Scranton Defeated in a Twelve Inning Game at Pottsville.

READING TAKES TWO FROM EASTON

Summaries of the Various Diamond Contests Yesterday in State League, National and Eastern League Games—Standing of the Clubs. Notes of Interest to All Sportsmen of Whatever Proclivity.

OSTPONED games were the order of the day yesterday in the State League. Reading played off two games with Easton, winning both, thus taking fourth place. Scranton dropped a game at Pottsville in one of the prettiest contests witnessed this season, thereby going into fifth place, forty-five points behind Reading and thirty-six points ahead of Altoona. The respective positions of the other clubs remain unchanged.

The following table gives the percentages of the clubs, together with the games won and lost by each, and their standing in the championship race:

Table with columns: Club, Won, Lost, Per Ct. Rows include Harrisburg, Altoona, Hazleton, Reading, Scranton, Altoona, Pottsville, Easton.

SCHEDULE FOR TODAY.

Scranton at Reading. Altoona at Altoona. Easton at Harrisburg. Hazleton at Pottsville.

THIS TIME WE LOSE.

Defeated by Pottsville in a Brilliantly Played Game.

Pottsville, June 15.—Pottsville defeated Scranton here today in a twelve inning game. Without a single exception it was the finest exhibition of ball playing ever witnessed on the home grounds. It was a pitchers' battle and the hits on both sides were few and very much scattered. The score up to the commencement of the ninth inning was 1 to 2, in favor of the visitors. Pottsville tied it in the tenth and won in the twelfth inning by scoring three runs.

The feature of the game was Hill's fly catching in extreme right field and his magnificent throw to third base, assisting in double play. The score:

Table with columns: Club, R, H, PO, A, E. Rows include Pottsville, Scranton.

OTHER STATE LEAGUE GAMES.

At Reading, first game—Reading, 2; Easton, 0. Second game—Reading, 2; Easton, 0. At Easton, 1; Reading, 0. At Hazleton, 1; Pottsville, 0.

THE SPRING OF ETERNAL YOUTH.

Carlsbad may be truly termed the Spring of Eternal Youth. For centuries the famous Sprudel has been used as the best natural remedy for constipation, catarrh of the stomach, dyspepsia and liver and kidney complaints, diabetes, etc. Best taken when out-door exercise can be had. Be sure to buy the genuine imported article only, which must have the signature of "Eisner & Mendelson Co., Sole Agents, New York," on every package.

At Baltimore—Baltimore, 0; St. Louis, 0. At St. Louis—St. Louis, 0; Baltimore, 0. At Chicago—Chicago, 0; St. Louis, 0.

EASTERN LEAGUE.

Troy, 4; Wilkes-Barre, 2. Erie, 9; Springfield, 5. Providence, 3; Buffalo, 1. Erie, 9; Springfield, 5.

GLINTS FROM THE DIAMOND.

Conroy has been made captain of the Hazleton club. Tommy Esterbrook has gone to New Orleans to join the New Orleans club.

The management of the Harrisburg club complains of the small attendance at the grounds at that city. The Penn Avenue Stars challenge any club in this city to a game of base ball on any grounds, the Hazleton and Fairmounts preferred. John McAndrew, manager; Tom Prinn, captain.

The Activos of Providence will play Wood's Business college Saturday afternoon at 4 o'clock on Driving Park grounds. The following will be the position and batting order of the Activos: Kiple, short stop; Howell, third base; Cunniff, first base; Ryan, catcher; Griffin, second base; Cooper, right field; McCahan, center field; Moser, first base; Haldeman, left field.

NOTES FOR THE WHEELMEN.

Mr. Knapp, of Williamsport, was in the city yesterday arranging for the Williamsport club, which will come here in a special car on July 4 to participate in the bicycle races.

An Albion doctor was fined \$5 or twenty-five days in jail by Judge Tate for striking a wheelman with a whip while passing him on the road. The wheelman was on the right hand side of the road and the doctor ran him into a ditch and then struck him with a whip. The decision is in favor of the wheelman.—Hazleton Journal.

The new bicycle track at Reading, Pa., now under course of construction, and which it is thought will be the fastest quarter-mile track in the country, will be formally opened on July 4, with a grand diamond tournament. The track is the widest quarter-mile path in the country and in point of excellence will compare favorably with any in the world, it having been built under the directions of expert trackmen, and all appearances are that it will get a big patronage from Philadelphians, both in attendance and in race meets.

A meeting of the Honorable Bicycle club was held Thursday night. The name of the club was changed to Maple City Wheelmen. Emmanuel Freeman was elected vice president, H. J. Quinsey second lieutenant, Robert Dorn, treasurer, and "Smiler" Clark standard bear. The following board of directors were elected: Paul W. Gardner, Emmanuel Freeman, Samuel J. Katz, E. Brady, Perry La Barre and Otto L. Schneider. It was decided that the club uniform be navy blue, and to consist of blouson trousers and sack coat. A committee was appointed to select the club colors. Another committee was appointed on transportation, to arrange for the club's attending the meet of the Scranton Bicycle club July 4.

NOTES ABOUT TOURNAMENT.

P. S. Collins, of the Ladies Home Journal, Philadelphia, will referee. Daniel J. Canery has accepted an invitation to give exhibitions in trick and fancy riding. Bill Taxis, who was injured at Plainfield on Decoration Day, expects to be well enough to ride here on July 4.

The Track association will have the grand stand put in good repair before the meet. At present it is a disgrace. The contract for the diamond prizes was given to Messrs. Messers, Berry and Rogers, both members of the club.

George F. Taylor has intimated that he intends trying for the special \$100 diamond prize offered if a 2.10 mile diamond. He will ride on exhibition with pace makers. Entries have been coming in goodly numbers for the racing meet. It is now an assured fact that the champion Stearns team and the famous Kambler team will be in attendance.

Much interest is being manifested in the affair throughout the state, and prominent clubs from Pittsburg, Reading, Williamsport, Harrisburg, Allentown, Wilkes-Barre and Philadelphia will be in attendance.

Interest in wheeling is just now at fever pitch among persons who in the early spring would look at or talk of a bicycle, and eagerly devour the least item in regard to bicycle matters. The coming tournament of the Scranton Bicycle club is largely responsible for the state of affairs. The club has been working early and late for the success of the meet until now all that is needed to make it the most notable affair of the kind ever held in the state is pleasant weather.

NOTES OF M. C. A. GAMES.

Battles will close Wednesday night for the evening. The 75-yard dash and mile run will be open to all amateurs.

A trophy will be given to the club turning out the most men and best equipped. The medals that will be awarded are the finest ever seen in the city for such events.

The Young Men's Christian Association will have a camp at Long Island this summer. The largest procession of athletes will be witnessed on the streets Friday night, June 23.

The Young Men's Christian Association building will be decorated all next week for the occasion. The 75-yard dash, 1-mile run and slow bicycle race will be open to all amateurs. Entries close next Wednesday night.

The Young Men's Christian Association building will be all decorated next week in honor of their annual sports, June 23. Business men's supper will be served at the Young Men's Christian Association building every Saturday night at 6 o'clock.

The handsome medals ever given for any athletic event will be given at the Young Men's Christian Association sports Saturday night. Photographs of champion athletes for '93 and '94 and medals for the Young Men's Christian Association field sports are on exhibition in Martin & Delaney's window.

The Young Men's Christian Association Base Ball team will play the Wilkes-Barre team today in Wilkes-Barre, and will leave on the 1.35 Delaware and Hudson train. The following has been addressed the athletic clubs of the city by Physical Director R. W. Weston: "We have our annual field day and base ball game, Wilkes-Barre vs. Scranton, at the Base Ball park, Saturday afternoon, June 23, at 2 o'clock, and have invited E. F. Sweeney, of New York, champion high jumper of the world, record 6 ft. 4 1/2 in., to give an exhibition; and we propose, if possible, having every athletic club and athlete turn out in a procession, Friday night, June 23, in giving him a royal welcome to this city. We will be very much indebted to you, if you will have your club meet with us in making this one of the greatest athletic processions that has ever been held in this city. If you decide to turn out, please have a banner representing your club."

SPORTS OF ALL KINDS.

GREGSON, THE INVENTOR.

A Remarkable Englishman's Work in This Country.

Incessant Labor Nearly Cost Him His Life—He Tried America's Greatest Remedy, and It Made Him Well—Sleeps Sound For the First Time in Several Years.

"Inventing is my business," said Geo. Gregson. This remarkable Englishman has been in this country five years. He received the great gold medal from the Paris Academy of Inventors, and it was his invention of a certain kind of liniment selected by the examiner-in-chief at the World's Fair as the best representative invention of his class. Most people think of inventors as men gifted with golden brains that turn out the marvelous devices without exertion. As a fact, men of ideas are the hardest workers. They live by the very sweat of their brows; in the eager pursuit of an idea, like many professional and business men, they forget that their minds are not tireless and that to rack their brains all day and far into the night the nervous system must be constantly kept in a constant nourishment that will build up its myriad delicate parts.

The following letter from Mr. Gregson is an example that is better than columns of advice:

CAMBRIDGE, Mass., April 5, 1894. WELLS, RICHARDSON & CO., GENTLEMEN: Having been subject for years to extreme nervousness, with its attendant want of sleep, I was induced to purchase a bottle of your Paine's Celery Compound simply as an experiment. The improvement that followed was so marked that I purchased a second bottle and then a third. By the time I had finished the third bottle I felt like a new man, slept sound at night and awoke in the morning both ready and able to do a day's work. Whenever I now feel in the least indisposed I at once take one or two doses, and that is all I require. In my case Paine's Celery Compound proved to be what I needed for it has given me the power to publish this in any way you like. Very truly yours, GEORGE GREGSON.

It is the experience of thousands of others. Paine's Celery Compound feeds the nerve tissues, banishes lassitude, debility, inability to sleep, and prevents nervous prostration.

When an overworked and worried brain worker, no matter whether student, lawyer, minister, or man of business, has suddenly slumped against the wall of health, he begins to suffer from disturbances of heart and stomach and to have certain signs of nervous exhaustion. He works with less ease, sleeps badly. Now symptoms come, giddiness, dimness of sight, neuralgia of the face or scalp, with entire nights of sleeplessness. Many a man struggles, ignorant of the terrible demands he is making on an exhausted brain. Diseases of the nervous system do not come without warning. Rheumatism, dyspepsia, and diseases of the heart, liver, and kidneys are loud cries for a prompt increase of nourishment for the brain and nerve centers. This feeding with just the food these vital parts crave is what Paine's Celery Compound does. It is not this marvelous power of nourishing all the nervous tissues and purifying the blood that its remarkable cures depend. Its action is perfectly intelligible to every well educated physician, and that is just why Paine's Celery Compound is so unhesitatingly prescribed by physicians in every city, town or village, without exception, in the United States and Canada.

It supplies rich, new blood, full of brain and nerve food; it feeds worn-out nerve centers and exhausted tissues wherever the freshly enriched blood stream goes. The languor and tired feeling that without exception accompanies thin, lifeless blood, vanishes; the spirit is revived and a new feeling of health and life declares the presence of pure blood and well fed nerves and brain.

Paul will send a senior four and eight to the National association's regatta at Saratoga. Royal Phelps Carroll has ordered his cutter Avonmore to put in condition for her race with the old time crack sloop Volunteer, which is down to take place next month.

Johnny Glynn, of Wilmington, bested Joe Benton, of Washington, Wednesday night in a fifteen race fight a few miles outside of Washington for a purse of \$293. Each man weighed about 115 pounds.

Judge Lawrence of New York has directed a verdict for \$1,701.25 in favor of James Stoddard in his suit against "Jack" McAuliffe to recover \$1,000 which he had put out to back Austin Gibbons against McCaulliffe at Hoboken in September, 1891.

The Passaic Boat club has a high opinion of its sculler, Wirtz, who won the junior single event at the national regatta on Decoration Day. Wirtz beat the best ever made at a national regatta in junior singles, his time for the mile and a half being nine minutes and one-fourth second. It is thought that he will row in the national regatta at Saratoga.

Gerry Dilla, the well known sporting man, has entered Julius Engleman, of Weatherly, for the world's champion Columbia sweepstakes sprinting matches which are to be run in August at Weatherly, Mass. Up to the present twelve of the fastest sprinters of the world have entered. Mr. Dilla feels quite confident that Mr. Engleman will give a good account of himself.

With the organization of the Gentleman's Driving club at the Wyoming House last Saturday, composed of all the prominent road drivers hereabouts, comes the news that the new association at a Driving park has tendered to that organization and the public in general the use of the Driving park every Saturday free of charge. The track never in better condition, and there is being created an interest in horse affairs about the city such as used to prevail when Scranton was known as the home of the finest track in the country. It is also rumored that decided improvements will be made at the park within the next few weeks. There is no reason why Scranton should not assume its proper place among cities of its class in such matters.

ADOLF LALLER, carriage manufacturer, 110 Carroll street, Buffalo, N. Y., states: I was troubled with a neuralgia of the stomach, sick headache and general debility. Buckle Blood Bitters cured me.
