MEETING OF PRESBYTERIANS.

They Listen to Pastor Skellenger's Formal Statement of Resignation. The congregational meeting of the Washburn Street Presbyterian church was called to order in St. David's hall at 8 o'clock last evening by pastor D. W. Skellenger, and was opened with prayer. R. J. Williams was elected secretary. Pastor Skellenger then stated that the meeting was called for the purpose of taking action on his resignation. He stated that he believed that his work with this church was about completed and earnestly requested that the congregation join with him in petitioning the Presbytery in dissolving his relation with this church.

Professor George Phillips said that he believed that the pastor had taken this step intending his resignation after due deliberation, and in making a motion to accept the resignation he did it simply to concur with the pastor's request. Mr. Skellenger made a few remarks in explanation of his action. He said that he had a great regard for the people of this church. He had done his duty before God, and had nothing to regret in his three years' work here. He would have liked to stay to see the work of building the new church, and hoped that the motion to accept the resignation might be carried.

An effort was made to appoint a committee to confer with Pastor Skellenger with a view of having him withdraw his resignation, but this was nipped in the bud by a point blank refusal of the pastor to entertain for a moment the subject of a reconsideration. Remarks were made by several members of the congregation complimentary to the work of Rev. Mr. Skellenger during his pastorate. The fact being developed that many of the members would like to see the resignation withdrawn it was decided by ballot that the congregation would concur with the pastor in petitioning the Presbytery to dissolve the relationship between the church and pastor.

After election of delegates to represent the church at the meeting of the Presbytery the meeting adjourned.

SOUTH SIDE.

THE BARBERS' Early Closing Movement. The attempt among the local knights of the lather and brush to agree upon 8 o'clock as the proper hour to shut up shop each evening except Wednesday and Saturday of the week has ended in giving up the task.

There appeared to be a universal sentiment in favor of the movement, but when the barbers met only three of their number were ready to sign the scale. The meeting yesterday morning broke up in the row, and that ends the early closing movement for at least one year.

FEEL LIKE A NEW MAN!

So says everyone who has used Paskola, the great flesh-forming food, and why shouldn't they? Being artificially digested, it virtually forces nourishment upon the system regardless of what may be the condition of the natural digestive organs. Further than this, it possesses the power to digest other foods in the stomach. It is, therefore, little wonder that those who take it get no only experience immediate relief from the distress which has heretofore followed their meals, but rapidly gain in weight.

Nothing equals it for building up sound healthy flesh, enriching the blood and imparting new strength. It is just the thing for thin, weak people who get no benefit from the food they eat and who are discouraged by the failure of medicine to help them.

Delicate stomachs cannot stand sickening oils and other fatty mixtures. Paskola has replaced them. It is easily taken and pleasant to the taste. Ask your druggist for a bottle and try it.

The practical results derived from the use of Paskola as well demonstrated by the following statements from a few of the many who have used it with entire satisfaction during the past thirty days:

Mr. A. Alexander of Taylor, Texas, says: "I am now using the second bottle of Paskola and find myself greatly improved. My appetite is better than it has been for years, and since I have been using Paskola I have gained five (5) pounds."

Mrs. Fred Groves, of Miamiville, O., writes under date of Aug. 16, to the following effect: "When I began to take Paskola I did not think that it would do me any good and had made up my mind to quit using medicines and let nature take its course. I accidentally got hold of one of your little books and decided to give one pre-digested food a trial. I have taken four bottles and have now felt better in my life. I do not know how much I have gained in flesh, but I do know that I can eat anything I want and sleep soundly at night. My friends all remark upon my improved appearance."

Dr. Alexander Hunt, of Mud river, Kentucky, has been testing the preparation in the case of his little granddaughter, 2 years old. The child was nothing but a skeleton when he commenced giving her Paskola, and in two weeks she gained nine (9) pounds, and, in his language, "is now fat and rosy." In fact she enjoys the best of health.

Paskola is kept by all druggists and the Pre-Digested Food Co., No. 30 Reade Street, New York, its proprietors, will be glad to supply a free pamphlet on the subject of food and digestion upon application.
