SMITH ON HIS OLD LAY.

He Thinks Hanchette Will Soon Be Home Again.

Fred Smith blew into town Thursday, after an absence of six weeks. He was not looking for H. J. Hanchette during that period. The detective was in a very loquacious mood when seen by a HERALD reporter yesterday. "Hanchette was in Hamilton, Canada, when I stated that I knew where he was," said Fred Smith. "Before Hanchette left Chicago he tried to sell his pass. Young, of San Diego, knows this to be a fact. He then went to Hancock, Mich., to Detroit, Mich., to Hamilton, Canada, where he was when I first made the assertion that I knew where he was. I have five affidavits to substantiate this statement. Mark my word that he will be home very soon. I guess Robert Farrell saw him. You will notice that he gave the name of Hamilton. That is the name of the town where he resided when the newspapers and detectives were trying to locate him, and besides I have information which leads me to believe that he is of sound mind and has all his senses."

THE "HERALD" GETS THERE.

As the Result of this Policy a Wrong is Corrected.

The street inspector, whose gross negligence and incompetency was extensively shown up by the HERALD yesterday, has been laid off by Chief Deputy Frank Baldwin, and upon Superintendent Hutchinson's return he will likely be discharged.

Mr. Baldwin took charge of the matter himself yesterday, and ordered the contractor to tear out the gutter and lay the foundation in accordance with the specifications. This was not done without considerable grumbling on the part of the contractor, but he complied with the order, and under the eyes of the chief deputy put in the proper material.

A Dream of Happiness.

May be followed by a morning of "La Grippe." Easily, and why? Because the displacement of covering in bed, a neglected draught from a cold window, an open door, or connected with a windy entry in a hotel, may convey to your nostrils and lungs the death-dealing blast. Terrible and swift are the proceeds made by this new destroyer. The medicated alcoholic principle in Hostetter's Stomach Bitters will check the dire complaint. A persistence in the preventive of its further development will absolutely checkmate the dangerous malady. Unmistakable alcoholic stimulants are of little or no value. The just medium is the Bitters. No less efficacious is it in cases of malaria, biliousness, constipation, rheumatism, dyspepsia and kidney trouble. The weak are usually those upon whom disease fastens first. Invigorate with the Bitters.

SCROFULOUS SORES.

Lady Badly Afflicted Three Years. Tries Many Doctors Here and in England Without Benefit. Cured by Cuticura.

My wife having suffered from Scrofula sores on the back for three years, and at times she could not lie down at night, and she tried all the doctors I could find, and also went to England to try and be cured there, and all of them failed, and told her they could do nothing for her; and having tried all kinds of remedies I at last tried one box of your CUTICURA REMEDIES, and today she is as well as she ever was in her life, and her back is as clear as my own, and I cannot find encomiums enough to bestow upon what I know to be the greatest and grandest gift given by science to man. Please accept the most sincere and grateful thanks of one who has suffered.

INHERITED SCROFULA.

My nose was of a most pronounced crimson hue, the result of inherited scrofula. I suffered untellable mortification daily, and tried enough remedies to stock a drug store without deriving the slightest benefit. I tried the CUTICURA REMEDIES, the most flattering results followed their use. I am all right now, and I cannot find encomiums enough to bestow upon what I know to be the greatest and grandest gift given by science to man. Please accept the most sincere and grateful thanks of one who has suffered.

PEOPLE'S STORE.

Saturday, September 26, 1891.

OUR GREAT FALL OPENING OF IMPORTED PATTERN HATS & BONNETS

OUR GREAT DISPLAY OF MILLINERY EFFECTS FOR THE FALL SEASON

Promenade Concert 7:30 to 9:30 P. M.

Have you ever attended any of the People's Store Openings? If you have not, do not fail to attend this one. It will eclipse anything in grandeur and magnificence that we have ever attempted. Our Millinery was selected by one of the most expert buyers. Cost was not taken into consideration as long as effect and beauty were created. We have the most expensive and the cheapest display throughout our entire stores. We'll show you a high class of merchandise hitherto unknown to the People's Store.

Our Pattern Hats were selected early in July from among the choicest that arrived from the other side, and we will show you the highest class of novelties ever brought to Los Angeles. Of our general stock it is needless for us to remark, "Rome was not built in a day," and neither was the People's Store. The changes that have gone on with us, though very rapid in so short a space of time, naturally will take time to receive public appreciation. But time will tell, and in a short while you will come to the People's Store for everything that is needed. Our merchandise is superior, our prices are lower, and these two items are bound to win in every race for supremacy.

Our Stores Will Close for Business at 6 P. M.

Reopen for Exhibition and Concert at 7:30.
