RECOGNITION DAY.

Diplomas to Be Given at the Chautauqua Assembly.

Today is the day of the Chautauqua assembly at Long Beach. Recognition day, is the day upon which the diplomas are awarded to members of local circles, officers are elected and the business of the year brought to a conclusion.

Today will witness a large influx of members of the various circles. A large delegation has been sent from each and a large number of diplomas will be presented. The day's programme will be as follows:

- 9:00 a. m.—Chorus, class, led by Prof. G. M. Cole.
10:00 a. m.—Procession from the train to the Chautauqua grounds, led by the band.

The excellence of the programme can not be judged from the skeleton here given, but it is sufficient to say that it is the best of the session. A banquet at the Iowa Villa will conclude the day appropriately, in time for the delegates to return to Los Angeles on the 10 o'clock train.

The usual classes will not be interrupted by the exercises of the day.

The evening programme will be enlivened by music supplied by the Uniques and the Ladies Quartette of Pasadena, also by the grand chorus class under Prof. Cole.

THE HERALD LAKE.

The Water at Salton Apparently at a Standstill.

Advices were received yesterday at the Southern Pacific office that Herald lake at Salton is about at a standstill, the rise in the water, if any, being imperceptible. It was stated as an ascertained fact that the company will make no attempt to remove the main track, as it has been settled that it is in no danger whatever.

The action of the Riverside gentleman was laughed at, who wrote to the department of the interior at Washington, asking that the Southern Pacific company be prevented from stopping the flow of water into the desert. The company it was stated had no intention of attempting to stop the flow, and if the lake wanted to stay there no steps would be taken to prevent it so doing. No news as yet has been heard from the exploring parties.

A National Event.

The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the Restorative Nerve by Dr. Franklin Miles is doubtful. This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottles and fine book on "Nervous and Heart Diseases," with unequalled testimonials, free, at all drug stores is warranted to contain no opium, morphine or dangerous drugs.

Livery Men.

None but the best work can successfully endure the usage of the livery; yet, nearly every livery man in the United States is a willing witness to the superiority of the Columbus buggy. They have tried them thoroughly and do not hesitate in pronouncing them unapproachable for durability, style and finish.

TWO TOUGH GIRLS.

THEY ESCAPE FROM THE WHITTIER SCHOOL AND GET DRUNK.

Mattie Lawson Makes Love to Her Captor and Then Tries to Strangle Him—They are Now Feasting on Bread and Water.

The escape and capture of two girls from the Whittier school has been related in the HERALD. The two were Florence Black and Mattie Lawson. The Whittier Pointer thus tells of their capture:

Friday afternoon the girls were captured by Nixon Stanfield, about five miles out on the Puente road. Sherman Wiggins and Joseph Sims, who had been hunting the girls, met Mr. Stanfield and his captives and brought the latter back to the school. The ride home was at all times exciting and somewhat dangerous. Both were crazy drunk and in a perfect frenzy and the torrent of vile language that poured from their lips was something awful. Once during the ride Mattie Lawson, the younger, began to caress Mr. Wiggins and then quick as a flash strangled him by the throat and tried to strangle him. On arriving at the school another scene took place, but they finally became exhausted and rolled over and went to sleep. They will fare sumptuously on bread and water for two weeks. It is thought the girls got liquor from some Mexicans in whose company they were seen during the day. Mr. Stanfield will get a reward of \$25 for capturing the runaways.

Profiting by the hint given by the newspaper press which counts the number of papers printed a genius has invented the following: "A new appliance weighing only a few pounds enables clothes dealers and others to measure fabrics while rolling or blocking them. The cloth passes over and under a set of four rollers, the last of which actuates a counter which tells the number of yards paid out."

Good Morning—have you seen the russet shoes offered by Gibson & Tyler Co. Shoes at from \$2.50 to \$5; former prices \$4 to \$7.50.

TORTURING ECZEMA.

Editor Iowa Plain Dealer Cured of Insufferable Itching and Pain by the Cuticura Remedies.

No Less Than Five Physicians Consulted—Their Combined Wisdom Followed Without Benefit.

I am sixty-six years old. In August, 1889, was troubled with the peculiar skin disease to which people of my age are subject, known among medical men as eczema. Its first appearance was near the ankles. It rapidly extended over the lower extremities until my legs were nearly one raw sore; from legs the trouble extended across the hips, shoulders and the entire length of the arms; the legs and arms greatly swollen with a itching, burning pain, without cessation. Although the best medical advice attainable was employed, no less than five physicians of the place being consulted, and the prescriptions being the result of their combined wisdom, the disease, though apparently checked, would recur in a few days as bad as ever; during its progress my weight fell away about twenty-five pounds. As an experiment I began the use of CUTICURA, following the simple and plain instructions given with the REMEDIES, and in four weeks found myself well, with skin soft and natural in color, the itching and pain entirely relieved.

PEOPLE'S STORE.

Wednesday, July 22, 1891.

OUR MIDSUMMER SALE!

If there are any goods sold today we are going to sell them. If the Los Angeles public have wants within our reach that can be filled, the People's Store will endeavor by proper merchandise at the lowest possible price to command that trade. You will see by the prices below we are striving for every stray dollar in this town. We have cut and cut until we have whittled nearly everything, even the board and the price ticket. During the life of the People's Store no such pruning has ever taken place. We are housecleaning with a vengeance. Every thing that is saleable goes, and that which is not we will carry out of the house. The prices we quote justify an unprecedented rush to our counters. Surely if you have need for merchandise you will find the greatest saving thus far experienced in the purchase of goods at this establishment.

DRESS GOODS.

A reduction of 25c a yard is made in the prettiest of all-wool, 40-in., camel's hair De Brige, on sale today at 50c a yard. Prettier goods never laid upon a dry goods' counter, and the most seasonable for the weather and country that you can purchase.

Thirty-eight to 42 inches wide of Imported French goods, this season's novelties, sold by us in stock at prices ranging from 60c to 75c. They are being appreciated at the horribly cut price of 35c a yard, which is really less than these goods cost to land in this country.

Wool challies and bunting in the very newest and latest effects and patterns, nearly all wool, and the most seasonable thing in the dress goods department at 20c a yard. Goods that are really a bargain at 25c.

Figured China silks at 80c a yard, as good as anything shown in this town, at \$1.00. These are both serviceable and beautiful; a veritable slaughter at 50c a yard.

A line of colored and black all silk sarahs at 30c a yard. Goods that we have been selling regularly for 75c. Every desirable shade represented and blacks. We put this line in to live up the silk department. It is a real shame to slaughter the price of these goods as we do in this sale.

DOMESTIC DEPARTMENT.

The goods we offer in this department are not to be found equalled or excelled the world over.

Outing flannel at 6 1/2c a yard. Displayed in our show windows; a superior fabric. Goods we have sold at 10c a yard. The newest and latest effects. Goods have not been in the house a week.

The very best standard blue prints, warranted dyed with the best Dutch blue indigo, at 6c a yard. If you pay 10c or more you can not purchase a superior article in the print line than the one we offer today at 5c.

MEN'S FURNISHINGS.

Those in want of furnishings will find this department a regular Mecca for bargains at this season of the year. We are cleaning house, and everything in it goes. If you need anything in this line drop in and see what we have, inquire the price; it means a saving to you, and whether you purchase or not we will be equally glad to serve you.

Men's striped balbriggan underwear, shirts or drawers, 49c. You will find these the cheapest articles you have ever purchased.

Socks, 12 1/2c a pair; the world over, 25c. Regular made, full fashioned, solid colored or striped.

Men's flannelette shirts, 65c. Really worth a dollar.

Men's flannelette shirts, 75c. Not to be matched under \$1.25. We have this line of shirts in flannelette, silk striped flannelettes, and all silk shirts, ranging up to \$3.25, and our present prices guarantee you a saving of from 50c to \$1.00 on each article.

Boys' flannelette or percale shirt waists, the largest, most varied, and complete line ever shown by us since we have been in business, and we have marked them down to one-half their regular price.

Our 25c boys' waist is as good as you will find for 50c. Trimmed with silver buttons, they alone are worth the 25c. Made as good as our 75c shirt waist. Our line at 35c is a perfect beauty, and you can not match it under double that price, and so we go on up.

We have a very extensive line of men's bathing suits, eastern and California knit goods. We can show you some beautiful styles, and these as well as all other goods in the department go at the same ratio. We have men's all wool jersey knit bathing suits as low as \$2.25; the price you pay around town for the cotton ones.

LADIES' GLOVES.

We have on sale today three numbers of ladies' gloves, which we think are the cheapest things ever offered in the known world.

Ladies' silk lisle gloves at 15c a pair, that would be cheap at 35c.

Ladies' silk plaited gloves at 25c, that we would consider a bargain at 35c, and ladies' all silk black gloves at 20c. Is a silk glove of any kind cheap at 20c a pair?

CLOTHING DEPARTMENT.

Men's all wool gray suits, two special leaders, one at \$10.00, the other at \$12.50, are bargains at \$14.00 and \$16.50, which is the price you will pay for these at any of the clearance sale houses, "less than cost" sales and other fakes foisted on the Los Angeles public.

Men's crinkle seersucker coats and vests, or flannelette coats and vests, the very best goods of the kind made, at 98c today; they would be a special sale bargain at \$1.50.

Men's mohair coats and vests; the regular five dollar grade will be sold today at \$2.98.

Men's striped pants at \$1.50 a pair; cannot be matched in any clothing house under \$2.50. This is an especially cheap and good pair of pants. We close out the entire line and offer this sterling value at \$1.50.

Boys' two-piece gray sailor suits at 75c, a price hitherto unknown; sold by us heretofore as a leader at \$1.25.

Boys' summer weight knee pants 25c. The buttons, needles and thread, etc., that is in them cost more than the price we ask for them.

SHOE DEPARTMENT.

There is only one thing the matter with this department, and that is the price at which good shoes are slaughtered. There is nothing better made in the way of men's shoes than the make of Hannan & Sons, but when you can buy them at this house for \$5.00, why go elsewhere and pay from \$6.00 to \$8.00?

We have the same thing in ladies', misses' and children's shoes. We carry goods from all the standard makers, and we sell them cheaper than you can buy them in a regular shoe store. We can afford to do it.

At \$5.00 we can give you a ladies' button French or Dongola shoe that you can take with you to any shoe store, and if they can sell it under \$6.00, why, we are not in it. We aim to give the best values in shoe leather that it is possible to obtain for the money.

At present we are house-cleaning in this department, and all odd lots, shoes that we don't carry any longer, or broken lines, we have marked down to a price that sells them on sight.

We are selling our boys' tan shoes that were marked last week at \$2.50, this week for \$1.50.

We are selling our ladies' ooze calf button shoes that were last week \$3.25, this week at \$2.50 a pair.

We are selling the misses of the same shoe at \$2.25.

We are preparing our shoe department for the new line of goods which we intend putting in this fall under the impression that they will surpass any of the values that we have heretofore handled.

MEN'S HATS.

We have on sale today men's wool cowboy hats, 4 to 4 1/2 inch brim, a superior quality, at \$1.00; a hat both for shade and wear, and the most difficult thing in the world to get at this price.

Men's helmets at 65c. You pay a dollar for the same thing.

Men's black derby hats, two new lines just received in the very latest blocks, at \$2.00 and \$2.50, which promises to be the sellers for the coming season. They are equal to any hat we have ever showed from \$2.50 to \$3.50, and those who have worn our hats know what this means.

Our straw hats are fast receding from sight. It keeps us busy to fill our 25c and 50c tables. You can buy a straw hat \$1.50 that cannot be matched for \$3.00. You can buy one for 75c that is as good as you paid \$1.50 for.

BASEMENT DEPARTMENT.

Do not forget that our sale extends as well to our house furnishing, crockery, glassware, tin and stamped ware department. If you have not been in this department it will pay you to come down and see what we have. Our specials today are:

- Large chamber pails 49
Poplar wood pastry boards 45
Copper bottom wash boilers \$1.35
Galvanized was tubs 1.25
Ice cream freezers 2.25
Infants' wicker cradles 1.00
