

THE FLOWER SHOW.

Jaguarina, Bobby Burns and the Athletic Club Tonight.

The flower show will close this evening in a whirl of attractions, among which will be the appearance of Jaguarina, the most noted swordswoman of the world.

Added to this attraction the society promises a dance, or several dances, by Bobby Burns, the noted little Scotch boy, whose performance consists of Scotch features done in a way to cause great pleasure to the onlooker.

On the whole the show at Hazard's pavilion should be attended by every one who can be present this evening, for all in all it will be unique.

Yesterday the exhibit of cut flowers consisted of designs suitable for funerals, and the table upon which they were displayed was crowded by an admiring throng.

Alfred Stern of this city yesterday entered an exhibit of ornamental plants, including a fine specimen of the Monstrosia Gliciosa.

THE REFORMERS.

They Name Candidates to be Selected at Monday's Meeting.

At eight o'clock last night a meeting of the Municipal Reform association was held in Justice Lockwood's courtroom for the purpose of nominating a ticket for the coming city election.

On motion of C. P. Dorland a committee of five was appointed by the chair for the purpose of arranging the order in which the nominations should be made.

H. D. Barrows then moved that another committee of five be appointed to prepare an address to the voters of the city, whereupon F. Sabich moved as an amendment that Barrows do it alone.

The meeting was again called to order at 8:45 o'clock when the committee on the order of the nominations made its report as follows:

For mayor—Hazard, Bryant, Jones, Humphreys, Johnson.

For superintendent of streets—Hutchinson, Brown, McNally, Miller, Carr.

For clerk—Robinson, Suter, Teed, McGregor.

HANNA COLLEGE GIRLS.

They Give an Enjoyable Musicals Last Evening.

A large number of ladies and gentlemen, friends and relatives for the most part of the pupils at the Los Angeles college for young ladies, assembled in the hall of that institution last night, on the occasion of the first musicale of the season, given by the students, under the direction of Prof. Wilhartitz.

A most enjoyable evening was spent by all who were fortunate enough to be present, the following programme being admirably rendered throughout:

La Riene des Fees, piano duet, (G. Smith), Miss Frances Best and Prof. Wilhartitz; Dutch Dolls, soprano solo,

(Osterly), Miss Lillian Lewis; vocal solo, selected, Miss Laura Hanna; Chant du Bivouac, piano solo, (Ketterer), Miss Mamie Courtwright; The Ludicrous in Music, lecture, Prof. Wilhartitz; Value Styrienne, piano solo, (Wollenhaupt), Miss Jessie Breyman; vocal solo, Miss Laura Blankenship; piano solo, Miss Maud Hirsch; Spring Time, piano solo, (L. Gangloff), Miss Maud Reese; Reverie, organ and piano, (Lelebre Wiley), Miss Grace McNab and Prof. Wilhartitz.

AMUSEMENTS.

The Second Liberatori Concert at the Los Angeles.

The programme announced for the Liberatori concert last night was totally changed, much to the disappointment of many, who went to hear special bits of music. The new programme, however, was a good one, containing many excellent selections. It was as follows:

Overture, William Tell (Rossini); waltz, Estudiantin (Waldteuffel); grand selection from Macbeth (Verdi); soprano solo, Miss Parepa; overture, Tannhauser (Wagner); andante from Surprise Symphony (Hayden); cornet solo, Signor Liberatori; Robert Bruce grand fantasia on Scotch airs (Bonnisseau).

The best things in the above were the two overtures and the Macbeth. The closing piece, giving Annie Laurie, The Banks of Doon, Haste to the Wedding, There is No Luck About the House, The Bonnets of Bonnie Dundee, and other familiar Scotch airs, was much enjoyed.

The selections were all done in a very excellent manner. The musical people present enjoyed all the numbers. Signor Liberatori's cornet solo drew forth prolonged and rapturous applause. It was a masterly effort. In the concerted pieces the instrumentation was as near without a flaw as is possible. The half hundred pieces are handled as if one soul inspired them all.

There will be a matinee this afternoon, and the season closes tonight, when the following programme will be rendered: Nibelungen March, Wagner; overture, Tannhauser (by request), Wagner; soprano solo (Wagner), Miss Parepa; Grand Fantasia from Lohengrin, Wagner; overture (Zampa), Harold; Turkish Patrol, Michaelis; Arab's Patrol, Liberatori (dedicated to the Nobles of the Mystic Shrine); Cornet solo (Mazurka No. 1), Chopin; Grand Military Tattoo, as played before the Emperor of Germany by the united bands in Berlin. It is the best selection of the week.

It will be noticed the Nobles of the Mystic Shrine of this city will be present in a body this evening.

THE NATIONALISTS.

They Propose to be a Faction in the Coming Election.

A mass meeting of the Nationalists of Los Angeles was held in the upper Turn Verein hall last evening to decide what action should be taken in the coming municipal campaign.

Charles A. Connell was chosen chairman, and A. Vinette secretary. W. H. Stuart advocated waiting until the other parties had nominated their candidates, and then ascertain which of them were favorable to nationalistic measures.

Mr. Steel favored the same plan. N. J. Judah did not favor issuing a regular ticket, but only the exertion of secret influence.

A committee of three, with the chairman, drafted the following platform, which was adopted:

City ownership of water works and lighting systems.

No more franchises to be given without a clause of forfeiture in case of non-compliance with their conditions, and a provision for purchase at any time by the city at a value fixed by arbitration.

The establishment of a free employment bureau.

The strict enforcement of the eight hour ordinance on city work, whether done by day labor or by contract.

The submission of amendments to the charter to a direct vote of the people, on a petition of three per cent. of the qualified voters.

The amendment of the city charter to secure an economical administration of city affairs.

On motion consisting of J. D. Judah, A. Vinette and C. H. Connell, was appointed to present these demands to the various conventions, and to investigate the character of candidates.

THE CABLE ROAD.

The Horse Lines to Be Made into Electric Roads.

The management of the Pacific Railway company, which is the technical name of the cable road company of this city, has decided to substitute electricity for horse power on its Spring street line and other branches. The power will be generated at the Seventh street power house. Mr. Crank on investigation found that the necessary power could be had there, without in any way increasing the cost of operating the cable lines, and the roads operated at a title of the expense of the present horse system. The work of transforming the roads will begin in a very short time. It is very possible that if the system proves a success on the branches, it will eventually be introduced on the main lines. Altogether the improvements contemplated by the Cable company will necessitate the expenditure of nearly a million of dollars.

A GOOD MOVE.

He Deserves Recognition at the People's Hands.

Last night the Lafayette French Democratic club held a meeting and passed the following resolutions:

Resolved, That in Mr. George L. Meenger we recognize a man of honor and integrity, and fully able to represent the Eighth ward in the Los Angeles city council.

Resolved, That the members of Lafayette French Democratic club pledge themselves to use every honorable means to secure for Mr. George L. Meenger the nomination for councilman of the Eighth ward, at the hands of the next Democratic city convention.

LAMB AND GREEN PEAS.

The Sort of Dinner One May Have in the Semi-Tropics.

In the east the first frosts are beginning to fall thickly. Tomorrow is Sunday, and the most luxurious liver will have to go to the cellar to get carrots, turnips and old potatoes for his dinner. It is very different here. Yesterday afternoon a HERALD reporter dropped into Simon Maier's, at the Central market, 149 North Spring street.

Mr. Maier had just got in from the slaughter house a wagonload of the finest spring lambs that ever tempted the appetite of gourmands. They were about two months old, as fat as butter, well developed and as tender as an oyster. They were butchered as only Simon Maier can do things, and they did look tempting indeed. There was, of course, mutton, beef and veal galore in the place; but such meats might be had at Salt Lake or New York. Only the semi-tropics can boast lamb like this in November.

Mr. Maier has a large trade in this spring lamb, not only in Los Angeles, but he ships plenty of it to far away cities.

W. H. Baker, Downey, sends in a pie melon that will make pies for a week for a hotel; it weighs 85 pounds.

G. D. Bunch exhibits the finest display of dried Adriatic figs (raised on his ranch at Rivera), in the hall.

J. Redfield, of Downey, sends the premium sweet potato; it weighs 19 pounds and measures 31 inches in circumference.

W. S. Squire, of East Los Angeles, donates the bumpy pumpkin, weighing 261 pounds, with the following inscription: "I am a citizen of East Los Angeles, six months old and weigh 261 pounds. I go east the 20th to show the folks how we grow in Southern California."

Jacob Miller, Cahuenga valley, display of fine specimens of pomegranates and persimmons.

California Wonder Manufacturing company, sterling California wonder.

Wheeler & Hunt, Redlands, make a fine exhibit of comb honey and comb foundation.

Mrs. J. Hodgson, of Tropic, makes a handsome exhibit of roses.

Frank A. Miller, proprietor of the Hotel Glenwood, at Riverside, was in the chamber, yesterday, making arrangements for a citrus display at the exhibition.

MRS. FULMER CONVICTED.

A Chance for the Police Force to Distinguish Itself.

Mrs. M. Fulmer, the young woman recently arrested by Officer Goodman as a vagrant, was yesterday committed to the county jail for forty days. When she appeared to receive sentence, her attorney moved for a new trial on the ground that the verdict was contrary to law and the evidence, and that the court had erred in admitting certain testimony; but the motion was denied, as was also one for an arrest of judgment made upon the same grounds.

Now the anxious public awaits the arrest of all the other fallen women of the city by the vigilant police force, or else a plausible explanation why the one in question was singled out. Officers Rickenbach and Goodman accuse each other of having been on more or less intimate terms with the woman arrested. Allegorically she may be described as a pretty how do do.

THIRTY YEARS' PRACTICE.

A Letter from an Eminent Physician.

My Editor: At the risk of incurring a proprietary preparation, I have a few words in favor of a new laxative principle. But first, how I came to discover it. A patient asked about taking Joy's Vegetable Sarsaparilla. As Sarsaparilla usually contains mercury or iodides I objected, and asked for the formula, which finding purely vegetable, and so mild as to be to my mind almost inert, I consented. Imagine my astonishment when perfect laxative action was reported. It has two great points. First, being purely vegetable, it is (unlike mercury) not cumulative in the system, being easily carried off by the digestive processes; and second, it is effective with a less quantity of the cathartic principle than has hitherto been attainable. It in this respect ranks as a discovery, and approaches the ideal, viz: the least medicine consistent with the greatest good. As people take laxatives indiscriminately, it is important for them to know at least one that is safe for continuous use, hence this communication. The natural laxative effects of this preparation must, for the reasons above, interest both the public and the profession.

A National Event. The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the Restorative Nerve by Dr. Franklin Miles is doubtful.

This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Make No Mistake. If you decide, from what you have heard of the cures or read of its merits, that you will take Hood's Sarsaparilla, do not be induced to buy something else which may be claimed to be "about the same" or "just as good." Remember that the sole reason for efforts to get you to purchase some substitute is that more profit may be made. Firmly resist all inducements, and insist upon having just what you called for, Hood's Sarsaparilla. Then you will not be experimenting with a new article, for Hood's Sarsaparilla is Tried and True.
