

VOORHEES AND MAGEE OUT

The Former Warm Political Friends Are Strangers Now.

THE CAUSE OF THE RUPTURE

Voorhees Claims That Magee's Ally, Senator Flinn, Threw Him Down in the Organization of the Present House.

Special to the Scranton Tribune.

Harrisburg, Pa., Jan. 20.—The bonds of political friendship which so long existed between Chris L. Magee, the Republican leader of western Pennsylvania, and Charles E. Voorhees, of Philadelphia, late chief clerk of the house of representatives, have been suddenly snapped in twain.

The quarrel between Magee and Voorhees occurred in this city during the inauguration of Governor Hastings and would probably have resulted in a personal encounter in the case of the Commonwealth had not mutual friends intervened.

Blanes Senator Flinn. The ex-chief clerk declared he would have been re-elected if Magee and Senator Flinn, of Allegheny, had remained at home and kept hands off.

Magee admitted this was correct and made the same charge against Voorhees, which so angered him that he talked much more freely to the Pittsburgher than he has done since.

Voorhees tells his friends in this city, and they are legion, that he has decided to quit politics and for that reason will not accept the position of secretary to the chairman of the city Republican committee.

By the United Press.

Brooklyn, N. Y., Jan. 20.—There was no change in the strike situation here this morning. Up to noon the companies had made no effort to start cars on any of the lines which were expected to be opened today.

Mayor Schermer, after the strike of his police and military, and public discontent due to the failure of the companies to restore the operation of their roads even with the aid of police and troops, stirred him to action.

Mr. Connelly, the strike leader, later gave out the proposition that the men made to the mayor. It was that the companies restore to their pay rolls all men who were in their employ Jan. 12, and the mayor to appoint a committee to whom both sides could submit their case.
