A PROPOSAL

BY William Young Birch,

AND

Abraham Small,

Of the City of Philadelphia,

FOR PUBLISHING BY SUBSCRIPTION,

THAT INVALUABLE WORK,

DR. RUSSELL'S

HISTORY OF

Modern Europe.

With an account of the Decline and Fall of the Roman Empire, the Rise of Modern Kingdoms, &c. &c.

THE great applause which this excellent book has received, is a fore proof of its merits. The vast sale which it has had for several years, is a fair criterion by which the public opinion of its worth can be known. During the life of the learned author, it went through the annual sale of a very large impression—every succeeding edition received some improvement the result of his deep researches and great judgment—he lived to make it as perfect as in the nature of things it could be—he is dead! Whilst the English language is read, the History of Modern Europe will retain its monument to his fame! It is as entertaining as instructive; as interesting as profound. The plan of the work is copious, but by a happy arrangement, the reader is at once presented with the cotemporary history of every part of Europe. The book now offered to the public is from the last and most correct copy, to which this shall be no way inferior.

IT CONTAINS—

An history of the decline and fall of the Roman empire. The rise of modern kingdoms, generally. A particular history of the French monarchy. Do. Spain from the dominion of the Visigoths. Italy, with the rise and progress of the Temporal Power of the Popes. Britain, from its relinquishment by the Romans. Ireland. The German empire, from Charlemagne. The empire of Constantinople to its overthrow. Empire of the Arabs. Rise and progress of the Turks and fall of the Greek empire. History of Portugal; View of the progress of Navigation; Conquests in the East and West Indies; Discovery of America, &c. History of Sweden, Denmark, Norway, Russia, Poland and Prussia: North-America, as connected with European history. A very comprehensive and highly useful chronology.

CONDITIONS.

- I. The whole shall be comprised in five large octavo volumes, printed in the best manner, on a superfine paper.
- II. It is intended to deliver one volume every two months, at the price of Two Dollars per volume in boards, payable on delivery.
- III. As it may be inconvenient to deliver them to distant subscribers in single volumes, those who wish it, may let them remain with the publishers until the whole are published.

The work is at press, and will be printed on a beautiful new type cast for the purpose. The encouragers of this undertaking may rest assured, that nothing now foreseen shall delay its regular procedure; so that in one year at farthest the citizens of the United States shall be presented with an American Edition of Dr. Russell's History of Modern Europe, equal to the English copy, and at a lower price.

WHEREAS by an act of Congress passed on the seventh day of May, in the year of our Lord one thousand eight hundred, the President of the United States is authorized to borrow, on behalf of the United States, from the Bank of the United States, or from any other body or bodies politic or corporate, or from any person or persons, and upon such terms and conditions as he shall judge most advantageous for the United States, a sum not exceeding Three Millions Five Hundred Thousand Dollars, so however, that no contract or engagement be made, which shall preclude the United States from reimbursing any sum or sums borrowed, at any time after the expiration of fifteen years from the date of such Loan. AND WHEREAS it is declared by said act, that so much as may be necessary of the surplus of the duties on imports and tonnage, beyond the permanent appropriations heretofore charged upon them by law, shall be pledged and appropriated for paying the interest; and also for paying and discharging the principal sum or sums of all the monies which may be borrowed according to the term or terms which may be fixed pursuant to the authority aforesaid. AND WHEREAS the President of the United States, did by an Act or Commission under his hand, dated the seventeenth day of May, in the year one thousand eight hundred, authorize and empower the Secretary of the Treasury to borrow on behalf of the United States, any sum not exceeding in the whole Three Millions Five Hundred Thousand Dollars, and to make such contract or contracts as should be necessary, and for the interest of the United States, in pursuance of the act of Congress above recited.

NOW THEREFORE, the undersigned Secretary of the Treasury, in pursuance of the act of Congress and the authority from the President of the United States above mentioned—Doth Hereby, on behalf of the United States of America, contract and engage in manner following, to wit: 1st. There shall be created a funded Capital Stock, to an amount hereafter to be designated by the said Secretary, but not exceeding Three Millions Five Hundred Thousand Dollars, which Capital Stock shall be divisible into shares of one hundred dollars each, bearing interest, at eight per centum per annum, payable quarterly at the Treasury of the United States, or at the Loan Offices, where the said Stock may stand credited, until the last day of December in the year eighteen hundred and eight.

2d. After the last day of December in the said year one thousand eight hundred and eight, and after reasonable notice to the creditors, which shall be given by an advertisement in some public newspaper printed at the seat of the government of the United States, the said Capital Stock shall be redeemable at the pleasure of the United States, by the reimbursement of the whole sum or sums borrowed and which may constitute the said Capital Stock, either at the Treasury of the United States, or at the Loan Offices where the same may stand credited.

3d. The credits for the said Capital Stock shall and may be separately certified in sums either for one hundred, four hundred, one thousand, four thousand, or ten thousand dollars, and the credits so certified shall be transferable by the creditors, or their attorneys, at the Treasury and Loan Offices respectively, in pursuance of the rules which have been or which may be established relative to the transfer of the funded Stock of the United States.

4th. A sufficient sum of the surplus of the duties on imports and tonnage beyond the permanent appropriations heretofore charged upon them by law—together with the faith of the United States, are hereby pledged for the fulfilment of this contract, in pursuance of, and according to the terms and conditions of the act of Congress herein before recited.

GIVEN under my hand, and the seal of the Treasury of the United States, at Philadelphia, this second day of June, (1800) one thousand eight hundred; and of the Independence the twenty-fourth.

OLIVER WOLCOTT, Secretary of the Treasury.

BANK OF THE UNITED STATES.

June 21, 1800.

Proposals will be received until the last day of July next inclusive, at the Bank of the United States, and the Offices of Discount and Deposit at Boston, New-York, Baltimore, Norfolk, and Charleston, for the purchase of One Million and Five Hundred Thousand Dollars of Stock, directed by the Secretary of the Treasury, to be issued in pursuance of the abovementioned contract. The proposals most advantageous to the United States will be accepted, but no Stock will be issued at less than five per centum advance, or one hundred and five dollars in money for one hundred dollars in stock. In case the sums specified in similar proposals shall exceed the amount of stock

offered for sale at the places abovementioned, they will be accepted, subject to a proportional deduction.
