

CATARH OF THE BOWELS IN SUMMER.

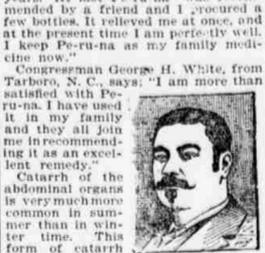

Mr. Charles Betts writes: "I had been troubled for a long time with chronic diarrhoea, which produced great despondency, sickness at stomach, pain between the hips and in the back, and increasing weakness of the whole system. I commenced taking Pe-ru-na for these troubles and felt relieved in a week of the distressing pain and despondency. I can now do work that I could not do at all before taking Pe-ru-na. I began to improve at once, felt more cheerful and my stomach stronger and buoyant, firmer nerves, freedom from pain in the bowels and stomach, and quiet sleep. I thank you for your kind advice in my case. I intend that Pe-ru-na cured me so that I stayed cured. This is an important thing. Many medicines help temporarily, but the disease returns. Not so with Pe-ru-na. Its effect con-

Mr. Charles Betts, Burr Oak, Mich.

Remember that cholera morbus, cholera infantum, summer complaint, bilious colic, diarrhoea and dysentery are each and all catarrh of the bowels. Catarrh is the only correct name for these ailments, which have so common in summer. Dr. Hartman, in a practice of over forty years, never lost a single case of cholera infantum, cholera morbus, or cholera morbus, and his only remedy was Pe-ru-na. Those desiring further particulars should send for a free copy of "Summer Catarrh." Address Dr. Hartman, Columbus, O.

for our boys in their new enterprise, and trust the people of our town will appreciate their labors and help them along in their good work. Rev. William Hill is not recovering from his recent injury as fast as his many friends would wish. County Commissioner Chase and family are spending the week at Windfall Lake. J. W. Ellenberg was wrestling with black bass over at the river Wednesday. He caught nineteen. Mr. and Mrs. George Warner were callers in town last Wednesday evening. We wish to correct a rumor that Mr. Harding, the present station agent at this place, is about to resign and that Night Operator Herbert McAlpin is to take his place. The rumor is entirely without foundation. Many of our townspeople are now enjoying the gentle breezes at the lakes or seashore. Dr. Paul Wilson, who has been spending his vacation with his parents at this place, returned to New York yesterday, where he will resume his duties in a dental office.

Congressman George H. White.

Congressman George H. White, of the lower bowels, dysentery, acute catarrh of the upper bowels in children is called cholera infantum. In grown people it is called cholera morbus. All these are exactly alike in their pathology. The remedy which will cure catarrh of the stomach, will cure catarrh of the bowels wherever located. In summer complaints it has won well deserved renown. Pe-ru-na will cure any case of the acute or chronic. Pe-ru-na is an absolute specific for dysentery. Address The Pe-ru-na Drug Manufacturing Company, Columbus, Ohio, for a free book on catarrh, written by Dr. Hartman.

Hastily donning his clothes and grabbing a large 4-calibre Winchester rifle, he ran to the landing and found that his launch had been out from his buoy and that some one was trying to make a dash for it. He started to follow, but when he started to row away but he cried out to them to stop or he would blow their heads off. This scared them so that they rowed back to shore. What was his amazement to find that they were the members of the Park Hill Stars. A large delegation of members of the Stars, including James B. Powell, James Price, George Duce, Frank Dunstone.

TUNKHANNOCK.

A bill in equity was filed on Friday last in the court of common pleas of Wyoming county in which the Lehigh Valley railroad was plaintiff and the Laceyville Bridge company and the Horseheads Bridge company defendants. The bill alleges that the Laceyville Bridge company is a corporation formed for the purpose of constructing a bridge across the Susquehanna river at Laceyville, opposite Church street in that village, and that they have let the contract for the construction to the Horseheads Bridge company, of New York state; that the said Church street does not extend to the river but terminates at the right of way of the railroad company; that the intention of the Bridge company is to cross the tracks of plaintiff at grade; that the plaintiff company offered to pay one-half the expense of an overhead crossing provided said one-half did not exceed \$5,000; that said grade crossing would be dangerous to the traveling public. On these grounds they asked for a preliminary injunction restraining the said defendants; first from extending the said Church street over plaintiff's property; second from making a

Fessenden, rector of St. James church in that place and her literary ability is becoming of more than local renown. In the lines we are privileged to present today is shown the true poetic instinct and we congratulate Miss Fessenden on her happy style of expression."

There is a general feeling of disgust among the people of the borough at the action of Alderman Miller in imposing the heavy fine of \$100 on Mrs. Rich and \$50 on Patrick Kane, because of the finding in their stores by the Pure Food Inspector of some cream of tartar and ketchup adulterated. There is not the slightest doubt that neither of the two people know anyone about the purity of cream of tartar that a cow knows about its grandmother. Their defense was that they had bought the goods for pure articles. The imposition therefore of such fines upon poor people is nothing less than an outrage. If people in such business were required to make an affidavit as to the purity of everything they sold very little business would be transacted. The manufacturers are the real rascals that should be hunted up and punished.

She Was Pale as Death. Miss Cordelia Moore, of Malone, N. Y., until recently, has been a life-long invalid from palpitation of the heart and weakness of the blood. Physicians were puzzled over her case, their most skillful efforts were baffled. Various remedies were tried without avail. The proverbial "change of climate" was advised, but the constant change wore upon her until, to quote her mother's words, "she became a living ghost." Miss Moore said: "Upon advice of a friend I began taking Dr. Williams' Pink Pills for Pale People and before the first box was used I noticed a great change. I began to regain my appetite and felt better generally. After finishing the first box I took six more. The effect was wonderful. I grew strong and gained in flesh. I never felt better in my life than I do now. I weigh more than ever before and I consider myself cured."
