#### FINANCE AND TRADE.

Exchange Review. NEW YORK, April 11. - The stock market today displayed in the main a firm temper on a moderate volume of business. Cordage and Union Pacific displayed considerable strength, but otherwise there was a weakness. New England and Manhattan were the only features. The close was firm, generally at advances. Union Pacific is up 1½ per cent, New York Central and Western Union each 1 per cent.

San Francisco Market Review. SAN FRANCISCO, April 11 .- The vegetable market was very active this morning. Receipts of green stuff were liberal, and met with good demand. Asparagus is quite firm, and canners are buying up all surplus stock on the street. Beans easier, and receipts more plentiful. Peas scarce and firm. New and old potatoes dull, and the market is overstocked with both. The fruit market shows a much better condi tion than has prevailed in it for some time past. Supplies of apples and oranges are of fair qual-

ity, and enjoy a much better demand. The same cannot be said for dried fruit, French prunes continue to be the only variety in demand, and business continues to drag along without any signs of activity.

The market for dairy produce remains in much the same condition that it was in during the past week. Butter, especially fresh roll, continues in large supply, and prices are weak and downward in tendency. Eggs are very scarce and coming in very sparingly.

The British Grain Trade.

LONDON, April 11 .- The Mark Lane Express says: English wheats were steady at 32s; holders are not willing to sell at these low prices Foreign wheats are a shade firmer, but there is a small prospect of values advancing, owing to the enormous stocks and influx of arrivals. The weekly imports of wheat and flour since September averaged 437,000 quarters, against 352,000 quarters weekly during the preceding year. The chief increase was from Atlantic ports, amounting to 221,000 quarters this year, against 19.792 quarters last season. Corn is a turn dearer; barley and oats dull; beans and peas are 3d cheaper. At today's market foreign wheats were held better. Holders of American flour ask 1s more, but the price is not often ob-

The opening was 1/201/4c per bushel higher, on account of the government crop report of Saturday; declined 1/4c on realizing sales and weak cables, advanced 11/2c on renewed buying, then weakened and declined 51%c on a report of the failure of a prominent grain house in London having interests in California, India and Russia, a rumor that Russia would remove the prohibition on exports, the heavy available supply as shown by Bradstreets, increase in visible supply and selling by Partridge, and closed easy, 2%c lower than Satur

Strong Witnesses.

Among the tousands of testimonials of cures by Dr. Mi'es's New Heart Cure is that of Nathan Allisons, a well known citizen of Glen Rock, Pa., who for years had shortness of breath, sleeplessness, pain in left side, shoulders, smothering spells, etc.; one bottle of Dr. Miles's New Heart Cure and one box of Nerve and Liver Pills cured him. Peter Jacquet, Salem, N. J., is another witness, who for twenty years suffered with heart disease, was pronounced incurable, by physicians, death stared him in the face, could not lie down for fear of smothering to death. Immediately after using the New Cure he felt better and could lie down and sleep all night, and is now a well man. The New Cure is sold, also Free Book, by C. H. Hance.
