charcoal. As we have just remarked,

nearly all sick animals become so from

improper eating, in the first place. Nine

cases out of ten, the digestion is wrong.

Charcoal is the most efficient and rapid

correcting the acidity. But the attempt

to put it down always caused coughing

and it did little good. Half a teacup of

fresh powdered chargoal was next given.

gravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or nees.

Scrofulous poison is one of the most destructive enomies of our race. Often, this unseen and unfeit tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this SARSAPARILLA? St. Anthony's Fire, Rose or Erusipelas, Tetter, Sait Rheum, Scald Head, Ringuorm, Sore Eyes, Sore Ears, and other eruntions or visible forms of Nerofulous disease. Also in the more concealed forms, as Duspepsin, Drepsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems.
