The Electric City Wheelmen have purchased the property at 1126 Jackson street, adjoining their present quarters, and will remodel the structure at once. The building is a two-story frame structure and was owned by Mrs. E. C. Post, and formerly occupied by Morgan Thomas as a general store on the ground floor and by a family for living apartments on the second floor.

The transfer of the property was made yesterday and the improvements will commence at once. On the ground floor there will be an eight-foot hallway, fifteen feet long, with double doors, and in front a large porch enclosed in glass, which will open into the hallway. The parlor will be 15 by 16 feet, opening into the hallway and porch, making one large room to be used as a dance hall or reception room on special occasions. Adjoining the parlor will be the dining room, 20x18 feet, with a kitchen in the rear, 20x15 feet, with pantry.

A broad staircase will lead from the dining room to the second floor. On this floor will be located the billiard room, 23x15 feet, with toilet rooms, closets and other conveniences. In the basement a bowling alley will be erected, with sixty foot run, and a gymnasium, with punching bags, dome and other athletic apparatus. Dressing lockers and a shower bath will also be added, making the place one of the finest club houses in the city.

The officers of the club are: William A. Mears, president; John W. Roberts, vice-president; Charles M. Bortline, second vice-president; E. E. Smith, corresponding secretary; Guy R. Ralph, recording secretary; William Hughes, financial secretary; Peter W. Tague, treasurer; Samuel Lewis, Jr., captain.

The club held a regular meeting last evening and acted upon several matters that came up for consideration, and afterwards enjoyed a lunch and received election returns until a late hour.

HEALTHY MATERNITY.

Two Grateful Women Tell of the Help They Have Received From Mrs. Pinkham.

The climax of life force in woman is capable motherhood. The first requisite for a good mother is good health. Health of body means health of the generative organs.

Read what Mrs. G. A. NOTNAMAKER, Bluffton, Ohio, says about Lydia E. Pinkham's Vegetable Compound, and how well it prepared her for maternity:

"DEAR MRS. PINKHAM—I must say a word in praise of your Vegetable Compound. I used three bottles of it when I was pregnant, and labor was not nearly as long as it was with my other babies; and my baby is so healthy to what the others were. I think every woman should use your Compound when pregnant, it will save them so much suffering and misery. I cannot say enough in praise of it. If ever I need medicine again, I shall use your Compound."

The most successful tonic known to medicine for women approaching maternity is Lydia E. Pinkham's Vegetable Compound. It is a safeguard for every woman who uses it, and the fullest benefit comes from its use with Mrs. Pinkham's advice freely offered to all women. Her address is Lynn, Mass.

Here is a convincing statement, bearing directly on this subject, from Mrs. E. Bishop, of 1848 Pacific St., Brooklyn, N. Y.:

"DEAR MRS. PINKHAM—I am a great believer in your Compound. I was almost despairing of ever again being well, as I was a great sufferer, and had been for years. I suffered from womb trouble, and had terrible blind fits. After writing to you I tried your Compound. The result was astonishing. I have used it and advocated it ever since. In childbirth it is a perfect boon. I have often said that I should like to have it blown down on the sky with a search-light, so that all women would read, and be convinced that there is a remedy for their sufferings."

A Million Women have been Benefited by Mrs. Pinkham's Advice and Medicine
