LABOR CRISIS NOW AT HAND

Each Day Brings New and More Determined Conflicts.

STRIKER KILLED AT UNIONTOWN

Mounted Patrols Are Stationed About Coal Shafts at Pana, Illinois—Five Companies of State Militia Will Assist Moving Trains at Charleston, West Virginia—Battles Between Strikers and Deputies at Moundsville.

UNIONTOWN, Pa., June 10.—A BATTLE between seven armed deputies and a mob of 300 strikers occurred this morning at the Lemont No. 3 shaft of the McKeesport company. One striker, a Slav, was killed instantly and two other Slav strikers were fatally wounded. The deputies were surrounded and fired upon by the strikers before they shot.

The incidents leading up to the battle began last evening when a mob of several hundred strikers, mostly from the Trotter works of the Frick company gathered at the Pennsylvania railroad depot at New Haven and took as prisoners four workmen who are employed at the Valley works of the Frick company and were on their way home at Lehigh.

The names of the workmen are John Delany, Oliver Atley, John Britt and John Furlough. When they stepped off the train the mob surrounded them and marched them away. The four men were covered over with chalk and big placards with "scab," "blowback" and other epithets lettered thereon. The men were then marched through the streets between the company houses. The strikers jeered them and the women spat upon them and hit them with stones and clubs. They were even marched past their own homes and their wives and children permitted to view them in their helpless and disgraceful condition.

PASSING FROM MOB TO MOB. Sheriff Wilhelm dispatched Deputy Sheriff Allen with seven deputies to rescue the workmen. At no time was he able to overtake the mob having the men in charge. Allen finally learned that the men were being passed from mob to mob. It was found that the four men had been taken to Morrell and from there to Youngtown and then to Lemont where the battle occurred. Early this morning after placing the deputies to prevent the strikers from taking the prisoners elsewhere, Allen returned to Uniontown for further orders and was directed to rescue the prisoners. Returning to Lemont, he found two deputies retreating before a mob of strikers.

As Allen rode up a Slav fired his revolver at Allen. The bullet passed over his head. Several of the mob then began firing at the officers. Allen's revolver was defective and only two shots were fired by him. Five of his assistants came up and began firing at their own mob. About fifty shots were exchanged, the mob slowly advancing, the deputies retreating until reinforced by other deputies, when a stand was made. The mob then began to disperse. Sheriff Wilhelm was again notified and sent thirteen more deputies. An hour later twelve of the mob were arrested and brought to jail.

THE KILLED AND WOUNDED. The Slav that was killed was found lying in the road shot through the body with a Winchester ball. The others were found in houses nearby, both said to be mortally wounded, having been shot through the thighs. The strikers refused to give the name of the Slav killed or of those injured. They wanted the officers to take the dead strikers with them when making the arrests. One of the men arrested was shot in the arm. At 4 o'clock special deputies brought ten more deputies to Lemont and then took the wounded men to the hospital at Conneville. Many others are believed to have been wounded. None of the deputies were injured.

At 6 o'clock a posse of twenty-five deputies in charge of Field deputies Allen, Albright and Richards, armed with search warrants, left for Cool Spring Hollow, after searching the Lemont house. It is believed the four workmen are hidden away during the trouble and are hidden away in the mountains. The posse will rescue the four men at all hazards. Several hundred strikers live in the vicinity of Cool Spring, and a conflict may occur. They have not returned or been heard from.

Sheriff Wilhelm said tonight that he would not ask for the militia account of today's trouble. He says he is growing heartily tired of warfare, but so long as his deputies are not overpowered will fight away in attempting to maintain peace and order. Several hundred arrests are expected to follow for the kidnapping of the men.

IN ILLINOIS COAL REGIONS. PANA, Ill., June 10.—The mining situation still remains in an unsettled condition. Mounted patrols were placed around the city last night and a number of guards were stationed at each shaft. One or two drunken outlaws were arrested in the vicinity of the town. A company of strikers numbering 200 are camped on the Sibley farm about two miles west of the city, and it is reliably stated that they are being furnished arms and food by sympathizers in this city. Several of the guards report local strikers trying to get out of the city during the night with arms for the invaders. About 500 members of the first regiment of Chicago, with a galling gun, arrived here this morning and were followed by companies from Clinton and Bloomington, and they are all in camp at strikers' base in the city. Crowds of strikers are located in the timber and near the railroad bridges all around the city. It is variously estimated that there is from 1,500 to 4,000 foreign strikers in close proximity to the city, and they

can be massed on short notice. The local miners vow they will not enter the mines while the militia remain in the city. No attempt will be made to operate the shafts tomorrow. A meeting of the miners will be held tomorrow, but what the result will be no one seems to know. Coming in pairs, fours and sixes, and about 200 invaders entered the city and are quietly working with the local miners who remain at work. The saloons will remain closed until further notice, and the streets are kept clear of loafers.

Scouts just coming in report a company of strikers numbering about 200 in camp about two miles west of town and about the same number just south of the fair grounds. A working miner's house in the northern part of the city was stoned this morning about 8 o'clock, presumably by strikers.

THEY FAVOR COMPROMISE. BELLAIRE, O., June 10.—There has been nothing exciting in the strike situation on this side of the Ohio river today. A large number of operators from Ohio, on their way to Columbus, took in the situation here, and they, from the closeness of the situation in this county, will be largely in favor of a compromise tomorrow. Everything is quiet here tonight.

MASSILLON, O., June 10.—In spite of efforts to burn bridges and destroy trains, the Cleveland, Loraine and Wheeling railroad is still transacting business and the coal blockade is broken. The military have control of the southern division, and anxiety now is for the territory between Massillon and Uricsville. Early this morning dynamite cartridges were exploded under one of the bridges, and the explosion was so long and the explosion did not take place until the last car had passed. Links and pins were found wedged at one of the crossings. Between Uricsville and Midvale, 300 miners captured two bridge watchmen and burned the structure, blocking the road four hours.

MILITIA AT ROGGS RUN. CHARLESTON, W. Va., June 10.—Five companies of state militia were last night at Boggs Run and six more are on the march. The reports received by the governor indicate that no serious difficulty has been met with in coping with the strikers, though a telegram yesterday afternoon stated that obstructions consisting of stones and crosses are being constantly placed on the track. General W. B. Spillman, who is in command, had the plainest orders from Governor McCohee to stand no resistance but to move out all trains at whatever cost. In order to do this it was found necessary to put a company on every train and keep it there until Ohio soil was reached.

At 2 o'clock the governor was advised that the militia was growing more and more numerous. Over 300 men, armed with rifles, were marching from Benwood to Wheeling, over three miles. The dispatch also stated that a party of 150 strikers had crossed the mountains to intercept the west bound trains hauling soldiers and coal.

RAILROAD BRIDGES BURNED. BIRMINGHAM, Ala., June 10.—This morning a bridge on the Linton branch of the L. & N. railroad was burned. This is the third bridge that has been burned inside of four days and all of which are supposed to have been incendiary. Suspicion points to the striking miners but so far nothing has been learned that will warrant any arrests. Yesterday morning on the Kansas City, Adamsville and Birmingham near Adamsville in front of the limited train from Memphis, a bridge was fired but the fire was discovered in time to prevent the train from running into it.

SITUATION AT CRIPPLE CREEK. DENVER, Col., June 10.—Governor Waite was up early this morning and was very mad that the deputies in Cripple Creek should continue to act in such a manner as to provoke a riot. "This thing must be brought to a head pretty soon," he declared.

At 10 o'clock he received a telephone message from General Brooks, who said: "The sheriff telephoned me that I misunderstood him. He did not state that he could not control them, but that the condition of affairs might arise when he could not. I did not so understand him, but I am willing to give him the benefit of the doubt. His future conduct must decide my course. I go to the Independence mine this morning as soon as I can leave to meet Commissioner Buntion, and the sheriff, and will advise you of the result. There was a story going about a detachment of deputies since some miners were arrested but it soon ceased. It was at long range. If the mine owners do not take action to make the compromise effective, the National guards will have to stay here all summer, and a collision can hardly be avoided."

At this the governor replied: "Report from Adamsville is the only possible result of the interview. Let Brooks and Tarnsey advise together and give me their opinion of the necessity of declaring martial law. Command the sheriff to move his deputies to Cripple Creek, their position before he violated the agreement."

At 4 o'clock General Tarnsey reported to the governor that the negotiations were then in progress to have the deputies withdrawn or disbanded. He said the mine owners only wanted to be assured that they would work their mines on the agreement. If these terms can be made, which Tarnsey thought certain, there would be in his opinion, no necessity for a more stringent military intervention. Governor Waite readily consented to all this, but added: "The armed deputies must be removed or disbanded. Do not slacken your vigilance one particle."

PHILADELPHIA, June 10.—The aid of the United Labor league of this city for the striking miners was asked today by Luke Burns and James Smith, bituminous coal miners from the Clearfield region, who appeared before the meeting of the league and made a plea for assistance to enable men to continue the strike until their demands are conceded by the operators. The league then voted \$25 to ward assistance to the strikers and also furnished the two delegates with the names of the secretaries of the various local organizations identified with the league, so that they could extend their appeal to them.

FORECAST OF COMING WORK

Hot Weather Opportunities for Congressmen to Earn Their Salaries.

SUGAR STILL TO CLOG THE WHEELS

Senators Jones and Harris Expect to Collect Duty Under the New Law with the Beginning of 1895—Schedule to be Considered This Week. Indian Appropriation Bill Considered in the House.

WASHINGTON, June 10.—The fourth draft of the pending tariff bill which was laid before the senate for consideration on April 2 last names June 30 as the time when the law shall go into effect. That day ends the fiscal year, and throughout all the prolonged debate Mr. Jones and Mr. Harris have contended that they would begin collecting duties under the new law with the beginning of the new year. The present condition of things hardly supports their belief. There are several very important schedules yet to be considered, to say nothing of matters that have been left open pending final action when the bill comes out of the committee stage, and goes into the senate.

The spirit schedule will probably be completed tomorrow and the debate on the cotton schedule will then begin. The wool schedule and the putting of raw wool on the free list—questions which will follow—are bound to call out protracted debate. Prolific subjects of discussion will also be found in the rates fixed on silk, papers and in the sundries schedule, where coal will be found. Pearl buttons and gloves will be made the basis of considerable talk and the free list can hardly be disposed of in a day. Three great items in the free list, agricultural implements, lumber and raw wool, will be stubbornly fought for the purpose of making a record, but without hope of changing the result.

When the bill has been finally considered in the committee of the whole and reported to the senate the struggle over sugar will be renewed. Meanwhile the condition of appropriation bills is giving the Democratic leaders uneasiness, and if they do not get through by June 30th, joint resolutions extending the terms of the present appropriation bills, will have to be passed.

ORDERS FOR WORK FOR HOUSE. The order of work for the house this week is pretty clearly blocked out by the managers, but that the house will fill their desires is very uncertain. Monday will be devoted to the affairs of the District of Columbia. The Indian appropriation bill, of which seven pages were considered last week, will again be taken up under the 5-minute rule. It is the hope of the leaders that it will be out of the way by Wednesday night, but the outlook is not flattering. If the bill shall drag along later in the week a summary end to debate may be secured by means of an order from the committee on rules. Next in order will come the bill to erect a government printing office on one of the public reservations in the city. Mr. Hatch's anti-optics bill, or Mr. Cooper's bill to tax greenbacks as other money is tax-d. These three bills are marked for consideration after the Indian bill is out of the way and before the general deficiency bill shall be called up. The order in which they will be considered, however, will depend upon the action of the house itself.

CALIFORNIA JUSTICE

Mohr Given Life Sentence for Killing Her Daughter's Lover. SAN FRANCISCO, June 10.—A sensational shooting affray that occurred in a leading hotel of this city a few months ago was recalled yesterday by the conviction of Mrs. Jane Shattuck on the charge of murdering Harry G. Poole, and her sentence to prison for life. Poole, who is a well known young man, had been paying attentions to Miss Shattuck, a chorus girl and daughter of the prisoner, for some time. Poole called at the lady's apartments one day and was shot and instantly killed by the mother because he refused to marry Miss Shattuck immediately.

A BOATING ACCIDENT.

Four Young People Are Drowned at Brewsters. BREWSTERS, N. Y., June 10.—Two sisters named Maggie and Bessie Blaney and Thomas Scanlon and John McCluskey, all of Brewsters, went boating this afternoon on South-east lake, about two miles from here. The boat upset and the four were drowned. One body has been found and a large crowd is looking for the other three bodies. This evening the bodies of Bessie Blaney and Scanlon were recovered, but up to a late hour tonight the bodies of the other had not been found.

MARY WILL BE NOMINATED.

Mrs. Lease Expects to Receive Indorsement for Congressmen-at-Large. CHICAGO, June 10.—A special from Topeka says: It is announced here that Mrs. Mary Lease will be nominated by the Prohibitionists for congressmen-at-large from Kansas at the next national state convention at Potteryville in September. It is also expected that this nomination will be indorsed by the Populists.

MURDER MYSTERY.

E. C. Beman Believed to Have Been the Victim of Sanguagers. LAFAYETTE, Ind., June 10.—The body of E. C. Beman, for a number of years a passenger conductor on the Louisville, New Albany and Chicago railroad, was found two miles north of the city yesterday morning on the Monon tracks. Every article of jewelry was

Coxy, Browne and Jones Released from Jail and Driven to Camp by Oklahoma Sam.

WASHINGTON, June 10.—Coxy, Browne and Jones, the leaders of the commonweal, were released from jail this morning. No demonstration attended their departure. They shook hands with the deputy warden and ward officers, thanked them for their considerate treatment, and entered a carriage driven by Oklahoma Sam, drawn by four commonweal horses. At the District line the warden from the camp were drawn up in line to receive the distinguished party.

The warden attached the horses and themselves hailed the liberated leaders to the camp. Coxy and Browne spoke during the afternoon. Coxy said it never looked as though the men might extend their stay at the capitol into winter. He said he was going to make an address on the Fourth of July at Knoxville, for which he would be paid \$250. He also had other engagements to speak during the present month. A census of the camp today shows 548 men present.

In speaking of his chances for election to congress, Mr. Coxy said that he was not acquainted with the situation of affairs in the Madison district, as he had not been at home for about three months. Advice received from friends there, however, indicated that he would be successful.

WASHINGTON GOSSIP.

All the manuscript material of the seventh census, with the exception of three volumes, has been completed, and is in readiness for the government printing office.

Representative Kiefer, of St. Paul, expects that during the contest between New York and Chicago, as the center of Indian supplies, St. Paul will slip in as a compromise point.

Representative McCleary, of Minnesota, has laid the foundation of a scheme to connect the Gulf of Mexico with Hudson bay. He proposes that the United States and Canada make a preliminary survey.

John Powell, the retiring director of the United States geological survey, has entirely recovered from the effects of the operation performed on him in Baltimore, and has resumed charge of the bureau of ethnology.

Representative Berry, of Kentucky, returned today from a trip through the Blue Grass region, where he had Secretary Morton and Senator Seabolt, the Argentine minister, as guests. They visited the noted stock farms, including Ashland, the old Kentucky place.

United States Consul Penfield, at Cairo, says that Egypt is aggressively comparing in a small way with us, not only in Europe, but at home, in supplying raw cotton, and New England spinners has grown from nothing, ten years ago, to more than 60,000 bales and valued at \$3,000,000.

HE PAID THE FIDDLER. Young Baker Commits Suicide After a Dance at Nanticoke.

WILKES-BARRE, June 10.—John Miller, a young baker of this city, attended a dance at Nanticoke, a mining town eight miles north of this city, on Saturday. While there he became engaged in a quarrel with a crowd of young fellows over a girl and was badly beaten.

This morning his dead body was found hanging to a rafter in a barn close by. It is believed that he became despondent and committed suicide.

MISCELLANEOUS WIRE TICKS.

The Flemings of the United States will hold a reunion at Muncie, Ind., August 22.

For alleged heresy, Rev. A. Truax, of Courtland, Ont., has been deposed by the Methodist conference.

The American Medical association, in session at San Francisco, decided against reviving its constitution.

Without known reason E. B. Kreischer, a brick manufacturer at Kreischerville, S. I., shot himself in his office.

With a dose of morphine, Dr. J. B. Hunkle, an Atlanta murderer, tried to kill himself in jail, but failed.

The mystery of Judge Kinnard's disappearance from Spokane is solved by the finding of his body in the river.

In a row near Chihuahua, Mexico, Willam Finley, an English prospector, shot his Mexican servant and is now in jail.

Only a leap from the carriage saved Rafael Joseffy, the pianist, from serious injury in a runaway at Tarrytown, N. Y.

Mahoney City's best known hotel-keeper, W. W. Lewis, slipped from the Mahoney depot platform and had a leg cut off by a train.

Leaving behind a \$3,000 shortage, Donald B. McKenzie, bookkeeper for Samuel Bingham & Sons, of Chicago, has disappeared.

For \$2,000,000 R. B. Langdon & Co., of Minneapolis, will build an irrigating canal in Arizona, 110 miles long, to water 400,000 acres.

With his head pounded to a jelly, Greely Douglas, an Indianapolis politician, was found dead in his kitchen, and is believed to have been slain by burglars.
