Of these magnificent art  
works may now be seen at  
The Tribune business office.

EIGHT PAGES--56 COLUMNS. SCRANTON, PA., THURSDAY MORNING, APRIL 26, 1894. TWO CENTS A COPY.

## CULTIVATE A LOVE FOR THE BEAUTIFUL BY TAKING THESE MULTICHROMES HOME

### CAPTURED AT FORSYTHE

Hogan and His Party Brought to a Standstill by United States Regulars.

### THE TRAIN STEALERS ARRESTED

The Northern Pacific Railroad Being in the Hands of the Receivers on an Action Brought by the United States Government, the Capture of a Train Becomes a Serious Offense—They Vanquish Marshal at Billings, but Are Halted at Forsythe, Montana.

St. Paul, Minn., April 25.—The Coxeyites were arrested at 12.30 by Colonel Page's troops at Forsythe, Montana.

WASHINGTON, April 25.—The seizure by Kelly's army of a train on the Northern Pacific railroad has been brought to the attention of the department of justice. This railroad is in the hands of receivers on an action brought by the United States and others, comes under United States jurisdiction to protect the interests of the United States in the railroad property this telegram was sent by Attorney General Olney this morning.

To United States Marshal Cronin at Billings, N. D. Enquire any injunction or other process placed in your hands by United States court for the protection of persons and property against lawless violence by employing such number of deputies as may be necessary. If execution is resisted by force which cannot thus be overcome, let the facts be telegraphed by yourself and if practicable, by the judge issuing process to the president with request for military assistance.

WILL MEET TROOPS AT FORT KOEGH. General Schofield this afternoon received a telegram from Colonel Swayne, at St. Paul, Minn., stating that he had ordered the troops at Fort Koegh to arrest the strikers on the captured train of the Northern Pacific railroad. Colonel Swayne says in his telegram that his best information places the 219-mile party at Stillwater, Mont., 200 miles west of Fort Koegh. If his information is correct, it is believed here that it will be quite impossible for them to pass Fort Koegh without arrest.

General Manager Kendrick of the Northern Pacific has received a special dispatch from Fort Koegh stating that United States troops are now guarding the Northern Pacific tracks seventy miles east of Billings. They are ordered to capture the train at any cost and to shoot down all men who resist. A bloody fight is feared.

St. Paul, April 25.—The Coxey train commanded by Hogan is now moving slowly eastward near the Little Big Horn. Troops are awaiting them at Fort Koegh. The distance between the two points is eighty-nine miles.

TROOPS IN READINESS. MILES CITY, Mont., April 25.—The government troops at Fort Koegh are in readiness to march at a moment's notice when the expected order is received to proceed to capture the Northern Pacific train now in possession of the 500 unemployed en-route to this place.

The authorities are being kept fully advised of the movements of the train by the Northern Pacific telegraph operators along the line. The probability is that the leaders will be returned to Butte under military escort. While at Livingston the engineer of the fugitive train went to the side track and took three empty box cars. While there Hogan got a message that the bluff three miles from Columbus had been blown up, causing rock to slide on the track. The men were ordered to take the Montana division tool car along and two more box cars were then taken from the side track.

The train started but broke in two in the middle. The engineer ran to the round house, left his old engine and took the best one on the division. Engineer Harmon is running the train. It is an old Union Pacific engine. The train carries firemen, brakemen, conductors, operators and men of every profession.

BILLINGS, Mont., April 25.—At 11 tonight the Hogan train had arrived at Forsythe, forty-five miles from Fort Koegh.

MINNEAPOLIS, Minn., April 25.—It is reported at 11.30 that the troops have left Fort Koegh to meet the industrialists near Rosebud.

OVER 6,000 IN LINE. WASHINGTON, D. C., April 25.—Reports have been received at police headquarters from the authorities of a number of pieces showing the strength of the various contingents now moving on Washington. A summary follows:

Kelly, Neola, Ia., 1,600 men; Frye, Terre Haute, Ind., 1,000 men; Frye's second division, McLeansboro, Ill., 800 men; Grayson, Flatwoods, Col., 100 men; Galvin, Loveland, O., 200 men; Randall, Chicago; contingent at Little Falls, Minn., 100 men; Bates, Mon., 200 men; Monmouth, 100 men; Ottumwa, Ia., 100 men; Sullivan's force, Chicago, 1,000 men; contingent at Anderson, Ind., 150 men; and Aubrey's force, Indianapolis, 700 men. Total 6,650.

### SEVEN FIREMEN HURT

Injured by Falling Timbers During a Fire in Memphis.

MEMPHIS, Tenn., April 25.—Seven firemen were severely injured by falling timbers in a burning building in this city last night. The injured are: John M. Dotan, left arm broken; Mike Cleary, bruised and internally injured; Jane Moore, leg crushed; Richard Burrows, burned and bruised about body and limbs; John Monahan, arm crushed; Thomas Meredith, burned and injured about head; William Whalen, body and leg crushed. Whalen was rescued from the ruins at 11 o'clock. He is seriously injured.

The fire broke out at 7 o'clock in the feed and grain store of W. J. Chase and spread all over the building in a few

### COKE REGION JOINS STRIKE

For the First Time Since 1891 the Works Are Nearly All Idle.

### THE SITUATION AT OTHER POINTS

Most of the Men Who Worked on Tuesday Have Dropped Their Picks. The Cambria Iron Men Refuse to Go to Work—At Mount Pleasant the Strikers Are Buying Quantities of Arms and Ammunition—The Citizens Terrorized—News from the Soft Coalers Elsewhere.

CONNELLSVILLE, Pa., April 25.—With the exception of a few works the entire coke region is out for the first time since 1891.

Most of the men who remained at work yesterday laid down their picks this morning causing a complete cessation of work in this section. The Cambria iron company's men, at Maconing and Atlas, refused to go to work.

The coke drawers agreed to draw the coke to prevent it from burning up. As soon as the coke is drawn the plants will be shut down. The Danbar Furnace company is operating the Hill Farm plant in full, and the Cambria company's Wheeler works are also running, but the men will come out as soon as the mob which is collecting at Trotter arrives.

These companies will not take the chance of having their property burned and will shut down when the mob arrives. The force of deputies on guard has been doubled at all the plants in this section. Committees were sent to all the Oliver plants to request the men to come out. As soon as these committees have returned and reported the mob will move on the plants that refuse to shut down.

STRIKERS PURCHASE ARMS. Along the Mount Pleasant branch nearly everything is shut down. Of the twenty plants in that section only four are reported working. The men at those works say they will come out today. The citizens are terrorized led the sheriff, in carrying out his determination to disperse all mobs, meets with armed resistance. The strikers purchased large quantities of firearms and ammunition yesterday.

At Bradford last night families fled from their homes to the country residences for safety. Deputy Sheriff Richards with a large force of men has been ordered to guard the works along the Mount Pleasant branch and has instructions to disperse all mobs.

LEBANON, Pa., April 25.—The great coke and coal strikes are playing havoc with the iron mills in this locality. The puddling departments of all the mills are shut down because the supply of coal is exhausted. The extent of the effect upon the iron industry will be determined by the length of the strike, coal being in special demand.

COLUMBUS, Ohio, April 25.—President John McBride said this morning that he had no news from the strike of the coal miners to give out. The only information he had was that obtained in the morning newspapers. The suspension had already arrested his expectations and promised to be general in a few days. It was remarkable that the so-called "river operators," who claimed that a suspension at this time of the year could not hurt them, had been the first to ask to be allowed to proceed with their work. A telegram was received from the district south of Piedmont, W. Va., this morning, asking that an organizer be sent there. They have struck.

### WHITE CAPS ON TRIAL

Georgia Moonshiners Protected Illicit Distillers Through Outrage. ATLANTA, Ga., April 25.—Eleven men, supposed to be white caps, were put on trial in the United States court here yesterday for several recent outrages. It is charged by the government that these prisoners are members of a gang in Gordon, Murray and Gilmore counties whose object is to protect illicit distilling.

The importance of this trial grows out of the extensive operations of this secret league, which is said to embrace 700 members among the mountains of north Georgia. Within the last two weeks eight whippings and one assassination have been reported. Incendiary fires and attempts to murder deputy marshals are also credited to this league.

### NEWS OF NATIONAL GUARD

Leaves of Absence and Honorable Discharges Granted.

HARRISBURG, April 25.—The following order was issued from headquarters National Guard: Colonel Thomas DeWitt Cuyler, judge advocate general, is hereby granted leave of absence from April 30 until May 16, 1894, also Lieutenant Colonel A. J. Drexel, Jr., aide de camp, from April 24 until May 16, 1894, with permission to go beyond the sea.

The following named officers are hereby honorably discharged from the date and for the causes set opposite their respective names: First Lieutenant Claude B. Pratt, inspector of rifle practice, Thirtieth regiment, resigned April 16, 1894; First Lieutenant Clark C. Middleton, Company A, Fifteenth regiment, resigned Jan. 17, 1894.

### CONFEDERATES' REUNION

Veterans of the Gray Assemble at Birmingham.

BIRMINGHAM, Ala., April 25.—More than 30,000 visitors are in Birmingham to attend upon the fourth annual reunion of the United Confederate Veterans which convened here today. The city is gaily decorated with national and Confederate flags. All the distinguished living ex-Confederates are in attendance, as well as the governors of five southern states, viz: Governor Jones of Alabama; Governor Turney of Tennessee; Governor Tillman, of South Carolina; Governor

### THAT TARIFF BILL APPEARS

It Again Occupies the Attention of the United States Senate.

### WILL BE CONSIDERED EVERY DAY

Arrangements for Prolonging the Battle—The Address of Mr. Aldrich, of Rhode Island—Not a Paragraph in the Bill That Does Not Strike a Cruel and Destructive Blow to Some American Industry—The Populists Resolutions Go Over House Proceedings Brief.

WASHINGTON, April 25.—A BILL and a resolution on the subject of expected arrival in Washington of Coxey and his followers were introduced by the Populist senators from Kansas and Nebraska. Mr. Peffer's bill is "to provide work for unemployed persons in the district of Columbia."

The work is to be begun without unnecessary delay and such persons are to be employed in it as have no other present employment and who desire to work at a daily wage of \$1.50 per day of eight hours. The act is to remain in force till April, 1895.

The bill was referred to the district committee. Mr. Allen's resolution was an assertion of the right of citizens of the United States to assemble in the city of Washington for any and all peaceable purposes, and to enter upon the Capitol grounds and into the Capitol. This resolution went over and will come up in the morning hour tomorrow.

### THE TARIFF BILL APPEARS

At 1 p. m. the vice president laid the tariff bill before the senate and Mr. Harris, Tennessee, asked unanimous consent that for the remainder of this week the consideration of the bill shall continue. No further measure had ever been presented in the American congress that made such ruthless changes as the pending bill. No measure had ever been suggested in the history of the country that so completely revolutionized the policy adopted by the founders of the government as a hundred years ago, and which had controlled the tariff legislation of the country from that time to the present.

Mr. Platt, Connecticut, spoke against the proposition that the bill should go into effect on June 30, 1894, and declared that its doing so would impose penalties to enormous amounts upon merchants and upon manufacturers who would not be able to dispose of their stock on hand without great loss, and also upon the working people of the country. He denounced the proposed legislation as a crime against the nation, and a crime against humanity. The mere threat of its passage had produced dire results.

### CHINESE TREATY IN THE HOUSE

Over four hours of today's session of the house was devoted to a consideration in committee of the whole of the diplomatic and consular appropriation bill for the year ending June 30. But seven pages of the bill were disposed of in that period of time.

A great part of the session was consumed in an attack upon the Chinese treaty now pending in the senate, by Messrs. Sherman (Rep., Ore.), Wilson (Rep., Wash.), Bowers (Rep., Cal.) and Blair (Rep., N. H.). Considerable time was also given to a general, though somewhat desultory discussion of the consular fee system, upon a motion by Mr. Hepburn (Rep., Ia.) to require all consuls receiving salaries of \$3,000 a year upward, to cover all their fees in the treasury.

Although many amendments were offered to reduce the appropriations for various consular salaries, chiefly by Mr. Cannon (Rep., Ill.), none of them were adopted. At 5:15 the house adjourned.

### ANOTHER EMPEDIMENT

Coxeyites Having Symptoms of Measles Will Not be Allowed in Washington. WASHINGTON, D. C., April 25.—A new impediment to the Coxey demonstration in Washington on May 1 appeared today in the person of Dr. Hammett, the health officer of the District of Columbia.

He will meet the commonwealth army at the district line and if he finds any sickness among the members that is likely to breed infections or contagious disease, the entire force will be quarantined.

### DYNAMITE IN OHIO

Unknown Misanthrope Blows Up the Office of a Prominent Physician.

MAHLE, O., April 25.—This town was shaken up on Monday by an explosion which blew up the office of Dr. H. W. Cochran, but injured no one. The explosive used was dynamite. The doctor is one of the most respected residents in this section.

### STRIKERS ACROSS THE POND

Serious Trouble Among the Iron Workers in Poland.

WARSAW, April 25.—A great strike of miners, iron workers and other operatives in the Petrikow district of Poland and serious riots have occurred. Two

### STRANGE STROUDSBURG CASE

Eos Cunningham Apparently Dies of Grief and Then Returns to Life.

EAST STROUDSBURG, Pa., April 25.—A son of Eos Cunningham died suddenly today and his death so prostrated Mr. Cunningham that he, too, seemingly died shortly afterward. A physician who was summoned pronounced Mr. Cunningham dead and the household was plunged into a double grief. Two hours after his apparent death and while his family were still gathered around his bedside, Mr. Cunningham revived and now promises to recover entirely.

### ADE BUZZARD ARRESTED

The ex-Captain's Drunkenness Work Sentences Interposed.

READING, April 25.—Ade Buzzard, the ex-outlaw, and Daniel Weinbold, the Welsh mountaineer, were arrested today on the charge of being implicated in the robbery of the Lancaster station on the New Holland railroad. The accused were taken to Lancaster this evening.

### HER CONTRACT BROKEN

Miss Russell-Perugini Says She Will Sing no More for Canary & Lederer.

PHILADELPHIA, April 24.—Miss Lillian Russell has notified Canary and Lederer, of the Casino Theatre of New York, that she will terminate her engagement at the end of the present season, on June 2. Their contract, they assert, holds her for the year ending November 10, with a renewal for the ensuing year under the terms of a notification which they filed with her last February. But Miss Russell notified them that she has discovered that her signature to their contract was obtained by "trick and device" and "gross deceit and fraud," wherefore she will sing for them no more.

She announces in turn that they will go to the furthest ends of the law to restrain her, and say that they will get an endless array of injunctions, mandamus, and what not, before they will permit her to sing for Mr. Abbey. Rumor has it, and it is a rumor not ill defined, that Miss Russell will accept an engagement with Mr. Abbey for next year, and that she is now simply endeavoring to rid herself of the present manager. She is, however, willing to sign with the undecided Mr. Canary to complete the second season ending June 2. Otherwise she won't play any more.

Miss Russell absolutely declined to be interviewed upon the matter, but her personal representative, Mr. Peffer, announced that it was untrue that she was trying to rid herself of Canary & Lederer simply to make an engagement with Mr. Abbey at \$40,000 a year. She had as many as six offers from managers, he said, and was still considering.

Mr. Lederer said that Miss Russell was wrong in saying that she had testified in a court of record, as there was no such firm as that of Canary & Lederer of which he was a member, and which held the contract with her.

"I consider Miss Russell a very estimable lady, lovely to get along with. She is surrounded, however, with bad advisers—I don't mean her husband, although he was the first to bring about her meeting with Mr. Abbey. Strange to say now, Mr. Abbey doesn't propose to have Perugini in the company. Funny, isn't it?"

"Miss Russell's present action is simply a weak subterfuge to enable her to get a manager who has promised her 5 per cent. more of the gross receipts than we give her. But we shall not let her go."

Miss Russell's season at the Casino will end on Saturday night, when the company is scheduled to go to Boston. Whether it will go remains to be seen.

### FREAK OF THE EARTHQUAKE

A High Tower in Chalchic, Rocked Violently, but Not Overthrown.

LONDON, April 25.—The correspondent at Atlanta of the Times has visited Chalchic, the capital of the northern part of the Island of Cuba, which island was greatly affected by the recent earthquakes. He found that 200 houses had been destroyed, and that the new cathedral was badly damaged. A most peculiar incident was the action of the lofty Vanities tower in the center of the town. It swung to and fro so violently that it knocked down an adjoining wall, though it remained standing itself and sustained no damage.

### FLASHED FROM THE WIRES

Governor Flower of New York has signed the Bi-partisan election inspectors' bill.

Marion, Ind., will have a new tin-plate plant to cost \$100,000 and employ 300 hands.

James Reddick, of Caddo, Okla., whipped his 11-year-old stepdaughter to death and is threatened with lynching.

Gas smothered M. Ludger Laroche, a French government official, in the Hotel de Paris, New York, and suicide is suspected.

Incensed by loss of bank deposits, H. G. Tobin, a Walls Walla saloonkeeper, chased through the streets with a gun J. K. Edwinton, the broken bank's president.

### INDIA'S CURRENCY

Report of the Projected Reopening of the Mint Starts Speculation.

LONDON, April 25.—The Times, in its financial article this morning, says that evidently some speculation has been commenced in connection with the rumored reopening of the Indian mints. In some well informed quarters it is expected that the mints will again be opened in June.

In other quarters the probability of a change is denied, yet, the Times adds, it is hard to believe that further speculations of currency can be permitted in the Indian treasuries while money is so much needed for Indian payments here.

### VISITORS FROM NEW YORK

New York Retail Coal Dealers' Association Will Be in This City May 24 and 25.

The New York Retail Coal Dealers' association will visit the Wyoming and Lackawanna valley coal fields, 150 to 200 strong, May 23, 24 and 25. They will be in Scranton on the two latter dates, excepting a half day run to Carbondale and Honesdale on the 25th.

Charles T. Leonard and George J. Eltz, a sub-committee of the excursion committee of the association, were here yesterday, and were accompanied by J. Seldin Swisher, division passenger agent of the Jersey Central railroad, in their walks about, arranging for the details of the excursionists' entertainment while in the city. Mr. Leonard and Mr. Eltz were interviewed by a TRIBUNE reporter last night and gave the following information concerning the proposed visit.

The excursion will leave New York via the Jersey Central railroad May 23. The first stop will be made at Wilkes-Barre, from which point trips will be made to the mines of the Lehigh and Wilkes-Barre Coal company at Plymouth, Nanticoke and Ashley.

They will reach this city the afternoon of May 24. While here no inspection will be made of the mines generally, though some members may individually choose to do so. While in the city the party will make a general tour among the points of interest until noon of May 25, when they will take a flying trip to Carbondale and Honesdale, returning to Scranton for an early supper before leaving for New York.

The association made a similar visit to Scranton in 1888, consequently the repetition of the trip is a compliment to the interesting position this city occupies in the minds of the members. Last year they journeyed to Old Port Comfort and the year previous to Montreal.

Concerning the condition of the retail coal market in New York, Mr. Leonard said:

"We had a long and severe winter in New York two winters ago, which made our business good. However, the mild weather of the winter just passed resulted in a depression of the retail coal interests and was seriously felt. We ought now, comparing this with past seasons, to be busy filling orders for next winter; but owing to the mild weather of the past season many of our customers have a much larger amount of fuel on hand than usual at this period, and it will probably be several weeks before we are called upon for next fall and winter's supply. After summing up all the apparent features of the coal trade, and considering the matter from the condition of my own business, I think the outlook a very poor one.

Mr. Leonard and Mr. Eltz return for New York via the 12.30 Jersey Central train today.

### REFUGEES ILL-TREATED

Tales of Cruelty to the Brazilians on Board the Portuguese Ships.

BUENOS AYRES, April 25.—The Nation prints a number of open letters addressed to President Saenz Pena describing the brutal treatment of the Brazilian refugees by the officers of the Portuguese warships, Mindello and Alfonso de Albuquerque.

### NEIGHBORLY AMUSEMENT

Robert Clark and Warren Mix Indulge in a Shooting Affray.

EMPHRUS, Pa., April 25.—A fatal shooting affray took place at Mix Run, this county, this afternoon, between Robert Clark and Warren Mix, neighbors, Clark shooting Mix in the groin, the bullet coming out at the back.

Mix is still alive, but cannot recover. Clark was arrested.

### WASHINGTON NOTES

The government's fight with the Pacific railroads is about to be compromised, it is said.

Debra Lockwood has asked the United States supreme court to compel the Virginia court of appeals to admit her as a practitioner.

The nomination of ex-representative Yonans, of Iowa, to be inter-state commerce commissioner, has been reported favorably to the senate.

### THE HARVEST OF DEATH

Raemakers, the English sculptor, Manrice Joy, a decorator of national reputation, at Philadelphia.

At New York, Mrs. Caroline Pastor Clarke, sister of Tony Pastor. At Washington, General R. S. Granger, United States army, retired, in the 53d year of his age.

### WEATHER FORECAST

WASHINGTON, April 25.—Forecast for Thursday, Fri. Eastern Pennsylvania, fair, variable winds; warmer near the coast. For Western Pennsylvania, fair, easterly winds; slightly warmer in northern portion.
