THE FOURTH.

The Mayor Thinks It Time to Commence the Preparations.

"Mr. Mayor, will Los Angeles celebrate the Fourth this year?"

"Certainly we will celebrate the Fourth. We always celebrate the Fourth; don't we? Yes, it is about time to make a move in the matter. We have a little money left from last year, but we need more. Ah! that was a parade we had last year. Did you see it? We must beat it this year though. A meeting must be called soon and committees appointed and the town canvassed."

The mayor assured the HERALD reporter that he was ready to do his part in the matter, and would act very soon by asking those interested to hold a meeting.

I contracted a terrible blood poisoning a year ago. I doctored with two good physicians, neither of whom did me any good. I suffered all a man could suffer and live. My face was as bad, it was more than that of Miss Boynton, spoken of in your book, and I said to myself, 'one in the same condition to use CUTICURA, and they will surely be cured. I am glad to recommend your great CUTICURA REMEDIES, and hope all who have blood diseases will send for your book. JOHN A. GRAGG, Appleton City, Mo.

"I Could Move the World" If I had something to rest my lever on," said Archimedes. Large bodies move or are moved slowly. But it is impossible or even difficult task to render those small bodies, the kidneys, when they are not so. Don't try to do this with unmedicated alcoholic stimulants. The experiment is unsafe. The sure, safe means is Hostetter's Stomach Bitters, which afford just the right amount of stimulus without overdoing the matter. Continued inactivity of either the kidneys or bladder—it should never be lost sight of—is attended with grave peril. Bright's disease, diabetes, and other ailments which affect the renal organs, have their origin in inaction of the kidneys. To overcome this is an easy matter at the outset. Not so later. Now is the appointed time in a case of this sort. Regularity of the bowels, stomach and liver, rheumatism and malaria are remedied by the Bitters.

WHERE TO TRADE.

We are selling piles of stuff to patrons who know the real, true ring of bargains. They come to us with confidence that accompanies our long right-doing, in keeping prices down where they belong, and not tacking on ridiculous profits that frighten and alarm buyers. Nowhere in the United States are goods sold lower than with us right here in Los Angeles. Our buyers are constantly in the field, have prices and places where to get things right at their finger ends. We go upon the principle of selling lots of goods at low prices, than just a few at a high rate. This certainly accounts for the hum and bustle in and about our stores. We are building up more trade, we are seeking more customers, we want your patronage and will, we know, merit it. Try us.
