The National Law Mill Resumes Grinding.

Sherman's Fur Seal Bill Passes the Senate.

Fillibustering the Order of the Day in the House—Arguments for and Against Sunday Closing of the Wor. of Fair.

By the Associated Press.

WASHINGTON, Jan. 13.—In the senate today, Sherman, from the committee on foreign relations, reported back his bill to extend to the North Pacific ocean the provisions of the statutes for the protection of seals and other fur-bearing animals. The bill passed.

Sherman, in making the request, explained that in view of any judgment which may be made by the tribunal of arbitration next summer in regard to the seal fisheries, it will be necessary to authorize the president to extend the present law, which only applies to the Bering sea, to the North Pacific ocean.

Morrill said he made the motion that the joint resolution introduced by McPherson to suspend the purchase of silver bullion be referred to the committee on finance.

Stewart of Nevada opposed the motion on the ground that several senators desired to reply to McPherson's speech, and inquired whether the motion was open to debate. The vice-president said it was. Stewart said he would like to make a few remarks upon the subject.

Teller asked Morrill to withdraw his motion in the interest of fair discussion. Morrill said he had no objection to the request of McPherson, and had no interest in the matter personally.

After the McGarraban bill was taken up, and Mills delivered a speech against it, it went over till Monday, and the anti-option bill was taken up, the pending question being the amendment offered by White of Louisiana, to strike out the provision of section 2, "that a contract or agreement shall not be made, settled for by delivery or settlement of difference, or by any other mode of performance or settlement, in or upon any board of trade," etc. The amendment was rejected: Yeas, 15; nays, 32. So the proviso was retained in the bill.

Vilas of Wisconsin moved to end the second section by adding the words "and does not in good faith intend to purchase and deliver the articles contracted to be sold and delivered according to the terms and requirements of such contract." He said the purpose of his amendment was to distinguish legitimate transactions from gambling operations.

Washington said he was satisfied that the effect of the amendment would be disastrous to the bill, absolutely destroying its purpose.

White supported the amendment, and George of Mississippi opposed it. Palmer of Illinois spoke against the bill generally.

Vilas spoke in explanation and support of his amendment, and denied that it would defeat the object of the bill. After further discussion, the amendment went over without action.

Wilson of Iowa offered a resolution, which was agreed to, calling on the secretary of the treasury for a copy of the opinion of the law officer of his department, under which he was disbursing 5,000,000 sovereign coins in aid of the Columbian exposition, conditioned on Sunday closing; also a copy of the regulations as to the issue and delivery of the coins.

Adjourned till Monday.

HOUSE PROCEEDINGS.

Fillibustering by Republicans Against Private War Claims.

WASHINGTON, Jan. 13.—Baker of Kansas introduced in the house today a bill for the free coinage of silver, making it unlawful for any person to make any contract, note, draft or bill payable in any specific coin or currency.

The Republicans filibustered all day against the consideration of the private war claims bill, with the result that nothing was accomplished.

Richardson of Tennessee, from the committee on printing, reported a concurrent resolution for printing 60,000 copies of the report of the agricultural department on the sheep industry and diseases of cattle for distribution by senators and representatives. Richardson had read by the clerk the following slip which he said was inserted in some books sent out by the agricultural department: "This book is mailed to you by J. M. Rusak, secretary of agriculture."

He said congress had passed a law prohibiting the heads of departments from sending out publications of bureaus with their compliments. This action of the secretary of agriculture was an evasion of the law. The resolution was agreed to.

SUNDAY OPENING.

The World's Fair Committee Hears Arguments Pro and Con.

WASHINGTON, Jan. 13.—The world's fair Sunday opening hearings were continued today before the world's fair committee.

Rev. Dr. Dudley, representing the cities of Scranton and Wilkesbarre, presented a petition 65 feet in length against Sunday opening. He read a letter from Governor Pattison expressing hearty approval of Sunday closing, and said the world's fair commission of the state of Pennsylvania voted the same.

Thomas Morgan, chairman of a special committee of the Chicago Trade and Labor assembly, appointed to aid the cause of Sunday opening, said they had only four weeks in which to work and received responses from 375 labor organizations, representing almost every city in the United States, all favorable to Sunday opening. In addition he represented the great American Turners' bund, which had petitioned 185 congressmen through their organizations, and also the German Saloonkeepers' association of Chicago (a statement which Rev. Joseph Cook and other Sunday closers greeted with jubilant cries of "Hear, hear!")

Morgan denoted emphatically that the clergy had any authority for the statement that the workingmen were against Sunday opening.

Rev. Dr. Thomas of Chicago argued that the matter of going to the world's fair on Sunday should be left to each person's conscience. Sunday opening was not a desecration of the Sabbath, as assumed by the other side. Business and pleasure were inseparable from any great movement or enterprise, but the fair was not a business project or vast show; the fair was a school and church for the exhibition of nature, man's progress, and appealed to the intellectual and moral life of the nation.

CLEARING HOUSE REPORTS.

A Week's Record of Business Done Through Banks of the Country.

NEW YORK, Jan. 13.—Following is a record of the volume of business transacted through the clearing houses of the principal cities of the United States, for the week ending Thursday:

Table with columns: City, Clearings, Per cent. Incr., Per cent. Decr.

Total for leading cities of the United States for the week ended January 6th, \$1,370,808,981, a decrease of 3.1 per cent, as compared with the same week of last year.

WIRE WAIFS.

John L. Merriam has been appointed postmaster at South Riverside, Cal.

The executors of the estate of the late J. M. Donahue have accepted the bid of J. and W. Seligman of New York of \$420,000 for 42,000 shares of San Francisco and Northern Pacific railroad stock. The Seligmans already own the remaining 18,000 shares of the road. William C. Graves, general manager of the road, has bid \$450,000 for the 42,000 shares.

Stewart of Nevada opposed the motion on the ground that several senators desired to reply to McPherson's speech, and inquired whether the motion was open to debate. The vice-president said it was. Stewart said he would like to make a few remarks upon the subject.

Teller asked Morrill to withdraw his motion in the interest of fair discussion. Morrill said he had no objection to the request of McPherson, and had no interest in the matter personally.

After the McGarraban bill was taken up, and Mills delivered a speech against it, it went over till Monday, and the anti-option bill was taken up, the pending question being the amendment offered by White of Louisiana, to strike out the provision of section 2, "that a contract or agreement shall not be made, settled for by delivery or settlement of difference, or by any other mode of performance or settlement, in or upon any board of trade," etc. The amendment was rejected: Yeas, 15; nays, 32. So the proviso was retained in the bill.
