONDO BEACH.

Interesting Paragraphs from the New Seaport.

The day for early morning to sunset was simply beautiful. Boating, fishing, bathing and horseback riding were indulged in to its full extremity. Parties who visited Catalina returned telling wonderful fish tales. Twenty-two were out on the last trip on the Tin-Juana. Those who were not seasick were the worst kickers. The large crowd that went to Los Angeles last night to take active part in the Democratic demonstration for Pond and Del Valle looked a little the worse for wear, but at the same time they never witnessed an experience as much enthusiastic in any one parade or at any one political occasion as they did at this one at Los Angeles. Redondo is solid for Pond and Del Valle.

The grading of our streets and the surveying of sidewalks, which will soon have miles of, are rapidly being pushed by a large number of workmen and teams. The walks in front of the houses and wharf will in a very short time be equal to a city of old standing. Captains Ainsworth and Thompson will do what money can do to make this a winter resort, as fine if not finer than any upon this coast. Captain J. C. Ainsworth and wife left this morning to visit the ruins of their home at Claremont, which was burned yesterday. Messrs. Mullus and Ledyard, real estate and insurance agents, have moved into the new brick block, and are in fine quarters. The Redondo Beach Compass has also handsome rooms in the same block. Improvements are daily seen springing up in different parts of Redondo. It is almost impossible to get a furnished room or rooms for house-keeping. A cottage is no sooner vacated than it is filled. Raymond excursionists, Redondo hotel guests, the depot, bath house and wharf will in a very short time be equal to a city of old standing. Captains Ainsworth and Thompson will do what money can do to make this a winter resort, as fine if not finer than any upon this coast. Captain J. C. Ainsworth and wife left this morning to visit the ruins of their home at Claremont, which was burned yesterday.

A number of campers are pulling up stakes to leave us, but it is those who only came to stay a short time. The circulation of the HERALD does not decrease and has as much demand as in any preceding issue. The various steamers, pleasure boats, lumber barges or schooners, freight barges, yachts, twelve train to and from Redondo and Los Angeles daily, the song of the pile driver and the whistle of the steam locomotive or steamers at all hours of the day and night, are enough to say.

Among the many visiting to Redondo were Mrs. J. F. Saxby, Mr. and Miss Kendall of Ventura, Dr. Hughes of San Francisco, Mr. L. C. McKerby and son of Los Angeles. The steam lumber barge, "Noyo" and "Emily," loaded with cross-ties for the Los Angeles Terminal railroad, arrived on the 12th, and are still lying at the wharf, discharging their cargoes.

The five masted schooner loaded with long piles for the Redondo pier extension, on her way here. The Pelican made her usual excursion around the bay, starting at 10 a. m. with a very full boat—all she could possibly accommodate. The steamer Los Angeles brought down from the north about 100 tons mixed merchandise. She will return tonight, taking out 100 tons of freight.

The Santa Maria is now at the wharf with 6,000 bundles of laths and 700 boxes of glass, one saw mill outfit and mixed merchandise. One attraction to our swimmers here is the expert swimmer, Mr. John Mulberry, of Cambridge, England, a well built man of not less than 200 pounds, some 50 years old. He floats as lightly as a cork, while his easy, graceful appearance in the water could only be excelled by a seal.

Bathing has been good for the past few days, and fishing has been unusually good; many fine catches being reported in deep water. Miss Ella Lloyd, who has had charge of the bath house for the past year, leaves tomorrow for her home in Los Angeles.

The new extension of the wharf is completed, which will be in the near future, the Santa Rosa steamer or any foreign vessel will be able to land here with all safety.

Pile driving is progressing rapidly and cross timbers has already begun on the extension of the wharf. The Bonita will bring tonight 1,000 sheep and eighty tons of general merchandise.

Yesterday was pay day at our wharf. S. B. Hall, agent for the Los Angeles and San Francisco daily papers at this place, has been sick for the last ten days with his old enemy, the asthma. He is now able to be out again.

WANTS TO BE RECORDER.

A Good Downey Democrat Will Make the Fight.

Mr. L. M. Grider announces himself as a candidate for the Democratic nomination for county recorder. Mr. Grider is a consistent Democrat; he comes from Downey, and is a member of the Order of N. S. G. W. He is a man of excellent reputation, and by reason of his personal qualities has made numerous warm friends who will stand by him in his contest for nomination.

WHY DID HE GO?

A St. Louis Merchant's Trip to the Post-office, and the Result.

California's last session is beginning to take hold of St. Louis. J. V. S. Barrett, the commission merchant of 122 and 124 North Commercial Street, was one of the first to test Joy's Vegetable Sarsaparilla in sick headaches. He was sure that he had the disease, and he went over to the postoffice and told his friend, Thos. P. Culklin, the superintendent of the registry division, who was also worried with headaches, about it. The following letter details his friend's experience also:—

POSTOFFICE, ST. LOUIS, Feb. 20, 1890. DEAR SIR: You ask me, "Did I act on your advice? I did, and am glad to have to thank you for it. For years I have suffered from indigestion and headaches. Taking your advice, I purchased a bottle of Joy's Vegetable Sarsaparilla. Before I had finished the first bottle I could eat almost anything with impunity, and have been since rarely troubled with a headache of any kind, for which I give due credit to your advice and Joy's Vegetable Sarsaparilla. Yours, etc., THOS. P. CULKLIN, Superintendent Registry Division, Postoffice.

Mr. G. W. Sutherland, a druggist in the town of Colfax, state of Washington, keeps in stock all of the leading medicines for the throat and lung diseases, but says he sells more of Chamberlain's Cough Remedy than any other and has never heard a complaint from anyone. This Remedy gives entire satisfaction, because it can always be depended upon. It is popular because it never disappoints and because it is pleasant to take. Let anyone afflicted with a severe cold or other throat or lung troubles, give it a trial and he will realize for himself what a valuable medicine it is, and learn why it is so popular. For sale at 50 cents per bottle by C. F. Heinemann, 222 N. Main street. John A. Off, cor. 4th and Spring streets, and all leading druggists.

Bear in mind that St. Patrick's Pills not only physic, but cleanse the whole system and regulate the liver and bowels. A dose at bed-time is sufficient for sale by C. F. Heinemann, 222 N. Main street. John A. Off, cor. 4th and Spring streets, and all leading druggists.

St. Patrick's Pills are liked because they are reliable; because they produce a pleasant cathartic effect; because they correct bilious disorders and because they are as near perfect as they can possibly be made. For sale by C. F. Heinemann, 222 N. Main street. John A. Off, cor. 4th and Spring streets, and all leading druggists.

"Don't Worry Me"

With your complaints about your "teeth," said an annoyed father to his "sweet sixteen," I told you to buy the SOZODONT and use it," but you didn't, and you deserve to suffer." And so said, and all other sweet sixteeners who act like her.

A Recommendation.

I, the undersigned, being dangerously ill, appeal to Mr. Mug Chow, a native Chinese, to perfect health, and therefore desire all my friends to be informed in reference to Dr. Mug Chow, that his reputation be not concealed, and advise all afflicted ones to repair to Dr. Mug Chow's office at No. 641 Upper Main street and be cured. JAMES MEANS' \$3 & \$4 SHOES

Such has been the recent progress in our branch of industry that we are now able to affirm that the James Means' \$4 shoe is every respect equal to the shoes which only a few years ago were regarded as eight or ten dollars. If you will try on a pair you will be convinced that we do not exaggerate. Our are the original \$3 and \$4 shoes, and those who imitate our system of business are unable to compete with us in quality of factory products. In our lines we are the largest manufacturers in the United States.

Shoes from our celebrated factory are sold by wide-awake retailers in all parts of the country. We will place them easily within your reach in any State or Territory if you will invest one cent in a postal card and write to us.
