The Farmers' Alliance Getting in Its Work.

The New Party Expects to Do Great Things.

Major McKinley Tries to Make Victory of Defeat.

A Negro Crank Causes a Bloody Riot at a Democrat Jubilee—Election Returns.

Associated Press Dispatches.

WASHINGTON, Nov. 8.—President Polk, of the National Farmers' Alliance, is very jubilant over the result of the elections. In an interview today he said: "The Democrats and Republicans are claiming everything just now, but when they come to sift the chaff from the wheat, they will find that the Farmers' Alliance had something to do with electing a fair proportion of good men who will have seats in the next congress. Up to the present time, it is a certainty that congress will contain thirty-eight straight-cut alliance men, and there are twelve or fifteen more who are pledged to us. These men are from the south and northwest, the two sections in which most of our work was done. The alliance in Nebraska, Minnesota and Iowa is not our organization, and is not amalgamated with us, but it made the same fight, and will join us this winter. Our alliance will co-operate with any farmers' association, and in a little while have a grip on the situation in almost every corner of the land. We are here to stay. This great reform movement will not cease until it has impressed itself indelibly in the nation's history. Financial reform is the necessity of the hour, and it must come. The press and the voice of the stump speaker were our only assistants. The Alliance has no campaign fund, no boodle. If we had had money we would not have used it. The principles on which the Alliance is founded are solid and correct. We must succeed. The fight was not small affairs. The extremists of both parties attacked us bitterly, and gave no inch of ground. In the south it was the Democrats who opposed us. In the north our most vigorous antagonists were the Republicans."

ASSAILED THE PROCESSION.

A Democratic Jubilee the Occasion of a Bloody Riot.

MAHON, Ind., Nov. 8.—A Democratic celebration here today was made the occasion for a bloody riot. When the procession was moving along the principal street a negro of huge proportions ran into the procession, brandishing a club and revolver, and commenced firing and knocking right and left. Al Powell, a white teamster, who was walking in the procession, was shot and instantly killed. William Campbell was shot in the arm, Bill Carr was shot in the leg, Jim Berry received a bullet in the face, and Jerry Frasier (colored) received a ball in the leg. The colored man who started the riot, and whose name cannot be ascertained, was shot twice in the back after he had killed Powell, and was placed under arrest. He was taken away with the mob howling at his heels, and reports from Fairmont are to the effect that there is a prospect of lynching. Sheriff McFreely has gone to the scene, and will endeavor to protect the prisoner. Cooler heads at Fairmont are also using all their influence to prevent violence. The darkey who did the shooting came to Fairmont a few days ago from Anderson.

WHAT MCKINLEY SAYS.

He Argues That He Won a Victory Notwithstanding His Defeat.

CLEVELAND, O., Nov. 8.—Congressman William McKinley, who was in the city this evening, said to a reporter, referring to his election: "I am well satisfied with the results in my own district. I gained 3300 votes during the campaign, which lasted but three weeks. The Republican victory on the state ticket was splendid. The unfairness of the gerrymander was manifested most clearly by the election. The Republicans carried the state by a popular majority of over 12,000, while the Democrats secured two-thirds of the congressmen. Protection is stronger today than it ever was, and it will continue to grow in favor. The tariff bill was misunderstood and shamefully misrepresented. The latter was done by importers, many of whom are not citizens of the United States, and are free-traders. I am sure it will win in the end. The same issue will come to the front in 1892, and then it will be better understood. The Republicans have little to fear in the future, if they have a free ballot and a fair count."

Major McKinley Feels Confident that the Senate will Pass the Lodge Federal Election Bill before the Close of the Next Session.

St. Paul, Nov. 8.—A Pioneer Press Huron special says: Additional returns increase the Republican senate to twenty-five, with several districts not reported. The Republicans have a majority in the house, the opposition having only forty-eight, provided all the unreported districts are theirs, which is not at all likely. Mallette (Rep.) now has 3000 plurality for governor, Huron continues to claim the capital by a majority of 1782. Other specials to local papers give the capital to Pierre, by from 8000 to 12,000 majority.

Henderson Elected.

CHICAGO, Nov. 8.—A dispatch from Dubuque, Iowa, says: Henderson is elected by 265 majority. The official count Monday will not change the result materially.

Merriam's Majority.

St. Paul, Nov. 8.—Corrected returns, most of them official, give Merriam, R., a plurality of 1272 for governor.

Good News From Arkansas.

LITTLE ROCK, Nov. 8.—Almost complete returns form the First district give

Cate, D., 874 majority over Featherstone. In the Second district the official returns give Breckinridge 895 majority over Langley, R. and Union Labor.

THANKSGIVING.

President Harrison Issues His Annual Proclamation.

WASHINGTON, Nov. 8.—Following is the president's Thanksgiving proclamation: By the president of the United States, a proclamation: By the grace and favor of Almighty God, the people of the nation have been led to the closing days of the passing year, which has been full of the blessing of peace and the comfort of plenty; bountiful compensation has come to us for the work of our minds and hands, in every department of human industry. Now, therefore, I, Benjamin Harrison, president of the United States of America, do hereby appoint Thursday, the 27th day of November, to be observed as a day of prayer and thanksgiving, and I do invite the people upon that day to cease from their labors, to meet in their accustomed houses of worship and to join in rendering gratitude and praise to our beneficent Creator for the rich blessings He has granted us as a nation, and invoking the continuance of His protection and grace for the future. I commend to my fellow citizens the privilege of remembering the poor, homeless and sorrowful. Let us endeavor to merit the promised recompense of charity, and the gracious acceptance of our praise. In testimony whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the city of Washington, this eighth day of November, in the year of our Lord, one thousand eight hundred and ninety, and the independence of the United States the one hundred and fiftieth. By the President, BENJAMIN HARRISON.

RESULT OF THE TARIFF.

PRICE OF CANNED MEAT RAISED 1/4 CENT PER POUND.

The Raise Made on Account of the Duty on Tin Plate—Chicago Packing Houses to be Removed.

CHICAGO, Nov. 8.—The Chicago packers of canned meats at a meeting today decided to advance the prices a quarter of a cent a pound, because of the increased cost of tin under the new tariff. They also considered a plan of moving the stock yards and various packing house plants to a point south of the city and nearer the lake. After the meeting Armour said the yards would be removed. It was shown to be feasible to establish, at a profit, new and greatly improved yards and packing houses, with better facilities for handling stock, and at less cost. The present yards will be used for other purposes.

BLEW OUT HIS BRAINS

To Avoid Marrying the Woman He Had Wronged.

CHICAGO, Nov. 8.—A strange story was told today at an inquest on Edward C. Hunt, a young pharmacist who last night blew his brains out in a saloon. The story is that he was to have been married today to Miss Monte Delia McCroskey, said to be the daughter of a cattle king in the new state of Washington. According to the story told by one of Hunt's intimate friends, he left his home in Garnett, Kansas, a year ago for a trip in the west for his health. On the road he met Miss McCroskey, and their friendship soon resulted in an engagement. Although no ceremony was performed, they lived together in Tacoma as man and wife. Hunt soon departed for the east, and Miss McCroskey discovered after a while that she was about to become a mother. Wishing to avoid scandal she came for a visit to friends in Iowa, and remained there until her child was born. It did not live long and the young woman then determined to hunt her recent lover up. Coming to Chicago she met him and demanded that he marry her. He agreed, and the wedding was fixed for today. Nothing more was heard of Hunt from last Monday until last night, when he walked into a saloon, accompanied by three lewd women. He bought them drinks and telling the bartender that he had no money, offered his overcoat in settlement, saying he would not need it again. The bartender refused to accept it, and without a word, young Hunt whipped out a revolver and sent a bullet through his head. He has wealthy relatives in Garnett, Kansas.

THE ALASKA CENSUS.

Some Extensive Traveling Done by the Enumerators.

WASHINGTON, Nov. 8.—A bulletin from the census office upon the census of Alaska, is composed of an introductory statement from Superintendent Porter, and a letter from Special Agent Petroff, describing his experience in organizing a force of enumerators, and in collecting statistics. He began his work February 10th, last, divided the territory into eight divisions, organized a force of assistant special agents for field work, from residents familiar with the language and country. The enumeration is nearly completed, but returns have not been received only in part, and some cannot be until next spring. Mr. Petroff's journey in Alaska footed up about 12,000 miles, and the distances there traveled by his assistants probably foot up more. The superficial area of the territory is estimated at 570,000 square miles.

Balfour and the Irish.

DUBLIN, Nov. 8.—Balfour had a long interview with the Catholic bishop at Letterkenny yesterday, and received deputations of prominent citizens, asking for railway extensions. Balfour declared that the present government's period of office would be looked upon as the era of efficient public works in the poor districts of Ireland. At Armagh he received an address from the inhabitants. Here a number of Nationalists cheered for Gladstone and O'Brien, and were attacked by Unionists present. A scuffle ensued, the Unionists, who were the more numerous, finally suppressing the Nationalists.

STABBED FIFTEEN TIMES.

A Stable Boy's Deadly Assault with a Dirk.

SAN DIEGO, Nov. 8.—A probably fatal cutting affray occurred at Lewis' stable, this city, this evening, in which a hostler named Lou, was stabbed fifteen times by a stable hand, named Joseph O'Hara. The affair was the outgrowth of a dispute in regard to wages. O'Hara, who is only a boy about 17 years old, attacked the man unawares, and before interference could be made, succeeded in plunging the blade of a large pocket-knife fifteen times into his victim's body. The assailant was arrested, and the injured man conveyed to the hospital. There is slight chance for his recovery.

The Object of His Call on Crispi Fulfilled.

Francis Joseph to Visit King Humbert in Rome.

Success Crowns the German Chancellor's Mediation.

Austria Alone in Its Hanking for Reprisals on the McKinley Bill. Cable Letter.

Associated Press Dispatches.

BERLIN, Nov. 8.—[Copyrighted by the New York Associated Press.] Chancellor Von Caprivi, who has been visiting Milan this morning, received a deputation of German residents of the city, who presented an address. In replying, the chancellor spoke in terms of unofficial frankness of the object and results of his meeting with the Italian prime minister. He congratulated his visitors upon living in the beautiful country, which was the center of art interest, and which was under a government that was linked with that of Germany by a policy of peace. His interview with Signor Crispi, he said, cemented and perfected the entente of the dreibund. He had no anxiety as to the immediate future, and was confident that peace would be maintained for a long time to come. The chancellor did not go to the length of disclosing the issue of the discussion of Signor Crispi's demand that the Emperor of Austria return King Humbert's visit by going to Rome. Relations Further Strained. The relations between the Italian court and the government of Austria have been further strained by advices from the Italian ambassador at Vienna, that Cardinal Galimberti, papal nuncio, is operating with Emperor Francis Joseph, through the empress and archdukes, to break Austria's connection with Italy. The Riforma of Rome contrived to get hold of the dispatches from Cardinal Galimberti to the pope, reporting progress in the diplomacy tending to isolate the Italian government. The authenticity of the dispatches has not been denied. Prime Minister Crispi has been for a long time urging the emperor of Austria to return King Humbert's visit. He now insists upon Austrian recognition of Rome as the capital of Italy, by the emperor to the Quirinal. Caprivi's Mediation. Official belief here is that Chancellor

Reforms That Will Be Opposed.

Several reforms that are certain to be promised in the speech from the throne will be seriously opposed. A reduction in the tariff on wheat and rye, and reform in the communal laws aiming at the abolition of the old feudal rights, will be fiercely contested by the old conservatives. The belief in ministerial circles is that the emperor is determined to make no concessions. If the lower house refuses to accept the projected reforms, the government will be dissolved without delay. The Heligoland bill for the landtag does not conceal that the island is to be used for war purposes.

Dr. Stoeker's Dismissal.

Dr. Stoeker has not been daunted by his dismissal from the court chaplaincy. He is preparing for a wider and more intense anti-Semitic campaign. He retains his seat in the reichtag, and seems decided for fiercer agitation in favor of political reaction. The emperor's selection of Dr. Daysander as chief chaplain, ad interim, is due to an acquaintance formed while his majesty was a student at Bonn where Dr. Daysander was a pastor.
