THAT PRIZE FIGHT.

Dick Smith Denies That He Was One of the Principals.

A young gentleman called at the HERALD office last evening. He stated that his name was Dick Smith, a student at the Boyle Heights college, and that it was not he who was to engage in a fight with another young gentleman on Saturday night. Mr. Smith stated, upon being interrogated, that Harry Brown was one of the principals. The visitor also remarked that the fight was not about a girl. It is reported, however, by parties who claim to be on the inside, that the fight will come off in the near future, notwithstanding that the police interfered on Saturday night.

HARNEY'S CART.

It Appears He Had a Right to Sell It.

The charge against J. Harney for obtaining money under false pretenses was yesterday dismissed in the police court. It was alleged that Harney sold a cart which he had leased from Hawley, King & Co. A complaint was sworn out against Harney and he was charged with a serious crime, and the case against him looked black until one of the employees of Hawley, King & Co. testified that he had authorized Harney to sell the cart, as the two carts which he had previously purchased were enough security for the indebtedness.

This clearly showed that there was no criminal intent on the part of Harney, and the case was forthwith dismissed. The complaint was issued at the request of Gillen, who, in conjunction with Randolph, had purchased the cart. No one knew that by arrangement Harney had a right to sell the cart.

A QUEER CASE.

A MATTER WHICH WILL BEAR INVESTIGATION.

A Rich Riverside Man Arrested on a Criminal Charge and Released in an Hour—Was the Court Used for the Purpose of Collecting an Account?

One of the too numerous cases where criminal procedure of the courts is resorted to, simply to collect money, occurred yesterday morning in Justice Austin's court.

The case was that of E. Rosenthal, a well-known real-estate dealer of Riverside, who, it appears, must be a bit of a high roller. The story, as the HERALD gets it, is that some little while ago Rosenthal visited a gambling resort in the building on the northwest corner of First and Spring streets. As is the case in such places the visitor lost what he had, and he borrowed money from Charles Doria, who, it is said, conducted the place. The amount of the loan is described as \$100. This all happened three or four months ago, and Dorian claims that he could not get the money. Accordingly he swore to a complaint before Justice Austin charging Rosenthal with obtaining money under false pretenses, and yesterday morning at 9 o'clock Rosenthal was brought into court. What occurred afterwards is not exactly known, but in an hour's time Rosenthal was free. Dorian said he had received his money.

This matter is one that should be thoroughly explained—in fact it is thought that the grand jury would do well to give it some attention. It may possibly be all straight, but on the face of it, the affair looks crooked. Criminal procedures were not designed to be a means of collecting accounts, particularly accounts which are of such nature as not to be legally collectable.

Athletic Club Grounds.

The new baseball and athletic grounds of the Los Angeles Athletic club, at the corner of Alameda and Seventh streets, will be ready inside of three weeks. The ground has been plowed up, and work on the fencing and erection of a grand stand will be commenced this week. The grand stand will accommodate about fifteen hundred people. A HERALD reporter was yesterday shown a plan of the grounds. The entrance to the park will be near the electric building, and distant about one hundred and fifty yards from the Arcade depot. The track for the runners and bicyclists will be of the usual elliptical shape, and one-quarter of a mile in circumference. The baseball diamond is to be laid out directly opposite the grand stand. It is on the tapis to open on Thanksgiving Day with a lacrosse match between Riverside and Los Angeles. The first baseball game on the new grounds will be played on the following Sunday.

CONSUMPTION CAN BE CURED. This is being verified every week in cases treated by DR. M. HILTON WILLIAMS - BY HIS Medicated Inhalation System of Practice. Over 102,000 Persons treated during the past Twenty-Five Years from all parts of the globe. READ THE FOLLOWING: Dr. M. Hilton Williams—DEAR SIR: I have been contemplating for some time past making a statement of my case and the benefit I have derived from your treatment, remembering how glad I would have been could I have seen someone of the kind from a person in the city to whom I could have referred when I first came to Los Angeles from my home in New York state. I have been suffering for several years with what various physicians in the east pronounced "chronic interstitial laryngitis." I spent considerable time at the Clifton Sanitarium, and employed the best medical skill available, but all without any permanent benefit, and a last resort, our family physician recommended Los Angeles. For a time I improved, but then I began to cough again, and all my former symptoms returned. Through a medical friend I was induced to try your treatment, which I did August 29, 1891. I became very much discouraged at times, but persevered, as I felt almost desperate and knew of nothing else to turn to. My throat trouble, being aggravated by a serious stomach difficulty, made it very obstinate to deal with, but at last, after persevering for a time with the use of your remedies, I consider I am permanently cured. This will be of any value to you, you are at perfect liberty to use it; also to refer any one to my mother, my husband or myself. Very truly yours, MISS ANNIE RICHARDS, Corner Union Avenue and Eighth street, Los Angeles, Cal. To the many testimonials won by Dr. Williams I give me pleasure to add my own to the list so highly in his favor. For nearly two years I had been suffering from throat and lung trouble, brought on by catarrh. Had tried many remedies in the meantime, but found only temporary relief. After two months' treatment, prescribed by Dr. Williams, my cough left me altogether, and I now have no pain in my throat or lungs as formerly. I can not speak too highly of the benefits I have received and shall ever be grateful to one who is worthy of the highest recommendation. MISS MINNIE H. HARRIS, NEWHALL, Cal., Sept. 22, 1890. Dr. Williams—DEAR SIR: I write to tell you how much I thank you for what you have done for me. My catarrh and deafness, which have been a burden to me for so long a time, are entirely cured, and my general health is so much improved that I feel like a different person. Thanking you again for your many deeds of kindness, I am, respectfully yours, JAMES WILSON, Esq., Los Angeles, late of Chicago, Ill. For ten years I have been a terrible sufferer with chronic bronchitis; but with Dr. Williams' Medicated Inhalations and the climate of Southern California, I have been entirely restored to health in three months' time. I have seen so many cases cured that I do not consider any case positively hopeless, unless both lungs are in a great measure destroyed, and even then the inhalations prolong life and render death easy. M. HILTON WILLIAMS, M. D., M. C. P. S. O., 137 S. Broadway, Los Angeles, Cal.

PEOPLE'S STORE. Tuesday, November 10, 1891.

BASEMENT DEPARTMENTS. We expect to open our toy department on or about the 15th of this month. We have received two carloads and a half of holiday goods, which have to be forced into the limited space now occupied by our household furnishing goods, crockery, tinware, etc. In order to make room for our toys and give us all the display that is possible, we have decided to make stupendous cuts in our crockery, chinaware, tin and gateware, baskets, woodenware and everything carried by us in this salesroom. If you have any wants in this department it will pay you handsomely to call upon us during this week.

DRESS GOODS DEPARTMENT. The space now occupied by our dress goods department will have to be given up to our book department at the beginning of the coming month. We have made stupendous reductions in dress goods through this entire season. In fact, the majority of our goods were sold below cost. Now that we require the room we are obliged to move our dress goods department to where our draperies are. Before doing so we desire to cut the stock down as much as possible, and you can buy the finest of dress goods almost for a song—less than cost is not anywhere compared with the price that we will now make our dress goods stock to you.

FLANNELS AND DRAPERIES. This department will have to be subdivided; the flannels having to go to the domestic departments and the draperies to our clothing store, in order to make room for our dress goods, being now overcrowded for shell room. From this time forward until the end of the month, you can buy lace curtains, curtain materials of all kinds, ready made curtains, cornice poles, lambrequins of all kinds, at prices that will put a move on them and rid us of at least one-half of our stock during the remainder of this month. Our line is very choice in comforters and blankets, carrying better goods than we ever carried in our existence, and you can buy these at a price that you paid heretofore for much inferior goods.

DOMESTIC DEPARTMENT. We are obliged to curtail here in order to gain room to accommodate our flannels. We will give you some thundering values in this department during the balance of the month—make your carry off as much of our stock as it is possible to unload. We are pressed for room, we are pressed for money, and merchandise has no value with us. Come in and take it away at your own figures.

CLOTHING DEPARTMENT. This is positively the last month that we will advertise men's clothing. With the end of this month all our men's clothing will have disappeared. Either we will dispose of it to our customers, or the remainder that is left will go in a lump somewhere or to some place. You can buy clothing from us at about one-fourth its real value is undeniable. We are pretty well broken up in sizes, but if you are fortunate enough to be fitted, why you will get clothing at prices that you never will again the balance of your lifetime. In boys' clothing we are selling wool suits, not satinette or cottonade, at \$1 a suit. We have an awful large stock of boys' and children's clothing, and our prices are in proportion to the first item that we quote you. We are not going to tell you what this suit is worth; we will leave it for you to say; all we tell you is that it is a wool suit, and you know that you pay \$2 for satinettes.

MEN'S HAT DEPARTMENT. With the first of the month we bring this department up to the front of our store, where our neckwear and hosiery now are. We are anxious to dispose of as much of the present stock as possible, and by that time we will have an entire new line of hats coming in for the new class of trade which we expect to cater to in the future when our store is altered. There is not a hat department in the United States that can or will offer you the values of men's and boys' hats that we are giving. We have done a marvelous business with hats, considering the way we have been hampered for room, and that our hat department has been in the dark corner in the rear end of our store. If you want to buy real good hats for a little money, why come in and see our line.

SHOE DEPARTMENT. The business of this department has advanced because of the quality of goods kept by us. There is not a shoe in our house that we cannot recommend to you for style, fit and wear, and there is not a shoe in our house that we cannot say to you, "If it does not give perfect satisfaction, we are ready to make it good, either by exchange or refunding the money." We will sell you Curtis & Wheeler's fine shoes for ladies at \$3.50, \$4.25, \$5 and \$6.50. We will sell you a line of Ingalls & Son's fine shoes for \$2.50, of dongola kid, with patent leather tips or plain, for which we claim it to be the best shoe in the United States for the money. We can sell you an all leather shoe at \$1.50, which is the best shoe for that money manufactured. In men's shoes, Hanan & Son's finest work, usually sold at \$8 and \$9, is on special sale during this week at \$6. Hanan & Son's fine shoes are on sale during this week at \$5. Lilly, Brackett & Co.'s fine shoes are on sale during this week at \$2.50; a quality usually sold at \$4. Lilly, Brackett's fine shoes are on sale during the week at \$4.25; a quality that are usually sold at \$6. Misses' and children's shoes of fine makes in like proportion.

All over our stores, in every department, you will find huge piles of merchandise marked out in plain figures at sacrifice prices for the sake of converting them into money and disposing of an immense and burdensome stock. We are trying to do all the business that is possible by selling merchandise without regard to profit whatsoever. Come in and see each department overflowing with bargains.
