PHILADELPHIA'S defeat by Scranton yesterday enabled the latter to move up into third place forcing Pottsville down into fourth position. Allemtown lost its first game of this series to Hazleton, there-

The following table gives the percentages, number of games won and lost by each club, and their standing in the league race:

EASY VICTORY FROM PHILLIES.

Visitors Secured Only One Run and That Was a Piece of Luck.

Manager Randall brought his Philadelphia State league club up from the Quaker City yesterday and in the afternoon exhibited the members thereof to a good-sized audience at the ball park. It was the team's first trip away from home and the players may have been a little frightened, at all events they did not put up a very brilliant article of ball.

There was a lack of team work on the part of the visitors that robbed the game of much of its interest and caused it to drag.

Bradley was the visitor's pitcher, and for the first three innings he was a puzzle for the Scranton batsmen, Staltz being the only one to find him safely. His support was ragged and he evidently became discouraged. In the fourth Staltz knocked out a three base hit, Rogers following it with a single, and Westlake with a drive for two bases.

SLUGGING IN THE FIFTH.
The fifth inning was Mr. Bradley's Waterloo. Wetzel opened with a single, Hogan bunted neatly and reached first, Patchen landed on the sphere for three bases, Phean for two bases, and Rogers for a single. In the seventh Phean secured a three bagger and Rogers a double.

Although the home team secured fourteen hits and ten runs while the black capped sons of Philadelphia had to be contented with one.

That run was an accident. It was made in the fourth. Stephenson, the first batsman, found the ball for three bases. Garrett was retired on a foul fly to Patchen and Laurer struck out. Childs popped up a Texas league hit and Hogan and Wetzel started for it at full speed. There was no command for either player to take the ball and their speed to avoid a collision and the ball fell between them. That allowed Stephenson to score the only run Philadelphia secured. Holson struck out six men, gave one a base on balls and hit another with a pitched ball. The score:

GLINTS FROM THE DIAMOND.

McGraw and Brothers, of Baltimore, have each only struck out twice this season.
Dugan is again captain of the Pittsburg team. Lyons could not stand the strain.
Fox, of Pottsville, has an offer from the manager of the Manhattan College club of New York city. He is wanted as pitcher and coach for the club.

LOCAL BICYCLE NOTES.

George Pryor and Will Wetzel, two well known local bicycle riders, had a half mile race at the "Driving Park" last evening. It was won by Pryor and a large number of persons witnessed the event.
The statement that Ralph Gregory, of the Green Ridge club, was outdistanced in the race at Lerwick, which appeared in the Truth last evening, is incorrect. Gregory finished about one foot behind Henderson who was pressing Corser very close for first place. That was the position of the men in both races.

ECHOS FROM MANY TIRDS.

Speedy class B bicycle riders are in great demand by manufacturers of tires. J. S. Johnson expects to make an attempt to lower Meitzel's one-hour record the latter part of the month.
Although the international championship race will be held in Belgium next month, it is expected that the American riders have made no effort to get a team together. The general impression seems to be that the league will not be represented at the meeting.
The Springfield Bicycle club intend to try a new and novel method of preventing loafing at their race meeting, to be held in September in the open-mile international race. The club intend to separate the riders into two classes, one for ten seconds apart and the winner will be the man who makes the best time for the distance.
The chairman of the League of American Wheelmen Racing board, Howard E. Raymond, has only started on a trip west as a figuratively speaking, he has taken an ax on his journey as a part of his traveling outfit. Mr. Raymond has partially completed the gigantic task of separating the pure amateurs from those whose purity has been spotted by the acceptance of cash from manufacturers and others. There has been no improvement in the racing since this move was introduced. Satisfied that they are professionals, the class B men do not hesitate to resort to professional tricks. The purely amateur racing has the genuine ring about it and invariably gets all the attention. It is plain that had the League of American Wheelmen made an example of a dozen of the leading racing men last year, including Zimmerman, who is now a professional by choice, the league might start off with a racing season more promising than this. Mr. Raymond while in the west will use his official ax on those riders who are resorting to subterfuges in order to ride with class A. The simple acknowledgment of the success of the class system, although straight racing cannot be guaranteed except among the amateurs.

CURED BY PASKOLA

What Pre-Digested Food Is Doing for Dyspeptic People.

ITS WONDERFUL EFFECTS

Thin People Rapidly Gain Flesh by Taking Paskola, the Newly Discovered Pre-Digested Food—Remarkable Cures of Indigestion.

Paskola works wonders! That is what people who take it say, and the statement is repeated by the druggists and others who have never been such a demand for any preparation as there now is for Paskola, the pre-digested food. The druggists say that a large stock of it is rapidly disposed of in meeting the calls that are constantly made for it.

Dyspeptic sufferers who have tried Paskola as a last resort, after taking other remedy they could find, have been delighted to notice their symptoms soon disappearing. Pale, thin people who take Paskola rapidly gain flesh.
The fact of the matter is, Paskola is a scientific discovery. It is not an old-fashioned remedy like the gross, evil-smelling cod-liver oil, a relic of a past age. Paskola is the outcome of modern research and progress. It cures because it is based on correct principles.
Paskola is not a medicine, but a food, pleasant to the taste and agreeable to the weakest stomach. Being pre-digested, it is instantly absorbed by the system when it is swallowed, entering at once into the tissues of the body to form new flesh and blood. It builds up the strength, gives tone to the stomach, enables other food to be properly digested. Delicate stomachs cannot stand sickening cod-liver oils and other fatty mixtures. Paskola has replaced them.
Children thrive wonderfully when they are given Paskola. They like it and cannot get enough of it. As a means of imparting health, strength and vigor to the puny little ones, it is unsurpassed.
You can obtain Paskola of any good druggist and a free pamphlet will be mailed by the Pre-Digested Food Co., 39 Reads Street, New York.

roll and mow the field themselves or quit the game. This follows as the effect of Groundkeeper's Murphy's release for the sake of economy. Murphy has been engaged in a similar capacity by the Cleveland National league club.
Champion Boxer Corbett has been playing base ball to English bleachers. He and his company have formed a team ball club in England and are playing the local club in every city they meet. Five thousand people saw them beat the Sheffield team several days ago. The Sheffield team is now in the hands of the law and Corbett plays short stop, Brady first base, Delaney pitcher, McVey catcher, Donaldson second base, End Woodthorpe third base, Wilson center field, Harnett left field, and Fineman right field. They play the Music Hall team in London before leaving for America.
There is no comparison between the Scranton patron and those that attend the games in other State league towns, says Centerfield Hogan. "Here a visitor receives as warm recognition for a good play as one of the home team, and a bad decision that affects a visiting team is usually as roundly denounced as if it was on the Scranton club. This is very nice, but we sadly miss the kind of treatment in the cities we visit. Why in some of the towns a brilliant play by a visitor is greeted with a silence like the grave or an outburst of abuse, while a decision that seems to give a little the best of it to the visitor almost incites a riot. The result is that Scranton usually gets the worst of the upping both at home and abroad. At home we are only expected to win, and that is all a Scranton audience wants us to receive, but while away we do not always get that or anything like it."
