

TO THE POLLS! UNION MEN OF JUNIATA

ARE YOU ALL READY?

For the contest to come off on TUESDAY, 8th day of November next. If not, we would say to our friends of the Union party, that in order to be successful we must be thoroughly organized!

Be Thoroughly Organized!

If we expect to be victorious, we must work!

We Must Work!

No matter how much the masses may sympathize with our principles or how popular the ticket we have in the field, VICTORY MUST BE SECURED

VICTORY MUST BE SECURED

Before the election, before the hour of voting by a close, regular system of organization through the operation of which every Union vote may be had to count in favor of the true principles of Freedom and Good Government. The Union men know that they have a

LARGE MAJORITY

In this State, and knowing this, they know and ought to feel their responsibilities. The prospect of success in this county was never more bright and cheering. A full vote will insure us

A GLORIOUS VICTORY

And it is the duty, and we hope every friend of the Union may esteem it a privilege, not only to vote himself, but to see that his

Neighbor Votes.

On all the issues now presented to the people, the Union party occupies the position which most and does commend it to the good sense and intelligence of the masses

LET EVERY MAN

Calculate to do his own duty well. Rely not upon township meetings or stump speaking. These things are well enough, but should not be depended upon as an ultimatum. Rather rely upon quiet, busy, persevering effort—rely prominently upon

INDIVIDUAL EFFORT!

Let every man WORK where he lives in his neighborhood, in his School District, in his township, have

THE NAMES REGISTERED

Our opponents are vigorously and actively at work. They will bring every man to the polls. They expect to reduce the Union majority and through our apathy and idleness, thereby carry the State. Shall we permit them to do it? We trust not. Let us NOT sleep at our posts. Let us

WORK!

Faithfully and diligently. We have a good cause and good candidates to labor for. We confidently appeal to the friends of the Union in Juniata county, again and again, to go their duty on this occasion. It will cost you but little time, and you will be better satisfied with the result.

Pull of your Coats

Then, and let nothing deter you from this great work.

UNION MEN TO THE POLLS

Be there ONE and ALL. No matter whether it rain, hail or snow—be on the ground in good season. Bring your friends. See the doubtful. Expostulate with them about selling their liberties and the control of the government to corrupt and Slave extending party who are trying to get you to vote against the Administration. Many a true hearted Democrat through mistaken motives may vote with the pretended Union Democrats.

TO BE DONE.

In 1862 we lost everywhere, by inactivity and over-confidence. This year, again, in Chester, Lancaster, Allegheny, &c., thousands of our men did not vote because they thought their candidates safe. Therein is our only danger. We have, probably, sufficient voters to elect President LINCOLN—but, if they remain at home on the 8th of Nov., and do not labor to "make assurance doubly sure," we may lose the day, as we did in 1862. The closeness of the home vote inspires our opponents with activity. They are much better marshalled than we—their organization is secret and unseen, but it is powerful, and brought out nearly every vote they had in October. Our side must arouse, and, by systematic, all-en

BE VIGILANT!

All this time. Are your committees—your captains and leaders—all appointed? Again we say, see that the friends of the Union, the Constitution, and the Laws be

THOROUGHLY ORGANIZED!

In every Township and School District, and vote for Lincoln and Johnson.

WHAT WAS DONE.

In the October Elections, Pennsylvania's vote, up to Saturday last, is reported as follows—

11,772 majority

for the Union side. The Home vote is not official, and the Soldiers' vote is yet one third behind. Thousands more will vote for President.

THE LADY'S FRIEND.

The November number of the MAGAZINE OF FASHION and BEAUTY, that it has already attained the aim of its publication is to rival the three dollar magazine in the quality of their engravings and contents. Thus it has given during the present year, in every number, a fine engraved and Colored Double Fashion Plate while its other numerous engravings are of the best quality.

The publishers say that it is only done by having a very large circulation, as money would certainly be lost on a small edition.

We have scarcely left ourselves room to speak of the November number, but we may briefly state that there is a beautiful and touching steel engraving, called "The Empty Cradle"—a very handsome Double Colored Fashion Plate—a quantity of other engravings some of them very pretty, and all very useful to the ladies—a piece of music, and the usual assortment of interesting stories, poetry, &c.

Price \$2.50; 2 copies \$4.00; 3 copies \$5.00; 5 copies \$6.50. Single numbers sent, postage paid, for 25 cents.—A Sewing Machine Premium is also given on certain terms. Address Deane & Peterson, 319 Walnut street, Philadelphia.

Now is the time to begin making up Clubs for 1865.

On January 18th last, in Congress, Hon. Green Clay Smith, of Ky., offered the following preamble and resolution:—

Resolved, That it is the political, civil moral and sacred duty of the people to meet it, fight it, crush it, and forever destroy it.

Mr. Pendleton, the candidate with McClellan on the Chicago ticket, voted against this resolution in company with fifteen others of his party.

"The Chicago Platform is quite as good as could have been expected."—Mobile Register.

"We succeeded to rid ourselves of the rule of the majority."—Jefferson Davis.

Just think of it! a political party appealing in behalf of its candidates and its principles to the cowardice of the American people! What an unpardonable insult to the bravest race on this earth—what fatuity in politics, inconceivable if it had not actually happened, incredible if it was not actually transpiring.

The way the Copperheads explain the arbitrary arrest of the Maryland Legislature, made by their "Little Mac," is that he was young and did not understand which was just and Constitutional! Bah! We fear he is too young by a number of years for the Presidency.

A brave young officer with General Sheridan, writing from Winchester, reports that one of our Generals, when he saw the rebel lines break and run at Fisher's Hill, exclaimed, "There goes another plank out of the Chicago Platform!"

The new Constitution of Maryland has gone into operation. Under it Slavery is abolished. The event was celebrated in Baltimore and other cities by the firing of guns, &c. The world moves!

The State of Nevada. The people of Nevada having formed a Constitution and State Government in conformity with the Enabling Act passed by Congress on the 21st of March last, the President has issued his Proclamation declaring that "the State of Nevada is admitted into the Union on an equal footing with the original States." Thus the Thirty-sixth Star is added to the constellation of our National flag.

This State will have three electors to elect for President. They are of course good for Old ABE.

Letter From the 49th.

WINCHESTER, VA. Oct. 22nd, 1864

MESSRS EDITORS: Before this will have reached you, I have no doubt, you will have learned the news of another great victory over the Rebels in the Shenandoah Valley. Sheridan has again won fresh and lasting laurels. On the 16th day of September, he encountered Gen. Early, and completely demolished his army. Early was relieved and Gen. Longstreet took command of the Rebel army, and after re-organizing it, on the 10th day of October, attacked our army. Gen. Sheridan was in Winchester on his way from Washington to the front, on the morning of the battle, but the heavy cannonading told him that something was wrong in front, and he started immediately for the scene of action, arriving there in time to prevent our army from being completely routed. It appears the Rebels took the 8th corps by surprise, causing them to scatter over the country in great confusion, losing some thirty pieces of Artillery, and in addition, about forty pieces of Rebel Artillery, between six and seven thousand prisoners, and a large number of wagons, ambulances, &c.

The first news that reached us was, that our army had been defeated and we would all be compelled to flee from the valley, and indeed, the citizens of Winchester laughed with joy at the idea of us having to evacuate this place, but when the news came of a Union Victory, it changed their tune immediately.

A correspondent writing to the Baltimore American would have the people to believe that the females of Winchester are perfect Naomies and Rachels, visiting the hospitals of our sick and wounded soldiers, and administering to their wants, but I think he is greatly mistaken, as they only visit the Rebel prisoners and Rebel hospitals as "ministering angels." There are, however, some loyal families living here, but they are like Argel's victims—"few and far between."

Our armies completely cleaned this valley of all kinds of food for both man and beast, and indeed it is a mystery to me to know how the inhabitants are to live here this Winter; for Winter is now here and many of them are already out of food. The stores keep nothing for sale but tobacco, and that is of a very inferior quality.

The Juniata boys of old company I, who did not re-enlist, having served three years, have been mustered out of the service to-day, and start for home to-morrow. Many of the brave boys who started out with them sleep their last sleep beneath the soil of old Virginia, and those who have been permitted to return home, deserve great credit for the manner in which they fought in defence of their country.

Yesterday evening I noticed eleven hundred Rebel prisoners who had just came in from the front. They look about like their so-called "Cousin Sam"—played out.

We had an election on the 11th inst., and the vote stood 181 Republican to 51 Democrat. We intend holding another one, and the result will be found by reading the above figures backwards. Nearly every man here is for "Old ABE," and I trust you at home are the same.

Your Friend, E. W. H. KRIEGER.

Desertions from the Enemy. The following is an extract from a private soldier's letter, dated Army of the Potomac, Oct. 22.

"It has been very quiet in our front of late with the exception of shotted salutes for victories, and the desertions of the enemy. 1,100 came into our lines in 12 days, and they say if Lincoln is elected they will desert by brigades. They say to prevent desertions, that every man who will shoot a deserter shall have a furlough so that every one who deserts has to run the risk of being shot, and some are shot. There was over 500 shots fired in our front last night and night before at deserters. These dark nights favor desertions."

TRIUMPHANT! The Copperheads Frozen Stiff.

Table with 4 columns: Name, Hall, Haines, Walters, Christy. Rows include Blair, Huntington, Centre, Millin, Juniata, Perry.

The Democratic papers of this and other counties in the district have been, since the election, stuffing their readers with the idea that they had carried the district, but now the official returns bears too much truth and hence, their silence.

These be Great Truths! The conspiracy is now known—votes have been raised, war levied to accomplish it. There are only two sides to the question. Every man must be for the United States, or against it. There can be no neutrals in this war—only patriots or traitors.—SITHEEN A. DOUGLAS, at Chicago, April 11, 1861.

What right has the North asserted? What justice has been denied? And what claim, founded in justice and right, has been withheld? Can either of you to-day name one single act of wrong, deliberately and purposely done by the Government at Washington, of which the South has a right to complain? I challenge the answer.—ALEX. H. STEPHENS, 1861.
