—the women who doesn't use Pearlina; behind in her work, too, both in quantity and quality. With Pearlina, work is easier and better. Clothes can be washed without being worn out; cleaning can be done without scouring and scrubbing. All that it does is done without danger; the only danger is in getting something else.

**Beware** of imitations which are being peddled from door to door. First quality goods do not require such desperate methods to sell them. PEARLINE sells on its merits, and is manufactured only by JAMES PYLE, New York.

Mr. G. W. Sutherland, a druggist in the town of Colfax, state of Washington, keeps in stock all of the leading medicines for the throat and lung diseases, but says he sells more of Chamberlain's Cough Remedy than any other and has never heard a complaint from anyone. This remedy gives entire satisfaction, because it is always depended upon. It is popular because it never disappoints and because it is pleasant to take. Let anyone afflicted with a severe cold or other throat or lung troubles, give it a trial and he will realize for himself what a valuable medicine it is, and learn why it is so popular. For sale at 50 cents per bottle by C. F. Heinemann, 222 N. Main street. John A. Off, cor. 4th and Spring streets, and all leading druggists.

Bear in mind that St. Patrick's Pills not only physic, but cleanse the whole system and regulate the liver and bowels. A dose at bed-time is sufficient. For sale by C. F. Heinemann, 222 N. Main street. John A. Off, 4th and Spring streets, and all leading druggists.

When purchasing teas or coffees, do not look for a cheap one or a six-cent pickie dish to go with it, but go to H. Jevne's grocery house, where pure teas and coffees at proper values can always be had, 136 and 138 North Spring street.

### GRAND JURY'S REPORT.

The Roads, Bridges and Public Buildings Inspected.

The grand jury yesterday reported to Judge Cheney on its investigations of bridges, roads and public buildings.

In regard to the high school building the report says that "it is a first-class, substantial building, fully equal to and meeting the architectural requirements for buildings of its class; that it is safe and capable of occupation as designed."

The roads are pronounced to be in "as good condition as might be expected," but the road to Pasadena is condemned as "deplorable" and "dangerous." The bridge across the Arroyo Seco at the end of Daly street is described as in very bad condition and demanding immediate attention. The Rogers toll bridge at Garvanza is described as "unsafe for heavy traffic." It is recommended that the suspension wire bridge at the upper crossing of the San Gabriel be repaired.

The remainder of the report in a condensed form is as follows:

A bridge across the Santa Anita wash, which was built by the county last year, was useless when the floods came. The plan was defective, as the water-way was insufficient, consequently the approaches were washed away. \* \* \*

The bridge at El Monte across the New San Gabriel river should receive immediate attention. \* \* \*

The long bridge between the Monte and La Puente is a credit to the county, being well built and affording ample water-way. \* \* \*

This feature your committee found to be lacking in the plans and construction of both the Pico and Sanford bridges. \* \* \*

We believe it would be economy to pile and plank these approaches, thereby largely increasing the water-way. \* \* \*

The bridge at the Washburn crossing was also rendered useless, the end having been carried away by the flood. \* \* \*

The pier should be planked up. \* \* \*

Especially attention is called to the Foster bridge on the San Gabriel. It is one of the oldest in the county, and since it was built, the river bed has been raised by deposits several feet, until high water now reaches the lower chords of the structure. To save it, the bridge must be raised, or the channel cleaned of a dense growth of willows below that now obstruct the flow and deepen the current. \* \* \*

Your committee deem it incumbent on the board of supervisors to require the road overseers in the districts where the aforementioned bridges are located, to tighten up the rods and bolts on them before the wood is again swollen by the rains. They should also call the attention of overseers in the large irrigating districts to damage done to the highways by permitting irrigators to cut ditches across the road. \* \* \*

The picketing of horses and cows where they can stretch their ropes across the driveway, should not be allowed by the overseers. \* \* \*

The bridges on the Los Angeles river are, in the main, fine structures, the bridge on Ninth street being the only one so impaired as to be useless. \* \* \*

There is apparent necessity for a bridge across the Arroyo Seco at the end of Walnut street, in East Los Angeles, as there is a large traffic in that direction and several lives have already been lost there. \* \* \*

### NOT A CASE OF SUICIDE.

A Case of Heart Disease Taken for Felo de se.

Upper Main street was thrown in a ferment of excitement yesterday afternoon by a supposed attempt at suicide by a young Italian woman. Luisa Riso is a married lady, about twenty-six years old, very comely and the mother of two young children. She is living separated from her husband, Marcelino Riso, and has an apartment in the Clinton block. At about three o'clock a neighbor entered the lady's room, which is numbered 33, and found the unfortunate woman lying on the bed, her eyes fixed in a ghastly stare, and frothing at the mouth. She was insensible, although her limbs twitched nervously as spasms contracted her frame. Assistance was immediately called and Officer Valencia sent for Police Surgeon Morrison, who immediately responded. It was then discovered that the supposed case of poisoning was really a case of some affection of the heart. After relieving the poor woman, the physician left, pronouncing her out of danger. The neighbors, mostly Italians, remained excited for quite a while.

### COURT NOTES.

One Case Dismissed and a Judgment Reversed.

The cases of B. Saunders and Samuel Wolfstein, convicted before Justice Austin as police judge, of selling lottery tickets, were brought up on appeal before Judge Shaw yesterday morning. A dismissal was asked by the appellants and granted. Several other similar cases were taken under advisement.

The appeal case of the people vs. John Clifford was heard yesterday before Judge Cheney. Clifford had been convicted by Justice Austin of maintaining a wooden building within the fire limits. The ground of the appeal was that the magistrate had refused the defendant a jury trial. This being fatal the court reversed the decision of the court below and ordered a new trial.

### Board of Supervisors.

The opening of the bids for the Garvanza and Scoville bridges was continued yesterday by the board until this morning.

A. G. Mappa was appointed deputy county clerk in the place of A. B. Whitney, the present tax collector, at the monthly salary of \$100.

James McKellar, of Downey, C. Hadcock, of Little Lake, and J. D. Sproule, of Norwalk, were appointed trustees without pay of the Little Lake cemetery.

The rest of the session was consumed in auditing bills.

### New Suits.

E. D. Filmore sued J. R. Millard and others yesterday on foreclosure of mortgage for \$2,600 and \$488.26.

The will of the late Arthur Messacar, leaving all his estate to his wife, was filed for probate yesterday. The property is valued at \$2,500.

F. C. Garbutt, real estate and mining agent, filed yesterday his petition in insolvency. The estimated assets are \$85,353.94 and the liabilities \$98,457.11.

### Naturalized.

Judge Cheney yesterday admitted to citizenship James Smith and John Grant, natives of Great Britain, and Jean Cazaux, a native of France.

### NOT KIDNAPPERS.

The San Pedro Sailors Union Men Discharged.

On motion of Assistant District Attorney McComas, the informations for assault with a deadly weapon against A. Anderson and F. C. Kiel, the Coast Union sailors of San Pedro, were dismissed.

These men were charged with the kidnapping of two non-union sailors from a schooner on the 26th of February, and during the perpetration of this offense, it is alleged that the deadly assault was committed. The men who claimed to have been attacked did not appear in department one yesterday, and as without them there was not enough evidence to convict, the court granted the prosecuting attorney's motion.

### MARRIAGE LICENSES.

People Who are Given Legal Permission to Marry.

Since last report, marriage licenses have been issued by the county clerk to John B. Lang, 27, Nevada, of Lang's station, and Elizabeth F. Parr, 22, Canada, a resident of this city.

Eli H. Lewis, 45, Illinois, and Florence Newlen, 43, Illinois, both residents of this city.

Sidney C. Sladden, 23, Illinois, a resident of Eugene, Oregon, and Nellie E. Gilbert, 21, Oregon, a resident of Salem, Oregon.

George O. Rich, 27, California, and Alice M. McBurney, 19, Michigan, both of this city.

Citizen—So you think of locating here? Physician—Yes, I thought some of practicing among you.

Citizen—See here, young man, there's a good opening here for a man as understands his biz, but we don't want no practicing, or experimenting—doctor's what we want.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here or there, and in this way they all present, alike to themselves and their easy-going and indifferent or overbusy doctor, separate and distinct diseases, for which he prescribes his pills and potions, assuming them to be such, when, in reality, they are all only symptoms caused by some womb disorder. The physician, ignorant of the cause of suffering, encourages his "practice" until large bills are made. The suffering patient gets no better, but probably worse by reason of the delay, wrong treatment and consequent complication. A proper medicine, Dr. Pierce's Favorite Prescription directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms and insulating comfort instead of prolonged misery.

It is the only medicine for the weakness, irregularities and painful derangements peculiar to women, sold by druggists, under a positive guarantee that it will give satisfaction in every case, or price (\$1.00) paid for it will be promptly refunded.

**Dr. Pierce's Pellets** regulate the liver, stomach and bowels. One a dose. Sold by druggists. 25 cents a vial.

**4 MOTHERS, 10 CHILDREN.**

These children are being brought up on Castoria. Read what the mothers say about Castoria. There is no opium, morphine or other narcotic substance in Castoria. The formula is printed on the wrapper of every bottle. It is perfectly harmless, pleasant to take and positively effective. Physicians prescribe Castoria, mothers give Castoria and children cry for Castoria. It gives the child health and the mother rest.

"I certify that little Robbie Hale, of 108 Portland street, St. Paul, was a thin, crying baby from his birth until he was given Castoria. He began to improve from the first week's trial. Has taken 15 bottles; is perfectly well; weighs 30 pounds the day he was 1 month old; and when this picture was taken, Robbie's changed condition has caused many mothers to use Castoria. It is the best thing for babies I have ever known."

FANNIE MULLIN, Professional Nurse, 466 Portland Ave., St. Paul, Minn., Nov. 4, 1887.

"This is a picture of my twins, Charlie and William. It was taken when they were 5½ months old. They weigh 15 pounds each. I am indebted to Castoria for their uniform good health."

MRS. HERMINE SCHULZE, 1629 Lexington Ave., New York, May 18, 1887.

"I enclose you photographs of my 'triplets,' 3 boys and 1 girl—Faggie, Peltie and Willie. I owe their health and strength to Castoria. It was through my neighbors' urgent appeals that I commenced its use, as my boys were thin and inclined to be sickly, at present they are fat and hearty. They weigh 8, 8½ and 9½ pounds, and are 3 months and 3 days old."

MRS. MARY KLINGNER, 726 Cortland Ave., New York, May 23, 1887.

"I enclose you photographs of my quartette, 4 girls. They are now 2 weeks old. The smallest weighs 5 pounds, the others 8 pounds each. My other children have all gained health and strength from the use of Castoria, and I have already commenced giving it to my four little darlings."
