CARRIAGE WORKS. RICHARDSON'S CARRIAGE AND WAGON MAKER, Nos. 321 and 323 Aliso St.

MORPHINE AND WHISKY.

Milton B. Clapp Takes a Fatal Draught.

A Los Angeles Man Suicides at Pacific Grove.

Failing Memory Drove Him to the Rash Act.

He Was Subject to Fits of Insanity. Pathetic Letters Left to a Faithful Friend and His Wife and Son.

Special to the HERALD.

MONTREY, Cal., July 27.—The second, and in all probability, fatal attempt at suicide was committed by Milton B. Clapp, a prominent real estate agent of 126 South Spring street, Los Angeles, on the beach between Pacific Grove and this city, last night or early this morning.

At 9 o'clock yesterday morning Clapp settled his bill at the El Carmelo hotel, Pacific Grove. After leaving the hotel all traces of him were lost until this morning, when a party of ladies who were gathering shells on the beach, discovered his unconscious form lying upon a sandy knoll.

The doctors immediately gave the alarm and medical aid was summoned. The doctors pronounced him beyond medical aid, and he was removed to Pacific grove, where all attempts to resuscitate him from his comatose state proved fruitless.

He had taken the contents of a vial containing morphine and whisky.

THE FOLLOWING LETTERS were found upon his person: On My Birthday.

I shall try you no more. Forgive me the grief I have caused and am now causing; but it is better for you, and all who love me and whom I love, that I should cease to exist.

I know I. Indeed my memory is failing me. I sleep hardly at all, or else feel drowsy at the time, and have an impulse to do all sorts of horrid things.

It will be comfort to you to remember the truth that you have always been unselfish and good to me; that you have been a veritable sunbeam throughout our long married life, and made it a very happy one for me.

I am now doing right. I never felt more peaceful than at this supreme moment. It is all for your sake I am doing it.

I would like you, dear Ella, to have my seal ring, and Mrs. Morgan my diamond stud, and Emily my scarf pins.

God bless and comfort you. I thank Him for that you have such a noble boy. (Signed) YOUR LOVING HUSBAND, Milton B. Clapp.

To My Precious Boy: I need not say comfort your mother; you have always done that to both of us. No father ever loved a son better, and had better cause to do so.

Never have you given us anxiety or trouble; not even to the smallest degree of disobedience. I know you will grow to be a noble and good man.

Remember your father loved you; avoid his faults and believe he was not always responsible for them. If I ever get to heaven it will be heaven without my loved ones.

God bless you my dear son. (Signed) FATHER, To H. L. Davis, 2108 Valleejo street, San Francisco.

I have felt for sometime that I was losing my mind. No son ever loved his mother more than I loved my own dear mother, and yet her death was almost a relief to me.

I do not want to continue a living sorrow to all who love me. Be good to my family. May God reward you for all your goodness to me. I would like to write a message to all whom I love, but I cannot. (Signed) MILTON.

TELEGRAMS notifying them of the sad affair have been sent to his wife and son, who are at present in Los Angeles. Clapp came here on Monday last, evidently on business purposes.

A quantity of coin and a valuable gold watch were found upon his person. At this writing he is rapidly sinking, and his demise is hourly expected.

SUBJECT TO INSANITY. Milton B. Clapp's Los Angeles Record. His one article in Family.

Milton B. Clapp was a resident of Los Angeles for about six months last past. He was an insurance agent, having an office at 126 South Spring street.

He lived at the Hotel Melrose, 130 South Grand avenue. Clapp had for some years been subject to fits of insanity, during which he would wander off and his friends would be unable to find any trace of him for weeks at a time.

It was about a year ago that Mr. Clapp last had one of these spells. He was in San Francisco with his wife. He disappeared suddenly one day and was found some two weeks later, delirious, in an Oakland hotel.

His face was covered with poison oak, and he had evidently been wandering in some place in the woods. Saturday evening, last, he left the Melrose hotel, telling that he was going down town. He appeared to be all right when he left. This was the last seen of him in Los Angeles.

It seems that he took the 10:40 train that night for San Francisco. Yesterday afternoon intelligence was received, by wire, announcing that he had attempted suicide. His friends were all griefed to learn of the unfortunate endeavor, were not at all surprised. It was only what had been expected for sometime.

He was about 44 years of age. His wife and child resided with him at the hotel. Mrs. Clapp will leave for the north today.

A Flyer in Collision. INDIANOLA, Neb., July 27.—The east-bound Burlington flyer collided with a freight here, today. Both engines were badly damaged. The engineer and fireman were painfully, but not fatally injured. No passengers were hurt.

WEST VIRGINIA DEMOCRATS.

W. A. McCorkle Nominated for Governor of the State.

PARKERSBURG, W. Va., July 28.—The Democratic state convention assembled here today, and after the appointment of committees, took a recess until this afternoon.

At the afternoon session Senator Faulkner made a stirring speech on campaign issues, and savagely attacked the force bill. After considerable wrangling over credentials, etc., a recess was taken until 8 p. m.

About 10 o'clock tonight nominations began. W. A. McCorkle, P. C. Eitham, J. M. Sidensticker and Judge W. S. Bennett were placed in nomination for governor.

The first ballot failed to result in a choice. After several ballots McCorkle secured the nomination, and at 1 o'clock this (Thursday) morning, the convention adjourned.

UGLY INDIANS.

Colville Bucks Threaten to Scalp All White Invaders.

SPOKANE, Wash., July 27.—Arrivals today from Marcus report ugly feeling among the Indians over the invasion of Colville reservation by boomers. Indian police are patrolling the frontier, but several hundred boomers have evaded their vigilance and reached the mountains.

Chief Major is at the head of a war party of sixty bucks, and they threaten to scalp every white man they find. Yesterday a party of prospectors were stoned while trying to cross the Columbia river.

Large numbers of boomers are gathering along the hot ndary.

SLAUGHTER BY THE SUN.

OLD SOULS MANY VICTIMS IN CHICAGO. Fifty Deaths From Heat Yesterday, and Twice as Many Prostrations. A Cold Wave Predicted.

CHICAGO, July 27.—The slaughter by the sun was still on in Chicago today, fifty deaths and more than twice as many prostrations from heat occurring. Although there is now, in the prediction of a cold wave, the possibility of relief, it is certain that the number of deaths will be largely increased during the next few days.

The hospitals are filled with patients suffering from sunstroke, many of whom cannot possibly recover. The record of yesterday, which surpassed anything in the number of deaths and prostrations from heat that the city has ever known, was eclipsed by the awful work of the sun today.

The temperature ranged in the shade from 92 to 94, and for days past, the wind was from the south and blistering hot. The majority of the casualties were among laboring men, and in the portions of the city occupied by the poorer classes.

The number of horses which were sun-struck and caused temporary blockades of the crowded thoroughfares, could hardly be counted. There were not enough horses in the police department to carry off the animals which died during the day, and about the business center of the city alone, and it was found necessary to call in outside help, for the ambulances and patrol wagons had all they could do to care for human beings.

The police were the most overworked body of men in the city today, being on the jump from early morn until nearly midnight, and so severe was the work that several officers were prostrated. At the various hospitals the entire staff of physicians was kept busy all day and evening, and there was hardly enough help.

ST. PAUL, July 27.—A dreaching rain storm, which began last evening, lasted till this morning. It demoralized street traffic. Cellars were flooded, sidewalks washed away and streets torn up.

For the twenty-four hours ending at 4 p. m. the aggregate rainfall was nearly eight inches in Minneapolis and nearly five inches here.

Hudson, Wis., July 27.—A most destructive wind and rain storm visited this section last night, lasting twelve hours. It was almost a cloudburst. Cellars were flooded, with much damage to goods. Crops were almost totally destroyed in the surrounding country, and much damage was done to stock by lightning.

Advices from other points are to the same effect. John Warren, a farmer near New Richmond, was killed by lightning. All trains are delayed by washouts.

DETROIT, July 27.—The intense heat in this section was broken at noon by a terrific thunderstorm over the southeastern portion of the state. The thermometer, which stood at 91 degrees, fell 22 degrees.

TENNESSEE MOONSHINERS.

Revenue Officials Unable to Arrest Desperate Frank Sloane.

NASHVILLE, Tenn., July 27.—Revenue Agent Surrier returned today from the neighborhood of Cookeville. He said that before he left there he learned that Frank Sloane, who killed United States Storekeeper Bellingher, was fortified in his house, together with twenty or twenty-five men, all armed. The family had been sent away. No further attempt was made to arrest Sloane, and the United States marshal was reticent as to his plan of procedure.

Sloane seems to have the whole county terrified, and a battle is looked for when an attempt is made to arrest him.

NOTIFIED TO LEAVE.

Japs and Chinese Driven From Boise, Idaho.

BOISE, Idaho, July 27.—The police today notified all Japanese residents to leave town. At Nampa, the Chinese were given notice to go, and they will leave tomorrow morning.

Some anxiety is felt lest the smallpox, prevalent at Nampa among the Japanese, will be communicated to this city.

Marine Intelligence.

New York, July 27.—Steamship arrivals: The City of Paris, from London. At Southampton—Aller, New York. At London—Spain, New York.

A STUBBORN DEADLOCK.

Disagreement Over the Sundry Civil Bill.

World's Fair Appropriation the Bone of Contention.

Filibustering Tactics in the House in Full Swing.

No Prospect of Adjournment to Night. The Senate Passes the National Highway Commission Bill.

Washington Notes.

By the Associated Press.] WASHINGTON, July 27.—The house adjourned this afternoon with the filibustering movement in full swing and no light ahead.

The most outspoken of the filibusters say plainly that they will see the sundry civil bill killed before the appropriation for the world's fair shall carry. Some Republican members are charging that it is the part of the policy of the majority to permit the sundry civil bill to fail unless the senate backs down on the world's fair appropriation.

For the reason that it will enable a better prima facie contract to be made between the appropriations of the first session of the fifty-first, and the first session of the fifty-second congress.

Most of the members of the house are as much interested in adjournment as in the fair appropriation, and tomorrow an adjournment resolution may be brought in. If passed, it will be for the senate to say whether or not it will stay here as long as the filibusters are willing to stay, and make the question of a fair appropriation a matter of endurance.

HOUSE PROCEEDINGS. The house resumed consideration of the sundry civil bill today. The first action was a vote on the motion made by Bankhead yesterday, to reduce the appropriation for the world's fair from \$5,000,000 to \$5. The motion was defeated, 60 to 113.

Action occurred on Bingham's motion to commit in the senate \$5,000,000 appropriation. Holman seeing the vote was against him, changed his vote in order to move a reconsideration. The vote was then announced 117 for the fair appropriation, 107 against.

Holman moved to reconsider. Bingham moved to lay that motion on the table, and the filibustering then began.

Outwitted, pending the vote on Bingham's motion, moved to adjourn until Monday.

Bailey of Texas moved to adjourn till Saturday.

Seventy-seven of the opponents of the world's fair proposition refrained from voting, and Bailey's motion was lost—yeas 4, nays 143.

The point of no quorum was raised, and Bingham of Pennsylvania moved a call of the house, which was ordered, after some more filibustering. Two hundred and twenty-eight members responded.

Bingham offered a resolution revoking all leaves of absence except on account of illness. The resolution was subsequently withdrawn, however, and the house adjourned.

IN THE SENATE. In the senate today, three speeches were made on the anti-opium bill. Coke assailed it for its unconstitutionality, but advocated a substitute offered on behalf of himself, George and Pugh. Mitchell made a legal argument in support of the constitutionality of the bill, and Palmer argued against it as an invasion of the police rights of the states.

No attempt was made to have a vote on Wolcott's motion to refer the bill to the committee on finance, and when Washburne tried to get unanimous consent to have the time fixed for the final vote an objection was interposed by White.

For some weeks past numerous petitions have been presented in the senate, and referred to the committee on foreign relations, with reference to the imprisonment in England of Dr. Thomas Burne tried to get unanimous consent to have the time fixed for the final vote an objection was interposed by White.

For some weeks past numerous petitions have been presented in the senate, and referred to the committee on foreign relations, with reference to the imprisonment in England of Dr. Thomas Burne tried to get unanimous consent to have the time fixed for the final vote an objection was interposed by White.

The senate bill facilitating the enforcement of the immigration and contract labor laws passed. Adjourned.

HAWAIIAN CABLE.

The result of the survey for the Hawaiian cable, as shown by a report sent to the senate today by Secretary Tracy, prepared by the hydrographic bureau, indicates that a practicable route can be easily selected. It is believed the knowledge obtained establishes the fact that the laying of a cable on almost any line between California and the Hawaiian islands is practicable.

The most favorable route, however, will be between Monterey bay and Honolulu.

APPOINTED AND CONFIRMED. President Harrison today nominated W. R. Sperry as minister to Persia.

The senate today made the following confirmations: Watson A. Sperry, of Delaware, minister to Persia.

Truxton Beale, California, minister to Roumania, Serbia and Greece. A. Barton Hepburn, New York, comptroller of the currency.

Leonard Corbett, postmaster at Santa Paula, Cal.

Gladstone Arrives in London. LONDON, July 27.—Gladstone arrived today. When he alighted from the train at Euston station, he was given an ovation by thousands of his supporters who gathered on the station platform to greet him. Gladstone looked in good health and smilingly acknowledged the reception.

Death of Viscount Sherbrooke.

LONDON, July 27.—Viscount Sherbrooke, better known as Right Hon. Robert Lowe, died today.

The building boom has caused the removal of H. A. Getz's fine tailoring 125 W. Third to 112 W. Third street.

COLORADO FUSIONISTS.

The Silver League and People's Party Likely to Unite.

Denver, July 27.—The People's party state convention, to nominate a full ticket, met this morning. R. R. Pratt was temporary chairman. Committees were appointed, including one of fifty to confer with a like committee of the silver convention, relative to a joint ticket.

A number of silver speeches were made, and a recess taken until this afternoon. At the afternoon session, the joint conference committee from the convention and the silver meeting reported a list of names, recommending that the convention elect its candidates from it.

When the list was read, Delegate Childs said he did not know half the names, and after some discussion an adjournment was taken until tomorrow to discuss the matter.

The silver convention met again today, and after transacting some business, adjourned until tomorrow to await the action of the conference committee of the People's party.

Mrs. Lease and General Weaver addressed another immense audience at Coliseum hall tonight, on the issues of day, principally free silver. General Weaver hoped to see men assert their manhood next November, and vote for the People's party, as their salvation.

A large collection of silver dollars was taken up.

A Brutal Husband's Crimes. WILKESBARRE, Pa., July 27.—Alexander Eggleston's wife left him some time ago because of brutal treatment. Today he shot and killed her, made an ineffectual attempt to kill his son, and then suicided.

ALL ACCOUNTS CLOSED.

A STOCK GAMBLING TRAGEDY IN PHILADELPHIA. Broker Charles H. Page Shot by His Ruined Customer, Ronald Kennedy, Who Then Killed Himself.

PHILADELPHIA, July 27.—Stock gambling brought about a tragedy today, as the result of which Charles H. Page, a well known broker, lies dead at his home, assassinated by a customer, Ronald Kennedy, who closed his own account with the same weapon that ended the broker's career.

No one witnessed the tragedy. A clerk named Hollowell was leaving one of the offices when Kennedy came in. Knowing Kennedy as a customer, Hollowell paid no attention, and went out. He had gone but a few paces when he heard two shots and rushed back, just in time to see Page gasp his last breath. He had been shot in the back while
