

THE DADDIES ARE TRIUMPHANT.

They Win Another Game From the Angels.

A Close Contest That Was Stubbornly Fought.

Luck Is With the Visitors—Scientific Pitching—A Double Bill for This Afternoon—Notes About the National Game.

Those who attended yesterday afternoon's game of baseball at Athletic park saw a most exciting battle between the pitchers, and a game with a correspondingly low score. Both Knell and Balz were in excellent form, and there was but one inning when a base hit was followed by one of its kind. The deadly base on balls, however, got in its work for the first two runs that were made and a little error of judgment lost the game in the last half of the eighth inning. Up to that time honors were easy, so far as runs were concerned, although Knell had more strike-outs and fewer base hits against him. But both had let a man go to first in a walk who eventually reached the plate. With these exceptions it was a shutout ball they were both pitching.

In the third inning Phil let Kid Hulen walk to first. Balz followed with a little tap to Knell, which should have been good for a double play, but the latter seemed to lose his head and finally threw too low to Sharp at second to head off Hulen, and both were safe. Stafford forced out on second on an easy one to F. Sweeney, which also sent Hulen to third, and the youngster scored on Rasty's single to right field.

The San Francisco scored one in the sixth inning on a base on balls to Levy. Sharp followed him with a double near the left field foul line, and Ritz's single to center sent Rube home. Sharp also tried to score on the same hit, but was put out at the plate by a fine throw out of Rasty's choice collection for such occasions.

But the game was settled in the last half of the eighth inning in a most peculiar manner. Dan Sweeney had reached first on a single and went to third on Levy's hit. Sharp then sent one down to Glenalvin, who returned it to the plate in time to catch the midget, Levy taking third on the play. The awkward part of the whole business came in when Sharp tried to steal second. The ball was thrown to second, and while Glenalvin and McAnley were making an ineffectual attempt to run Sharp down between first and second, Reuben scored his second and the winning run.

SWATTELS.

Notes and Gossips About the National Pastime.

Louie Balz surely has a kick coming. There will be a double programme this afternoon, and patrons at Athletic park will see two games played for one admission. The first game, with McNabb and Fanning as opposing pitchers, will be called at 1 o'clock. Just as soon as the first game is ended the second game will begin, with Balz and Knell in the points. This is an attraction seldom offered in Los Angeles, and it will doubtless be duly appreciated.

Knell seems to have some of the Angelic batmen on his list. Glenalvin cut off two swats yesterday that looked like safe hits and turned them into the potent column. The University baseball club went out to El Monte Saturday and played the club from that place. The game resulted in favor of the University by a score of 12 to 2. Bentley and Van Horn acted as the University battery, while Clemenson, Wiggins and Martin did the battery work for the Monte boys. Bentley had 11 strike-outs to his credit, and Clemenson one. The El Monte's got three hits off Bentley and Clemenson was wiped out for 12 hits by the University fellows.

The Dukes Again Shut Out. SAN FRANCISCO, Oct. 29.—Oakland again shut out San Jose this afternoon, the score being 2 to 0. It was the same story as yesterday, San Jose being unable to hit safely. Both teams played a fine fielding game, and Oakland did not make an error. The feature of the game was that Harper caught four men napping off bases.

Varsity Football Contests. NEW HAVEN, Conn., Oct. 29.—Yale defeated Tuft's college today, 44 to 0. BOSTON, Oct. 29.—Harvard defeated Amherst, 32 to 10, today, but the fact that Amherst was able to score so many points is very disheartening to the Cambridge team.

New York, Oct. 29.—Princeton defeated the Wesleyans today, 60 to 0. It was the first championship game of the season.

Football Season Opened. SAN FRANCISCO, Oct. 29.—The football season opened here today with a game between the University of California and the Olympic club teams. The Olympic club won after an exciting contest, by a score of 20 to 10. A big crowd was in attendance.

OH! PEACE AND JOY

The Republican Primaries Held Throughout the City.

Delegates Elected to Name Candidates for Municipal Offices.

C. M. Wells Falls to Carry His Own Ward—It Goes to Hazard—Aldermanic Candidates Named in the Several Wards.

The Republican primaries were held throughout the city yesterday, and taken as a whole they were exceedingly quiet, although quite a large vote was polled. The principal contest was over the mayoralty, and the result, while it does not determine the nominee, eliminates several factors from the fight. O. M. Wells failed to carry his own ward—the Third—and that knocks him out. J. Q. A. Tutts' strength failed to materialize outside of his own ward, and he is not believed to be in the race. This narrows the struggle down between Hazard and Summerland, with the latter apparently in the lead. In every ward the voters expressed their choice for the council and the school board directly. Below is a detail of the result:

FIRST WARD. In the First ward 261 votes were cast and the following delegates were elected: Harry Bridges, F. W. Steddom, E. T. Shoemaker, John Horner, J. B. Liveridge, Scott Reynolds, Homer Kennedy, W. Everett, Nathan Cole, Jr., J. V. Wachtel, L. M. Brown, R. A. Ling, H. G. Brainerd, R. E. Palmer, F. J. Cooper, J. S. Herwick, C. H. Ward, M. Houser, H. B. Dibble, W. I. Shanklin, William Hawks. E. Munsey was nominated for councilman and F. W. Steddom for the school board. The delegates were divided for mayor but for F. R. Willis for city attorney.

SECOND WARD. In the Second ward 611 votes were cast, and the following ticket was elected: C. E. Day, G. A. Dobinson, J. W. Long, F. N. Townsend, F. A. Gibson, George Hall, F. Christopher, C. C. Bonnell, M. E. Conneland, A. H. Merwin, B. L. Hess, M. J. Blaisdel, Smith Oliver, T. F. Phillips, S. G. Millard, G. S. Clarke, C. O. Morrison, F. T. Hughes, W. A. Spalding, H. H. Moorhead, W. J. Hamilton. O. Morgan received 159 votes for councilman, J. M. Frew 138, B. W. Spears 121, George L. Pierce 113, Charles Seamans 80. Dr. W. L. Willis was nominated for member of the school board.

THIRD WARD. In the Third ward there was a lively fight, but the Hazard ticket won over the Wells ticket, but here Summerland is credited with six or seven votes. There were 687 votes cast. The delegates are: A. E. Pomeroy, J. M. Witner, M. G. McKoon, Chas. T. Parsons, George Simons, W. T. Myers, W. E. Bacon, S. A. Carlisle, O. F. Hunter, Fred B. Manchester, A. K. Crawford, H. In this ward the judges and clerks enjoyed a pleasant diversion. A. M. Austin kindly furnished them with a bounteous repast.

EIGHTH WARD. It was one of the tamest primaries ever held in the Eighth ward. Only 462 votes were polled. The delegates are solid for Summerland for mayor. In the aldermanic fight considerable interest was manifested. Jacob Shaffer won, receiving 172 votes, to 162 for W. N. Bailey. C. He was found guilty of stealing a coat in a saloon, evidently providing against the coming cool weather.

TURBULENT TOLLERS.

Labor Disturbances in Paris and at Carmaux, France.

The mob then tried to march to the chamber of deputies, but was stopped.

The striking miners of Carmaux have renewed their resolution to continue the strike. Clemenceau, Pelletan and Millerand, who were selected by the miners to represent them in the arbitration proceedings, have gone there for the purpose of arranging a settlement of the difficulty.

FEARFUL DOUBLE TRAGEDY.

An Old Blind Lady Kills Her Grandchild and Then Herself.

KANSAS CITY, Mo., Oct. 29.—A fearful double tragedy was enacted tonight at the home of Mrs. Fred Seiger in Kansas City, Kansas. The old lady, who was 65 years of age, and totally blind, killed her 4-year-old grandson and then suicided. She thought the little grandson was subject to abuse at home, and killed him to free him from trouble. She was undoubtedly insane. The boy was a son of Frank Pauckner of Brooklyn, who four years ago shot his wife in a fit of jealousy, and thinking he had killed her, committed suicide. Mrs. Pauckner recovered and gave birth to the child who was killed tonight.

DOCKWEILER'S "HEADWORKS."

Some Years They Would Be Too High to Carry Water. People who have experience with the Los Angeles river, running back 25 or 30 years, object to the \$526,000 bond proposition upon the ground that there has frequently been years of such a low stage of water in the Los Angeles river that there would be no water whatever to supply the "headworks" proposed by Engineer Dockweiler at the point where he intends to take it from the pipes. The following affidavits have been made upon this subject by men who have had a long experience with the Los Angeles river:

AFFIDAVIT OF J. W. COOK.

On this 25th day of October, 1892, personally appeared before me J. W. Cook, who, being duly sworn, says and deposes that he has been a resident of Los Angeles county, in the state of California, for the 22 years last past, and that he was employed by the city of Los Angeles as a deputy ranger during the years 1878, 1879, 1880 and 1881; that his duty was to take care of the ditch known as the canal and reservoir ditch, or the main supply ditch, which takes its water from the Los Angeles river near the northern boundary of the Los Feliz rancho. That at times during the period of his incumbency of this office he has seen the water in said river so scant that there was not sufficient to supply the needs of the irrigators using water from the ditches supplied by the aforesaid main supply ditch, and that he has seen the total quantity of water flowing in the river at the point of diversion of said ditch as low as 600 inches. J. W. Cook.

Subscribed and sworn to before me this 25th day of October, 1892.

ANTHONY SCHWAMM, Notary public in and for the county of Los Angeles, state of California.

AFFIDAVIT OF WILLIAM MOORE.

On this 25th day of October personally appeared before me William Moore, being duly sworn, deposes and says that he has been acquainted with the Los Angeles river for the last 39 years. I have had occasion to make it a study from the fact that I have been employed upon nearly all the ditches taken out of the river since 1868. I made the ditch of the Canal and Reservoir company. I started the ditch as high up the river as I thought prudent on account of the water flowing in the river at that time. At the time I made this ditch, which was in 1870, it carried all the water flowing in the river at that place where it was taken out at that time, and it was all used by the irrigators.

Subscribed and sworn to before me this 25th day of October, 1892.

N. LINDEFELD, Notary public in and for the county of Los Angeles, state of California.

Tasks That Must Be Done.

Nature has assigned important tasks to the liver and the bowels, and being mutually dependent upon each other for the regular and adequate discharge of these tasks, a cessation of work by one causes the other to lapse into inactivity. The tasks of secretion and evacuation must be performed, or the system is poisoned and diseased. Moreover, fatal inflammation of the bowels or abscess of the liver, or septicaemia, may result. It is allowed to go unheeded. The dangerous tendency should be checked at the outset with Hatcher's Stomach Bitters, an anti-bilious specific and laxative without a peer. Never does this medicine cause a quail of the stomach or uneasiness of the bowels. It does its reformatory work pleasantly, though with reasonable activity. It prevents malaria and malarial disease, kidney complaints and relieves dyspepsia and nervousness.

THE ORPHANS' FAIR.

The Close of a Most Enjoyable and Successful Event. The orphans' fair held during the past week at Armory hall closed last night. The hall was thronged during the entire evening, the largest crowd of the week being present. The majority of the fancy articles were disposed of. The crowd and the business transacted last night doubled that of any other evening during the week. There was some talk of continuing the fair Monday night and closing with a ball, but no definite conclusion was reached. A short program was given last night consisting of a Spanish dance by Ethel Stewart, violin solo by Joseph Bernard and selections by the orchestra. The ticket No. 37 won the Shetland pony, donated by Master Willie Donegan. About \$175 was realized from this single raffle. Constable Rodgers won the gold mounted revolver, and Martin C. Marsh captured the two pieces of statuary in the voting for sheriff. The Democratic central committee won the flag by a big majority. The exact amount realized is not known, but as it is larger than that of last year it will be in the neighborhood of
