[THE SCRANTON TRIBUNE'S Pittston department is in charge of J. M. Fahy, to whom news items and complaints may be referred.]

PITTSTON HAPPENINGS.

Terribly Told in Short and Interesting Paragraphs.

The blue bird, quoted as the harbinger of spring, was heard and seen in this place on Saturday.

The talk of employing four paid police to do continuous police duty about town, has brought forth a large crop of applicants.

This evening the town council will meet to transact such important business which has been long delayed. It is more than likely that the session will be an unusually stormy one, as harmony has not as yet healed the breach—if it ever will—between the reformers and anti's.

A team of horses attached to Pierce's cab, while standing at the Delaware and Hudson Cork Lane station on Saturday, became frightened and ran away. They were captured near the top of William street before any great damage had befallen them.

Beginning with tomorrow evening Rev. A. J. Farman, formerly pastor of the First Baptist church of this place, will conduct a series of gospel meetings in the West Side Luzerne Avenue Baptist church. The meetings will continue for two weeks and promise to be very interesting. Mr. Farman is well known to need any introduction. Since leaving here he was pastor at Johnstown after the flood and state evangelist employed by the Baptist General association of Pennsylvania and is now pastor of the Brandywine Baptist church, near the revolutionary battlefield in Delaware county, Pa.

Bicycle riding on sidewalks is becoming a nuisance. The quicker a quietus is put on it, the better it will be for pedestrians.—Journal.

Our neighbor evidently is not aware of the fact that the West Side authorities did put a quietus on it, but subsequently passed an ordinance permitting it.

The remains of the late Girard Hillers were laid to rest Saturday afternoon in the presence of a large number of relatives and friends. Rev. Dr. McAnally conducted the services. The pall bearers were J. L. Calk, Thomas Ford, J. C. Hitehner, Joseph Hileman, A. A. Brydon and C. H. Foster. Interment was made in West Pittston cemetery.

Ex-Engineer Lilly Smith, of the Lehigh Valley road, has purchased the Bartlett property on Butler street and moved his family therein.

All liquor licenses not taken out by March 15 will be revoked. This is the order of the court. There are yet 400 with the clerk.

Nos. 4, 10, 14 and Barnum shafts of the Pennsylvania Coal company, will resume work today, and all others will be idle until further notice.

Saturday night a party of roughs entered a watchmaker's place of business on North Main street and attempted to loot it. The proprietor, and a friend who happened to be present at the time, made it so uncomfortable for the roughs that they retreated in time to avert the services of an undertaker.

An order was posted at the Vulcan iron works Saturday placing the works on eight hour time until further notice. The order is the result of a strike in the trade and is the first serious effect of the business depression that has been felt by the Vulcan employes.

Brakeman James Gill, of Oak street, of the Lehigh Valley railroad, while making a coupling at Corton yard Saturday last, had his right hand crushed between bumpers and crushed so badly that the thumb had to be amputated.

Milo Howell, of Avoca, while driving up Water street Saturday morning his horse became frightened and ran away. The animal was caught near the old Seneca store. In the excitement a baby carriage and cart carried away two of the wheels. Fortunately no one was hurt.

The case of James McLaughlin, convicted of manslaughter, will come up for a hearing before the supreme court, Philadelphia, April 9.

The many friends here of Fred Godfrey, proprietor of the Valley House, Scranton, will be pleased to learn of his success since making the Electric City his abiding place. Fred is an old Pittston boy, having passed his school days here, while his father conducted the Eagle hotel. He has since been elected to council and has secured the lease of the Hotel Jermyn, which hotel men say is going to be one of the money makers of the state. About ten years ago Fred, with a few dollars in his inside pocket, took charge of the Valley House. Now he counts his money by the thousands. While other men were getting poor, Fred went on doubling his wealth every year. Some think it is a pity he got into politics.

Engene Mulligan cashier of the Second National bank, Wilkes-Barre, accompanied by his family enjoyed the hospitality of M. W. Morris, yesterday.

Miss Nona Kennedy, of Scranton, passed Sunday with friends in this place.

James Stone, janitor of the Lackawanna county court house, who on Thursday was stricken fatally with paralysis, was a brother of John Stone, of the West Side.

The congregation of the West Side Trinity church yesterday began to use the new hymnal of the Protestant Episcopal church, and contains many of the choicest lyrics of the Anglican communion. The musical edition of Rev. Dr. Hutchins, editor of the Parish Choir, has been adopted by Trinity church.

Engineer Ed Miller, of the Junction, who has been confined to the house with an attack of pneumonia for the past two weeks, along with other ailments, is expected to be around in a few days.

Injured by an Explosion. Max Sebeck, a laborer, was admitted to the hospital Saturday afternoon. He is suffering from injuries sustained from an explosion while at work on the Wilkes-Barre and Eastern road.

Democracy's Onward March. Philadelphia Press. Twenty-five years ago Germany had no national legislature, France had no free legislature, and Spain had but just taken the step toward representative institutions. As a matter of practical experience, no 25 years in history have seen popular rule spread so fast and far, or have seen a greater advance in wages, increase in comfort, or the stability of currency and contracts, or a more rapid enlargement of production in coal, iron, textiles, food, and all eroducts.

HENRY SCHOFERHALS, foreman Henry Krug Packing company, St. Joseph's, Mo., uses Dr. Thomas' Electric Oil with his men for sprains, cuts, bruises, chapped hands, etc. It is the best.

ARTIFICIAL DIGESTION.

A Scientific Discovery That is Changing Food To Life. CAREFULLY EXPLAINED.

Why it is That This Food When Taken Into the Stomach Does Not Have To Be Digested.

But a short time ago some eminent scientists made a great discovery. They discovered that fats and oils did not fatten thin people. Everything seems simple after some one has found it out. If we had thought, we would have remembered that for ages doctors have forbidden starch foods to people who wanted to get thin. Nobody knows why they didn't do so. Nobody knows why they all didn't do so now. But they are learning. More are recommending it every day. They are beginning to believe in Paskola, because Paskola is a starch food.

It has long been known that starch food is the most natural food for man. Of the four chief chemical divisions of human food, viz.: starches, fats, albumens, and salts, starch is the most important, fats the least important. If we only had starch we could do without fatty food. We would die if we tried to do without starch food.

Many people are dying today because their digestive organs cannot digest starch food. They eat plenty of starch but they can't digest it. They keep thin. They keep getting thinner. There is but one hope for them: Paskola.

One reason that Paskola will help them is because it is a pure starch food. Another reason is because it is a pre-digested food.

Nothing but starch food will ever make you fat, strong and hearty. Meat or albuminous food merely repairs waste tissue. But even if it were pre-digested it would not make you fat.

Paskola is only a pure starch pre-digested food, combined with natural natural vegetable ferments which aid the digestion of other food.

Paskola is the only starch food which will make a confirmed thin person fat. Paskola creates an appetite for other foods and helps your stomach to digest them. It also tones up and gives strength to the feeble stomach.

The old, old notion about fats and oils and fatty foods making a person fat is fast fading away.

The most eminent scientists and medical men have long since ceased to believe in it. The rank and file of the profession are fast following their example.

Even if fatty food could make people strong and fat, all the good it would do would be to well people, for it is only well people's stomachs that can stand it. Well people don't need food that will make them fat. They are generally fat already. If they weren't fat, they wouldn't be well.

It is just the people that need food that will make them fat whose stomachs can't digest fatty food. We can't eat that. Thin sick people have a very general and decided aversion to fats and oils. That ought to be sufficient proof to us that fat is not what they want to make them well.

Even the thinnest and sickest people like Paskola.

They like other starch food too. They probably eat a good deal of starch food. Nature allows them to do so. They have no decided aversion to it. This is proof that starch food is a good food.

The reason that the food thin people eat does not make them fat simply that they do not digest it. They are sick, they are sick and that is the sickness they suffer from. Most dyspeptics cannot even retain starch food on their stomachs. It ferments and forms a noxious gas. They are in the unhappy condition of needing starch food so badly that they are slowly dying for the want of it, and yet they cannot digest it. The most delicate stomach can retain Paskola.

The great difference between ordinary good starch food and Paskola is that Paskola is pre-digested. Paskola would make you fat if you hadn't a stomach. With a stomach no matter how sick it may be, Paskola makes you fat all the quicker. Paskola is superseding Cod Liver Oil, because it is pleasant to the taste and is far more effective in its operation.

A pamphlet giving full particulars respecting Paskola will be sent on application to the Pre-Digested Food Co., 39 Reade St., N. Y. City.

Rapidly Drawing to a Close. ONLY 20 DAYS

DEAR READER: Do you know which of the subjects in this circle your child will ask about?

Of course not; for he may be a genius on any one of them. But you cannot be prepared to answer him on all of them; if you were you would know everything.

And yet he should have his questions answered while he is eager, or he may lose interest in what would otherwise make him successful and, may be, famous.

Is it not better to tell the child that you do not know, if you don't, and invite him to help you look up the question in the Encyclopedia Britannica?

In this way he soon becomes an investigator.

Your child now has a chance to secure a set. THE TRIBUNE will supply this splendid library to you at 10 cents a day.

Scranton, Pa., Nov. 13, 1893.

The Encyclopedia Britannica, with American Additions and Revisions is a work every family should have. The price at which the enterprising TRIBUNE offers it to its readers, combined with the easy plan of payment, brings the Encyclopedia within reach of all. No one eager to own this most valuable compendium of knowledge need now complain that it is too costly. I have examined the work and find the print, paper and binding just what are wanted in a book of reference. Any plan that spreads the advantages of educational facilities deserves the patronage and consideration of the public.
J. C. LANGE,
Principal High School.

The offer, as extended by THE TRIBUNE, to furnish the Britannica at wholesale prices and on easy monthly payments can remain open but 20 days more.

Why wait for the last day and then subscribe because you know it's your last chance? You have resolved that you would have this great library...and such it truly is. Secure it now!

On receipt of \$4.50 we will send the complete set, the balance to be paid on easy monthly payments. If asked if you mean to possess this great work you unhesitatingly say, Yes! Our method is suited to the circumstances of all.

Remember, that it costs no more on the easy payment plan than if you paid cash! Start it on the "10c. a day" plan and any time you desire and circumstances will warrant you can close the account by one payment, as hundreds have done. The people who wait until they can lay down the cash are the people who are without an Encyclopedia.

The books can be seen any time during the day or evening at 437 Spruce Street. If you are fully occupied a volume will be sent to any part of the city for examination. In ordering by mail address all communications to

THE TRIBUNE E. B. Department, 437 Spruce Street.
