

WORK OF CONGRESS.

The Tariff Report Submitted to the Senate.

Morgan, Sherman and Paddock Discuss It.

The Ohio Senator Finds Much in the Bill to Criticize,

But Accepts It as a Compromise Measure. Paddock Rejects It Altogether. No Vote Taken.

Associated Press Dispatches.

WASHINGTON, Sept. 29.—In the senate today the conference report on the bill for the relief of settlers on Northern Pacific railroad indemnity lands was agreed to.

The conference report on the deficiency appropriation bill was also presented and agreed to.

The conference report on the tariff bill was presented by Aldrich who said the report and the bill as modified by it, were printed, and he did not deem any further explanation of its provisions necessary.

Morgan having referred to Sherman's recent letter to Erastus Wyman, Sherman said the statements therein were consistent with the position he always held, that it was by mutual legislation, not by treaties, that reciprocity measures would be carried out.

At the close of Morgan's speech, Aldrich called for a vote on the conference report. This was opposed by Cockrell, who said Carlisle desired to speak but was somewhat indisposed today.

Aldrich asked unanimous consent for a vote at 4 o'clock tomorrow, but Cockrell objected.

Sherman addressed the senate in a general defense of the principle of protection. He said some of the provisions of the bill were too high and some too low, but admitted the impossibility of framing a measure to suit every interest.

He believed the new law would be a beacon of prosperity to the whole country, and as to the reciprocity feature, there was nothing new in the idea of reciprocity.

As to sugar, he would have given the people free sugar up to No. 20 Dutch standard, in the belief that some of the higher grades would enter into competition without having passed through the refineries.

As to binder twine, he felt that the manufacturers had probably taken advantage of the opportunity and demanded grossly unreasonable prices, but they had only done much as other human beings did, even the farmers taking advantage of high market prices.

In conclusion, Sherman expressed the hope that the manufacturers would avoid these trusts that gave popular discontent, and would invite fair competition and give the people the benefits thereof, and of cheaper production.

Paddock addressed the senate. He must vote against the conference report, he said he could not consider this great economic problem as one entirely political in its nature, affecting as it did the interests most vital to his immediate constituency and the entire west.

He should not attempt to state in detail his objections to the report, but should draw particular attention to the action of the committee on the sugar schedule, and its relation to other protected interests in the bill.

He mentioned the treatment given the beet sugar interests, and said it was not pleasant to contemplate, nor did it particularly incline a senator from a state where so strong and promising a commencement was made in the development of such industry, to vote for the report.

He sincerely hoped the report would not be adopted, and that a new conference would be ordered.

The conference report was laid aside informally without action.

Hoar reported a resolution which was adopted, declaring the senators from North and South Dakota, Montana and Wyoming entitled to compensation from the date of the admission of those states.

Morgan offered a resolution, which was agreed to, calling on the president for copies of the manifest instructions since March 1st, respecting the regulation of the fur seal fisheries of Alaska or Bering sea.

The house bill defining the duties of the seargent-at-arms was passed.

Individual pension bills on the calendar were taken up and passed (forty-four in twenty-five minutes).

The senate bill granting right of way across the Fort Assiniboine military reservation, to the Great Western railway, was passed.

Adjourned.

HOUSE PROCEEDINGS.

A Number of Minor Bills and Resolutions Disposed of.

WASHINGTON, Sept. 29.—In the house today the conference report on the general deficiency bill was agreed to.

The senate amendment was concurred in to the house bill granting leave of absence to clerks and employees of first- and second-class postoffices.

The amendment extends the benefit of the measure to the employees in the mail bag repair shops.

evening session to be for the consideration of bills reported by the committee on Indian affairs.

At the evening session the senate bills were passed for the sale of the Klamath river Indian reservation, granting the Newport and King's Valley railroad company right of way through Siletz Indian reservation and some others.

A GIGANTIC TRUST.

The Meaning of the Colorado Midland Railroad Deal.

CHICAGO, Sept. 29.—Commenting on the recent move of the Santa Fe railroad in securing control of the Colorado Midland, the Tribune this morning prints as a fact that the Santa Fe already has an independent line to the Pacific coast, which is sufficient for all its purposes, and which would be injured by projecting another line.

The new move made by the Santa Fe must therefore have entirely different objects in view than those heretofore advanced.

It will be found, when the smoke has cleared away, that the purchaser of the Colorado Midland is not the Atchison, but the so-called Bankers' Triangle of New York, Kidder, Peabody & Co., Baring Bros. and Drexel, Morgan & Co., the two first named firms being present officers of the Atchison, Topeka & Santa Fe, and George C. Magoun, leading financial manager of the firm of Kidder, Peabody & Co.

Magoun is also chairman of the board of directors of the Atchison, Topeka and Santa Fe, and directs its affairs. The real purpose of the Colorado Midland deal will be found to be nothing more nor less than another attempt on the part of the Bankers Triangle to bring about the consolidation of all the western railroad interests, or, in other words, the formation of a gigantic railway trust, comprising all the roads between Chicago and the Pacific Coast, and it is more than probable that Jay Gould is a silent partner in the scheme.

THE WET SEASON BEGUN.

Rainy Weather in Many Portions of the State.

SAN FRANCISCO, Sept. 29.—Associated Press dispatches from a great many places in the state indicate that the rainy season has commenced.

Telegrams announce that rain has fallen in Auburn, Vacaville, Nevada City, Oroville, St. Helena, Corning, Marysville, etc. In some places the damage done has been infinitesimal, but in others, as at St. Helena, it is thought that unless the rain ceases soon, the damage done to raisins and grapes will be extremely heavy.

There was quite a heavy fall of rain in San Francisco today.

GILROY, Cal., Sept. 29.—Rain commenced Saturday night, continuing Sunday and to-day in light, drizzling showers, amounting one-third of an inch. Little damage has thus far been done to grapes and fruit.

GAVE THEMSELVES UP.

Slavin and McAuliffe to be Prosecuted for Breach of the Peace.

LONDON, Sept. 29.—Slavin and McAuliffe having been informed that the authorities intended to prosecute them for fighting, surrendered to the police this morning and were arraigned in the Lambeth police court on the charge of committing a breach of the peace.

The prisoners were remanded until Friday. They were each to furnish personal surety in £1000 and two bondsmen who could each qualify in the sum of £2000.

WINERY EMPLOYEES ASPHYXIATED.

SAN FRANCISCO, Sept. 29.—Michael Kaenig and Patrick Mulligrew were asphyxiated in the establishment of the Eisen vineyard company, this afternoon.

Mulligrew, who was a laborer, entered a 5000-gallon cask to clean it, and was overcome by gases. Foreman Kaenig was notified and went to Mulligrew's assistance, but was also overcome, and both perished.

THE LONGEST FAST ON RECORD.

ALLENTOWN, Pa., Sept. 29.—One hundred and eighty-two days of involuntary fasting, without a morsel of food or a drop of water, is the record thus far made by a Lehigh county invalid, Mrs. Adam Atchuter at White Hall.

Her strength is slowly, but inevitably ebbing away, and her suffering is extreme. Dr. Seiger is of the opinion that Mrs. Atchuter may survive another month.

BOOZE BURNED.

MADISON, Ind., Sept. 29.—The warehouse of the Richwood distillery, in Kentucky, opposite this city, was burned with 1500 barrels of tax paid whisky, belonging to Leve & Brother, of Cincinnati. The fire department of Madison aroused the Rover and succeeded in saving the distillery and adjoining warehouses. Loss, \$100,000.

REPUBLICAN PRIMARIES.

SAN FRANCISCO, Sept. 29.—The Republican primary elections for delegates to the municipal, judicial and legislative conventions, and members of the county committee, passed off quietly.

There was opposition to the tickets proposed by the clubs in some districts, but the vote was light.

ARIZONA'S NEW GOVERNOR.

WASHINGTON, Sept. 29.—The president today sent to the senate the nomination of John N. Irwin, of Iowa, for governor of Arizona.

LONDON'S NEW LORD MAYOR.

LONDON, Sept. 29.—Joseph Savory has been elected lord mayor of London.

An Electric Lighting Suggestion.

EDITORS HERALD: Now that the city is advocating a change in the system of electric lighting, and advertising for new bids, giving electric companies two weeks time to make their estimates, would it not be a good scheme to extend the time and advertise in the Electrical World, a weekly journal universally recognized as the leading and generally accepted paper of the electrical fraternity for bids. This is customary, and it is not known for a fact that all the electric companies are represented on this coast, especially in Los Angeles. Give all companies a chance. Let these other companies, of whom there are a score, have a chance at this matter of economy as brought forward by the city council.

This is not a purchase of fire hose, barring out eastern bidders by limitation of time of bids, but a matter of economy as pertaining to our electric lighting of the city of Los Angeles. If it is a farce shall we let it go on? I want say a word about the proposed city hall plant, but if it is a bonafide bid for economy, work it to that end.
