

FLASHES FROM THE FATHERLAND

It Is Possible That the Army Bill Will Not Pass.

If So, Caprivi Will Resign and the Reichstag Be Dissolved.

The Czarevitch Mashed on an Austrian Princess - A German Military Band to Come to the World's Fair.

By the Associated Press. BERLIN, Nov. 26.—[Copyright, 1892, by the New York Associated Press.]—When the debate on the imperial budget opens in the reichstag Wednesday next some indication will be given as to the manner in which the parties are likely to range themselves on the army bill. The army estimate, prepared independently of the increased expenditures involved through the new bill, amounts to 585,000,000 marks, 12,500,000 marks over the amount contained in the last budget. There is an almost unanimous feeling among the members of the reichstag against proceeding with the army bill until the government's financial projects connected with the treasury are fully disclosed. The house will compel Chancellor von Caprivi to make an explicit statement during the discussion of the general estimates.

The National Liberal organs predict that the army bill will be defeated on first reading; that Caprivi will resign within a fortnight and that the reichstag will be dissolved. The government officials are confident that none of these predictions will be fulfilled. It is said that if the Centrist party are required their support will be bought by the chancellor agreeing not to oppose the Centrist measure permitting the return of the Jesuits to Germany.

Among the leading measures to be submitted to the reichstag is the emigration bill, which was first published last spring as a restrictive measure. This bill will aid the efforts of the Russian government to check undesirable immigration.

Court and diplomatic circles here are excited over the report that the czarevitch, during his recent visit to Vienna, paid marked attentions to Princess Maria Annunciada, daughter of Archduke Carl Ludwig, brother of Emperor Francis Joseph. The reluctance of the Russian heir apparent to marry, which greatly troubled the czar, is now believed to have been overcome.

Emperor William has at last consented to let a German military band visit Chicago during the world's fair. The best men will be selected for the purpose from the bands of the different regiments.

Emperor William has not quite recovered from the effects of his recent cold. The engagement is announced of Major Winslow, court marshal of the princess of Schaumburg Lippe, to Miss Stone, an American girl. Her father is well known in New York as the owner of fast horses.

THE MONETARY CONFERENCE.

General Interest Centers in the Proceedings of the Monetary Conference.

BRUSSELS, Nov. 26.—No meeting of the international monetary conference was held today, the adjournment yesterday being until Monday. General expectation centers on the plan to be submitted by the French to the child. The bi-metallicists are sanguine that it will form a basis for a solution of the questions before the conference. On the other hand, the mono-metallicists declare that in view of the position taken by the German and Austrian delegates and the probable attitude of the British representatives, the congress is certain to fail, and that it will only be a waste of time to prolong the discussion.

It was said yesterday that Rothschild's proposals would be made public today, but the text of the proposals is not yet completed. Rothschild says they will not be seen in their final shape until Monday.

Among the rumors in circulation, to which the delegates attach importance, is one that the various European powers will yearly buy silver to the minimum amount of 25,000,000, at prices to be fixed by general agreement, on condition that the United States continues its silver purchases to the extent of 5,400,000 ounces.

Notwithstanding the fact that Rothschild refuses to give out his proposals until Monday, the report is generally credited that they contain the statement that an international syndicate should be formed to buy silver until the normal value of the metal is established.

THE DEACON FAMILY.

The Wife Proposes a Compromise, Which the Husband Rejects. PARIS, Nov. 26.—The mother superior of the convent of the Assumption refuses to take back Gladys, daughter of Mr. and Mrs. Edward Parker Deacon, as ordered by the court. Mrs. Deacon now offers to give up Gladys to Deacon and not oppose his suit for divorce, provided he will give her their child Edith, now in America. Deacon is inflexible and has refused the proposition. Mrs. Deacon says she will go to America. Senator Leon Ferry has lately been paying considerable attention to Mrs. Deacon. His interest in her is causing gossip in Paris.

THE CANADIAN MINISTRY.

Sir John Thompson Called Upon to Form a New Cabinet. OTTAWA, Ont., Nov. 26.—Lord Stanley, governor-general, has called upon Sir John Thompson, minister of justice, to form a new ministry. Sir John has accepted and will announce his choice of advisers early next week. Sir John Abbott called his resignation as premier to the governor-general three days ago. The official statement is given out that Sir John, retiring on account of ill-health, recommended Sir John Thompson as his successor. Although there is no ministry, the cabinet ministers will retain their respective departments until a new cabinet is formed.

READING COAL COMBINE.

The Interstate Sub-Committee Continues Its Investigation.

New York, Nov. 26.—The sub-committee on interstate commerce continued its investigations into the Reading coal combine today. Vice-president Holden of the Lackawanna road testified freely as to the companies which met and fixed prices from time to time, but declined to say how the restriction of the output was accomplished.

Holden admitted that his company was represented at the tide-water meetings which were in the nature of conferences, and the various companies represented usually acted in concert. There was no agreement between them as to what the reduction of the output of each should be. There was some proce, however, by which the companies reduced the production to meet the public demand.

The witness also stated that the producers had no agreement among themselves, as far as he knew, by which they acted in harmony in fixing prices. He said since the existence of the combination there had been no material decrease in the output; in fact for 1892 it was already the largest ever known, and exceeded last year's output by 1,500,000 tons.

Congressman Patterson stated that the committee wanted to get at the fact, if it existed, that the companies acted according to an agreement in the matter of limiting production.

E. H. Head, president of the Pennsylvania Coal company, testified that his company was represented at the tide-water meetings, and said there was no agreement by which each company reduced its output proportionately. Adjourned until Monday.

CENTRAL AMERICAN TRAFFIC.

The Pacific Mail Rejoins the Panama Railroad Company.

New York, Nov. 26.—Action was instituted in the supreme court of the state of New York by the Pacific Mail Steamship company against the Panama Railroad company, yesterday, in an injunction was granted by Judge Truax, restraining the railroad company from in any manner, directly or indirectly, concerning itself, or conducting any service, whatsoever, by vessel from any port to any one or more of other ports lying between the ports of Panama and Acapulco, and inclusive of the last mentioned ports, and especially enjoining it from entering into any agreement or understanding with any company, or with the owner of any vessel, looking to the employment of any vessel for the transportation of goods, passengers, mail or otherwise, between the ports of Panama and Acapulco, and inclusive of said last mentioned ports, or for the performance of any business that may affect the business of the Central American line between Panama on the south and Acapulco on the north, in the Pacific ocean. An order was granted returnable next Tuesday requiring the defendants to show cause why the injunction should not remain pendente lite. The complaint, among other things, alleges that, ignoring the express terms of the agreement, and disregarding its duties as a common carrier, the railroad company proposed to enter with a Chilean company, giving it exclusive privileges, especially that of leasing bills of lading and encouraging it in direct competition with the existing line, and for the purpose of excluding the latter from Central American trade.

THE PINKERTON INQUIRY.

Robert Pinkerton Before the Congressional Committee.

New York, Nov. 26.—Senatorial investigation into the Pinkerton agency and Homestead riot resumed here this morning. Robert Pinkerton testified that the men sent to Homestead were all citizens of this country. Most of those from the east were known by him to be thoroughly reliable. He had assurances that the men sent would be deputized by the sheriff at the first sign of trouble, otherwise he would not have sent them. He did not know why they were not.

ROSECRANS'S REPORT.

How the Civil Service Works in the Treasury Department.

WASHINGTON, Nov. 26.—The report of General Rosecrans, register of the treasury, says regarding the operations of the civil service law, that the most important betterments during the year were those initiated by the president's order of December 4, 1891, aiming to put each clerk's efficiency record beyond the reach of accidents which the minds of the chiefs may be liable to make in recording standings. Rosecrans suggests that some defects be remedied, among other things degrading competitive examinations and holding that a monthly record of efficiency is greatly superior to the hap-hazard results thereof.

DETERMINED DERVISHES.

The Fanatics Make a Savage Attack on an Egyptian Fort.

SUAKIM, Nov. 26.—The attack made by the Dervishes on Fort Tamrin, near Tokar, was very determined. A body of cavalry cut a road leading to the fort, in order to prevent reinforcements from reaching the Egyptian garrison. The Dervishes then directly attacked the fort. The Egyptian regulars opened a brisk fire and the Dervishes were literally mowed down. One hundred were killed and a large number wounded.
