GORMAN'S GRAND DEPOT

Genuine Reductions in CLOAKS AND WRAPS

For Ladies, Misses and Children.

We have made it a rule for several years never to carry any garments from one season to another, and at the new or reduced prices we have garments that are within the reach of every purse, however small.

It is impossible in our limited space to give a description of the goods or enumerate prices.

We are confident that you will find on examination that the prices are very acceptable—we mean by acceptable prices lower than the same quality of goods can be bought for elsewhere—at a saving from one-third to one-half.

We have a large number of them to select from and every one of them fashionable.

RECRUITING FOR PEIXOTO.

The Alleged Brazilian Agent is Active in Luzerne County.

WILKES BARRE, Jan. 1.—Old soldiers about town are considerably agitated by the visit of a man who says he is an agent employed to get recruits for the Brazilian army. He arrived here on Friday night and yesterday visited several veterans and tried to get them to join Peixoto's forces, but as yet he has obtained no recruits.

He gives his name as James Gordon and gives an address in a letter from Major Julian Rhodes, of Elmira, who is at the head of the agency. Gordon has received half a dozen promises of enlistment.

WAYNE COUNTY INSTITUTE.

Notes on the First Day's Work of the Institute.

HONESDALE, Jan. 1.—The Wayne County Teachers' Institute opened today under very auspicious circumstances. The enrollment of teachers still continues. At 4 p. m. 199 had enrolled. After the institute had been called to order the teachers were led in singing by Professor Cogswell, of Mansfield Normal school. Superintendent Kennedy gave the address of welcome, which was warmly received, but to which no one for some unaccountable reason, had the courage to respond.

Professor Charles H. Albert, of Bloomsburg Normal school, gave an interesting and instructive lecture on the "Fundamental Principles of Education." Professor Cogswell followed with a brief address on the subject of "Music and How to Teach It in the Public Schools," claiming that music was fast becoming an important factor in the training and instruction of children. He proceeded still further when he had the teachers arise and go through the primary breathing exercises.

The teachers seemed to resent this call to a practical application of the subject under discussion. The first response was half hearted and their arms arose and fell in a bashful manner; however, it is but just to say the institute is still organizing.

There is nothing more inspiring than the sight of Wayne county teachers when once thoroughly aroused, for then they enter into their work heartily and cheerily. Many familiar faces may be seen leading and participating in the work of the week. Professor Cass, ex state superintendent, of Tioga county, closed the work of the first day with an address on "Economy of Time in the School Room."

The speakers of this week are able and scholarly men, and their lectures will make this institute one of the best ever held in Wayne county.

The evening programme is attractive, interesting and will be instructive. Wallace Bruce in his lecture on "Scotland and Scotsmen" Tuesday evening will be one of the drawing cards. Don't fail to hear him.

Hood's Praises Itself

Kidney Troubles—Bright's Disease Cured

Now Able to Work and Sound as a Dollar.

Mr. John Saxton of Scottsdale, Pa.

"I do think Hood's Sarsaparilla is worth its weight in gold." For four years I suffered miserably with terrible pains in my back and trouble with my kidneys. The doctors thought I had Bright's disease. Many a time I had to give up work, and continually grew worse, and when I sat or stood down I had to be helped up. At last I had to give up and go to bed and remain six long weeks. It was then I began to take Hood's Sarsaparilla, and I soon found that it was helping me although I had been told nothing would help me.

I would have to die. But continued to improve till I am now in perfect health and have as good a back as any man in town. Today I can do a good day's work, and feel that Hood's Sarsaparilla was a God-send to me. I am as sound as the best dollar.

Hood's Sarsaparilla Cures

For that was ever made, and I want this statement put into print so that everybody can see what good it did me. Every word of the above can be proved by a score of people here who know how I suffered and how I have been cured. I took but six bottles. I think no one can praise Hood's Sarsaparilla as much as I will praise itself." JOHN SAXTON, Scottsdale, Westmoreland Co., Pennsylvania.
