LETTERS on the subject of the Washington Lottery, being by mistake repeatedly addressed to the Commissioners for the City of Washington.
Persons concerned are hereby informed, that all such should be addressed either to W. Deakins Jun. of Washington, or to the Subscriber. The commissioners never having contemplated any further concern in this business, than in their consent to receive the bonds and approve the names of the managers. The prizes have been paid and are paying on demand by W. Deakins, Washington, Peter Gilman, Boston, and by the Subscriber.
For the Lottery No. 2, the securities already given will be retained by the commissioners, or transferred by them at their option to the bank of Columbia; and the commissioners will be consulted respecting a judicious and equitable disposition of the houses to be built thereby; their treasury or the bank of Columbia will receive the money intended for the National University, and they will be consulted in the nomination of the 24 managers; but all the responsibility respecting the general disposition of the tickets, and payment of prizes, will rest as in the Hotel Lottery, on the persons whose names are and may be hereafter published as assistants to forward this business with
S. BLODGET.
N. B. Mr. Blodget will be particularly obliged if those persons who possess prizes yet unpaid, will apply for their money as early as possible.

One thousand Dollars REWARD.
Some few Counterfeit Post-Notes of the Bank of Maryland, having been lately discovered in circulation, and on tracing the same were found to come from the back parts of Virginia, where they probably first issued; to avoid imposition it is thought necessary to give the following description of them, by which they may readily be detected.
They have the letter D. for their alphabetical mark, at the left hand side of the Note.
The paper on which they are printed is more soft and tender, the strokes of the letters, in the engraving are in general fronger, and have a darker appearance than in the bills.
The signature William Patterson, is badly done, the strokes of the letters, are stiff and labored, and appear to be printed over with the pen, as well as the flourishing of the name.
The value is left blank in the engraving, to be filled up in writing, so the sum may be more or less at pleasure.
No true Post-Notes of the alphabetical mark, above described, have been lately issued, and very few are now in circulation.
The above reward of One Thousand dollars will be paid to any person, or persons, who shall discover, or procure to conviction, the several offenders, or any of them, of the following description, viz.
The person or persons, who engraved the plate.
The printer, or printers of the said bills.
Every person who has acted as principal in any way in the counterfeiting and uttering the said bills.
WILLIAM PATTERSON, President of the Bank of Maryland.
Baltimore, April 8, 1794.
N. B. The printers in the neighbourly states are requested to republish the above.

Richard Johns } In the Chancery Court of the State of Maryland, May 26th 1794
John Wells and Mordecai Cole }

The Complainant hath filed his bill, for the purpose of obtaining a decree, to vest in him a complete legal title to two tracts of land, lying in Baltimore county, one called Painters-Level, containing 100 acres, the other called Prospect containing 50 acres. He states, that the said John Wells on the 16th day of March 1774 contracted to sell the said land to the said Mordecai Cole, &c. executed to him a bond for conveyance, that the said Cole, on the same day, executed to the said Wells a bond for the payment of the purchase money amounting to £675 Pennsylvania currency, that the said Cole hath since discharged the whole of the purchase money, and hath assigned to the complainant the said bond for conveyance; that the said Wells hath never executed a deed, agreeably to his contract but hath removed out of the State of Maryland, and now resides in the State of Kentucky.
It is thereupon, and at the request of the complainant, adjudged, and ordered, that he procure a copy of this order to be inserted at least six weeks successively, before the first day of August next, in the United States Gazette at Philadelphia, to the intent, that the said John Wells may have notice of the complainant's application to this court, and may be warned to appear here, on or before the first Tuesday in October next, to shew cause wherefore this court should not proceed to decree, agreeably to the prayer of the complainant, and to the act of assembly, for such cases made and provided.

AN ESSAY ON THE Natural Equality of Men,

Corrected and Enlarged, by **WILLIAM LAWRENCE BROWN, D. D.**
Professor of Moral Philosophy, and the Law of Nature, and of Ecclesiastical History; and Minister of the English Church at Utrecht.
Aliquid semper ad communem utilitatem afferendum. CICERO.
The First American Edition.
THE grand principle of Equality, if rightly understood, is the only basis on which universal justice, sacred order, and perfect freedom, can be firmly built, and permanently secured. The view of it exhibited in this essay, at the same time that it represents the influence of office, the tyranny of pride, and the outrages of oppression; confirms, in the most forcible manner, the necessity of subordination, and the just demands of lawful authority. So far indeed, from loosening the bands of society, that it maintains inviolate, every natural and every civil distinction, draws more closely every social tie, unites in one harmonious and justly proportioned system, and brings men together on the even ground of the inherent rights of human nature, of reciprocal obligation, and of a common relation to the community.
