A man by the name of Patrick Gies, of Carbondale, tried to commit suicide by taking a quantity of Paris green on Saturday evening. The man has been employed by the Delaware Valley Electric road, but had been discharged for drunkenness and loaded around East Stroudsburg nearly all week. He was found suffering with severe spasms and Doctors Walters and Lesh were called and administered to and finally brought him around, when he was moved to the poor house, where he is resting comfortably. This is the second attempt as he tried to commit suicide several years ago at Carbondale. He said his daughter was a student at the Normal school last year and two young ladies from that institution visited him and said that he came from a good family and has several grown-up children.

The Normal Foot Ball team was defeated at Wilkes-Barre on Saturday last by a score of 24 to 0. The Normal boys claim that they were used very roughly by the opposing team and that slugging was the principal of the game. Foul tackling was also in order and the umpire was very unjust in his decisions. We bespeak for the Wilkes-Barre team a warm reception if they visit the Normal team on their own grounds.

GIVEN UP ALL HOPE

Eczema, Turning to Blood Poison. Treated by Specialists Seven Months without One Particle of Success.

BODY RUNNING SORES. Condition Terrible. Life a Burden. Tried CUTICURA. In Three Days Attended to Business. Cure Permanent.

In the spring of 1891 I took that dreadful skin disease, Eczema, which turned into blood poison. I consulted the best known specialists in this city. They treated me for seven months but I never derived a particle of good from any of them. They had given it up as a hopeless cure. I was covered with sores from head to foot; I had running sores all over me, some of them as large as a box of your CUTICURA. It cost me hundreds of dollars with these so-called specialists. My condition was terrible. I was almost a burden to me. I could not eat, drink, or sleep. I was unable to walk and had given up all hope until a friend who had got relief advised me to try CUTICURA. I purchased a box and used it as directed. I took the first dose of your CUTICURA RESOLVENT I felt a little better; with three boxes of your most valuable CUTICURA and one bottle of CUTICURA RESOLVENT I was a new man. In three days I was up walking around and attending to my business, and I was cured. I can say I have never had any trouble since for two years.
