BIG BILLS FOR WATER.

Results of Litigation Between Gas and Water and Iron and Steel Companies.
THE ORIGIN OF THE DISPUTE.

Lackawanna Iron and Steel Company Feared that the Gas and Water Company Would Shut the Water Off From its Plant and Obtained an Injunction Restraining Them From So Doing.

Trouble with regard to water rent has broken out between the Scranton Gas and Water company, of which W. W. Scranton is president, and the Lackawanna Iron and Steel company, brother of the president of the water company, which claims \$200,000 from the Lackawanna Iron and Steel company for unpaid water rent.

In the early part of 1888 there arose a dispute of a similar nature between the Gas and Water company and the Lackawanna Iron and Steel company, which resulted in the water company shutting off the water from the iron company's plant. Litigation followed which was eventually compromised.

Some time ago the Gas and Water company presented a bill to the Lackawanna Iron and Steel company for \$20,000 as water rent from March 1, 1891, to Jan. 1, 1894. A bill was at the same time presented to the Lackawanna Iron and Steel company for water rent from the time it assumed control of the works on Jan. 1, 1891, to April 1, 1894, amounting to \$20,000.

The bills were not honored and some time later Henry Wehrum, chief engineer and superintendent of the works of the Lackawanna Iron and Steel company, met W. W. Scranton, president of the Scranton Gas and Water company, on the street. Mr. Scranton said:

"What about the water bills, Mr. Wehrum?"

"I don't know anything about them," was the reply.

"I wish you would tell your people they should pay their bills," then said Mr. Scranton. "I am tired of this business. I don't want to make any more trouble out of it. Tell your people that they should not be surprised to see the water cut off at any time." The above statement is taken from Mr. Wehrum's affidavit, filed yesterday with the injunction papers.

When this statement was reported to Mr. McKimney, it was determined to get an injunction to restrain the Gas and Water company from shutting off the water. The application for an injunction was made yesterday by Judge Edwards by Attorney Joseph O'Brien, who is associated with Attorney M. E. McDonald, of Harrisburg, as attorney for the Lackawanna Iron and Steel company, the complainant in the case.

The bill of complaint sets forth that on Aug. 31, 1874, the Scranton Gas and Water company entered into an agreement in writing with the Lackawanna Iron and Steel company to furnish the latter a sufficient supply of water for the works of all character on the east side of the Lackawanna. By the terms of this agreement the Lackawanna Iron and Steel company was to pay the Gas and Water company \$200 per month.

A DISPUTE AROSE
This contract remained in force until the latter part of 1890 or beginning of 1891, when a dispute arose between the parties as to the proper construction of the contract or the amount to be paid by the Lackawanna Iron and Steel company to the Scranton Gas and Water company for water.

By reason of the dispute the Scranton Gas and Water company entirely cut off the supply of water and also brought suit against the Lackawanna Iron and Steel company in the court of common pleas.

The latter company retaliated by filing a bill in equity against the Scranton Gas and Water company.

For the purpose of compromising and ending the litigation and preventing recurrence in the future, there was entered into between the said parties a supplemental agreement in writing, dated Feb. 10, 1891, by the terms of which the Lackawanna Iron and Steel company agreed to pay the Scranton Gas and Water company \$100 per month, payable in monthly installments on or before the fifteenth day of each month for the preceding month.

The water thus furnished was to be used for the generation of steam, for fire hydrants and hydraulics, and for stores and dwellings, and for other purposes in the iron and coal company was to obtain its supply from the Hoarling brook and Lackawanna river. The original contract was to remain in full force except as modified by the supplemental agreement and the gas and water company relinquished all claim to increased compensation prior to Jan. 1, 1893, and agreed to discontinue its suit against the iron and coal company, the latter company also withdrawing its action against the gas and water company.

PROVIDED FOR THE FUTURE
In the supplemental agreement it was set forth that "in case any dispute should arise between the parties as to the construction or performance of this agreement, the said water company shall not turn off or stop furnishing the water, nor shall the said iron company stop any of its stipulated monthly payments, but each party shall abide the decision of the courts thereon."

About Jan. 1, 1894, the Lackawanna Iron and Steel company succeeded the Iron and Coal company in the operation of the company's large manufacturing plant, and with the permission of the Gas and Water company the contract with the Iron and Coal company was assigned to the Iron and Steel company. Thereafter bills were presented monthly for water and paid.

On March 9, 1894, the Gas and Water company presented to the Iron and Coal company a bill claiming the further sum of \$25,075 on account of water furnished from March 1, 1891, to Jan. 1, 1894, and also on the same date presented to Lackawanna Iron and Steel company an additional bill for \$3,000 for water furnished between Jan. 1, 1891, and April, 1894. All of the water for which these bills have been presented, it is contended, is covered by the monthly payments made to the company in compliance with the agreement. The water company claims that these bills are for water furnished which is not provided for in the agreement between the parties. The complainant says it is about 4,000 men at work who will be thrown out of employment by the shutting off of the water supply, and that it will be prevented from completing contracts involving not less than \$200,000.

ELKS WILL CELEBRATE

Club Building on Franklin Avenue to be Opened in Appropriate Manner.
PUBLIC CAN INSPECT THE ROOMS.

The Opening Exercises Will Be Held on April 10 and 11—On the Evening of April 10 a Promenade Reception Will Be Tendered to Ladies—On the Following Evening Will be the Formal Opening.

Scranton Lodge, No. 121, Benevolent and Protective Order of Elks, will open their new building, 125 and 127 Franklin avenue, Tuesday and Wednesday, April 10 and 11. The office and its furnishings and decorations are certainly the handsomest of any of a like character in the immediate vicinity of Scranton, and probably surpass in the same respect any similar lodge in the country. The occasion of the ceremonies pertaining to the opening means two gala days for Elks and their guests.

On the evening of Tuesday, April 10, a promenade reception will be tendered to ladies at the new building between the hours of 8 and 9:30 o'clock. Baner's full orchestra has been engaged for the occasion, which, with a lavish and limitless floral display, will make the evening one long to be remembered by those who are fortunate enough to participate in its splendor. A supper will be served during the evening.

THE FORMAL OPENING
On Wednesday, April 11, will be witnessed the real, formal opening, and the programs as arranged by the reception committee leaves nothing lacking to make the festivities and display appropriate auspices of the Elks' future life under their new roof tree. The gentlemen composing this committee are Thomas Borrowman, E. F. Boyle, Thomas Moore, Senator M. E. McDonald and Samuel Sinter.

Between 10 o'clock in the morning and 3 o'clock in the afternoon, the public generally is invited to a reception at and examination of the new quarters. At 4 o'clock the Scranton Elks, the Grand Lodge officers and all visiting brother Elks will convene at the old club rooms, 119 Wyoming avenue, for the purpose of dedicating the new building, accompanied by the music of Baner's full band. When the new building is reached, dedicatory services of an impressive nature will be held. Commencing at 8 o'clock in the evening a social session, confined exclusively to members of the order, will occur.

There are still other details contemplated which will be announced later.

BEAUTIFUL INTERIOR DECORATIONS
Too much cannot be said in praise of the beauty of the interior decorations and arrangements of the new building. The second floor will be devoted to the everyday use of members. The ceilings, like the lodge rooms above, are paneled and decorated with stereorelief tastefully colored. An electric light fixture is mounted in the lobby. A boy will be constantly on duty at the head of the stairs in charge of two ample-sized cloak rooms. At the front is a reading room furnished in quartered oak, with tinted stereorelief walls. The parlor, also at the front, is lighted by three large windows, which extend nearly from ceiling to floor. The ceiling is oval paneled and tinted; the center panel contains a hand-painted symbol of springtime. A billiard and dining room, toilet room and dumb-waiter service are located on the second floor. The culmination of the architectural and decorative art, however, is represented on the third and upper floor, where are situated the lodge room and two banquet apartments.

THE LODGE ROOM, located at the front, occupies 3,000 feet floor space, 14 1/2 feet from front to ceiling and contains a balcony extending across the next end. An old-roose wainscoting extends about a foot feet and is surmounted by buff-colored walls to a stereo-frieze. Numerous panels adorn the ceiling in which light shades of blue, salmon, white, terra-cotta and buff colorings are happily blended.

OTHER FEATURES OF BUILDING
Throughout the building are distributed the latest ventilating appliances, selected for members, banquet and social affairs will be done on the lower floor, which will be occupied by P. Zaiger as a cafe and restaurant. Two bowling alleys and a shooting gallery will be conducted in the basement.

On the occasion of the opening it is expected that some of the most prominent Elks in the country will be guests of the local lodge.

SOL SMITH RUSSELL'S OPINION.
What the Well-Known Actor Says of the Frothingham Theater.

Sol Smith Russell, who dedicated the Frothingham Theater was so well pleased with Scranton's new house of amusement that just before going on the stage Tuesday evening he handed Manager Blackwood the following letter:

My Dear Sir:—It affords me pleasure to say that I find the Frothingham complete in every respect for the bringing out of plays of every kind. Its equipment is perfect. In lines of sight and seating it could scarcely be improved and for the presentation of quiet, domestic comedy, we have not found a more comfortable, more cozy, bright and comfortable.

Respectfully,
SOL SMITH RUSSELL.

THE ANNEXED TERRITORY.
Cut Asked to Attach It to Adjoining Wards of the City.

Mayor Council yesterday petitioned the court to take action with regard to attaching the recently annexed portion of Lackawanna township to the adjoining wards of the city.

The petition was accompanied by a map of the annexed district showing that it comprises 125 acres and abuts the Sixth and Fifteenth wards of this city.

The matter will be heard in court on April 9 at 9 o'clock.

Every member of Division No. 7, Ancient Order Hibernians, Board of Erie, is ordered to appear at the new hall, 421 Lackawanna avenue, at 7:30 a. m., Sunday, April 1st, to go to Holy Communion in a body.

NEW CITY COUNCILMEN

They Will Be Members of the People's Party.
THE OFFICERS TO BE ELECTED.

Select and Common Council Will Select Chairman and a City Clerk is to be Elected—Common Council Will Also Elect a Clerk—Those Who Have Been Named for the Positions to Be Filled.

Select and common council will reorganize next Monday morning at 10 o'clock and the officers for the year 1894 and 1895 will be chosen. From present indications Mr. Chittenden will succeed himself as chairman of select council, while P. J. Nealis will succeed Captain James Moir as chairman of the lower branch.

Both men will have opposition. At first it seemed as if A. T. Connell would contest Mr. Chittenden's title, but at this writing it looks as if Captain Kellou's name would be presented as the leader of the opposition. Mr. Chittenden is taking matters very calmly. At the caucus that nominated him eight Republicans were present and two others signified their willingness to acknowledge him as the caucus nominee. In addition several Democratic members have stated that between him and another Republican he would be their first choice and it seems very probable that next Monday's vote will be a repetition of a year ago.

In the common council P. J. Nealis has a majority of 5 as far as his party is concerned, but the question is will the vote stand this morning? It will be three ballots to decide at the caucus, and the final vote was 7 to 6 in Mr. Nealis' favor, one of Mr. Grier's men changing on that ballot. There is a possibility of the perpetuation of the ill, in which event the Republican nominees may be successful. E. E. Jonathan is mentioned as Mr. Nealis' rival.

MATTERS TO BE CONSIDERED
Immediately after the election of a chairman by common council, a clerk of that body will be chosen. Mr. Mahon, the present competent and capable official, is his party's nominee, having been chosen by a similar vote to that of Mr. Nealis.

The council will also meet in joint session to elect a city clerk, and so far no one has appeared who wants the position, so well and creditably filled by Martin T. Lavelle. Mr. Lavelle has been in the office so long that he is considered a permanent fixture, and in nominating him four years ago Mayor Connell, who was then in common council, termed him a walking encyclopedia of municipal law. Efforts have been made at various times to raise Mr. Lavelle's salary, but he would never sanction such a movement.

Mayor Connell's annual message to council will also be read Monday morning. What the tenor of the message will be no one can determine, but that it will be to the best interests of all classes of citizens is proven by the mayor's previous record. If the ideas he will suggest Monday will be as productive of good as those of one year ago, the mayor will have cause for self gratulation.

TO ELECT A CITY ENGINEER
A week from Monday night a city engineer will be elected for a term of three years. Joseph P. Phillips is a candidate to succeed himself. He is opposed by his old chief E. F. Biewitt, and the choice seems to be all in favor of Mr. Phillips, who has labored assiduously and given eminent satisfaction.

The men who step out of council are O. P. Miller, W. H. McDonald, F. D. Bevan, Patrick Golden, G. J. Duhigg, Victor Koon, George Ferber, Fred Swartz, J. W. Browning, James H. Kelly and H. M. Williams.

The new men are Wade Finn, M. V. Morris, Simon Thomas, M. E. Clark, John Reagan, Fred Darr, E. S. Godfrey, Charles Wagner, E. F. Wenzel, C. H. Schadt, M. J. Barnes, T. F. Noor.

GAVE EXCELLENT SATISFACTION.
Americans Abroad Pleased Large Audience at Reading.

The following telegram was received last night by Manager M. H. Burgander, of the Academy of Music:

READING, Pa., March 28.
Daniel Frothingham's large and excellent company, with superb stage details, gave excellent production of "Americans Abroad" to large, fashionable and highly delighted audience.

JOHN D. MISLER.
New Bride at Connellton.
The county commissioners yesterday examined the abutments for the new bridge at Connellton. It will be an iron structure with a 105-foot span. The iron for the bridge is now on the ground. It will be erected at once by the Grotton Bridge company of Grotton, N. Y.
