

DAILY HERALD.

United States Signal Service. Report of observations taken at Los Angeles April 25, 1891.

NEWS NOTES

Do not fail to hear Miss Auld tomorrow night. The funeral of Ross R. Andrews will take place from the residence of M. P. Snyder, Angeleno Heights, this afternoon at 2:30.

The Oxymer club will not entertain the Apollo club on Monday evening as originally announced, on account of the illness of Miss Klokke.

A committee of one hundred ladies met at the Ammidon on Friday to make arrangements for the rose fair which opens at Illinois hall on May 6th.

The Moral Basis of Nationalism will be the subject of an address to be delivered at 3 o'clock this afternoon, in Temperance temple, by Dr. J. W. Reynolds.

Rev. J. P. Thomson will lecture on Monday evening, April 27th, at 8 o'clock, at the Unitarian church, on the subject of "Immigration." All are invited to attend.

John A. Logan Relief corps will give one of their enjoyable social hops at the G. A. R. hall, 612 S. Spring, Wednesday evening, April 29th. All are cordially invited.

Miss Auld starts for Europe in about two months to be absent two or three years. Every one should hear her tomorrow night at the First Congregational church.

The sale of reserved seats for the opera of Snow White will begin Monday, April 27th, at Grand Opera house, instead of Bartlett's music house, as stated in yesterday's issue.

L. Schmidt, the real estate agent, yesterday sold to Victor Ponet 45 by 112 feet on Spring, near Seventh street, for \$7500. The property belonged to Mrs. Lang and the real opinion is that Mr. Ponet secured a bargain.

Mr. Daniel Donegan, father of D. F. Donegan, the well known contractor, died yesterday at Ialina, Kansas, aged 81 years. Mr. Donegan was well known here, having resided in this city until within a few months past.

The Alhambra Tennis club is booming. This club has recently joined the association of Southern California. Miss Halstead and Miss Green are the best lady players of the club.

It will be of interest to those having idle money to know that the German-American Savings bank, 114 South Main street, has adopted the plan of many of the eastern banks of paying interest to its depositors quarterly instead of semi-annually. Five per cent. interest paid on term deposits.

The Herald has received a communication referring to Theodore S. Shaw, lately on trial for beating his wife, in which it is claimed that he was made the victim of a conspiracy, and that he was not drunk at the time. Serious charges are made also against Mr. Shaw's wife and mother.

Mrs. H. W. Frank yesterday presented her husband, Mr. H. W. Frank, one of the proprietors of the London Clothing House company, with a handsome, big baby boy. Mr. Frank is naturally happy beyond description, and Mr. Harris, the head of the firm, shares in the general joy, for he is now, for the first time in his life, a grandfather.

The music at the cathedral this morning will consist of Millard's Mass. Miss Burdick will sing the soprano solo, Agnus Dei; Miss O'Kane will sing solos in the Gloria and Credo; Mr. Joseph F. Nuelle will give a tenor solo, Et in Carnatus est. A new trio, for the first time on this coast, will be given for tenor, baritone and bass, O. Quam Snaves, by Gilson, in which Mr. Nuelle, Mr. Logie and Mr. Laub will be heard. A. G. Gardner is the organist.

The "Feast of Roses," to be given early in May, will be a gratification to all those disappointed by the few flowers found at the carnival. Many of the suburbs will send fine contributions, and the condition of the roses in the city is very favorable. Some of the best talent from the Orphans' home board, the Flower Festival society, and several artists, are giving their efforts to making it a success. There will be no flowers but roses, and cypress, pepper and eucalyptus will not be used in the decorations, that the odor of the roses may be distinct. Booth effects have been largely discarded. A general decorative effect is to be given instead. This is an innovation in the right direction.

The following programme will be rendered by the choir at St. Vincent's church, corner of Grand avenue and Washington street, at high mass this morning: Kyrie and Gloria from Gounod's messe solenne; Credo, Sanctus, Benedictus and Agnus Dei from Von Weber's mass in G. Miss Knickerbocker will sing Mendelssohn's Ave Maria for the offertory; Miss Katherine Kimball the Et Incarnatus; Mrs. J. J. Schallert, the contralto aria by Von Weber; Prof. T. Wiesendanger, the Veni Creator, and Messrs. C. J. Ellis and J. J. Schallert, the duet Domine Deus, by Gounod. Services begin at 10 o'clock.

PEOPLE'S STORE.

LOS ANGELES, SUNDAY, APRIL 26TH. ** DIVISION * SALE **

Tomorrow another Big Day for bargains. Yesterday we had the biggest day yet known in the DIVISION SALE. Everybody seemed to be there; crowds all anxious to buy, anxious to save, and anxious to respond to our call for more trade. Tomorrow we will launch forth new things and new values all way down. We're keeping up the interest, we never let it lag; we throw out a line of 10c goods for 5c, and when they're gone we throw out another. What's the "dip" if it costs a few cents more—the better value, the more trade, and the bigger trade, the more money in our till. That's what we are after—Money. We've got lots of goods, and must make the exchange even if there's a loss of a cent or two per yard. We call your notice to the values we tell of, and we've got them, too. How foolish of merchants to say one thing and mean another. Our bargains are not hidden, but on display with big price tickets that all can read. Come 'round and see us tomorrow. RECOMMENDATIONS

GIVEN TO DR. WOH! The Celebrated Chinese Physician.

Unsolicted I wish to state for the public good the wonderful cure upon me made by Dr. Wong Him, a Chinese physician. For long years I have suffered untold agony, and tried all known remedies, but failed. Dr. Wong was recommended to me and I tried him. He at once, after feeling my pulse, pronounced my trouble to be a severe attack of one of his Chinese varieties of kidney disease. He prescribed for me for about three weeks. Then I knew I was a well man. Dr. Wong and his treatment are a success. March 4, 1891. AXEL MELANDER, 115 S. Main, Los Angeles, Cal.

For eight months past my wife was a great sufferer from female troubles. For days at a time her pain was so severe that no rest could be obtained or sleep at night. Unwillingly I forced her to visit Dr. Wong, the Chinese physician. The doctor undertook to cure her, and now with grateful hearts we confess to a complete recovery in her case. J. F. BURDICK, Riverside, Cal. February 6, 1891.

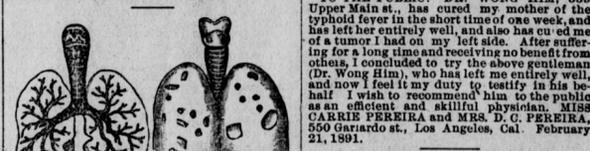

For quite a number of years I have been a great sufferer and paid out large sums of money for doctors and medicines. My disease was claimed by some to be Bright's disease; others said it was gravel, but I could get no relief. I got worse and worse until my life was despaired of. The treatment and operations to which I submitted were terrible. Finally, at the request of a friend who had been cured by Dr. Wong, I consented to submit my case to his hands. Dr. Wong has thousands of similar testimonials, but space alone prevents further publication of them here.

The remedies are purely herbs and roots which Dr. Wong has familiarized himself thoroughly with in his practice in the imperial hospital of China. Dr. Wong is the oldest and best-known Chinese physician in Southern California, and his cures have been remarkable, especially in female troubles, tumors, etc. All diseases are located by him through the pulse. Free consultation to every one, and all are cordially invited to call upon Dr. Wong at his office.

CATARRH! DR. WONG HIM.

Throat Diseases, Bronchitis, Asthma and Consumption. Being successfully treated by M. HILTON WILLIAMS, M. D. M. C., P. S. O., 137 S. Broadway, Los Angeles, Cal.

BRONCHITIS. CONSUMPTION. Bronchitis is a disease of the mucous membrane of the air passage, and is one of the most common of the pulmonary affections. Chronic bronchitis more often appears later in life. When a cold settles on the lungs the disease either ends in bronchitis or pneumonia. If ends in bronchitis it usually passes off as a cold on the chest, and still the patient does not feel entirely well. He feels tired and languid, and is incapable of taking his usual amount of exercise, and experiences a shortness of breath with more or less warmth in the palms of the hands. Soon after this a cough appears, accompanied by an expectoration of thick mucous, followed by a hectic flush, loss of flesh and cough becomes more severe and constant when the patient assumes all the appearance of having a genuine case of consumption. But this is simply catarrh of the lungs or chronic bronchitis.

The patient usually dies from exhaustion and suffocation, being unable to expectorate the mucous which accumulates in the passage leading to the lungs, which in some cases is said to be small in quantity, but more commonly copious, of a light straw or yellowish green. Dry bronchitis—This disease, the very opposite of the above, is a very common affection. Very many people, who regard themselves as healthy, are today under its influence, and are slowly but surely becoming the victims of this treacherous complaint. This is the most insidious of all pulmonary diseases. There may at first be a slight, hacking cough and an expectoration of a bluish white mucus. And herein lies the danger. This mucus, inhabiting the air cells of the lungs, being difficult to raise, after a time becomes solidified, permanently obstructing portions of the lungs, causing shortness of breath and a feeling of oppression on the chest, particularly after meals or on slight exertion. After a time the cough becomes more severe and sometimes on in paroxysms, and as the shortness of breath increases it almost assumes the character of asthma. The mucous membrane also becomes more and more thickened, which arises from the frequent fresh colds, and the patient at last becomes fully aware of the terrible changes that have taken place and the inevitable results that are to follow.

Without course and perseverance nothing is curable, but with these, aided with our Medicated Inhalations and Compound Oxygen Treatment, Bronchitis can be cured even after the lungs are extensively diseased.

Consultation free. If impossible to call personally at the office, write for list of questions and medical treatise sent free. Address M. HILTON WILLIAMS, M. D., 137 S. Broadway, Los Angeles, Cal. Office hours—From 9 a. m. to 4 p. m. Residence, 119 South Grand avenue. P. S.—Professional calls made here and after office hours.
