**CITY NOTES.**

—Tribune readers leaving for their summer's vacation can have their favorite paper sent to them without extra cost, by notifying this office of the desired changes in the paper's address.

Miss Mary Corcoran, of Luzerne, is the guest of Miss Mary Lynn, of Green Ridge.

Mrs. C. A. Summers and Mrs. Norton, of Adams avenue, spent yesterday at Elmhurst.

The annual picnic and clam bake of the Nay Ang Hose company will take place at Wabler's grove on Tuesday.

Misses Stratton, of Adams avenue, have returned from Lake Winola, where they have been occupying a cottage for some time past.

The sale of seats for "About Gosham," which is the opening attraction at the Academy of Music, will open this morning at 9 o'clock at the box office.

The funeral of Mrs. A. A. Rowe, daughter of Mr. and Mrs. Barlow Craven, will be held at the Penn Avenue Baptist church at 2:30 o'clock this afternoon.

Mrs. Henry Owens, of Ninth street, had a match stolen from her while shopping in "The Fashion," on Lackawanna avenue, yesterday afternoon. It contained two pocketbooks, one of which had \$6 in it and the other \$11. A purchaser who was in the store at the time is suspected of the robbery.

FANST'S MILWAUKEE BEER, cool and sparkling, at Lohman's, Spruce street.

See Niagara at Sunrise—Moonlight Excursion.

All day Sunday at the monarch of catarracts: a superb arrangement. Everyone can afford to go. Saturday evening, Aug. 25, the Erie line will run a grand excursion to Niagara Falls and Buffalo, reaching the falls early Sunday morning. Tickets will be good to return on special train Sunday, Aug. 26, or on regular trains Aug. 27, 1894. The Jersey, Pa., Corset band will furnish music enroute. The excursion will be in charge of representatives of the passenger department. Train will leave Carbondale at 7:30 p. m. Fare round trip only \$3. Leave Scranton at 6:15 p. m.

Excursion to Glen Onoko.

The excursion of the Heptasophs to Glen Onoko on Aug. 25 will be one of the most pleasant of the season. There is no more attractive place in this region for an excursion and everything will be done to entertain the excursionists. There will be a caterer on the train and on the grounds, and Baner's band will furnish the music. It will give a concert on the pavilion from 2 until 8 p. m.

**THOSE BRIDGE PLANS**  
City Engineer Phillips Does Not Look with Favor on Competitive Idea.

**THINKS THERE IS A SCHEME IN IT**  
Why It Would Be an Advantage to a Bridge Company to Have Its Plan Adopted—Reason Why Mayor Connell Vetoes the Competitive Plan Resolution—Select Council Not in Favor of the Scheme.

City Engineer Phillips, as can be surmised, does not look with favor upon the project of the common council to secure competitive plans for the bridges after he has submitted his plans.

He characterizes the move as a scheme of the King Bridge company. It is only the King Bridge company that has succeeded in having its own plans adopted, and then secured the contract for the construction of the bridges. It is apparent that the bridge will be built according to the ideas of the bridge company and not after the plans of the city.

**WARREN AGAIN ENDORSED.**  
This Time It Is by the Danmore Republican Club.

There was a large attendance at the meeting of the Danmore Republican club last evening, attesting the interest of the members of that organization in its progress. After listening to speeches by Vice-President John G. Meakin, P. Savage and others, the following delegates were elected to attend the convention of the League of Republican clubs at Harrisburg on September 5: Timothy Burke, R. A. Zimmerman, Charles P. Savage. The alternate named were M. W. Chamberlain, Fred W. Bidswell and Edward E. Swartz. The following resolution was unanimously adopted:

Resolved, That we heartily endorse the candidacy of Major Everett Warren for the nomination of the Republican State League of clubs and we instruct our delegates to vote for him in convention to be held at Harrisburg on Sept. 5 next, and be it further:

Resolved, That we recognize in George M. Watson a worthy candidate for the office of district attorney of Lackawanna county and pledge ourselves to use all honorable means to further his nomination and election.

**FRAUDS WHO SEEK RELIEF.**  
They Should Be Sent to the Agent of the Associated Charities.

The following communication has been given to the press of the city for the benefit of the public by the Board of Associated Charities:

SCRANTON, Pa., Aug. 23, 1894.

In our investigations we find that there are at present in the city a number of persons who are making an easy living by imposing on the charitable public. They have many pleas, all calculated to excite sympathy and disarm suspicion. They are not ordinary tramps altogether—some are young men trying to raise money to help them through college; some "sick persons recently discharged from hospitals," some "victims of accidents wanting to get to friends in other places," with many other stories of the same kind.

In nearly all cases they are frauds, and in some cases thieves, and it would be better that none should be aided before their cases have been investigated. We would suggest that instead of feeding them or giving them clothing or shoes, that they be sent to our agent in the Municipal building, who will see that they are assisted if found worthy.

THE BOARD OF ASSOCIATED CHARITIES OF THE CITY OF SCRANTON.  
E. H. RIFFLE, President.

**HAS REACHED A RIPE OLD AGE.**  
John I. Blair Celebrated His Ninety-Second Birthday Wednesday.

John I. Blair, the New Jersey millionaire, who is well known in this city, celebrated his ninety-second birthday at his home in Blairstown on Wednesday. There was no formal function of any kind, as Mr. Blair's physicians better that none should be aided before their cases have been investigated. We would suggest that instead of feeding them or giving them clothing or shoes, that they be sent to our agent in the Municipal building, who will see that they are assisted if found worthy.

THE BOARD OF ASSOCIATED CHARITIES OF THE CITY OF SCRANTON.  
E. H. RIFFLE, President.

**ANTHONY DOUGH INJURED.**  
It is Probable That Three Fingers Will Have to Be Amputated.

Anthony Dough, of Ninth street, a Delaware, Lackawanna and Western brakeman and his right hand badly crushed between cars in the Delaware, Lackawanna and Western yard yesterday.

At the Moses Taylor hospital, where he was taken for treatment, it was found that his hand was badly lacerated, bones crushed and that in all probability three fingers will have to be amputated.

**LOCAL INDUSTRIAL NOTES.**

The repairs at the Green Ridge Glass works have begun early in July are nearing completion.

This has been a good summer for mechanics who are identified with the building trade, and it is anticipated that the winter will be the briskest in building circles of any year.

Labor Day, Saturday, Sept. 1, will be observed with a big demonstration at Mountain park. General Coxy, late commander-in-chief of the army of the commonwealth, is expected to deliver an address.

The colliers of the Greenwood Coal company have not averaged a total of five shifts so far this month, the poorest time made in the history of the works. Superintendent Lovering, however, states that in his opinion the coal trade cannot continue to keep so dull.

The rumor that the Lehigh Valley Railroad company speaks of extending its road from Avoca to the West Side of the city, taking in the towns of Duryea, Moosic, Old Forge and Taylor, is every now and then revived by the presence of surveyors in the vicinity of Taylor. A recent rumor made the people of that town believe that a new railroad was about to be projected through it, when the reality was that the civil engineers were merely re-adjusting the lines of a few tracts of farm land.

The output of steel rails per week at the steel works of the Lackawanna Iron and Steel company keeps on increasing by small margins. The total amount of finished rails for the week ended Aug. 18 was 5,728 tons and 11 cwt. The record of the previous week fell but a few tons short of this, the scales showing a total of 5,706 tons, 15 cwt. of rails. For the week ending tomorrow night the management does not anticipate any record breaking on account of the run of hard luck that has pursued the mill during the week. But it was the aim of the management and employees to strike in the near future produce a record for one week's work that will top 6,000 tons.

**EXCITING GAME OF ALLEY BALL.**  
It Was Played at Carbondale on Wednesday.

An interesting game of alley ball was played Wednesday at McAnulty's alley, Carbondale, for \$50 a side, between William Kennedy, of Priceburg, and John Elzy, of Duryea, on the one side, and Joseph Bowden, of Jessup, and James Callaghan, of Mayfield, on the other. There was great interest taken in the four players by their supporters, and over a thousand spectators witnessed the game, which was the best ever played in Carbondale. Much money changed hands.

The game was very close until half of the game. When Bowden and his partner took their ball in it seemed to favor Kennedy and his partner, who took the lead and kept it to the end. Score: Kennedy and Elzy, 31; Bowden and Callaghan, 13.

The conditions of the match is on home and home game, 61 points up; 31 points to be played at Carbondale and 30 points at Thomas Logan's alley, Priceburg. The return match will be played Saturday, Sept. 1, 1894, the game to begin at 3 p. m. sharp.

**BOY TILL TAPPERS.**  
Two Youngsters Just Entering Their Teens Caught Robbing a Money Drawer in Jones' Tea Store.

A telephone message to police headquarters yesterday announced that two thieves had been captured in Jones' tea store on Lackawanna avenue, and that they were being held there. Officer Lowry, who responded to the summons, was surprised to find in the twelve two archers, neither over 13 years of age. They had entered the store without attracting attention, and when the cashier left his post for a few moments, one of them slipped behind the counter and helped himself to the contents of the till.

One of the clerks saw the lad as he was creeping behind the counter and succeeded in barring the doorway before either of them could escape. When the lads were searched \$1.25 was found in their possession.

The officer took them to the station house, but as they cried as if it does not provide for the return of the resolution adopted by your honorable bodies March 3, 1894, which provides that the city engineer shall prepare and perfect the plans and specifications for the proposed bridges and cause the same to be advertised for sealed proposals for the same. Very truly yours,

W. L. CONNELL, Mayor.

**THE MAYOR'S VETO.**  
The movement for the securing of competitive plans was first started four months ago, but the resolution providing therefor was vetoed by the mayor for reasons made apparent in the following communication sent to council at that time:

April 23, 1894.  
To the Select and Common Council, Scranton, Pa.:

Gentlemen: I most respectfully return without my approval the resolution which authorizes the city clerk to solicit competitive plans for the proposed bridges over the Lackawanna river and Roaring brook, and I do not provide for the return of the resolution adopted by your honorable bodies March 3, 1894, which provides that the city engineer shall prepare and perfect the plans and specifications for the proposed bridges and cause the same to be advertised for sealed proposals for the same. Very truly yours,

W. L. CONNELL, Mayor.

**NEW NO. 12 SCHOOL BUILDING.**  
Inspected by Officers and Members of the Board of Control.

Superintendent of Schools Phillips, Secretary of the Board of Control Fellows and a half dozen school controllers yesterday visited the recently completed No. 12 school building in the Eighteenth ward for the purpose of inspecting it before final acceptance.

They were highly pleased with the new structure and voted it one of the most beautiful and complete structures in the city.

**COURT HOUSE NEWS NOTES.**

Marriage licenses were yesterday granted by Clerk of the Courts John H. Thomas, of Archibald, Edgar Decker and M. Victoria Bohner, of Peckville; John William Spencer and Mary Ann Baker, William E. Hart and Julia Weber, of Scranton; James Davis and Anne Williams, of Bartertown.

The J. G. Brill Manufacturing company, of Philadelphia, yesterday began a suit in remissit through their attorney, J. F. Reynolds, against the Carter and Johnson company for a claim of \$1,811.13.

The grass on the court house square has been kept greener this summer than any former year since it was sown. The county commissioners are justly proud of its verdancy, and that is the very reason why they refused the request of those who wanted the privilege of building a band stand on the square.

**CONRAD'S BAND EXCURSION.**  
Fairview, Aug. 23, orchestra concert in afternoon; dancing all day. Music for dancing by Prof. Johnson.

**WOOD'S COLLEGE OF BUSINESS AND SHORTHAND.**  
The college will be open on Monday, Aug. 27, with a faculty of ten people. The following persons will teach in the different departments:

Professor F. E. Wood, Professor G. W. Keener, Professor E. E. Wood and Professor J. D. Armfield in the business school.

Professor E. M. Williams, Miss Haggard, Professor N. H. Lathrop in the shorthand school; Miss Oakes in office and stenography department; Mr. Whitman will act as register and superintendent of outside work; Tallie Morgan, vocal music.

**RECEPTION.**  
On Monday, Aug. 27, a reception will be given to all the old students. Invitations have been issued, but change of residence makes delivery doubtful. We want all former pupils and those who contemplate coming this year to be present.

**APPLICATIONS.**  
We are happy now. There have never been so many applications for admission as this year.

Patrons invited to call.  
F. E. WOOD, Principal.

Conway House, 132 and 134 Penn Ave., is where you will always find good service and courteous treatment, the table is always supplied with the best in the market. Transient and local trade solicited.

**NO CONTRACT FOR CITY PRINTING**  
The Frable Charges and the Question of City Printing Agitate the Minds of the City Fathers of the Lower Branch—Equipping the Fire Department—Contracts Awarded and Many Improvements Provided For.

Common council, as noted before in THE TRIBUNE, takes exceptions to the charges of Mr. Frable and at its meeting last night emulated the example of select council by appointing a committee to investigate the assertions cast against the honesty of the South Side members. Mr. Battle introduced a resolution providing for the appointment of a committee of three to conduct the examination. Chairman Nealis appointed Messrs. Thomas, Regan and Golden on this committee.

The following resolutions, favorably reported from the streets and bridges committee, were adopted: A resolution providing for sidewalks on certain streets in the Thirteenth ward; a resolution awarding to Corcoran & Donahoe the contract for making improvements on the Pittston avenue culvert, and another resolution awarding to the same firm the contract for the improvement of the Prospect avenue culvert.

**BILL VETOED BY MAYOR.**  
The bill of the Sunday News of \$14, for printing city ordinances, was vetoed by the mayor for the reasons contained in the following communications:

To the common council, city of Scranton.

GENTLEMEN: I herewith return to you without my approval the enclosed bill for the following reasons: Under the provisions of the act of 1890, advertisement was made in the various newspapers of the city for the printing by contract of the city ordinances. A number of bids were sent in and the lowest one accepted by one branch of the council. I think that no bill should be passed for this purpose wherein the figures are in excess of those stipulated for the same class of work in the same class of bills.

Yours very truly,  
WILLIAM L. CONNELL, Mayor.

Mr. Moir moved to have the bill and veto referred to the printing committee and Mr. Sweeney moved to lay the motion on the table. The motion to lay on the table was lost on a tie vote, 9 to 9, and the motion to refer was voted by a vote of 10 to 8. A motion to pay the bill notwithstanding the veto of the mayor then came before the house in accordance with the rules. This motion prevailed by a vote of 15 ayes, 3 nays. The case was not thoroughly understood by some of the members, and in response to a request for information Clerk Mahon explained that there are two proposals for the city printing now in the hands of the printing committee but as yet no contract had been executed. While awaiting the execution of a contract the printing has been given to the Sunday News which company has been doing the printing for many years past. The price now in question, the clerk thought to be considerably lower than either of the bids under consideration.

**ORDINANCE FOR SIDEWALKS.**  
Mr. Moir introduced an ordinance providing for sidewalks on Madison avenue, between Gibson and Myrtle streets, and another ordinance to lay on Monroe avenue between the same points. They were referred to the streets and bridges committee with instructions to report them printed if they report them favorably. Mr. Battle introduced a resolution directing the city engineer to give grade on Genet street, between Pittston and Irving avenues. This was adopted. Mr. Schall's ordinance providing for a team of horses and a permanent man for the William Connell Hose company was referred to the fire department committee with instructions to have the item printed if they are favorably considered. A resolution introduced by Mr. McLean and adopted unanimously extends the time for the collection of city and city special taxes for 1894 to Jan. 1, 1895. Mr. Howe introduced an ordinance providing for the grading of Lehigh street, between Washington and Clay avenues; an ordinance providing for the paving of West Lackawanna avenue, between the Delaware, Lackawanna and Western railroad banks and Ninth street; and an ordinance providing for the abandonment of the old Pittston turnpike, between Gibbons and Sanders street past third and first reading.

A petition signed by a number of property owners on Dixie street, Market street and Columbia avenue, praying that the grade be changed to conform with the properties, was referred to the streets and bridges committee. Adjournment was made until next Thursday night.

Buy the Weber and get the best. At Guernsey Bros.

**INNIS' BAND COMING.**  
That Famous Organization Will Be Heard at Frothingham.

The famous Innis' band, of New York, will come here next week to produce the grand historical musical festival, "War and Peace," at the Frothingham, with the assistance of life and drum corps, marching military corps, a quartette of eminent soloists, artillery accompaniment, etc. An effort is being made to have Professor Lindsay conduct the choral part of the program.

It was the Innis band that made such a success at the World's fair last year, and everybody will be glad of this opportunity to hear its fine music in a beautiful theater.

**REPAIRS ON THE COURT HOUSE.**  
Building Inspector Nelson Says They Will Make It Entirely Safe.

The repairs on the court house will be completed within a day or two, and Building Inspector Nelson, who examined the structure yesterday, said that the changes will make the building entirely safe.

Several large iron rods have been run across the building from east to west, which have been tightly drawn and obviate the possibility of the walls spreading at the top, the only place where any danger existed.

Nothing is being done with the roof at present.
