A Postmaster Resigns.

The postmaster of Donaldson, Arkansas, after an eventful experience, has concluded to resign. Some neighbors, it appears, entertain personal objections to him, mainly on the ground that he is a Republican.

General Ruger's Report.

General Ruger, commanding the department of Dakota, has submitted to the war department his annual report. Ruger says there is no reason in general to apprehend the molestation of settlers upon the ceded lands of the Sioux reservation, even by the most disaffected Indians.

No News from Mexico.

The department of state is without information respecting the alleged imposition by Mexico of a discriminating duty of \$500 per carload on American cattle, reported from the west.

Not a Request of Blaine's.

Secretary Blaine desires to have the statement made that he did not request the recall of Murnaga, the minister of Spain to the United States. He says it is not true the relations between the two countries are strained.

A Brief Honeymoon.

Houghton Howe, yesterday married to Mary Butterworth, daughter of Congressman Butterworth of Ohio, died today of pneumonia.

After the marriage Howe appeared greatly relieved in mind, and to suffer less pain. Towards evening, however, he grew rapidly worse, and throughout the night he was delirious.

Minor Mentions.

President Harrison will leave for Indianapolis Sunday evening or Monday morning for the purpose of voting.

Coke-Makers' Troubles.

SCOTTSDALE, Pa., Oct. 30.—The workmen of all the plants operated by the H. C. Frick coke company have served notice on General Manager Lynch that unless Andy Verostic is discharged and

the local committeeman of the Tiptop works restored, they will quit work at the expiration of six days. The notice will expire Monday, and unless an adjustment is made there will be a strike of 10,000 men.

CHILDREN'S TRIBUTE.

Second Day of Archbishop Feehan's Silver Jubilee. CHICAGO, Oct. 30.—The second day of Archbishop Feehan's silver jubilee opened with a tribute from the little folks of the church. At 10 o'clock about 8000 children from the parochial schools of the city gathered at the auditorium in holiday attire, with bands, banners and emblems.

A BLOODY REVENGE.

Particulars of the Burning and Massacre at Vitu. LONDON, Oct. 30.—Advices from Mombasa state that 900 seamen and marines and 150 Indian troops took part in the storming of the town of Vitu, which was captured and burned Tuesday, by the forces sent there to punish the natives for massacring a number of Germans. Many natives were killed; a few members of the British force were wounded. A reward of 10,000 rupees has been offered for the capture of Rakari, the Sultan of Vitu.

North American Bee-Keepers.

KEOKUK, Iowa, Oct. 30.—At today's session of the International American Bee association, the name was changed to the North American Bee-Keepers society. Dr. A. B. Mason, of Aburline, Ohio, Thos. G. Newman, of Chicago, and R. McKnight, of Ontario, were appointed a World's fair aparian committee. Several interesting papers relating to bee culture, were read during the day, followed by a discussion of the various topics touched upon by the authors.

WILL SHOW ITS HAND.

THE ATCHISON ROAD SURE TO ENTER SAN FRANCISCO.

Both Huntington and Crocker Admit that Their Rival is Heading for the Bay City—The Route Outlined. SAN FRANCISCO, Oct. 30.—Notwithstanding the late reports about possible and probable consolidations affecting the Southern Pacific, Union Pacific and Atchison roads, some railroad officials are inclined to believe that the Atchison, at least, will show its hand by sending its surveyors up through the San Joaquin valley, and the general impression exists that early in '91 the Atchison will begin actual construction work between Rogers and Bakersfield, via Tejon pass.

On the proposed extension, will speak much about how this city will be entered, but no matter how, it comes up the San Joaquin valley. It is said the new road will cost in the neighborhood of \$10,000,000. Several tunnels are necessary. According to the survey it is thought the new road must touch Fresno, San Jose, Stockton, Sacramento and this city. But as to whether or not the main line will come up as far as Fresno, and thence west through Panocha pass to Hollister, and thence to San Jose and this city, with branch lines to Stockton, Sacramento and possibly Antioch; or whether the main line will come in back of Oakland, is a very uncertain matter.

THE SUGAR TRUST.

No Receiver as Yet Granted—The Reorganization Plan.

NEW YORK, Oct. 30.—The application for a receiver for the sugar trust was argued before Judge Pratt today. He reserved decision but modified the injunction to allow the publication of the plan of reorganization and financial statement. The new company will be called the American Sugar Refining company. It will be incorporated in New Jersey, and the directors for the first year will be H. O. Havemeyer, T. A. Havemeyer, F. O. Mexico Has Not Yet Raised the Duty on American Cattle—General Dispatches.

Associated Press Dispatches.

HUNTINGDON, Pa., Oct. 30.—A loaded coal train of thirty-six cars, through a misplaced switch, was thrown, this morning, through the Hotel Brunswick, and landed in the yards of the Girard house and Jackson house, two hundred feet eastward. The guests in the hotel were seized with a frenzy of excitement and rushed pell-mell into the streets in their nightclothes. The loss to the railroad company is \$25,000. No estimate can be secured of the property loss.

THE HESSIAN FLY

Plays Havoc in Missouri and Kansas Grain Fields.

KANSAS CITY, Oct. 30.—An evening paper says the farmers and grain growers of Missouri and Kansas report that the Hessian fly has made an attack upon early sown winter wheat, and that wheat sown during September is ruined. Reports of severe damage come from Ottawa, Kansas, Lafayette, Cass and Jackson counties, Missouri. It is believed the damage is general and all the fields sown in September will have to be plowed up and grain put in again.

NO NEW DUTY.

Mexico Has Not Raised the Duty on American Cattle.

KANSAS CITY, Oct. 30.—Regarding the rumored prohibitory duties placed on American cattle and hogs by the Mexican government, a dispatch received here today from the Two Republics (newspaper) of the City of Mexico, states that there is no additional duty on live stock other than has been in force the past twelve months. The tariff is being revised, and should a new duty be imposed, ample notice will be given shippers.

HUNGARIAN CRIMES.

Two Bloody Butcheries for the Purpose of Robbery.

PESTH, Oct. 30.—Residents of the village of Laczhaasa are excited over a crime committed there. A corn-dealer named Bleier, his wife, two children and maid-servant were at the station awaiting the arrival of a train, when brigands attacked the party, and all were killed and robbed. The house occupied by Juhasz, tax collector at Erlaw, was entered by burglars last night. Juhasz and his house-keeper were murdered by the thieves.

Isidore Rosenthal, cloak manufacturer, has failed, with liabilities reported at upwards of \$150,000. The largest amount of confessed judgment was to his wife.

Unconstitutional Laws.

CHICAGO, Oct. 30.—Judge Tuley has rendered a decision that the state law, and the city ordinance under it, forbidding the sale of pools outside the enclosures of the race tracks, are unconstitutional, because they tend to grant a privilege and create a monopoly. The case grows out of last summer's fight between Ed Corrigan, proprietor of the West Side race track, and the city pool sellers.

Seventh Day Baptists.

CHICAGO, Oct. 30.—The national council of the Seventh Day Baptists adjourned last night. The report of the committee on church polity was adopted. It makes a change in the method of ordaining new ministers, whereby individual churches, as well as associations, have a voice. The office of deacon is raised to a dignity approaching that of elder in the Presbyterian church.

California Ball Games.

SAN FRANCISCO, Oct. 30.—The home team was defeated by the Oakland's today, in a warmly contested game, in a score of 6 to 2.

SACRAMENTO, Oct. 30.—The Stocktons were ingloriously defeated by the Senators, in an uninteresting game today, the score standing 19 to 2. Perrott was batted hard, and the visiting team made numerous errors.

Hotel Burned.

SIBSON'S, Cal., Oct. 30.—The Hotel Bailey, a prominent tourist resort, burned this morning. The flames were communicated from a smoke house a short distance from the hotel. Owing to scarcity of water, the building is a total loss. But little of the furniture or other effects was saved. It was owned by Washington Bailey. Loss, \$18,000; insurance about half.

Western Unitarians.

CHICAGO, Oct. 30.—The meeting of the Western Unitarian conference convened to effect a reconciliation between the Unitarian churches of the west, was resumed today. The separation grew out of an attempt several years ago to put the churches on a pure ethical basis. It was decided to form a conference association made up of the president and secretary of each state conference.

Coast Survey Ships.

SAN FRANCISCO, Oct. 30.—The United States steamer Thetis, which arrived a few days ago from Guatemala, went to Mare island yesterday to receive an overhauling, preparatory, it is stated, to entering the coast survey service. Death of a Lightweight.

SACRAMENTO, Oct. 30.—Charley Gannon, the lightweight pugilist, died last evening. He had been ill of consumption for months past.

WOMAN'S INTUITION.

Nearly Always Right in Her Judgment in Regard to Common Things.

An old gentleman over seventy, came into the city from his farm, without his overcoat. The day turned chilly and he was obliged to forego his visit to the fair.

To a friend who remonstrated with him for going away from home thus unprepared, he said: "I thought it was going to be warm; my wife told me to take my overcoat, but I wouldn't. Women have more sense than men anyway."

A Frank admission.

Women's good sense is said to come from intuition; may it not be that they are more close observers of little things. One thing is certain, they are apt to strike the nail on the head, in all the ordinary problems of life, more frequently than the lords of creation.

"According to Dr. Alice Bennett, who recently read a paper on Bright's disease before the Pennsylvania State Medical Society, persons subject to bilious attacks and sick headaches, who have crawling sensations, like the flowing of water in the head, who are 'tired all the time' and have unexplained attacks of sudden weakness, may well be suspected of dangerous tendencies in the direction of Bright's disease."

The veteran newspaper correspondent, Joe Howard, of the New York Press, in noting this statement, suggests: "Possibly Alice is correct in her diagnosis, but she doesn't give some idea of treatment? I know a man who has been 'tired all the time' for ten years. Night before last he took two doses of calomel and yesterday he wished he hadn't."

A proper answer is found in the following letter of Mrs. Davis, wife of Rev. Wm. J. Davis, of Basil, O., June 21st, 1880:

"I do not hesitate to say that I owe my life to Warner's Safe Cure. I had a constant hemorrhage from my kidneys for more than five months. The physicians could do nothing for me. My husband spent hundreds of dollars and I was not relieved. I was under the care of the most eminent medical men in the state. The hemorrhage ceased before I had taken one bottle of the Safe Cure. I can safely and do cheerfully recommend it to all who are sufferers of kidney troubles."

Orange Lands For All!

THE SEMI-TROPIC LAND AND WATER CO. have about 20,000 acres left of their original purchase of 29,000 acres of the best orange land in Southern California.

We have always sold our lands for \$200 per acre, until this fall. Now we have reduced the prices and fixed our terms to bring the land within the reach of all. We are arranging two irrigation districts under the "Wright Irrigation Act," and are selling land in one of these districts at \$75 per acre, with a rebate of \$15 per acre for improvements, to be put on the land by the purchaser the first year. This leaves the net price at \$60 PER ACRE, payable, \$10 per acre cash, the balance in 3 equal payments, due in 2, 3 and 4 years, at 8 per cent interest.

In the other district we sell the land for \$100 per acre, with a rebate of \$25 for improvements put on the land by purchaser the first year, which leaves the net price at \$75 PER ACRE, payable \$10 per acre cash, balance in 2, 3 and 4 years, at 8 per cent interest.

Our lands lie four miles west of San Bernardino and Colton, on the Santa Fe and Southern Pacific railroads, seven miles north of Riverside, and we are prepared to establish the fact that in quality and location they are not excelled in this country. Our elevation is 1300 feet above sea level, being about 400 feet higher than Riverside, and almost entirely free from frost.

The home office of the company is at Rialto, one of our four railroad stations; and the officers are:
