The President's Proposed Trip to the West.

Promotions and Reforms in the Post-office Department.

The Barrundia Affair Causes a Naval Officer to Be Recalled—Clarkson to Go to China.

Associated Press Dispatches.

WASHINGTON, Oct. 3.—The preliminary details of the president's western trip are arranged, subject to slight changes. The president will leave Washington Monday morning for Cincinnati, where a short stop will be made Tuesday morning. Then he will proceed to Vincennes, Terre Haute and Danville. Thence to Galesburg, Illinois, reaching there Wednesday morning to attend a reunion of his brigade, and will leave the same evening for Ottumwa, Iowa, where he will spend Thursday at the exposition. That night the president will be taken to Topeka, arriving in the morning, and remaining until the afternoon, when he will take a train to Kansas City, arriving two hours later, where he will be the guest of his brother, who is a resident of the city, until evening, when he will leave for St. Louis to attend the annual festival of the followers of the Veiled Prophet, Saturday. That night he will go to Indianapolis to spend Sunday. Next morning he will leave for Washington, reaching here Tuesday morning.

Money for Surveys.
The secretary of the interior today approved the apportionment of the money appropriated for surveys of public lands for the year ending June 30, 1891. Arizona gets \$5,000; California, \$10,000; Idaho, \$20,000, an increase of \$10,000; Montana, \$75,000, an increase of \$60,000; Oregon, \$20,000, an increase of \$10,000; Utah, \$8,000, an increase of \$3,000; Washington, \$85,000, an increase of \$65,000; Wyoming, \$20,000, an increase of \$10,000. The reserve fund for contingencies is \$27,000, an increase of \$2000 over last year. The sum of \$40,000 is allotted for an examination survey. The total appropriated is \$425,000. Last year's appropriation was \$185,000. The secretary in a letter to the commissioner of the general land office says: "If any portion of the moneys appropriated to the several states and territories is found to be in excess of the amount actually needed, it can be charged to some other at any time."

Reforms in the Postoffice Department.
Messrs. Whitfield and Bell today qualified as first and second assistant postmaster general respectively. These appointments are strictly in the line of civil service reform. With these changes the postmaster general completes the reorganization of certain offices in the department. Offices which are in the general line will be placed under one head; that is, the railway service and railway contract office will be under the supervision of the new second assistant, Bell. Whitfield, as the first assistant, will have supervising charge of the salary and allowance and free delivery offices, additional to his other duties. These offices have heretofore been regarded as independent bureaus, their chiefs passing upon nearly all questions.

Commander Reiter Relieved.
Lieutenant Commander Reiter of the U. S. S. Ranger has been ordered home, and will be relieved by Commander Wingate. The impression is general here that Commander Reiter is recalled because the secretary of state is dissatisfied at the course pursued by him in regard to the peace negotiations between Guatemala and San Salvador, and also in regard to the Barrundia affair. The Ranger was in the harbor at San Jose when Barrundia was killed on the Acapulco.

No More Indians for Shows.
Acting Indian Commissioner Bell has issued a letter to Indian agents directing them promptly to refuse any applications for Indians for "Wild West" shows, as it is now against the policy of the interior department to grant permits for any such purpose under any circumstances whatever. If any Indians should hereafter attempt to leave the reservation for exhibition purposes, prompt measures will be adopted to retain them.

Silver Purchases.
The amount of silver offered to the treasury today was 957,000 ounces; the amount purchased, 510,000 ounces as follows: 40,000 ounces at \$1.1945; 100,000 ounces at \$1.137; 65,000 ounces at \$1.1375; 50,000 ounces at \$1.1380; 20,000 ounces at \$1.1384; 180,000 ounces at \$1.1385; 35,000 ounces at \$1.1386.

White House Notes.
The president has appointed J. B. Turner, of Indiana, usher at the white house, vice E. W. White, of Indiana. Resigned.

The president has appointed Austin J. Braddock, of Rockville, Maryland; Henry J. Aken, of Hiawatha, Kansas; John S. Mayhugh, of Elko, Nevada, and Miss Helen P. Clark, of Montana, as special agents to make allotments of lands in severalty to the Indians under the provisions of the act of congress approved February 8, 1887.

Clarkson Booked for China.
WASHINGTON, Oct. 3.—The post tomorrow will publish a statement that ex-Assistant Post Master General Clarkson will go to China as United States minister, after the congressional election.

LOTTERY MATTER.
The Conditions Precluding Its Transmission by U. S. Mail.

WASHINGTON, Oct. 3.—Assistant Postmaster-General Tynes, under the direction of Postmaster-General Wanamaker, has prepared for publication in the Post Bulletin a lengthy circular to postmasters, containing instructions for their guidance in the treatment of "lottery matter" under the recent lottery

act. It says the section quoted applies to any letter, ordinary or registered, if it concerns any lottery, gift concern or scheme described in the section, and to lottery tickets, checks, drafts, bills, money, postal notes or money orders for the purchase of lottery tickets, or any share or chance in a lottery or gift enterprise, and to the list of drawings of any lottery or similar scheme, and forbids carrying them in the mails or sending them from any postoffice. The seal of a letter or of any sealed packet prepaid at letter rates, must not be disturbed for the purpose of ascertaining if its transmission in the mail, or its delivery at postoffice is forbidden by the provisions of this act; nor will the mere suspicion that such a letter or packet relates to a lottery, or the fact that it is addressed to any person known to be engaged in the business of conducting a lottery, justify its detention or non-delivery, except that the delivery of registered letters at the office of destination, shall be withheld when the postmaster-general has issued specific orders under the provisions of section 3,929, to that effect.

REED ON THE ROSTRUM.

The Autocrat Assists in Opening the Connecticut Campaign.
NEW HAVEN, Conn., Oct. 3.—Speaker Reed was here tonight on the occasion of the opening of the Connecticut campaign, under the auspices of the Young Men's Republican club. In his speech he referred to the obstructive tactics of the Democratic minority in the house, and in closing said: "We are the sixty-five million of people with energy, brains and enterprise ready to reach out in every direction. Such people will never again be content to be ruled by a machine that does not correctly register its business."

THE NATIONAL GAME.

A GREAT GATHERING OF BASE BALL MEN AT CINCINNATI.

A Big Price Paid for the Transfer of the Cincinnati Club—Heavy Losses by the League and Brotherhood.

CINCINNATI, Oct. 3.—There is a great gathering of baseball men here tonight. The transfer of the Cincinnati club will take place tomorrow. It is learned from a trustworthy source that the price paid is \$38,000, of which \$20,000 is cash. In an interview with an Associated Press reporter tonight, Secretary Brunel of the Players League said the Brotherhood losses would be between \$50,000 and \$60,000 this year. He estimates the losses of the League at a much greater figure.

A New Form of Contract.
PHILADELPHIA, Oct. 3.—A new form of contract has been prepared by the officials of the National Baseball league. The reserve clause of the 15th paragraph is entirely stricken out, and a new paragraph giving the club the option to renew the contract for whatever number of years may be mutually agreed upon. The word "reservation" in the case of disbandment is also stricken out of the 15th paragraph, and authority for a club to assign a contract is inserted.

The "ten days" clause is materially altered to the advantage of players. A player under this form cannot be released between seasons without his consent. If, during the season, he is released while abroad with his club, he shall be entitled to traveling expenses back to his home city.

Another change in favor of the player is the right of appeal to the league directors, against club fines and penalties that may be considered unjust. The clauses against disbandment and immorality are strengthened by adding that the player must absolutely refrain from late hours, and any excess and dissipation in eating, drinking or otherwise, and must keep himself in the best physical condition to play ball, etc.

"While the reserve rule is no longer referred to in the contract," said Secretary Rogers, tonight, "it does not follow that it will be stricken out of the national agreement. In all probability it or its equivalent will always be as heretofore preserved as a necessity for the preservation of the game, but it is not likely to figure in legal contracts or the law courts hereafter."

The Oklahoma Capital Contest Growing More Intense—The Opposing Factions Up in Arms.

Associated Press Dispatches.

SCANTON, Pa., Oct. 3.—The sensational breach of promise case of Miss Annie Husaboe against Rev. Peter Roberts, of the Plymouth Congregational church, ended today with a verdict of \$3,000 for the woman. The case has created a tremendous stir here for a long time past. Roberts is a graduate of Yale, and while at New Haven seduced the girl and then connived at a criminal operation. He promised to marry her, but while she was ill, fled to Wales. The girl followed him. He again promised to marry her, and they came back to America, but after he secured a pastorate here, absolutely refused to carry out his promise. Roberts' attorney made overtures for a settlement, and once proffered \$1,000, but the girl would not accept. While the negotiations were in progress, Roberts married a most estimable lady of this place. Finally the girl brought suit which resulted as above. The deacons of Roberts' church have been upholding him in the matter for a long time, but it is thought he will now be compelled to get out. The evidence against him was very damaging, and it is said Roberts has been deceiving his counsel, as the women and church, for his counsel presented no testimony in defense.

WILDEE AND WOOLLIER.
The Capital Fight in Oklahoma Becoming Intense.

GUTHRIE, O. T., Oct. 3.—Excitement over the capital location was continued today. After the demonstrations against Messrs. Daniels, Perry and Nesbit last evening had subsided, S. R. Mitchell, city attorney of Oklahoma City, who chanced to be in town, sent this telegram to one of his friends at home: "Your representatives were mobbed on the street today. Send 100 armed men." The armed men arrived this morning and were among the first to secure seats of advantage in the hall of the lower house. Fully as many friends of the Guthrie measure, equally strongly armed, were also present. Their presence caused intense feeling, and it would have taken but the slightest outbreak to have caused serious trouble. Speaker Daniels was too ill, suffering from nervous exhaustion caused by the exciting scenes of yesterday, to preside. As soon as the house was called to order, Representative Torrill introduced a resolution calling attention to the presence of armed men in the chamber, declaring their presence undesirable and directing the sergeant-at-arms to eject all spectators, newspaper men excepted. The resolution was voted down, 20 to 50. Considering the probability of a repetition of yesterday's riotous demonstration, it was deemed advisable to postpone until tomorrow further action on the capital question. The speaker has prepared a resolution which will be introduced tomorrow, providing for the recall of the bill from the senate. When this resolution is presented, a lively time is expected.

NAUGHTY PHON LEE.

He Is Sued for Divorce Allee Same Mellican Man.

NEW HAVEN, Conn., Oct. 3.—Yan Phon Lee, the Chinese student who gained celebrity only a few years ago, when he graduated from Yale, figures in a sensational divorce suit now pending in the superior court. His wife, Elizabeth N. Lee, an American girl, is suing the Chinaman for divorce, on the ground of infidelity. The defendant's attorney asked for specifications. This motion was denied. The case will be tried at this session of the court.

DISTINGUISHED VISITORS.

The Count of Paris and Party Welcomed to Our Shores.

NEW YORK, Oct. 3.—Arrived: The Germanic from Liverpool with the Count of Paris, Duke of Orleans, and Prince of Joinville on board. All morning people interested in the arrival of the Comte de Paris and party were on the qui vive for news of the Germanic. When signalled, the revenue cutter Cushman, with a party on board, went down the bay to meet her, composed of Collector Erhardt, General Daniel Butterfield, General O. O. Howard, General Fitz John Parker, General H. W. Slouman, W. B. Franklin, General John Newton, J. G. Parke, J. R. Dillon and others. The Germanic was boarded off Staten Island, and the Comte and party taken on board. Collector Erhardt was presented to the Comte and said: "I am instructed by the president and government to welcome you to these shores and extend to you every courtesy." The Comte replied: "I thank you very much for the honor, and am glad to make another visit to America. I appreciate the great honor conferred on me by the president."

The Comte was warmly greeted by Butterfield, Porter and other comrades-in-arms during the war.

The party consists of the Comte de Paris, the Duc de Orleans, Duc de Uzès, the Marquis de Lestoyrie, the Comte Hausseville, Colonel de Paraveal, Captain Morham and Dr. Racanier. They will spend a month in this country.

THE M'KINLEY BILL

And the Stir It Is Creating Abroad.

The Canucks Considerably Excited Over the Matter.

A Nova Scotia Journal's Serious View of the Measure.

It Thinks It Is Aimed at the Dismemberment of the British Empire and Canada's Annexation.

Associated Press Dispatches.

HALIFAX, Oct. 3.—Discussing the Boston Herald's article on the effect of the McKinley bill in Europe, the Halifax Herald will say tomorrow: "Whatever other countries may do, we conceive it to be almost imperative on Great Britain to take decided action in the matter. The McKinley bill has been passed with the avowed purpose of coercing Canada into severing her connection with the British empire, and becoming a part of the United States. It is therefore, in its nature, an act of war on the British empire, to bring about its dismemberment. Will Great Britain go on affording her enemies the same trade facilities in her ports she accords her own children? The case for discrimination against the United States, in view of the policy they have adopted, is too strong to be successfully resisted. The empire cannot afford to stand inactive while a commercial war is waged against any of its ports; more especially when the avowed object of that war is to accomplish the humiliation and dismemberment of the empire itself."

THE COAL FAMINE.

The Australian Supply Practically Cut Off by Strikes.

San Francisco, Oct. 3.—A representative of the firm of J. D. Spreckels & Co. today said the strikes in the Australian coal mines continue with unabated force, and there are no indications at present of a speedy settlement of the labor troubles. There are five ships from that country now on the way to this port, carrying 12,000 tons. When the last one arrives no more coal will be received from the colonies for five months. Australian fuel is now quoted at \$10.50 per ton for cargo lots, and it is believed the retail price will soon advance to \$14 or \$16 per ton. Spreckels & Co. consider the outlook for household consumers during the coming winter as very unfavorable.

Captain Taylor, of the Oregon Navigation company, said: "I think the outlook for household consumers is good. Some of the northern mines are doing better, and with a heavier force at work will turn out more coal. Our company is always short and could not be regarded as a criterion by which to judge the general market. Our yards are cleaned out as quickly as the ships arrive, and when our last cargoes came in, we raised the price of clean coal from \$6 to \$7 per ton."

H. D. Chandler, who owns a mine in the Wellington district, said: "Our output is increasing, and I don't anticipate a hard winter. The strikes in the other Wellington mines will soon be settled. The main cause for a shortage in the market, is the cutting into domestic trade by those who have previously used Australian coal."

At the office of the Oregon Improvement company, the agents for a Seattle coal official said: "We raised the price \$1 per ton the first of this month. We are so short that when a customer orders 100 tons we furnish him with ten tons. Our mines are putting out as much coal as ever, between 13,000 and 14,000 tons per month, but none of it remains in our yards."

A TALL YOUNG MAN

From Los Angeles and His Name is J. W. Pratt.

Last night Captain McKay arrested him at Tacoma and started at midnight with him for Portland. It is said Pratt has been committing a series of forgeries along the coast, the last one being for \$300 on a Portland bank. Pratt registered from Los Angeles in this city, and says his parents are wealthy and will adjust the matter for him.
