

MAIL AT LAST.

THE WASHINGTON OFFICIALS PERMIT THE USE OF A STEAMER.

A Large Amount of Delayed Mail Expected to Arrive Saturday Morning. The Fault Not With Local Officials.

Many people have lately been asking, Why don't Assistant Superintendent Flint, of the railway mail service, at San Francisco, order mail for Southern California sent via steamer? The reason why he does not is because he is not vested with that power. The public is not aware of the fact that the authority lies entirely with the second assistant postmaster-general, at Washington, D. C. The postoffice department is being constantly informed of the condition of things in Southern California regarding the postal service, but the people of the southern portion of the state, more especially in this city, are commencing to feel a depression of business on account of the non-arrival of the mails. Valuable correspondence is being delayed by the effects of the late storm. Business men of the city are heard complaining, and suggesting that steamer service be employed to carry mails until such time as the railroads will resume operations.

A Herald reporter yesterday called at the office of J. M. Johnson, chief clerk of the railway mail service, with a view of ascertaining what were the prospects for mails arriving in this city. Mr. Johnson said it was impossible to tell when the washouts would be repaired and mail service on out-going trains resumed. He expected a lot of mail in tomorrow from San Francisco via steamer. The reporter suggested that, in the event of washouts, why did he not have the mails for the lower coast forwarded at once by steamer from San Francisco, as a great deal of inconvenience as well as anxiety would be so avoided.

"Well," said Mr. Johnson, "that is the very thing I want to converse with you about. You see, for the last ten years or more we have had considerable difficulty to act in the transportation of mails by water, in case of roads being washed out. Many people who are not acquainted with the department's doings censure my office, and say that here is where the fault lies. My orders come absolutely from the superintendent of the mail service for this division. I am constantly informing him by wire of the situation, and have already suggested by telegram that steamer service should be immediately instituted to effect between this city and San Francisco. He replied that he was powerless to act in the matter of forwarding mails by steamer, as it entirely laid with the second assistant postmaster general. Assistant Superintendent Mr. Samuel Flint at San Francisco is placed in the same position as I am. Mr. Flint is invested with no authority to act. As an illustration: Postmaster Backus of San Francisco called at the railway mail service headquarters, asking permission to forward mails to Los Angeles via steamer in case of washout weather. Mr. Flint informed the gentleman that the authority laid entirely with the second assistant postmaster general and he would have to ask that official. The mail officials of this coast have repeatedly asked for some authority in the way of dispatching mails via steamer, which in every instance has been refused."

Late last evening Mr. Johnson informed a Herald reporter that arrangements had at last been completed to transport mails via the steamer Santa Maria. Postmaster Green yesterday issued the following notice: The steamer Santa Maria left San Francisco this morning at 9 o'clock, with mail for Southern California, including some delayed eastern mail. It will arrive in Los Angeles, via Redondo, about 10 o'clock Saturday morning, and steamer will proceed to San Francisco. The department has authorized temporary service between this city and McPherson, including intermediate points, to commence tomorrow morning at 6 o'clock.

THE CITRUS FAIR.

It Promises to be a Matter of Great Proportions.

The citrus fair is giving evidence of its immense future proportions at the pavilion, where a force of over a hundred men are at work at the present time. The Pasadena people brought in their huge pyramid yesterday. It will reach to the top of the building when it is in place. It is octagonal in shape and about forty feet in height, surmounted with a crown. Immediately in front of it the Duarte mosque will be seen to advantage. It is a very handsome building, and will attract a great deal of attention. The San Gabriel mission was commenced also yesterday. To the right of Duarte and immediately back of this is the pyramid and Cleopatra's needle of Azusa, Glendora and vicinity. Nearer the stage is Rivera with a handsome design, including oranges, walnuts and other products. The Santa Monica design will be one of the most attractive in the fair, and it is ready for the display of that city to decorate. Boyle Heights will make a characteristic design, and will get to work at it today. Redlands will be at work as soon as the railroads will permit them to come to the city. San Diego will be here in full force next Monday, and Santa Barbara will commence work on Wednesday. Every locality that intends to exhibit should be at work as soon as possible, for there is a great possibility that it will take a large amount of time. The ladies have been working hard in preparing cypress rope and other things for decorating. Among those who have rendered assistance are Mrs. S. A. Riekey, Mrs. H. E. Alexander, Mrs. J. E. Loomis, Mrs. Quackenbush, Miss Anna Knox, Mrs. Marshall, Mrs. Bledsoe, Mrs. A. C. Brown, Mrs. C. E. Stirling, Mrs. Calvin, Mrs. Sampson, Mrs. Dr. Wilder, Mrs. Winslow, Mrs. C. Barnes, Mrs. Pound, Mrs. Wilson, Mrs. Mary Smith, Mrs. Johnson, Mrs. Rabin, Mrs. J. Moore, Mrs. Miller, Mrs. Junkin, Mrs. Muncie, Mrs. Weeks, Mrs. Brown, Mrs. Cowles, Mrs. Hutchinson, Mrs. Hamlin, Mrs. McCreery, Mrs. Shinn, Mrs. Collins, Mrs. Lansingh, Mrs. Will Bryson and Mrs. Morrison.

There will be used for 10,000 feet of rope, and all the things who can spare the time are invited to be at the pavilion as much as possible. The decoration of the ceiling will begin today, and the arch over the stage will be so handsome that it would be a great improvement if the owners of the building would purchase it after the fair is over. President Wells of the chamber of commerce has issued the following call for the meeting tonight: DEAR SIR:—You are urged to attend

YUMA WASHED AWAY.

A Committee to Solicit Help from Citizens.

At a meeting of the members of the Los Angeles board of trade and chamber of commerce, held yesterday, called by reason of the receipt of a telegram from the Yuma board of trade, stating that Yuma had sustained heavy loss of property by reason of being flooded, and that a large number of families were entirely destitute, and asking that immediate relief be given, a joint committee from the two organizations was appointed as follows: From the board of trade, Messrs. C. Seligman and Jos. Schoder; from the chamber of commerce, Messrs. C. F. A. Last and Jacob Baruch. This committee will wait upon the citizens of Los Angeles, and solicit subscriptions for the relief of the sufferers by the flood at Yuma. The citizens are requested to respond to the utmost of their ability.

DROWNED AT SANTA MONICA.

A Los Angeles Young Man Meets Death in the Breakers.

William Wright, a young man of this city, was drowned yesterday at Santa Monica.

He was sailing in a fisherman's skiff, with a companion named William Robinson, a brother-in-law of R. R. Tanner, of the seaside city, and on passing through the breakers the boat was capsized. Robinson swam to the shore and was picked up exhausted. Wright was not seen after the catastrophe, and it is supposed was struck by the boat and rendered senseless. A search party was organized at once to look for the body, but was unsuccessful up to a late hour last night. The accident happened at South Beach, in front of the Bernard wharf.

COURT EPISODES.

PROCEEDINGS YESTERDAY IN THE VARIOUS TRIBUNALS.

Gustav de Laveaux Withdraws His Appeal—A Blunder of the Supervisors Vitiates a Suit—Other Matters.

When the appeal case of Gustav de Laveaux, the surveyor who was fined \$20 by Justice P. E. King, sitting for Justice Lockwood, in September last, for battering Deputy Constable G. W. Anderson on Spring street, came up for trial in department one yesterday, the defendant withdrew his plea of not guilty and substituted therefor his plea of guilty as charged. This being practically a withdrawal of his appeal, Judge Smith discharged the jury summoned to try the case, and confirmed the judgment of the lower court, which sentenced the defendant to pay a fine in the sum of \$20, with the alternative of twenty days imprisonment in the county jail.

By agreement of counsel, the order formerly made setting the case against ex-Justice of the Peace W. C. Locke, charged with harboring a fugitive from justice, for trial on March 4th, was vacated and set aside yesterday by Judge Smith, and the cause was reset for Saturday, April 11th, the defendant waiving his statutory rights to a more speedy trial.

Ralph Murphy and John Wilson, the two men charged with having burglarized a Southern Pacific freight car at Tropic recently, appeared before Judge Smith for arraignment yesterday; but on motion of their counsel, their cases were continued until Monday at 10 o'clock a. m.

On motion of the district attorney, the cause of Los Angeles County vs. Chas. Yenger, a suit to condemn a private road in the Calhoun road district, leading from a public highway to lands of Cruz and Coronel, was yesterday dismissed by Judge Clark in department two, much to the surprise of the jury, who had just been sworn to try the case. The reason for this action on the part of the district attorney, was that on examination of the minutes of the meeting of the board of supervisors of October 10th last, he found that the order directing the district attorney to commence condemnation proceedings in the case was defective, owing to an error on the part of the clerk of the board at that time.

In department three, yesterday, the cause of H. A. Pierce vs. R. Duane came up for hearing before Judge Wade, who rendered judgment for plaintiff, for \$48.50, due on a mechanic's lien, for painting a house in East Los Angeles.

In the absence of Judge McKinley, Judge Shaw occupied the bench of department five, yesterday, and heard the cause of the Los Angeles Cemetery association vs. the city of Los Angeles, a suit to quiet the title to that part of East First street adjoining the Evergreen cemetery. The city claimed title to the land in question, by deed from A. H. Judson, president of the Cemetery association, and others, while the association claims that Judson was not authorized to sign any such document, and that therefore it was invalid. The case was argued, submitted and taken under advisement.

SANTA MONICA.

News Notes and Personals From That Seaside City.

Santa Monica, as usual, came off first best when the recent rains played such havoc with the railroads, the trains running on regular schedule time as usual. The citizens have taken the matter of the exhibition of the citrus fair in hand, and we will be duly represented there, showing conclusively the productiveness of our soil.

ADVERTISING DOCTORS.

A Palpable Reason Why They Should Not Be Adjudged Impostors.

It is invariably the rule that among advertising doctors, one out of a hundred perform the cures and relief he advertises to, and among those few who cure, Drs. Darrin stand in the lead. Their testimonials alone are sufficient to bear witness to the foregoing assertion, and it is doubtful whether among the thousands of advertising doctors in the country there is a single one who has met with such eminent success as those above quoted, as the following extracts from testimonials will show:

Names That Can Be Referred to. Miss Netta Rosenthal, 1806 Stockton street, San Francisco, weakness of the optic nerve and catarrh, ten years, cured.

H. G. Harris, 114 William street, San Francisco, deafness and all sorts of ringing noises in the ear, five years, cured.

W. H. Austin, 191 Mill street, Portland, Ore., confined to her room nine months with an eye affliction called "nervous abhorrence of light," accompanied with inflammation, cured.

Mrs. J. J. Evans, living on the White House road, postoffice, Portland, neuralgia of the stomach and heart, two years, cured and gained ten pounds in two months.

Ex-Sheriff A. T. Schoeps' daughter, proprietor Northwest hotel, corner Front and Clay streets, Portland, loss of appetite, liver complaint and rheumatic neuralgia for six months, cured.

J. B. Tichnor's daughter, 10 years old, Salem, Ore., both eyes crossed, cured so both eyes are perfect.

O. A. Yorce, Antioch, Cal., deafness 22 years, could scarcely hear anything, cured in ten minutes.

Mrs. M. Hanly, 30 Oak Grove avenue, spinal trouble and general disability, cured 12 years ago, had no return of it since.

Miss C. R. Luny, residence 1242 Mission street, San Francisco, asthma, deafness and headache 12 years, cured two days ago.

Miss Kate Norton, South San Francisco, constant pain in stomach for two years, cured with two treatments, and remains permanent to this day.
