

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder

ABSOLUTELY PURE

SITTING BULL SLAIN.

[CONTINUED FROM FIRST PAGE.]

General Schofield's practice in violation of the department orders, to remain on Grand river, and from whom subsistence will be held.

McLaughlin says something looking toward the breaking up of this craze must be done, and now that cold weather is approaching is the proper time. Such steps as here suggested would leave Sitting Bull with but a few followers, as all or nearly all would report for enrollment, and thus he would be forced in himself.

THE BAD LANDS RENEGADES.

General Ruger Hopes to Get Most of Them In—General Miles' Report. WASHINGTON, Dec. 15.—General Schofield received a telegram from General Miles today, confirming the reports of dissensions among Indians on the Bad Lands, but the reported engagement between troops and Indians is believed to be untrue.

General Schofield this afternoon received two telegrams from General Ruger, commanding the department of Dakota, in one of which he says he hopes to get in all the Indians who have turned back from the Bad Lands. Two Strike's party is trying to induce them to come along with them. He says the Indians are moving slowly on account of their poor stock.

The other telegram includes a dispatch received yesterday from the commanding officer at Oelrichs, Dak., saying interpreters just in from White river report that fifty lodges in the Bad Lands are trying to work their way to Cheyenne river agency. The general adds that necessary steps have been taken to intercept them if possible.

GATHERING THEM IN.

General Brooke's Report of the Situation at Pine Ridge. CHICAGO, Dec. 15.—General Brooke, in charge of the troops at Pine Ridge, telegraphed the situation to Assistant Adjutant Corbin at army headquarters, tonight, as follows: "All the Indians who can be brought in are now here, or near here, leaving about 200 bucks in the Bad Lands, who refuse to listen to anyone or anything. Against these I will send a sufficient force to capture them outright. The Indians out now have a great many stolen horses and cattle with them. I hope to be able to end this matter now."

APACHE VICTIMS.

The Bodies of Bridger and Robinson Robbed and Mutilated. TOMSTONE, Ariz., Dec. 15.—The bodies of Bridger and Robinson, who were killed by Apaches, were brought in tonight. The bodies had been stripped, robbed and mutilated. The coroner's jury met, but adjourned until tomorrow, without rendering a verdict. Cattlemen and prospectors feel unsafe, as the Indians are believed still to be in the vicinity of the killing, and are coming in for protection. No action has yet been taken by the military.

An Outbreak Feared in Texas.

AUSTIN, Tex., Dec. 15.—Governor Ross has a telegram from the captain of the Pan Handle cavalry, that an outbreak is feared among the Indians near Childress and Greer counties. The governor sent the assistant adjutant-general to investigate.

TIPS BY CLARKSON.

The Late Headsman of the P. O. D. Discusses National Politics. BOSTON, Mass., Dec. 15.—Ex-Assistant Postmaster-General Clarkson, in an interview on national politics today, said he did not ascribe to big importers an extraordinary large share in the defeat of the Republicans at the recent election. Speaking of the elections bill, Clarkson said he was in favor of it, but there was no assurance that it would pass, as some of the senators who had speculations at stake would let the bill be defeated through delay. On the prospects of financial legislation, Clarkson thought there was a majority in each house in favor of free coinage. He thought a revision of the banking law was needed in favor of the farmer, and said the Farmers' Alliance had come to stay until some modification of the banking system was adopted.

Strikes That Failed.

OGDEN, Utah, Dec. 15.—The strike in the Union Pacific yards in this city ended in a victory for the company. A full complement of men was at work today, none of the old hands being reemployed. It is said Grand Master Sweeney, of the switchman's union, will revoke the charter of the local body for violation of the constitution. The Evanston strike is also a failure.

An Increase of Wages Demanded.

MILWAUKEE, Wis., Dec. 15.—A demand for an increase of wages by all the locomotive engineers and firemen employed on the St. Paul railroad has been made. It is intimated that they will strike in event of refusal to grant the desired increase. It is said the brakemen and all other trainmen will ask for a readjustment of the present wages.

They Laugh at the Story.

TOPEKA, Kan., Dec. 15.—The various prominent Kansas Farmers' Alliance men mentioned in dispatches as having been in a plot to disintegrate southern Democracy, by supporting the substitute bill at the recent Farmers' Alliance convention, laugh at the story, and say they voted for the bill because they believed in it.

He Got His Man.

At 1 o'clock this morning Officer Dorsey found three drunken Irishmen in an alley off First street, and as they were creating a disturbance by throwing glass bottles about, ordered them to move on. All three obeyed his request, but not in the manner in which he had expected, for they set upon him and proceeded to "do him up." After rolling round for a few minutes Dorsey managed to get his club out, and armed with that weapon he evened things up a little. His three assailants then ran away, but Dorsey gave chase and finally caught one on Second street. The fellow turned and fought like a wild cat, and finally struck to him, and finally

landed him at the police station, where the pair presented a sorry spectacle. Both men were deluged with blood, and Dorsey's uniform was in beautifully frayed strips, which floated upon the wind like ribbons. Another desperate struggle ensued when Dorsey went to search his man, and it required the combined efforts of four of "the finest" to hold the prisoner down while this was being done, and to throw him into the "cooler" afterwards.

CORNER-STONE LAID.

A Gala Day at San Bernardino—The Inmate Asylum Founded.

SAN BERNARDINO, Dec. 15.—Three long trains, carrying military companies, Knights Templar, state officers, Masons and invited guests, left for the asylum grounds at 2:36 this afternoon. Thousands of people also went in carriages from this city and all parts of the county, to witness the corner-stone ceremonies. It was estimated that the assemblage on the grounds would number from eight to ten thousand. Major H. I. Drew, chairman of the asylum trustees, called the meeting to order, and introduced Grand Master A. P. Conkling, of Inyo county, who took charge of the ceremonies. Vocal music was furnished by the Masonic quartette from Los Angeles. Governor Waterman made a short address designating this as the proudest day of his life. He reviewed the effort made to build two additional asylums—one for Northern California, and one for Southern California. This work was commenced by Governor Stoneman, and finally inaugurated firmly by the last legislature under his administration. The veteran Colonel Stevenson, on his first trip to Southern California for nearly forty years, was introduced, and spoke briefly. Although his voice was feeble, he was greeted with cheers. Marcus D. Boruck, Governor Waterman's private secretary, made the address of the day. The hour being late, the exercises were cut short, and Hon. William Harris declined to give his address. Just before dark the trains brought the people back to the city, and most of the visitors left for home, the invited guests remaining for the banquet in the evening. On account of illness, Governor-elect Markham could not be present.

Santa Barbara Votes to Close.

SANTA BARBARA, Dec. 15.—A popular vote was taken today upon the question of closing saloons at 11 o'clock every night and all day Sunday. Nine hundred and fifty votes were cast; the majority in favor of closing was 371.

Graves in the Crimea.

Some interesting results were obtained from the archaeological explorations carried on in the Crimea during last summer. Professor Vesselovski found painted human bones in two graves—six skeletons in one grave and one in another. The well known archaeologist Professor Grempler, of Breslau, who was present last year at the congress of archaeologists at Moscow, is of opinion that these graves belonged to the original inhabitants of the Crimea, the Cimmericians of Herodotus. It was a usage with them to lay their dead on elevated spots so that the birds might consume the flesh. When quite bleached they painted the skeletons with some mineral pigment. Graves containing such painted skeletons have been found in Central Asia, but only in a few instances. Only three such graves had been previously found in the Crimea. Professor Grempler proposes to take the skeletons with him to Paris, and exhibit them at the congress of anthropologists to be held there during the autumn.—Boston Transcript.

Damages for a Delayed Message.

The state supreme court of North Carolina has confirmed the action of the lower court which awarded to J. T. Young, of Craven county, N. C., \$10,000 damages against the Western Union Telegraph company. It is represented that last year "Young's wife was taken very ill in Columbia, S. C. Mr. Young was at New Bern, N. C., and his wife telegraphed him that she was sick, and requested him to come to her at once. He did not get the message until six days later, and in the meantime Mrs. Young died and was buried. Young not knowing of either fact till all was over."—Philadelphia Ledger.

A Fascinating Painting.

A Russian artist, Nicolai, has set Berlin agog by exhibiting his painting of Christ before Pilate. It is said to be horribly fascinating, and the salon where it is displayed is crowded to suffocation. Critics agree that it is vastly inferior to Munkacey's painting of the same title, so far as art is concerned, but they admit that it has power.—Kate Field's Washington.

As the neck dressings grow larger, richer, showier in texture and more versatile in form, the scarf pins, as if regulated by a temporizing hand, become more chastely simple in design. A plain old gold ball of the circumference of a five-cent silver piece, studded with turquoise—a revived pattern—is very distinctive.

Pipes are coming into fashion again, but only in offices and out of sight of the public. Possibly the time will come when a man will feel justified in producing a pipe in the smoking compartment of a car here, or in strolling along the street with one, after the fashion of the young clerks in England.

The French minister of war lately offered a prize for the swiftest bird in a flight from Perignex to Paris, 810 miles. There were 2,746 entries, and the winner did the distance in seven hours and thirty-four minutes.

The greatest height in the atmosphere at which the sound of cannon has been heard was 20,000 feet, when Mr. Glaiser at that height over Birmingham heard the firing of the guns being proved there.

THE SCHOOL BOARD.

Several of the Members-Elect at Last Night's Session.

The board of education met in special session last night, President Pomeroy in the chair and all the members present. Messrs. Martin Marsh, Dr. Kierulff, A. C. Shafer, H. C. Witmer and Dr. Boal were present, and were invited by the president to take seats inside the railing. Ex-Secretary Cox was also present and occupied a seat with President Pomeroy.

The finance committee reported favorably on bills amounting to \$6,124.18, which were approved. The teachers' salaries amounting to \$15,837.25, and janitors' amounting to \$1,086.25, were also approved.

In accordance with the recommendation of the teacher's committee, the resignations of Miss Jennie McCarthy and Olga Doree and S. Riley were accepted. Misses Rosalie Layard, E. McCleane, Alice Barraclough, M. S. Clark, Helele Sullivan and Gertrude Clough were elected teachers.

The classification committee recommended, and it was ordered, that Miss C. C. Vivian be transferred to the Castelar-street school, Miss A. Root to the fifth grade of the Amelia-street school, M. Brodley to the first grade of the Amelia-street school, V. A. Olmstead to principal of the Sand-street school, I. E. Little was elected principal of the Pine-street school.

The board then took a recess of ten minutes, to give the new members a chance to talk matters over with the old members.

The finance committee reported that the board is about \$20,000 in debt. There is now about \$30,000 due the department from the council, and Mr. Ellis suggested that each member of the board see the councilman in his ward, and see if the council cannot be induced to turn the money over or loan it to the school department.

Mr. Ellis read a report from the teachers' committee, in which it is stated that the letter published in the HERALD some time ago, purporting to have been signed by Charles L. Innis, one of the principals, had been investigated and the committee find it to be a forgery. The letter contained serious charges against the superintendent of schools. A motion to recommend the council to accept the high school building was made, and quite a heated debate followed, as the building committee was divided on account of defects in the tower, which is so constructed as to admit rainwater and injure the building. The motion was carried subject to the condition that the tower be remodeled so that it will not leak. The building committee was instructed to see that these changes are made. Adjourned until the 29th inst.

A Flattering Tribute.

The subjoined letter from an heroic army officer, orator, poet and banker, of the old home of General Shields, at Knoxville, Tenn., is one of the countless testimonials to the great value and happy influence of the Annual HERALD: General J. H. Shields, La Crescent, Cal.:

MY VERY DEAR SIR: You again place me under obligations to you by sending me an illustrated copy of the Los Angeles HERALD, which is by far the best illustrated paper I have ever seen printed west of the Rockies or south of Mason and Dixon's line.

It is certainly a cleverly gotten up sheet, of which all California should feel proud, and were it not for my being rooted to this place by ties of reality that cannot well be broken, I think I might be persuaded to try my fortune among the orange groves of the Pacific slope. It certainly is a most delightful country, with an opening future, the like of which no people yet have ever seen. Wm. H. Turley, whom you used to know, begs of me the privilege of reading this copy of the HERALD when I am done, but I will let him have it only under strict promise to return it soon unharmed. It lacks but one feature to be more prized, and that is, I would like such a copy in book form, so as to be enabled to preserve it better.

I am surprised at the magnitude of Los Angeles' size and wealth. With my best wishes, General, for your welfare, I am truly yours, J. R. McCALLUM.

Miss Margaret Harkness, who is now studying the labor movement on the continent, will soon visit Olive Schreiner at the Cape. Miss Harkness hopes to go on to the diamond fields, following the example of Miss Schreiner, who spent a year at the gold diggings. Her new book, "The Labor Leader," will appear at Christmas.

CHANGE OF FIRM.

To my Patrons and all whom it may concern: This is to certify that I have sold to Messrs. Alexander B. Anderson and Peyton L. Randolph, and have received from them the purchase price for all my business, heretofore carried on and conducted by me at the Mott Market, in the city of Los Angeles, under the name "Los Angeles Fishing Company," together with the goodwill thereof, and all the furniture, fixtures and general outfit belonging to said business, and having obligated myself to refrain from carrying on or conducting any market business whatever in the city of Los Angeles of the character of that so sold by me, I hereby earnestly commend to my former patrons, one and all, my successors in said business, Messrs. Anderson and Randolph, and bespeak for them a continuance of the patronage so liberally bestowed upon me in the past. Very respectfully, F. HANMAN. Witness: J. L. De Jarnatt. Los Angeles, Cal., Dec. 5, 1890.

REDLANDS IMPROVED LANDS

—FOR SALE BY—

W. P. McINTOSH,

144 S. MAIN STREET, - - - LOS ANGELES, CAL.

20 Acres in ORANGES, Peaches, Apricots and Raisin Grapes. Income, \$2,500 annually. Water-right over 80 years old. Price, \$600 per acre. Terms, one-third cash; one-third in three years; one-third in six years. This is the best located 20 acres in the valley, and produces the best raisins and best Washington Navel oranges of any place in California. The orange crop, 2,850 best trays, and 120 sweet boxes go with the land.

Also, 35 acres in old Walnuts, Peaches, Apricots, Plums and Oranges, with oldest and best water-right, and beautiful stream running through the land. This place adjoins the City of Redlands on the east, and the cheapest on the market. Price, \$500 per acre; easy terms.

Also, 10 acres of 5-year-old Washington Navels and Mission Olives. Trout pond, holding 250,000 gallons. Pressure water and everything complete for \$6500.

Also, 20 acres within one and one-half miles of the center of Redlands City, one-half of which is in Washington Navel and seedling orange trees. Several thousand strawberry plants, small house and barn. Price, only \$350 per acre; or will sell 10 acres at the same rate.

Also, 20 acres only two miles from center of City of Redlands, nearly all improved; about one-half in orange trees 18 years old. Price, \$400 per acre.

People familiar with the value of orange land will at once see that most of the foregoing is offered for about one-half its present value, the owners being compelled to sell to protect their holdings.

The unimproved orange lands we sell on TEN (10) YEARS' TIME, only requiring 10 per cent cash down, are selling and improving very fast. Buyers take advantage of the long time and low rate of interest, and spend their ready money for trees and buildings.

MENTONE LANDS.

The demand for MENTONE lands is increasing daily on account of the rapid growth made by the orange trees, the pure water furnished, the superior water system, the fine flavor and beautiful color of the oranges on account of the high and dry altitude, and the greater quantity of fruit produced on account that there are no heavy winds to destroy the blossoms or young fruit. Mentone is conceded to grow the finest olives and strawberry canas of any place known. For further particulars, maps, etc., address or call on
