

## TARIFF QUESTIONS

### Engaging the Attention of All Europe.

### Russia Formulating a High Protective Measure.

### Germany and Austria Contemplating Reciprocal Reductions.

### Concerted Reprisals Against the McKinley Bill Still Imminent—Foreign Miscellany.

Associated Press Dispatches.

BERLIN, Oct. 25.—(Copyrighted 1890, by the New York Associated Press.)—Several official movements point to the possibility of tariff questions engaging the attention of the reichstag, rendering necessary a careful nursing of the ministerial majority. A committee has been appointed to inquire into Austro-German commercial relations, with a view to a reciprocal diminution of tariffs. Communications have been sent to the leading firms of Hamburg, Bremen and other trade centers, asking them to report on the effects of the McKinley bill in their lines of trade. They are also asked what the prospects are for finding new channels for merchandise affected by the McKinley bill.

#### A New Russian Tariff.

The commission on foreign tariffs further has to consider the new Russian protective measure. A Russian commission will begin work next week upon the details of a new tariff, which the Novoe Vremia declares will be the highest in Europe.

Official circles continue to doubt that any important alterations will be made in the existing treaty with Austria, and are equally skeptical as to any German reprisals upon the American trade. Reports thus far received tend to dissipate the feeling of alarm caused by the augmented American tariff. The leading export houses appear to be doing a normal trade, and American orders in the leading commercial circles do not appreciably diminish. However the future may affect exports, the government will not be driven into concerted reprisals with Austria by a sudden collapse in American trade. Reports emanating from Paris and Vienna, attributing the initiation of the proposed concerted legislation in retaliation for the McKinley bill, to the Berlin government, are utterly untrue.

#### Caprivi to Meet Crispi.

Chancellor Von Caprivi will meet Signor Crispi, the Italian prime minister, at Monza, November 8th. Their interview will concern the settlement of the intrigues in the Austrian court in favor of the Vatican against the Italian government. Signor Crispi declares that Italy's continuance as a member of the triple alliance, is maintained by a cabal of prominent members of the imperial family of Austria, whose emissaries at the Vatican encourage the belief that the overthrow of Count Kalnoky or the death of Emperor Francis Joseph will be the signal for a rupture of the Austro-Italian alliance, which will result in an effort to restore the temporal power of the Pope. Signor Crispi demands that he be allowed to deal with a free hand with matters relating to the Vatican.

#### Another Italian Grievance.

Another Italian grievance is the avoidance of Emperor Francis Joseph to return King Humbert's visit to Vienna. Emperor Francis Joseph offered to go to Turin, but Humbert declined to receive him anywhere except at Rome, holding that the refusal of the Austrian emperor to go there was equivalent to a refusal on the part of Austria to recognize Rome as the capital of Italy. The personal and court feuds between the Quirinal and Vienna are of a most intense nature and hamper the relations of the governments.

#### Caprivi Going to Madrid.

The National Zeitung states that Chancellor Von Caprivi will also go to Madrid, where he will stay three days. This renews the reports that communications are being exchanged looking to concerted action by Germany, Austria, Italy and Spain in retaliation for the adoption of new tariff legislation by the United States.

#### The Grand Celebration of the Ninetieth Anniversary of Von Moltke's Birth takes place tomorrow.

Bismarck has not yet replied to Emperor William's invitation to attend the celebration.

### NOT THE RIPPER'S WORK.

#### Mystery Surrounding the Murder of a Hampstead Woman.

LONDON, Oct. 25.—The body of the woman found in the South Hampstead locality last night, shows that the crime bears no resemblance to those committed by Jack the Ripper. A medical examination proves that the woman did not belong to the White Chapel class. The body was that of a woman of about thirty years of age and well clad. The throat was cut and her skull fractured. All the pockets were empty. A perambulator, containing a blood-stained fur rug, found near by, is supposed to have been used to convey the body from the spot where the crime was committed to where it was found.

The body has been identified as that of Mrs. Hobbs, wife of a porter. Mrs. Hobbs left her husband yesterday, taking her child, whom she carried in the perambulator found near the place where the body was discovered. The whereabouts of the child is a mystery. Later—An investigation shows that Mrs. Hobbs, whose murder caused another "Jack the Ripper" scare, started yesterday to visit a Mrs. Piercey. The house was visited today, and showed marks of a terrible struggle. A bloody carving knife and bent poker smeared with blood, and to which adhered locks of a woman's hair, were found. Mrs. Piercey was arrested, charged with murdering Mrs. Hobbs and her child.

municipal authorities of fortified towns to arrange for a permanent supply of provisions, sufficient for the maintenance of the garrisons in any emergency.

#### NEW FRENCH TARIFF.

#### An Exhaustive Revision of the Present Duties Proposed.

PARIS, Oct. 25.—A new tariff bill was issued to the chamber of deputies today. It dwells upon the tendency toward protection displayed by most nations. It refers especially to the high tariff of the United States, Canada and the South American states. It proposes the following duties: Over 100 kilos of wheat, 5 francs; flour, 8 l.; Corn, 3 l.; corn meal, 5 l.; salt pork, 12 l. The duty on petroleum has not been fixed, pending a decision on the proposals of the budget commission. In regard to cattle the bill resolves liberty of action, but duty henceforth will be levied on weight instead of by the head. Cocoons and drawn silk will pay duty; raw silk will be free. Fleeces, hides and jute are exempted from the payment of duty. The duties on eggs, butter, oils, oleaginous seeds, woods, foreign wines and textile fabrics are increased. The duties on coal and chemical products remain as at present, but the tariff on metals has been revised, the duty on steel being lowered.

#### SCOTTISH HOME RULE.

#### Gladstone Gives the Canny Scots a Few Pointers.

LONDON, Oct. 25.—In an address at Dalkeith tonight, referring to the Scottish home rule movement, Gladstone said he believed whatever Scotland deliberately asked would be found to be consistent with the unity of the empire, and would obtain the assent of parliament. Touching matters of the Scotch crofters, Gladstone deprecated emigration as a remedy for the distress. With reference to the disestablishment of the Scottish church, Gladstone said it would be an enormous advantage to Scotland and to the cause of religion if the three Presbyterian churches were united. This step, however, he did not deem advisable, at present, for in the approaching general elections, the disestablishment of the church would be made a test question to the exclusion of all others demanding adjustment by parliament.

#### BAD BARTELOT.

#### Stanley Says He Can Blast the Reputation of His Old Aide.

LONDON, Oct. 25.—The Herald will publish tomorrow an interview with Stanley, in which he says, if needful or desirable, he could blast the reputation of Major Bartelot and others who have brought charges against him. He declared that no English jury would find the alleged murderer of Major Bartelot guilty, intimating that the major had insulted the wife of the man who killed him. Stanley asserts that he has ample proof of this statement, but refused to make public the least portion of it until the officers who accompanied Bartelot, and who are cognizant of the facts, shall have published their books.

Cabinet ministers, judges, senators and all the leaders of French Canadian society were present. The Comte de Paris received a tremendous ovation, and the proceedings were often interrupted by cries of "vive le Roi." The greeting was such that had never been accorded here to any foreigner. All talk of a counter demonstration has died away before the enthusiasm of the French royalists.

## CAMPAIGN ORATORY.

### Blaine Speaks in Behalf of McKinley.

### John Sherman Denounces Third Party Politics.

### Reed Talks at Rockford and Rock Island, Illinois.

### Governor Hill Concludes His Round Up With a Speech at Harrisburg, Pennsylvania.

Associated Press Dispatches.

CANTON, Ohio, Oct. 25.—Secretary of State Blaine arrived here from Pittsburg at noon today. He was met at Alliance by a reception committee from Canton, and escorted to the city over the Penn-

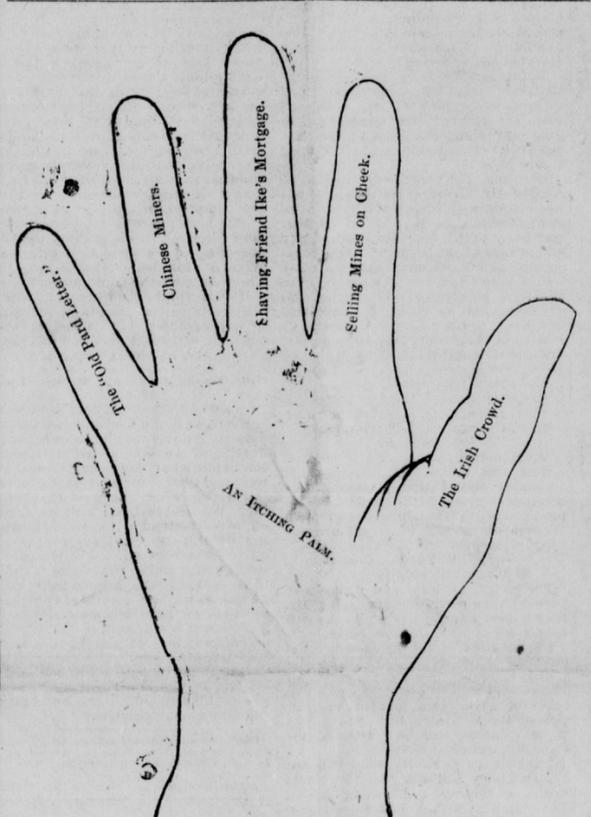

sylvania railroad. A crowd of 3000 people greeted Mr. Blaine with loud cheering as he alighted from the train, and followed his carriage cheering all the way to the home of Major McKinley, whose guest he was during his stay here. Blaine was accompanied by Mrs. Blaine and daughter, Miss Harriet Blaine, and Hon. William Walter Phelps, minister to Germany.

At the residence of Major McKinley an informal reception was held. The early trains in the forenoon had brought large delegations of Republicans from Youngstown, Massillon, Wooster, Wellsville, Alliance and other towns in this and the adjoining districts. The streets were thronged, and at 1:30 p. m. a parade of marching columns occurred. Shortly after noon it began raining, and it was decided to have a meeting at the tabernacle instead of the fair grounds, as originally intended. The building was packed, as was also the Academy of Music, in which an overflow meeting was held. Blaine's principal address was at the tabernacle, where he was followed by Major McKinley.

Mr. Blaine's speech was devoted principally to a defense of protection, and replying to free trade arguments advanced by Carl Schurz, in Boston, a week ago. Altogether it was a masterly effort from Mr. Blaine's standpoint, and was received with vociferous applause.

At one time during his speech the people in the gallery, alarmed by a cracking sound, began to make for the exit, and there was nearly a panic. Mr. Blaine and Minister Phelps, however, succeeded in reassuring them, and all returned to their seats.

Mr. Blaine after his address went to the meeting at the Academy of Music and spoke very briefly. The party left this evening for Chicago.

### A SELF-CONFESSED FORGER.

### Unsuccessful Speculations Cause of His Crime.

BROCKTON, Mass., Oct. 25.—Charles W. Robinson, a well-known stock broker who has been doing business through John Stetson's banking house in Boston, is a self-confessed forger. The amount will not fall short of \$85,000. A short time since he took Sewall Howard and Emerson Goldthwaite as partners in the brokerage business. Last Monday, hearing that the firm's account with Stetson was closed, they informed Robinson and insisted on an examination. He confessed the forging of the signatures to a number of notes, and has since disappeared. The Home National bank of this city has \$30,000 of forged paper against Goldthwaite and Howard, and a large amount is held by the Brockton National bank and the Plymouth bank. Robinson's customers' losses will aggregate thousands. It is feared that some will be ruined by the defalcations. The cause of his downfall is that he had been speculating heavily, unknown to his partners.

Leighton Bros' shoe factory, three residences, seven stores and a block of boarding houses were burned. Loss, \$300,000. Several hundred persons are put out of employment, and the town is in distress.

## APACHE MURDERERS.

### Cavalry Scouts Unable to Capture Them.

### Four Persons Murdered by the Renegade Reds.

### Settlers Terrorized in New Mexico and Arizona.

### Complaints Made About the Mismanagement of San Carlos Reservation.

Associated Press Dispatches.

SANTA FE, N. M., Oct. 25.—A small band of Arizona Apaches, evidently not more than four in number, have been terrorizing the settlers along the Arizona-New Mexico line for the last six weeks, in western Sierra and Grant counties. Cavalry have been scouting for weeks without result. Thus far four persons have been murdered by the gang. J. J. Barria, a Mexican ranchman in western Grant county, and his sons are the latest victims. A Silver City dispatch says the settlers are very indignant over the management of the San Carlos agency, in allowing the Indians to leave the reservation, and the inactivity of the army, in pursuing and punishing the renegades.

### THE COAST LINE.

### President Huntington Outlines the Accepted Agreement.

SAN FRANCISCO, Oct. 25.—The president of the Southern Pacific company unburdened himself to some extent today on the subject of the Santa Marguerita and Ellwood extension. These requisites have already been nearly fulfilled. Work will first be commenced on the big tunnel, and a party of engineers and workmen will be set to work immediately.
