Another California Stage Held Up and Robbed—Markham Getting Acquainted.

Associated Press Dispatches.

New York, Sept. 26.—Señor Juan Barroti, of Santiago, Chili, says: "We are going to have a revolution in Chili before long, and I should not be surprised if it turned out to be a very bloody one. The truth is that a bitter contest has sprung up between the president and congress, and unless prompt means are taken to settle the matter, bloodshed will be the result. The chamber of deputies has passed laws which practically cut off the supplies of the government, and the president has responded by taking charge of the government moneys on deposit in the various national banks. As this sum amounts to about \$7,000,000, the president and his advisers feel financially pretty safe, but will demand the deposit of this money in the national treasury, subject to the laws made by the representatives of the people. The president is a hot-headed, stubborn and brave man, and has the army with him, but congress has public sentiment almost unanimously in its favor. The whole strife would cease if the president would choose a new cabinet, the members of which would be in accord with the majority in congress, but the president won't do this, and before long the world will learn the result. There will be a bloody civil strife, and he will either be dead or driven from the country, or will be its absolute dictator."

A YOUNG BORGIA.

New Haven, Sept. 26.—Miss Nellie Fish, a sixteen-year-old girl, is in jail in this city, charged with having made three deliberate attempts to poison her mother. The girl has always been wayward and hard to keep in bounds, and has several times run away from home. Last week she put Paris green in her mother's tea. The first time it made her sick, and the second time she suffered a severe fit of vomiting. The girl the last time put rough on rats in the tea. Her mother became suspicious and had a doctor examine the food which she had eaten. The examination resulted in finding a quantity of poison in a half-filled cup of tea. The girl when accused, admitted that she had done it "just for fun." She was arrested and locked up.

About a month ago, Sarah Ellis, a niece of Mrs. Fish, who resided with them, and who was appointed post-mistress of West-Cheshire a short time ago, died after a brief sickness. It is now generally supposed that the girl died from the effects of poison administered by the fish girl. The body will be examined and the examination made. Her reason for administering the poison is that her mother would not let her out when she liked.

STAGE HELD UP.

The California Road Agent Plying His Vocation.

Redding, Cal., Sept. 26.—The Redding and Cedarville stage was robbed last night about twenty-five miles from Redding, near Morley's station, at 11 o'clock. Two masked robbers, one a large man, the other a short, strongly built fellow, ordered Ed Brackett, the driver, to stop, at the same time presenting pistols. The first question asked was, were there any passengers. Wells Fargo's company's box and the government moneys were then thrown out on demand, from which some \$800 was extracted, the empty envelopes and packages being put back in the box and sack and returned to the driver. The robbery was not unexpected, as suspicious characters had been hanging about the locality for some time. In fact, the ax used, was stolen in the neighborhood. The robbers are supposed to be old hands in the business, for one advised that the mail be untouched. The feature of the fair last evening was a parade by company E, national guards, which drew quite a crowd. The fair continues well attended.

SCALPS IN DANGER.

An Army Officer Predicts a Mighty Indian Uprising.

Pittsburg, Sept. 26.—Captain Trimbleton, of the Seventh United States cavalry, commandant at Fort Hill, passed through Pittsburg today. He says the greatest Indian uprising of recent times is certain to come soon. The Indians have got the idea that a great medicine man is coming to wipe out the whites and restore to them the ownership of the country. The result is that they have entered with the fervor of fanatics upon a series of intonations and religious orgies. Five thousand Indians about Fort Hill have renounced Christianity, and he is certain in a short time somebody will pretend to be the expected great medicine man, and then the trouble will begin. He thinks all the United States garrisons should be doubled.

GETTING ACQUAINTED.

Col. Markham Working the Rural Districts and County Fairs.

Martinez, Cal., Sept. 26.—Col. H. H. Markham, the Republican nominee for governor, spent the day here at the Commercial hotel, which place had been decorated for the occasion of his coming. He was received at the train by a special committee. An informal reception was held at the hotel, where many of the town's citizens met him. Col. Markham attended the county fair at Concord this afternoon, with a committee of the Republican party, where he was introduced to the people of the interior. He will return to Martinez this evening and go to Antioch by a special train along with the Republican club of Martinez. A parade and address will take place.

The Horticulturists.

San Francisco, Sept. 26.—At a meeting of the State Horticultural Society today the following nominations for the election to be held at the next meeting, the last week in October, were made: For president, Prof. E. A BIG AFFIDAVIT

To Enjoin the Payment of \$204,000 for a Sailed Mine.

SAN FRANCISCO, Sept. 26.—Alvinza Hayward filed a voluminous affidavit today upon application for an injunction restraining the Sather banking company from paying out \$206,000 that has been deposited to the order of Manuel Agayo and Locadio Agayo, of Mexico. They are the men who sold the Mullattos mining property to the Oro Grande and Globe syndicate mining companies, of which Hayward is manager. Affiant claims that the Agayos, "salted" the mine, deceived the experts and sold the property for \$1,575,000, of which amount \$710,000 was paid in cash. A suit is now pending to set aside the sale and recover the money on the ground of fraud. Hayward alleges that since the commencement of the suit, the \$206,000 was deposited in bank by W. Louiza & Co., agents of the defendants.

A STREET CAR STRIKE

Instigated in Chicago for Political Purposes.

CHICAGO, Sept. 26.—The Journal says a strike of the employees of the West Division street railway is inevitable, and is set for Monday. It is asserted that the chief causes are agitation by political leaders to make political capital and antagonism between the two unions composing the force. The officials of the company say they propose to make an uncompromising fight against the employment of any of the strikers, no matter what the cost. They say the recent series of accidents on the cable line was a put up job to get the company in bad odor with the public.

Firemen ask Redress.

CHICAGO, Sept. 26.—The general advisory committee of the Chicago and Northwestern engineers and firemen held a secret conference with the general manager and general superintendent this morning. The conference is the result of the annual meeting of the grievance committee, which has been in session here for the past two weeks. The engineers and firemen have formulated their grievances, which they ask the management to redress. The grievance committee concluded its labors this afternoon and adjourned until the next annual meeting, unless sooner called together.

The San Francisco.

SAN FRANCISCO, Sept. 26.—The new United States cruiser, San Francisco, which made a record of 19,719 knots on her official trial trip in Santa Barbara channel a few weeks ago, will leave the Union Iron works early tomorrow morning and be towed to the Mare Island navy yard, where she will be formally turned over to the government. The cruiser has been thoroughly cleaned and painted since her trial run and it is understood that the work of placing her armament aboard, and otherwise fitting her for sea will be commenced at once.

A Mixed Ticket.

GRAND FORKS, N. D., Sept. 26.—The state convention of prohibitionists and Farmers Alliance endorsed the Republican nominees for congress, lieutenant-governor, commissioner of insurance and railroad commissioner; the Democratic nominees for secretary of state, superintendent of instruction and railroad commissioner; and nominated for governor, Walter Muir; auditor, H. P. Dickinson; treasurer, K. J. Nomland; attorney general, N. C. Young; and railroad commissioner, Ezra Turner.

A Murderer Acquitted.

VICTORIA, B. C., Sept. 26.—The assize court was busy all day yesterday with the case of Regina vs. Routledge for murder. Continual brutalities on the part of Dugan, who was shot by the prisoner, were proved, and the defense set up that the shooting was purely accidental. Chief Justice Begbie charged strongly against the prisoner and asked for a verdict, either of murder or manslaughter, but the jury, however, found the woman not guilty.

Presidential Appointments.

WASHINGTON, Sept. 26.—The president has sent to the senate the following nominations: E. Burton Grubb, New Jersey, minister to Spain; Edwin H. Conger, Iowa, minister to Brazil; Isaac A. Beers, Indian agent at the Hoop Valley agency; Fremont Wood, United States attorney for Idaho; Lewis B. Kinney, probate judge, Sevier county, Utah; Alexander Whitecomb, postmaster at Albuquerque, New Mexico.

The Anti-Lottery Law Enforced.

BIRMINGHAM, Ala., Sept. 26.—W. P. Pickard, editor and president of the Age-Herald company, was this morning arrested on a warrant charging him with publishing advertisements of the Louisiana Lottery company. The United States commissioner held each issue since last Friday a separate offense, and put him under bonds of \$5,000 to await the action of the grand jury.

Too Much Morphine.

CHICAGO, Sept. 26.—F. Kranke, a German about 35 years old, was taken to the county hospital from a cheap hotel on the west side, suffering from an overdose of morphine. Letters show that he had recently come from San Francisco, where he was clerk in a music store. He assumed the name of Bunda here.

Died a Poor Man.

PHILADELPHIA, Sept. 26.—Hon. S. J. Randall, who died at Washington the 13th of April, failed to execute a will. Today Register Mills granted letters of administration on his estate to the widow. His entire estate, valued at about \$5000, consists entirely of personal effects.

Diaz's Life Not Endangered.

SAN FRANCISCO, Sept. 26.—Mexican Consul Consey states he received a letter from President Diaz, dated Sept. 17th, which makes no reference to any attack on the president's life. The consul discredits the reported attempt made on the national holiday to kill the president.

An Old Lady Killed.

MARVSVILLE, Sept. 26.—Mrs. Martha McKinney, 87 years of age, was run over by the cars on the Knights Landing extension of the Southern Pacific, this afternoon, and received injuries which, coupled with her old age, will probably prove fatal.

Held for the Grand Jury.

SISSON, Cal., Sept. 26.—This morning at the preliminary examination of Frank Cochran, for the murder of De Fresno, he was held to await the action of the grand jury.

NEW SUITS.

Matters Which the Courts Will Have to Settle.

For the purpose of correcting a defective certificate of a justice of the peace to the acknowledgment of a married woman, who has since died, to a deed conveying certain real estate in the Rancho San Antonio to her husband, Ed. J. Roche yesterday brought suit against his two minor sons, John H. and William C., asking that a guardian ad litem be appointed for them. The wife, Mrs. Margaret A. Roche, died intestate in 1885. If this action had not been taken, there would be a cloud upon Roche's title to the land, a share of which might later on be claimed by his children as being their inheritance. Andrew Glassell sues E. B. Woolley and others for \$21,989.31 on foreclosure of mortgage.

Walter Vail and H. P. Moore sue Max N. Newmark and David Edwards on a complaint on claim and delivery for 495 sacks of barley valued at \$557.13. He has the barley, and William Brassell to have the superior court determine their conflicting claims to lot 1, block 1, Angeleno Heights.

SWITCHMEN GET THERE.

The Santa Fe Employees Will Receive Better Pay.

The train and yard men employed by the Southern California railroad company are still continuing consulting with General Manager Wade, in regard to an increase of rates of pay. The yard men it was announced had their demands satisfied yesterday, being given an increase on an average of \$5.00 a month each. For overtime they will also be allowed 25, 27, and 29 cents an hour according to class. The train crews will probably have the matter adjusted today. The officials of the road say that there is no friction, nor any likelihood of a strike. The unions to which the men belong have not taken any action in the matter, the discussions being simply between committees of the men and General Manager Wade, and have been entirely amicable.

Marriage Licenses.

Licenses were issued yesterday to Estavan Marron, 25, and Eva Fraijo, 18, both natives of California and residents of Azusa; George W. Harris, 33, Texas, residing at Downey, and Mary McGarvin, 19, California, a resident of Alamitos; John Carner, 25, New York, and Carrie Anderson, 19, Kansas, both residents of Florence.
