

DAGWORTH DISCOURSES ON A VARIETY OF INTERESTING SPORTING MATTERS.

The Moss the Baseball Business Is In-A Lot of Newsy Notes About Horses. Other Interesting Gossip.

The winter series of baseball games are just as far away as ever, as far as Los Angeles is concerned. The necessary teams are in Southern California, but as yet no suitable ground has been obtained. The Temple-street grounds are out of the question. They are not one-half large enough. It was folly to ever construct such a ground. The Los Angeles baseball enthusiasts are clamoring for ball. The opening game has been announced time after time, only to be postponed from week to week, until everybody has become disgusted. For some inexplicable reason the baseball business has invariably been mismanaged. The present outlook for the national game in this city is very gloomy, indeed. It might also be said that the chances for Los Angeles to be admitted into the California League for the year 1891 is very slim. It is not necessary to any longer miss matters, and something will have to be done at once by the admirers of the national game in this city.

The carload of trotters that were shipped from Abdallah park, Cynthia, Kentucky, can now be seen at the Agricultural park. They are a choice lot. H. S. Schultz, a horseman of prominence in Kentucky, came to Los Angeles in charge. Yesterday the writer made a hurried inspection of the newcomers. Dr. K. D. Wise owns four of them, viz: Bonnie June, by Simmons-Bonnie Wilkes, 2:29 1/2; Adelaide Simmons, by Simmons-Adelaide, 2:38; Adelaide McGregor, by Donny McGregor-Adelaide, and Nevada, 2:31 1/2, by Simmons-damn. They are these, more fashionably bred and no mistake. Mr. Wilson will also winter several of his own horses in Los Angeles, including Greenleaf, 2:22 1/2; West Wilkes, 2:28 1/2; Blackfield, and a couple of weanlings by Simmons. West Wilkes is a symmetrical black stallion. He is a grand looking son of Simmons, although his size would prejudice him with some breeders. Mr. Wilson is expected here in a few weeks, and it is among the probabilities that he will remove his breeding farm from Kentucky to Los Angeles county. The horse reporter will describe the trotters at the park at some future date.

Last Friday I attended the races at Coronado. The track is a surprisingly good one, and the location is not excelled by any track in the United States. Mr. Babcock displayed admirable judgment in selecting such a beautiful spot for a race track. The day's sport was quite fair. Naicho B. won the big handicap hands down. Raindrop was the favorite in the betting, but the son of Wanderer-Flower Girl showed that he was not a bad weight packer. By the way, the old veteran, John Treat, started in the race, but he was never in the hunt after the half mile had been negotiated. The old horse has been his best day. Gambo knocked out the talent in the five-eighths mile heat race, beating Ida Glenn rather handily in straight heats. Gambo also ran in the half-mile dash on the same afternoon. He came under the wire first, but was disqualified for fouling Triumph near the finish. The decision of the judges was questioned in many quarters. It was rough on the Los Angeles contingent, who had played Gambo to a man.

A writer in Clark's Horse Review has prepared a table of celebrated trotters who once upon a time sold for an insignificant sum. Here is the list:

Table listing names of horses and their sale prices, such as Maud S., 2:05 1/2 for \$250.00, and others.

Many valuable horses have been imported to California in the past year. The Breeder and Sportsman says: Mr. E. Thayer of Riverside has been in the neighborhood of San Francisco for two weeks or more, looking for a couple of stallions, and has finally purchased from A. W. Foster of San Rafael the standard horse Rafael 9215, by Fallis 4781, dam Stockton Maid, (dam of Old Nick 2:23) by Chiffant 721. The gentleman has also bought from A. H. Hecox, the 4-year-old pacing stallion Harry H., by John Sevenoaks (son of Nutwood 600), dam Jane (dam of several famous Mulvanna 2:27 1/2) by Budd Doble 3764. These two well-bred horses will be taken south in the course of a few weeks, and next year will make the season at Riverside.

The Breeder and Sportsman, to hand, contains a cut of the Pacific coast champion stallion cup presented to Mr. Hobart in honor of Stamboul's record of 2:11. The San Joaquin valley association also intend to present to Mr. Hobart an elegant gold medal set with diamonds. It was over the track of this association that Stamboul got his present mark. The Breeder and Sportsman concludes an highly eulogistic article as follows: "It is to be regretted that the rain prevented the further education of the great stallion's record, as there can be no question in the minds of any who have seen him lower his record this year, but what with more work he could easily have beaten Nelson's 2:10 1/4. Whether Mr. Hobart will send the stallion back east or not is still a query. There has been a great deal of talk in that direction, and many horsemen are confidently predicting that Stamboul will be seen on the eastern circuit next year. Mr. Hobart himself is very non-committal, and it may be several months before he ultimately determines whether the horse will be trotted any more or not. In an interview with Mr. Hickok shortly after the horse made his present record, that well known driver remarked that there was no horse on earth that could beat Stamboul a race of three heats in five, and that if he could have had a trial on a kite-shaped track with the stallion, that he feels convinced he could have reduced the present record of Maud S. Such positive assurance, coming from a man of Mr. Hickok's experience, is surely worthy of great consideration, and Mr. Goldsmith is equally emphatic in stating that the horse would have done better if the rain had kept off for a week longer. There is not a horseman on the Pacific coast but what is not willing to pin his faith to the wings of the great eastern cracks, and we sincerely trust that Mr. Hobart will allow Stamboul to be trotted next year, so

that the people of the eastern states may see what a great horse he really is." Stamboul was bred in Los Angeles county, by L. J. Rose, and is one of many celebrated horses bred in this county.

The following items were stolen from exchanges:

The Pacific Coast Field Trial club's eighth annual field trials take place at Bakfield on January 19th. T. H. Williams has sold Rinfax and Glenlivet to Palo Alto, and next season will include Tycoon, Brownie, a two year old brother to Carmen, and a two year old by Falsetto from Galanthia, a sister to Falsetto. Ab Stemer, who has been in town for several days, says that he expects to get several more well-bred mares for the Shippee farm in a few weeks, and there is a possibility of Mr. Shippee purchasing a stallion if he finds one to suit him. Brock Heffernan, who has been in town last week, says that the chestnut gelding is shaping up better than ever, and expects to have him in better trim than any he has yet seen him. He is also rather sweet on the yearling brother to Carmen. DAGWORTH.

Mr. Geo. F. Smoot, a highly cultivated and reliable lady, writes to tell us under date of April 22, 1890: "During the summer of 1887 my eyes became inflamed, and my stomach and liver hopelessly diseased. Nothing I ate agreed with me. I took chronic diarrhoea, and for some time my life was a mere torment. I consulted the physicians of the country were consulted, but the medicines administered by them never did me any permanent good, and I lingered between life and death, the latter being preferable to the agonies I was enduring. In May, 1888, I became disgusted with physicians and their medicines. I dropped them all and depended solely on Swift's Specific and a few bottles of which made me permanently well--from then to this day."

It Builds up Old People. My mother who is a very old lady was physically broken down. The use of Swift's Specific (S. S. S.) has entirely restored her to health. R. B. DILWORTH, Greenville, S. C. Treatise on Blood and Skin Diseases mailed free. SWIFT SPECIFIC CO., Atlanta, Ga.
