

HAPPENINGS OF NORTH SCRANTON

BENJAMIN BOWEN FELL FROM A TRESTLE.

He Was Walking Along the Outer Edge of the Ontario and Western Tracks Near Dean Street—Right Hip Was Dislocated and Internal Injuries Are Feared—Thomas Longmore, Burned by a Gas Explosion in the Leggett's Creek Mine—Other Notes of Interest.

Benjamin Bowen, of Warren street, accompanied by some friends, yesterday afternoon, was walking along the Ontario and Western railroad tracks which cross over the Delaware and Hudson railroad tracks above Dean street. Going too close to the outer edge Bowen slipped and fell heavily to the ground below, a distance of over twenty feet. Fortunately, he fell inside and not on a live fence running near the spot.

His companions clambered hastily down to him and removed him to his home. Upon investigation it was found that his right hip was dislocated and he was suffering from the severe shock. It is also feared that he is internally injured.

BURNED BY EXPLODING GAS.

Thomas Longmore, of Hollister avenue, employed as a miner in the Leggett's Creek mines, was slightly injured by a small explosion of gas while at work yesterday.

It is supposed that he struck a small "blow" and the gas was ignited by his match. The injured man was removed to his home and his burns dressed. His condition is more painful than serious.

Baby Talk for Baby's Mother...

A mother's personality is repeated in her baby. She may dress, talk or act as she pleases, but the baby tells the story of her innermost self as truly and surely as though it had been revealed through an all-seeing eye.

We Care for the Baby's Needs

And cater for their every want as far as clothing goes, and do it with a thoroughness that shows our interest in the work. Nowhere else in town does the Baby's Dress get so much attention as here, and mothers generally are beginning to realize that the Globe Warehouse buyers save them an immense amount of trouble and worry. Indeed, most of them admit that the task of providing for baby's complete outfit is better cared for by us than they could have done it personally, and then there's the question of saving. Outfits cost less money here than any mother could make them for, and they're always right. Never disappointing, for every little garment and good is as prettily, daintily and conscientiously made as good materials, good workmanship and specially trained skill can make them.

Baby's Long or Short Dresses

Are receiving special attention this week in one of our large show windows. Look at them critically. Note the fineness of the material, the perfect matching of the edgings, inserting, laces, the beauty of the workmanship, and the exquisite taste displayed in the styles. Then ask about prices, which are far lower than you'd think, to look at them.

Baby's Coats, Baby's Skirts

Baby's Slips, Bands, Socks, Vests, Stockings, Bootees, Caps, Hoods, Veils, Mittens, Carriage Robes—everything in fact that a baby can wear or ought to wear at every season and under all conditions, is here, and here you get it at its best, no matter how your taste or ability to spend may lead you, for the mother of limited means is our first thought and chief care in this department, although there is practically no limit if you can afford it and you wish your darling's raiment to be extravagantly fine and needlessly extravagant.

Soul and Body

are closely connected. A sick body means bad temper, unhappiness—in fact, a sick soul. One reacts on the other. Strengthen the body by cleansing and purifying the stomach. It will fly away and you'll find life a merry song. Hostetter's Stomach Bitters is a blood purifier and stomach tonic. Honestly used, it never fails to cure the worst troubles resulting from weak stomachs.

Hostetter's Stomach Bitters

Appetizing, Strengthening, Purifying

upon their return will reside at the residence of the bride's mother.

When in the vicinity of the new reservoir of the Scranton Gas and Water company near the Burnt Bridge, Hahn saw a loon, commonly called the great American duck, a bird rarely seen in these parts.

Seeing a steady aim, he fired, bringing the bird to the ground. The bird weighs over twelve pounds and is the size of a goose. Its body is of black and white spots, with rich plumage of green and black. From tip to tip of the wings it measures nearly four feet. It is related to the loon of the central city yesterday and the several sportsmen who saw it stated the bird was a fine specimen.
