SHOLZ HAS RECOVERED.

Successful Trephining Operation on Him Performed at the Lackawanna Hospital by Dr. Connell and Members of the Staff.

A case of great interest has just been treated at the Lackawanna hospital. At the last meeting of the County Medical society a man named Anton Sholz, a German, was introduced to the meeting and it was explained that in January last at Elmhurst, he had been kicked by a horse on the left side of his forehead, and that since then his right side, arm and leg, had been partly paralyzed and had very little strength to walk. He was also subject to severe and continued headaches and a continual buzzing in his ear and felt a painful restriction in his head which at times drove him to the borders of insanity.

Great interest was taken in his case by medical men generally and at a largely attended meeting of the County medical society his case was discussed at some length and the question as to whether the operation of trephining would relieve him of his sufferings was considered. It was finally decided that Sholz be sent to the hospital and the operation performed by the hospital staff if they deemed it expedient.

Dr. Connell, assisted by the hospital staff, performed the operation some time ago, when it was found that the part of the skull where the fracture was sustained was pressing on the brain thus causing the agonizing pains which the man was subject to. Sholz was etherized and the piece of fractured bone removed and other incidental matters relating to the operation of trephining attended to and is now practically recovered.

When seen by a Tribune reporter yesterday he explained that since he had been kicked he was compelled to use crutches and at times felt like losing all control over himself. He had the use of his limbs restored and seemed himself once more.

Many medical men have interested themselves in the case, owing to its peculiarities and the success of the treatment reflects great credit on the staff of Lackawanna hospital.

T. B. McClintock, has just received a large lot of Palms, Ferns, etc. for holiday presents and interior decorating.

Africa, and the working up to the climax roused the enthusiasm of the audience to such a degree that three calls were given for the appearance of the actors. Miss Martha Russell as Kate Heathcote undertook the leading part and was thoroughly realistic and commanded the absolute attention of the spectators. The play throughout is above the usual standard of melodramas and was splendidly staged.

THE TABLES TURNED.

Mrs. Noone Goes to Jail Instead of Her Husband. George Noone, of Providence, was arrested yesterday at the instance of his wife for non-support. The case was dismissed by Alderman Fitzsimmons and Noone at once had his wife arrested for aggravated assault and battery.

She was formerly Mrs. Ellen Munley and was somewhat acquainted in police circles. Last July Noone married her and the honeymoon had scarcely been waded before she emptied two quarts of boiling water on his head, burning him frightfully. It was for that she was arrested last night. She was committed to the county jail in default of bail.

NEWS OF THE SOUTH SIDE.

Residents Complain of the Amount of Begging Done by Tramps—Trouble Over Street Grading—Death of Mrs. Patrick O'Boyle.

Complaints have frequently reached the ears of the police officers at the Alder street station that a gang of tramps have been making their rendezvous nightly at the Lackawanna Iron and Steel company's cinder dump in the upper end of the Twelfth ward, that these pests become so bold during the day while the men are at work, that the female members of the household were afraid to refuse any of the requests for food or even money.

Last night Lieutenant Zang and a squad of officers made a visit to the cinder dump and they succeeded in catching four bums who were recognized as having been at work on the cinder dump in the streets of this city last summer. The four tramps were taken to the Alder street station and locked up. Today they will be assigned to a task breaking stone.

The police observed that the tramps were carrying a large quantity of refuse which looked as if they intended to make themselves comfortable for the winter and live from the back doors of the residences of this side.

Trouble Over Street Grading.

What has caused the principal delay in opening the Hickory street extension of the South Side street railway appears to be the dissatisfaction between the property owners on Beech street and the officials of the Scranton Traction company. It was the belief of the part of the property owners that the right of way given to the street car company to extend its tracks along certain streets meant that the company should grade the street from the center to the curb in accordance with the established grade of the city engineer.

Yesterday afternoon Select Councilman Charles Westphal, of the Nineteenth ward, was called upon to settle a dispute between two neighbors regarding the grade. One claimed to have the proper grade and the other also put in the same claim, although each differed very materially. Mr. Westphal promised to bring the city engineer to the scene and arrange a uniform grade that all will understand.

Death of Mrs. Patrick O'Boyle.

Mrs. Patrick O'Boyle, of Pittston avenue, died yesterday evening from a disease that had afflicted her for a few years. Her condition at various times in the past two weeks was reduced to such a feeble point on more than one occasion her death was incorrectly announced. For many years she had lived on this side, and she was among the best known ladies of advanced age on the South Side. In the early days of Scranton she emigrated to this country and took up her residence here. Only one daughter, Mrs. John J. O'Neill, survives her. No arrangements for the funeral have been made, but it will probably take place Sunday afternoon at 2 o'clock with interment in Hyde Park Catholic cemetery.
