Thomas, on behalf of their guests, extended congratulations in a witty manner, and then in their behalf presented Mr. and Mrs. Willis a beautiful tea set as a mark of esteem and friendship. By his orders the street department employees went to Canaan street this morning and chopped down all the poles on that thoroughfare inside the city limits.

C. W. Peterson, of 117 Canaan street, feels very much grieved over the mean trick that some thoughtless youngster or malleous older person played on him last night. Representatives from the Jermyrn and Mayfield council, also the land commission appointed by court, met in the borough building last night. A. B. Dunning, Jr., stated that he, with Messrs. Northrup and Battenberg, made a careful investigation, but could not make a closed survey, or in other words, a correct survey. He stated that it was necessary to have a meeting with the two councils, as court directed them to establish a line, but he desired to settle the matter amicably. He proposed closing the survey by two or three methods. People have always wondered what the division line on Main street was between the two houses belonging to Mr. Dewey, but by his survey it brought the line about forty feet north of this. Following this line out, it would throw part of Mayfield into Jermyrn, and part of Jermyrn into Mayfield, but by taking the line between Dewey's two houses and surveying west, it would agree more closely to the two borough maps. Mr. Dunning also proposed that each council appoint one man to accompany the surveyor when he made the survey again. After some little time, each council agreed to accept the old line on Main street, and it is expected that this will settle all difficulty between the two boroughs. Mayfield appointed William Walker, and Jermyrn H. A. Willman to accompany the surveyors.

MUSICAL NOTES.

Paderewski is making a brief provincial English tour, at the close of which he will return to Paris, there to appear at an orchestral performance with the band of the Conservatoire Concerts. Rumor has it that he may visit this country again next season.

Martinus Sieveking, the renowned Dutch pianist, appeared in a recital at the Church of Our Father last night and aroused the greatest enthusiasm among an audience of less than 300 persons. The attendance at last night's recital was another evidence of the fact that Detroit can claim but few genuine music lovers. Sieveking was well advertised, and his wonderful performance here with the Thomas orchestra a year ago, should have been anxious to hear him in recital work. But in spite of all this, the little church was from well filled last night.—Detroit Tribune.

"The Pirates of Penzance" was performed for the first time in Egypt recently, at the Khedival Opera house, Cairo. A French correspondent learns that the applications for seats have been so numerous that, if possible, articles who heard his wonderful performance, in addition to the evening performances. After the run at Cairo the opera will be introduced by the same company to an Alexandria audience. Sir Arthur Sullivan has been a frequent visitor to Egypt for the benefit of his health, but this is the first time any of his comic operas have been mounted in the theatres of Egypt.

Miss Celia Case writes from her new home in Scranton that her pleasant studio is now opened at 292 North Main avenue, with very favorable prospects, which will be pleasing news to her many Susquehanna friends, who regret that her talent as an artist called her to a larger place, thereby taking from one of our most worthy, estimable and gifted young ladies, Miss Case, a genius in other ways than in the use of the brush. Nature has endowed her with a wonderful gift of simultaneous whistling and humming two different parts—for instance, Soprano and alto or soprano with accompaniment. This can be done at the same time with the vocal organs of one throat has been and still is the marvel of scientific vocalists. She goes from us with our highest esteem and also with our confidence in a successful venture.—Susquehanna Transcript.

It is almost definitely settled that David Bisham will come over next year and sing with the Damrosch Opera company. He will come here in September to sing at the Worcester festival, and then will go back to England to sing at the Birmingham festival. Bisham and Meiba are not the only members of the Grau company who are said to be ready to sing with the Damrosch-Ellis company. It is found that there are enough of the old favorites in the new company to make the speculation advisable. A good part of the time now scheduled for Boston and Philadelphia will be given to New York, thus making the season one of some length.

"Knights of Columbus" march two steps. George H. Fischer, is an excellent piece for the pianoforte. It is written in six-eight time, and contains a melody that is attractive and pleasing to the ear. It has also the right swing for the two-step dance. Published by J. Fisher & Bros., No. 7 Bibb House, New York. Price, 50 cents.

Jennie Lind's daughter, Mrs. Raymond Maude, of London, has much of her mother's brilliancy of voice, but has always refused to sing in public. Of her three children none is musical.

\$3.00 A MONTH UNTIL CURED.

DOCTOR ST. JOHN MAKES A NOMINAL RATE FOR THE CROWDS OF PEOPLE WHO ARE SEEKING HIS SERVICES.

Until the First of May He Will Treat All Patients, Supplying Them with Medicines, for \$3 a Month, and All Placing Themselves Under Treatment Before May 1st, Will Be Treated at this Rate Until Cured.

When Doctor St. John established his practice in Scranton he told the people that he would introduce methods of curing them of which they were uninformed. He told the people that he came with a clearly defined purpose, to show by the results of his own practice under his personal care and attention the wonderful value of the latest discoveries in Medicine when properly applied, and of the marvelous results of his True Homeopathic Treatment for Catarrh. He did not ask the people to take him on faith. He told them that until April 1 he would treat all who came to his office absolutely free. He agreed not only to doctor the sick, but to supply them with medicine without cost as well. How well Doctor St. John has kept his promise the people of Scranton can testify. Eighteen hundred of our most intelligent people have visited him, have consulted with him in person, have received the needed counsel and medicine and over 900 sick people have already been cured or much benefited.

The good he was doing had so spread among the people that toward the last of the month of those who consulted him did so without regard to the free offer, and only sought his aid because they were sure they would receive what they required in the way of a cure, but he kept his promise to the letter, and not one cent was accepted although large fees were offered in scores of cases.

The news of the way he had kept his promise to the public, the news of the fact that he absolutely refused to receive a cent from any one, had spread like wildfire, and the throngs toward the last were so great that had he been twenty doctors instead of only one doctor, he could not have cared for them.

Doctor St. John would like to treat every sick person in Scranton absolutely free if it were a millionaire a hundred times over and could afford to go him, the crowds that throng his office during the past few days have shown the

DOCTOR ST. JOHN'S TABLE OF SYMPTOMS

HE PROPER COURSE FOR SUFFERERS. SYMPTOMS OF EAR TROUBLE.

The proper course for sufferers is this: read these symptoms carefully over, mark those that apply to your case, and find this way when you visit Doctor St. John's office.

CATARRH OF HEAD AND THROAT.

The head and throat become diseased from stunted colds, running noses, when the condition of the blood predisposes this condition. Is the voice husky? Do you spit up slime? Do you cough at night? Do you blow out snobs? Do you nose stopped up? Does your nose discharge? Does the nose bleed easily? Is the nose itchy and burn? Is there pain in front of the head? Is there itching between the eyes? Is there tickling in the throat? Is your sense of taste gone? Do you have to clear the throat? Is the throat dry in the morning? Is your throat short and hacking? Do you sleep with your mouth open? Does your nose stop up towards night?

CATARRH OF THE KIDNEYS.

This condition results either from colds or from overwork of the kidneys in separating from the blood the poisons that have been absorbed from catarrh.

CATARRH OF BRONCHIAL TUBES.

This condition often results from catarrh extending from the head and throat, and it is unchecked, extends down the windpipe into the bronchial tubes, and in time attacks the lungs. Have you a cough? Are you losing flesh? Do you cough at night? Have you a pain in side? Do you take cold easily? Is your appetite variable? Have you stitches in side? Do you cough until you gag? Do you cough up phlegm? Do you cough up yellow matter? Do you have a hacking? Do you spit up yellow matter? Do you have a burning in the throat? Do you feel you are growing weaker? Is there a burning pain in the throat? Have you pain behind the breast? Do you cough worse night and morning? Do you have to sit up at night to get breath?

CATARRH OF THE STOMACH.

This condition may result from several causes, but the usual cause is catarrh, the mucous dropping down into the throat and being swallowed.

Is there nausea? Are you constive? Is there vomiting? Do you belch up gas? Have you waterbrash? Are you light-headed? Is your tongue coated? Is there pain after eating? Are you nervous and weak? Do you have sick headaches? Do you blot up after eating? Do you have indigestion for breakfast? Have you diarrhea after eating? Do your throats feel sore? Do you have times have diarrhoea? Do you belch material that burns? If stomach is full do you feel oppressed?

DISEASE OF THE NERVES.

The majority of nervous diseases are caused by poisons in the blood. Poison circulating in the blood harasses the brain and nerves, and such symptoms as these follow: Do you get giddy? Is your mind dull? Are you easily dazed? Are you always anxious? Do your muscles twitch? Is your temper irritable? Suffer from sleeplessness? Are you easily frightened? Does not sleep refresh you? Do you forget what you read? Do you suffer with neuralgia? Do you have a numb, tired feeling? Do you have a numb, tired feeling? Do you see queer things in the dark?
