## NEWS NOTES.

San Pedro harbor meeting, at the chamber of commerce, this afternoon, at 3 p.m.

Mary Vitaziano, convicted of battery by Justice Austin, was sentenced by him yesterday to pay a fine of \$5, and it was paid.

Monrovia will celebrate its sixth anniversary on May 17th. The programme will consist of musical and literary exercises, athletic sports and a lunch.

Remember the mass meeting to pass resolutions in favor of San Pedro harbor, to be held at the chamber of commerce, this afternoon, at 3 o'clock. Good speakers will be in attendance.

An old man who gave the name of Ben Williams was brought to the police station last night and booked for medical treatment. He excited alarm while on a Vernon street car by his crazy actions, and was given in charge of the police when he reached First and San Pedro streets.

All citizens who are interested in the completion of the work at San Pedro harbor are urged to come to the meeting of the chamber of commerce, this afternoon, at 3 o'clock. It is desired to secure action which will be of benefit in Washington in securing larger appropriations for this work. Bring your friends with you.

A much mixed embezzlement trial was concluded before Justice Owens and a jury, yesterday, by the acquittal of Daniel Carlisle, accused by Henry Adams of purloining a gun from him. The trial developed a lot of contradictory statements about the transaction. Although Adams claimed that the gun was stolen by Carlisle, the latter made no attempt to conceal it, but gave it up willingly when the officers called for it. He asserted, on his part, that Adams borrowed \$5 from him, and that he told him he could have the gun when he repaid the loan. The jury accepted Carlisle's statement, supported by some corroborative evidence as to the truth of the matter, and returned a verdict of not guilty without much hesitation.

The services of the police were invoked yesterday by a woman named Carlisle to secure the return of a gold watch belonging to her daughter, which she claimed had been stolen from her by a barber named E. Clifton. She met Officer Dunn at the corner of Temple and Spring streets during the afternoon, in a great state of excitement, and told him she wanted Clifton arrested. She said she knew where he was, and led the officer to a lodging house on Commercial street near Wilmington, where the young man was found in the hallway, in possession of the watch and also of the key to Mrs. Carlisle's room. He was lodged in the city jail, but the story told by the woman seemed so peculiar that the clerk took the precaution of sending the woman and her daughter with Officer Dunn to the district attorney before he would book the barber. The latter appeared to be considerably under the influence of liquor, and remained in jail for an hour. The district attorney refused to issue a complaint and he was released from custody.

## HE UPSET THE BUGGY.

A Girl's Experience with an Unreliable Companion.

A Los Angeles girl had an experience yesterday that she will remember for many a long day to come. She accepted an invitation to go out driving with a young man whom she apparently did not know very well. According to all accounts the man managed to develop a good-sized jag, and as a result he capsize the buggy. Very little could be ascertained in regard to the damage. At all events the girl picked herself out of the road and ran for dear life. She was thoroughly scared. She caught the 8 o'clock train at Wyatt station on the Terminal. The girl, who is quite young, related her experience to the conductor and several other sympathizing passengers. She was very much alarmed.

As the girl was without money, the conductor paid her fare and gave her enough money to go to her home, in the vicinity of Westlake park. She is a very pretty brunette, and was evidently imposed upon. Her face was scratched by the accident, and the blood trickled down her cheeks when she first got on the cars.
