

OFF TO CHICAGO.

THE FIRST CAR OF ARTICLES FOR THE EXHIBIT

Leaves Los Angeles Yesterday via the Santa Fe Route—The List of Articles and the Donors—Chamber of Commerce Proceedings.

The board of directors of the chamber of commerce met yesterday afternoon, Mr. C. M. Wells in the chair, and Messrs. E. W. Jones, W. H. Toler, J. Mills Davies, L. N. Breed, J. H. Book and Eugene Germain present.

The secretary was instructed to publish a weekly bulletin, providing enough advertisements can be obtained to pay for it.

Major Jones called attention to the fact that San Diego is making a strong effort to obtain the establishment of a military post at that place.

He urged immediate action on the part of the committee here to have it established at San Pedro. He stated that it would require about 640 acres, and he thought the land could be obtained at a low figure.

He was given power to select two additional members for the committee to visit San Pedro with him. Secretary Hanchette reported that on Saturday evening the Brotherhood of Locomotive Firemen visited the chamber in a body and were cordially received by a number of citizens, together with a number of the members of the chamber and the ladies' annex.

The entire force of the chamber has been busy for over a week in preparing the first shipment for the Chicago permanent exhibit. The result has been very satisfactory, but owing to delays on the part of some of those who promised articles the first shipment was not so large as expected.

Another car will leave Los Angeles on October 6th. All articles for it must be at the rooms of the chamber of commerce on Saturday, October 4th.

A number of letters requesting information have been answered in pamphlets forwarded to all parts of the world. The United States government at Washington apparently relies upon the chamber for a large part of the wool crop statistics information for the eleventh census.

Complete returns will probably be in by October 15th. The car for the Chicago exhibit which left the Santa Fe depot yesterday afternoon for Chicago contained the following articles:

AT SANTA MONICA.

The Board of Trade Want More Railroads.

The board of trade held a meeting Wednesday evening. Vice President Steere called the meeting to order. Mr. W. W. Webster was elected president. The gentleman proved his thorough capacity for the important trust by his opening remarks which were particularly

well timed, laying great stress upon unity of action as being the keystone in the arch of future development. Messrs. Steere, Ellis and Carrillo were appointed a committee to draft suitable resolutions in respect to the memory of their late President, Mr. R. Gaddy, which were presented and adopted.

The question of getting the Santa Fe and other competing roads to come here and a general wharf discussion followed, and a committee was appointed consisting of John C. Carrillo, E. J. Vawter, W. W. Webster, John Steere and L. F. Fisher, to see the officials of the various roads and ascertain what their intentions were.

Mr. Abbot Kinney spoke on the advisability of having a road built up to the Calabassas district, and T. B. Carlyle was appointed a committee to secure signers to such a petition.

The Mexican population enjoyed a barbecue and dance at the canyon on Wednesday afternoon and evening.

Fishing here at present has taken a new spurt, and the various fishermen are making excellent catches.

L. D. Hooker and family of Portland, Oregon, are staying for a few days here.

Charlie Robb of East Los Angeles is enjoying a short vacation, the guest of his aunt, Mrs. M. H. Kimball.

HE HAD BETTER RETURN

And do the Same Work in Los Angeles.

The following is clipped from the Pioneer Press of St. Paul, September 13th, and shows what a Los Angeles man has done and is now doing to help build a city:

The building at South St. Paul formerly occupied by the Duane iron works, which has been idle for some time, will soon be occupied by another manufacturing concern. Dr. J. H. Bryant of the Clark-Bryant improvement company, who has owned the plant for some time, recently made an offer of the ground and building to any concern that would purchase the machinery and reopen the shop.

This tempting offer brought several applications and within a day or two a sale will be consummated and work will soon be resumed.

About four years ago Dr. Bryant was instrumental in getting five manufacturing concerns to locate at South Park, taking stock in four of them. Three of these concerns are now doing a prosperous business. One of them is in the hands of a receiver, while the plant of the other, the Duane Iron works, as already stated, will soon be in active operation again.

THE LUNATIC ASYLUM.

Opening of the Bids for the San Bernardino Institution.

A. McNally, one of the contractors who made a bid for the contract to build the Southern California Asylum for the Insane, returned yesterday afternoon from San Bernardino, where the bids were opened Wednesday afternoon.

There were present, as members of the board of trustees, Messrs. Spence of Los Angeles, Drew and Anderson of San Bernardino, and Murphy of Colton. Mr. John Morton, the permanent secretary of the board, opened the bids, which were as follows:

Mackay & Skinner, of Los Angeles, \$201,140.

Peter Creighton, of San Francisco, \$174,500.

A. McNally, of Los Angeles, \$206,000.

Mr. Frazier, of Banning, \$202,000.

J. P. McCormick, of San Diego, \$189,500.

The board examined all bids carefully, but deferred the award of the same until next Tuesday.

THEY MARCH TO GLORY

And a Few Incidental Accidents Do Not Matter.

The examination of the salvation army for disturbing the peace, took place before Justice King yesterday afternoon. Col. G. Wiley Wells appeared for the army, and Mr. Diehl conducted the prosecution. On Saturday night, as detailed in the HERALD the following morning, the Cable grocery team became frightened at the antics of the salvation army and bolted down South Spring street, endangering the lives of hundreds of people on the streets.

Several witnesses testified in regard to the runaway, but with the exception of one witness, none of them could positively identify any of those under arrest as having marched with the army on that night, and Justice King dismissed the case. One of the witnesses testified that he has constantly to watch his team when the salvation army pass by. Another witness related the miraculous escape of several ladies from serious injury from runaway horses on the occasion in question.

ON THE WING SHOTS.

Local Sportsmen Who Will Try to Win Medals.

The annual tournament of the State Sportsman's association comes off early next month at Sacramento. A team of shooters will be sent up from Southern California to contest for the championship of the state. Last year the team from this part of the state came within an ace of winning the trophy. Several won handsome prizes, and also made the best record during the tournament. The team this year will probably be composed of the following crack shots: Martinez Chick, of San Diego, Jim Unger, of Los Angeles, Wiley, of Colton, Tabor and Knight, of San Bernardino. This will make a very formidable team.

Santa Monica Democratic Club.

That spirited organization known as the Santa Monica Democratic club, has initiated a new departure which will commend itself to all Democrats. It has invited the Democratic clubs of this city to come down and visit them, the invitation has been accepted, the time has been set for Saturday evening next, and the object of the reception has been fixed for the theatre. The Troquois, Jackson, Alliance and Tammany clubs have accepted the hospitable invitation, and there will be a pleasant and profitable re-union. A number of well known gentlemen will address the assembled Democrats. This club, under its able president, Mr. Charles Thomas, and its indefatigable secretary, Mr. I. V. Polard, has demonstrated itself to be one of the most energetic and efficient Democratic organizations in Los Angeles county.

Four Years on Crutches.

For fifteen years I was afflicted with rheumatism, ten years of which I was compelled to go on crutches. Words are inadequate to express the suffering I endured during that time. During these fifteen years of existence it was not living, I tried every known remedy without receiving any benefit. I finally began on Swift's specific (S. S. S.), which from the first gave me relief, and today I am enjoying the best of health, and am a well man. I candidly believe that S. S. S. is the best blood purifier on the market today. J. D.
