PITSTON.

During the week just closed the writer had occasion to visit the Pitston hospital, and the many striking manifestations of man's generosity that he beheld prove that the poor and the afflicted in their hour of adversity are not forgotten by the noble spirited men and women of this place. The monthly reports published, which enable the public to learn just what is received in the way of delicacies, etc. give but a faint idea of its substantial condition. In the south ward are thirteen beds, all of which have been endowed by societies and residents of this place. Each bed is worth \$50 and have been donated by the following: No. 1, St. John's lodge, Free and Accepted Masons, 233; No. 2, W. G. Nugent post, 245, Grand Army of the Republic; No. 3, Gohuto lodge, 314, Independent Order of Odd Fellows; No. 4, Wyoming lodge, Knights of Honor; No. 5, Royal Arcanum, 134; No. 6, Mrs. W. L. Watson; No. 7, Catholic Mutual Benefit association, 48; No. 8, Blessed Virgin sodality, St. John's; No. 9, "Mary Bell"; No. 10, "John Brown Bed"; No. 11, Valley lodge, A. Y. M., 49; No. 12, Luzerne lodge, Independent Order of Odd Fellows, 72; No. 13, Archie F. DeWitt. The "Mary Bed" was purchased by a fund created by popular subscription through the efforts of Editor Hart, of the Gazette, it is located on the east side of the building and adjoins the "John Brown Bed," which has been provided in the same manner. The "Archie DeWitt Bed" was presented by Archie DeWitt, sr., as a gift in honor of his son's birthday, which occurred Oct. 6. The several appliances, many of them the origin of Superintendent Gillson, tend greatly to facilitate the work incumbent upon the removal of patients from the several wards to the operating room. Particularly among them is a vehicle with a table body. It is six feet long and two feet wide. The running gear consists of two rubber tire wheels located in the center, and are of bicycle pattern. The vehicle is of polished oak and is the same height as the beds. In the removal of patients its comfort and utility can be readily understood. As expressed was Dr. Guthrie, one of the staff of the Wilkes-Barre hospital, with the vehicle while on a recent visit, that he expressed his intention of having two built for similar use in the hospital in that city. Another feature that commends the removal of patients is the recent changes made in the bath room and closet service. Without exception in point of cleanliness and elegance they stand unsurpassed by any similar institution. The floors are of tile and the walls to a height of six feet are finished with a coating similar to celluloid. The bath is of the latest pattern, and are also the closets and wash stands. Two radiators furnish steam heat to each compartment. Both rooms are convenient to each of the wards. While all these comforts are greatly appreciated, the necessity of financial aid and necessities such as are needed in institutions of this kind must not for a moment be lost sight of. The winter is close at hand and a donation of apples, potatoes, turnips, coal, etc., be the quantity great or small, would no doubt be gratefully accepted. While much has been said in praise of the generosity of the friends of the hospital, but nevertheless deserved, what the physicians who all along have done and who continue to give their time and attention to alleviating the suffering, their services, while overlooked, have not been forgotten. At an early day the writer will endeavor to convey as minutely as possible some idea of what these gentlemen have done without reward other than the acknowledgment of a grateful community.

Joe Hitchner, of "Old Bar" fame, is in trouble. He has been accused of appropriating to his own use a Shanghai rooster, belonging to his neighbor, Joseph Langford, and must stand trial for the offense. The trial is set down for next Thursday evening in Music Hall, and all desirous of witnessing the fun can do so for 50 cents. G. S. Ferris, esq., will represent Mr. Hitchner, while P. A. O'Boyle will look after Mr. Langford's interests. Burgess S. B. Bennett will be the judge, while the jury yet remains to be manufactured. It is safe to say that the truth will be gaily flirited with.
