BANKS WILL PUT UP THE METAL

Presidents of Five of the Leading Banking Institutions of New York City Agree to Furnish Gold to Depositors Who Desire to Invest.

By the United Press.

New York, Nov. 12.—According to announcements made on good authority the government loan will be issued as soon as the details are perfected and the circulars are printed, probably on Wednesday morning. The issue will be \$50,000,000 of 5 per cent bonds redeemable in ten years, and no upset price will be fixed by the government. Assurances have been received by the leaders in the movement which warrants the assertion that the issue will be largely over-subscribed, and bids will be on a trifle better basis than 100 per cent.

CLEVELAND'S NEW SCHEME

An Important Matter Is to Be Discussed in His Next Message.

WANTS REFORM OF CURRENCY

Cleveland Says the Democratic Party Must Proceed to the Redemption of Its Pledges, but Is Convinced the Tariff Issue Is Played Out.

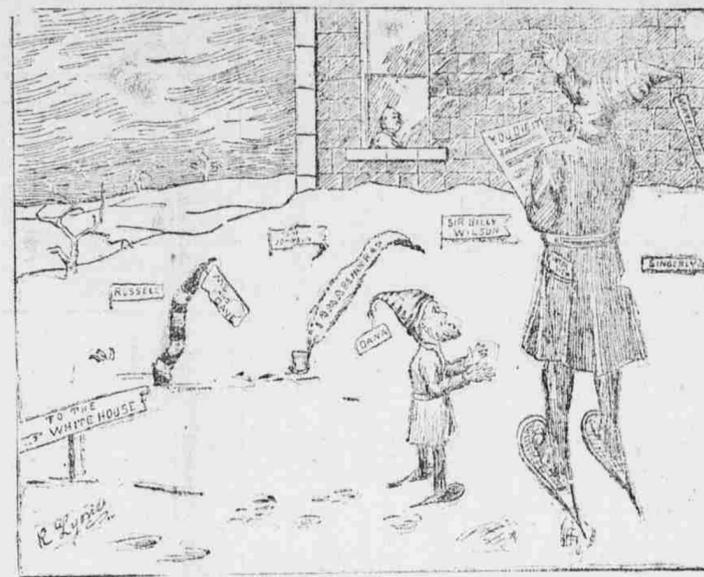

By the United Press.

Washington, Nov. 12.—President Cleveland is likely to raise a new issue in his annual message in December, as important, in an economic sense, as the one which he raised in 1887 in regard to the tariff. The new measure which he will recommend to congress will be the radical reform of the currency, upon the Democratic line, by the substitution of a credit currency issued by the banks for the present system of forced legal tender paper. The president was unwilling to raise this issue during the long session of the present congress, while the tariff had not been finally disposed of.

WOMEN VOTED STRAIGHT.

Colorado's Entire Satisfaction with a Female Suffrage Experiment.

Denver, Col., Nov. 12.—The surprising interest taken by the women of Colorado in the late campaign is beginning to be fully appreciated. Among the great crowds that thronged Sixteenth street on election night the women were most prominent. They crowded with the men wherever the bulletin boards before the newspaper offices and before the county headquarters of the Republican party displayed returns or estimates of returns from the state.

Senator Ransom Explains the Cause of Democracy's Defeat.

THROUGH ALL HE IS HOPEFUL

He Claims that the Party Will Rally as Light Follows Night and Will Again Unite and Follow Its Principles.

By the United Press.

Washington, Nov. 12.—Senator Ransom, of North Carolina, who will be among the members of the senate in the next congress, reached Washington this afternoon. In an interview with a United Press reporter as to the cause of Democracy's defeat, Mr. Ransom reluctantly said: "It has happened, almost without exception in the United States, that the first election after the inauguration of a new administration is adverse to the administration. This, doubtless, arises from the disappointment of the individuals of the party who had formed great expectations of good to result from themselves by virtue of their party being in power."

By the United Press.

London, Nov. 12.—A dispatch from Shanghai to the Central News under today's date says it is reported there that Port Arthur was taken by the Japanese yesterday without resistance. The Japanese, after bombarding the place for a short time, made a land assault upon the enemy's works, when the Chinese surrendered. The general in command and the chief officers of the Chinese forces at Port Arthur had abandoned the forts on Nov. 5 and disappeared. The two Americans who were arrested on board the Sydney, at Kobe, have been released under a written guarantee that they would give no assistance to the enemy. They have also written a letter expressing thanks for the kind treatment they received while under arrest.

The cause of the fire is unknown.

Telegraph Companies in Connecticut Lose a Small Fortune.

By the United Press.

Hartford, Conn., Nov. 12.—The extraordinary "election storm" had a special side effect against the telegraph and telephone lines of the Nutmeg state. Never before was a storm so destructive to them, not even the blizzard of 1888. It costs \$25 to set a new pole, and, on that the telegraph folks estimate that the damage to their lines in this state is not less than \$100,000.

COL. WAITE SPEECHLESS.

Life Pence Told the Governor to Go andbury Himself.

By the United Press.

Denver, Col., Nov. 12.—Governor Waite received a dressing down in his own executive chambers Saturday night by the conservative members of his party. Nearly all the candidates on the Populist ticket were present, and each in turn sallied into the old man, roughing him up in unmerciful terms, telling him to get himself out of the wilderness as soon as possible after Jan. 1, and there bury himself from the sight of men. "We want no more long-haired, wild-eyed anarchists and socialists in the party," he exclaimed with warmth, "and the quicker you and your officious friends take yourself away the better you will be liked."

By the United Press.

Trenton, N. J., Nov. 12.—Rev. Morris Penfield Fikes, pastor of the First Baptist church, preached a sermon to the Mercer county wheelmen Sunday morning on "Morals of Cycling." Over a hundred bicyclists, including several ladies, rode to church on their wheels, which were stored in the Sunday school room during the services. Suspended over the pulpit from the ceiling hung a bicycle, elaborately decorated with the yellow and blue colors of the club, and two bicycles were arranged on each side of the preacher.

BIRD WANTS DAMAGES.

Was Poisoned at the Carnegie Steel Company's Restaurant.

By the United Press.

Pittsburg, Nov. 12.—Another echo of the famous Homestead strike was heard today by the suit of H. J. Bird for \$25,000 damages against the Carnegie Steel company. The plaintiff, a non-union workman, alleges that he was poisoned while working for defendants. He ate in the famous No. 5 restaurant and soon afterwards became sick. His declining years were spent in comparative comfort. Clayford, early in life, revealed literary and poetic abilities of no mean order; his father was a celebrated playwright, and the archdruid, himself, as a ready only-bur, was unrivalled. He has initiated into the mystic circle of the Gorseid many thousands of persons, including celebrities of world wide renown and many crowned heads, including the Queen of Roumania, "Sylvia Garna."

DEATH OF CLYDFEARD.

The Venerable Archdruid of Wales Is So More.

Special to the Scranton Tribune.

London, Nov. 2.—The venerable "Clydfeardd," the arch-druid of Wales, passed peacefully away at the patriarchal age of 94 years. His death came as a shock to all lovers of the classical, as the old man had been so long and so intimately associated with the Gorseid ceremonies that the public had learned to regard him as inseparably connected with the ancient rites. A national eulogy without the old arch-druid of Clydfeardd would be an unusual spectacle, and the Gorseid, in the absence of the venerable poet, whose hoary locks and venerable beard so belittled his office, will lose much of its charm.
