This Lottery will afford an elegant specimen of the private buildings to be erected in the City of Washington—Two beautiful designs are already selected for the entire fronts on two of the public squares; from these drawings, it is proposed to erect two centre and four corner buildings, as soon as possible after this Lottery is sold, and to convey them when completed, to the fortunate adventurers, in the manner described in the scheme for the Hotel Lottery. A net deduction of five per cent. will be made to defray the necessary expenses of printing, &c. and the surplus will be made a part of the fund intended for the National University, to be erected within the City of Washington.
The drawing will commence as soon as the Tickets are sold, or at all events on Monday, the 22nd of December next: The money prizes will be payable in thirty days after it is finished, and any prizes for which fortunate numbers are not produced within twelve months after the drawing is closed are to be considered as given towards the fund for the University, it being determined to settle the whole business in a year from the ending of the drawing and to take up the bonds given as security.
The real securities given for the payment of the Prizes, are held by the President and two Directors of the Bank of Columbia, and are valued at more than half the amount of the Lottery. The drawing will be under the management of 24 gentlemen approved by the commissioners for the City of Washington, for the time being, and acting on oath.
S. BLODGET.

Distant Subscribers
For this Gazette, are hereby respectfully requested to pay up their Subscriptions to the first of January next. The Editor will be under the necessity of considering those who do not then renew their Subscription by paying Six Months in Advance, as declining to take the Paper any longer.
As there is a considerable sum due from remote Subscribers for the late half Weekly Paper published by the Editor, he most earnestly requests those who may be delinquent, to take the earliest opportunity of remitting him the balance they may respectively be indebted—the sums are individually trifling—the want of the Aggregate is severely felt.
